RE-APPOINTMENT.

Nû. FAILED OF

THE ASPHALT JOB WAS SIDETRACKED

American Party Crowd Forced Matters Too Hard Last Night.

TO CALL FOR NEW BIDS.

to Correct Error in Ordipances Levying Tax, Precipitates Trouble All the Way Round.

The attempt of Mayor Thompson, the beard of public works and a few "American" councilmen to again have the contracts with the Barber Asphalt company for three big street paving jobs considered by the city council last sight, after that body had rejected the bids a week ago, was unsuccessful. President Davis ruled that the conpresent tracts had been rejected and were not tracts had been rejected and were not before the council for consideration last negative and although his decision was appelled from, he was sustained by the also voted to readvertise countle for all of the street paving im-for bids for all of the street paving imresidentising for bids on all the work opportunity to underasphalt trust and in all proba-

ERROR IN ORDINANCES.

error in drawing up the ordinces levying the tax for the paving a direct cause of the entire matier being through the case of provided for the payment of the tax by the property owners in five years instead of 10 years as they were promised by the council, in order to cure this defect amendnents to the ordinaces were necessary and such amendments would invalidate contracts awarded to the Barber 16. The council last night amended ordinances and then adopted a reson by Black providing for readversigns for hids for the three contracts already seted upon by the board of sphile works and also the Second South paving, bids for which were to been opened yesterday by the heard but which action was postponed until the council acted upon the other

FROM PUBLIC WORKS BOARD. The paving matter was first brought attention of the council last by a communication from the of public works recommending council approve the contracts ith the Barber Asphalt company, fulvey moved that the recommenda-ion by concurred in, but Black offered nendment that the matter go over s) ordinances providing for the tax-ry sould be considered. The amendwas carried by a vote of 10 to 5, was the vote on all questions in ection with the paving matter during the remainder of the evening. When fered his amended ordinances, the first of which was read. It provided for the payers payment by the property owners losted of five years, for the paying of First South from West Temple to Third West.

fight in behalf of the trust. He raid that the council was not keeping faith with the bidders by changing the payment from 5 to 10 years, and declared that the lowest bidder on these conauge was made. In closing he stated the whole thing was mere child's, and was not fair or just to the ery who were awarded the coucts by the board of public works. FERNSTROM SHOWS MISTAKE

Fernstrom then pointed out that the previding for the payments to be made by the proporty owners in 5 years instead of 10. "Shail we say to the people who have to pay for this work, we myde a blunder and you will have to pay for it?" Inquired Fernstrom. Cou-tinuing he said that many property owners would have protested against the improvements if they had not been assured by the councilmen that they could have 10 years to pay for them. If they had known that it would only be he they had known that it would only by five years payment enough of them would have protested to defeat the Improvement. He pointed out the injustice it would be to the people to allow the work to be done on the five-year payment under the circumstances, and declared that some of them who have other public improvements to pay for right now would have to mortgage their homes and the five-year payment could result in a great hardship to

"EVERYBODY GOES TO BLACK." Black stated that 40 per cent of the neonle along Second South street in the new paying district had come to him and asked for the 10-year payment on that improvement, and he thought it would be a great injustice to those peo-ple to compel them to pay for the im-provement in five years. It was rather strange

that the members of the council did not find out about this matter before new. He charged that the Democrats and "Americans" were playing politics and do not know just what to do. Fernstrom asked Precee if he knew that these ordinances provided for five-year payments instead of 10. Precee replied that he did not. "You had the years, appearingly, to

"You had the same opportunity to find out about it as we did and yet you did not know it," replied Fernstrom. Notwithstanding the talk made by Preces about politics he you'd with the Democrats and "Americans" on all matters relating to the paving considered last night.

TUDDENHAM TALKS. Toddenham made an argument in fa-vor of amending the ordinances and called the council's attention to the fact that the same error occurred in the that the same error occurred in the Second avenue and C street macadam-Second avenue and C street macadam-biling ordinances and he thought they should be corrected also. He said that he did not know that the ordinances required payment in five years until the matter was brought out by Fern-atrom a week ago. He had promised the residents of Second avenue that they could have 10 years in which to bey for the improvement on that street and polying upon that understanding he said a large number of them had resaid a large number of them had re-

MEMORIAL EXERCISES.

The G. A. R. invited the council to attend Memorial day exercises to be held in the Orpheum theater immediately after the parade on that day. The invitation was accepted.

The council granted the petition of the Spanish War Veterans' association for the use of the council chamber for several of its meetings.

Brains

Grape=Nuts

FACT!!!

Bread dyspepsia is common. It af-fects the bowels because white bread is nearly all starch, and starch is digester, in the lutestines, not in the stomach

Up under the shell of the wheat berry Nature has provided a curious deposit which is turned into diastase when it is subjected to the saliva and

to the pancreatle juices in the human intestines.

This diastase is absolutely necessary

This diastase is absolutely necessary to digest starch and turn it into grape-sugar, which is the next form; but that part of the wheat berry makes dark flour, and the modest miller cannot readily sell dark flour, so nature's valuable digester is thrown out and the human system must handle the starch as best it can, without the help that Nature intended.

Small wonder that appendicitis, peritonitis, constitution, and all norts of trouble exist when we go so contrary to Nature's law. The fact experts that perfected Grape-Nits Food knowing.

Nature's law, The foot experts that perfected Grape-Nuts Food, knowing

those facts, made use in their experi-ments of the entire wheat and barley, including all the parts, and subjected them to moisture and long continued warmth, which allows time and the

proper conditions for developing the diastase, outside of the human body.

In this way the starchy part is transformed into grape-sugar in a perfective natural manner, without the use of chemicals or any outside ingredients. The little sparkling crystals of grape-

sugar can be seen on the pleces of Grape-Nuts. Tals food therefore is naturally pre-digested and its use in place of bread will quickly correct the troubles that have been brought about

by the too free use of starch in the food, and that is very common in the

human race today.

The effect of eating Grape-Nuts ten

days or two weeks and the discontinu-ance of ordinary white bread, is very marked. The user will gain rapidly in strength and physical and mental

over for investigation.

The bill of the State Street market

A ferry boat blew up at Bonneville, Mo., killing two men. The boat contained 2,100 pounds of dynamite.

frained from protesting against the and streets committees for considera-

WELLS ALSO MAKES POINT. Wells also declared that the people of his ward had been told that they could have 10 years to pay their assessment for the macadamizing on Second avenue and he thought it would be a great injustice to them to require them to pay for the same in five years. He was unaware that the ordinance as passed provided for the five-year payment until this matter had come up

TEN TO FIVE.

The final vote was then taken on the passage of the amendment to the or-dinance and it was passed by a vote of 10 to 5. Black, Barnes, Crabtree, Fernstrom, Holley, Martin, Preece, Tuddenham, Wells and Davis voted in of the amendment and Carter, Hobday, Mulvey and O'Donnell

voted against it. Similar amendments were then made to the ordinances providing for the tax for the paving of Second South street from Third to Tenth East, East Temple from Fourth to Ninth South, State from Fourth to Seventh South and Fourth South from West Temple to Second The vote on all of the amended ordinances was the same as that given

MULVEY TRIES AGAIN.

Mulvey then made another attempt to have the council act upon the recom-mendation of the board of public works to the effect that the contracts works to the effect that the contracts with the Barber company be approved.

Martin at once moved that the communication from the board be received and filed and he raised the point that there was nothing before the council in connection with the matter as the bids

had been rejected by the council a week Mulvey declared that the contracts were legally before the council as the council last week had only voted on the adoption of the committee report and not upon the opproval of the con-

ferry read from the minutes of the council meeting of last Monday night in relation to the action taken on the matter, and also quoted from Roberts Rules of Order in support of his con tention that the adoption of a commit-tee report did not carry with it the ap-proval of the subject matter of the report. He contended that the con-tracts would have to be voted upon separately from the committee report.

DAVIS SUSTAINED.

President Davis announced that he had given the matter a great deal of consideration since last Monday night, and had consulted lawyers and well known parliamentarians, and they had agreed that his ruling in declaring the contracts not approved was correct. He therefore could see no reason for changing his ruling, and stated that there was nothing before the council in connection with the contracts.

Mulvey at once appealed from the de

cision of the chair, but his effort was unsuccessful in that matter, as the decision of President Davis was sustained by a vote of 8 to 6.

TO READVERTISE.

Black then introduced his resolution providing for readvertising the paving of all the streets heretofore advertised this year. Mulvey moved that the resolution be referred to a committee, but later withdrew his motion and the resolution was adopted by a vote of 12 to 3, Carter and Hobday voting with the majority on that matter. majority on that matter.

Wells then introduced a resolution in-structing the board of public works to discontinue the advertising for the Sec-ond avenue and C street macadamizing until the ordinance can be amended to provide for the 10 year payments in-stead of five. The resolution was adopted.

DININNY CHANGES FRONT. During the consideration of the amended ordinances, Assistant City Attorney Dininny rendered an opinion reversing the opinion given on last Menday night. He stated last week when they tried to push the contracts through, that the ordinances could be amended and the contracts changed accordingly by the mayor without inva-lidating the contracts. Last night he lidating the contracts. Last hight he said that any change in the ordinance would invalidate the contracts and the whole matter, and that even the notice of intention to make the improvement would have to be readvertised. He was asked by Black if he did not state jast week that the ordinances could be amended at any time without invalidat-ing the contracts. He replied that he so stated, but made no attempt to explain why he reversed himself.

WILKINS WANTS WAD. Former Clerk W. H. Wilkins of the board of public works submitted a bill for \$100 for services as clerk during the month of April, payment of the same having been refused by the audi-tor. Mr. Wilkins claims that his re-moval from the office and the appoint-ment of his successor were illegal and it is evident that he intends to make a test of the question in the couris. His communication was referred to the finance committee and city attorney

THE CRANE PROTEST. Charles Crane and other property owners on Second South street between owners on Second South street between Third and Tenth East streets representing a total frontage of 5.16s feet, submitted a protest against the use of asphaltum in the paying of that street and recommended that macadam be used instead. President Davis ruled that the protest was out of order as the bids for the improvement had alteredy been advertised for and will be opened on Thursday. However, the matter was referred to the engineering Principals and Supervisors of Public Schools Chosen By Board.

THE QUESTION OF SALARIES | PROCESSION STARTS AT 9:30.

Thursday When Teachers Will

Not one principal or supervisor of the public schools of Salt Lake failed of eappointment, when the board of education met yesterday for the purpose of choosing persons for those positions for the next school year. Assignments, owever, will not be made until September. On Thursday next the board meets for the appointment of teachers tember, and at that time the salaries of principals and teachers will be stipu-lated. Following is the result of yes-terday's deliberations:

Principals: High school—George A.
Eaton: vice principal, L. M. Glillan;
Bonneville F. N. Poulson; Bryant, W.
J. McCoy; Emerson, Mary Dysart;
Franklin, E. S. Hallock; Fremont, Dryden R. Coombs; Grant, A. S. Martin;
Hamilton, W. W. Barton; Jackson, David A. Nelson; Jordan, Mark C. Brown;
Lafayette, John H. Coombs; Lincoln,
Etta Powers; Longfellow, Elizabeth V.
Fritz; Lowell, William Bradford; Onequa, Evelyn Reilly; Oquirrh, L. M.
Qualtrough; Riverside, W. D. Prosser;
Sumner, Oscar Van Cott; Twelfth, Elizabeth McMillen; Uintah, Grace E.
Frost; Union, W. S. Wallace; Wasatch,
J. O. Cross; Washington, H. B. Folson;
Webster, Fred D. Keeler. J. O. Cross; Washington, H. B. Folsom; Webster, Fred D. Keeler, Supervisors: Primary, Miss Rosalic Poilock; music, William A. Wetzell; manual training, D. W. Parratt; drawing, J. Leo Fairbanks; physical education, Martha J. Johnson; director of sewing, Anna L. Corbett, Mr. Wetzell's appointment is simply to fill the place, made vacent by Samuel Doxey's leave of absence.

The bill of the State Street market for meat furnished the isolation hospital during the month of April amounting to \$56.58 was laid over for one week upon motion of Preece and Holley and will be investigated. Preece said that he did not believe the patients in the hospital could consume 200 pounds of meat before it spoiled and he thought there was something wrong in connection with the amount of meat ordered by the health department. The matter was therefore laid over for investigation. The bids received for the erection of a school building on Ninth South, between Main and West Temple streets were returned unopened, as investigation had disclosed the fact that the ground chosen for the proposed builting was altogether unsuitable for school site, by reason of its boggy codition. It would be necessary to ado to the police department ordinance pra-viding for an increase of \$10 per month in the salaries of each of the duty jer-geants, and each of the mounted police-men. The matter was referred to the the plan of placing the building on piles or of putting in a concrete foundation. Bids will again be asked for, including provision for the placing of the site in proper condition.

MAY BID THURSDAY.

Carter introduced a resolution authorizing the obard of public works to instruct all companies having poles in the center of South Temple street to remove them at once. The resolution was adopted. Board of Public Works Postpones Opening Until That Day.

At a meeting of the board of public works it was decided to postpone the opening of bids for the paying of Second South street from Third to Tenth East until Thursday morning at 10 o'clock. This action was taken so as to await the action of the city council on the bids for other street paving which have been held up by it for some time. The bids were turned down last Monday night but an effort will be made to-night to reconsider them.

The same defect appears in the or-dinance for the Second South paving that caused the trouble with the other paving bids, namely, it provides that the property owners shall pay for the improvement in five years instead of the improvement was advertised. This will render the Second South street work uncertain too and bids for that improvement may have to be readyer-

When chasing the butterfly of loveliness there is one thing to keep in mind and that is, chase the right committee on voting machines the council decided to purchase three additional voting machines for use in this city, and the contract for the purchase of the same was approved. The cost of the three machines is \$2,310. kind-beautifulness that comes by tak ing Hollister's Rocky Mountain Tea. 25 cents, Tea or Tablets, Z. C. M. I. Drug Dept., 112 and 114 Main street.

INCORPORATION ARTICLES.

A copy of the articles of incorporaposit company, an Arizona concern, has been filed with the secretary of state. Its capitalization is \$175,000, divided into shares of the par value of \$100 each, R. E. Waterman is named as the Utah agent of the company.

The Crescent Poultry & Livestock company of this city has filed its articles of incorporation in the county clerk's office. Its capital stock is \$5,000, divided into shares of the par value of \$1 each. N. B. Crocker is president; J. T. Higham, vice president; W. C. Coulson, secretary and treasurer.

There is one thing that you can bank on. The present day young women are more self-rellant and less dependent. They all take Hollister's Rocky Moun-tain Tea. 3° cents, Tea or Tebiets. Z. tain T-a. 37 cents, teach 114 Man. C. M. f. Drug Dept., 112 and 114 Man.
