DR. PRICE'S FLAVORINGS are rapidly growing in the popular favor, as it is becoming known that they are produced by extraction from the fruit carefully selected, not made up with chemical poisons. Each flavor is from the true fruit and aromatics, free from poisonous oils and strong, rank taste. They are natural flavors, obtained by a new process, which gives the most delicate and grateful taste. They are of great strength, and bottles contain half more than those purporting to give the same quantity. We conscientiously commend Dr. Price's flavors as being all that they are represented.

TO LOVERS of good biscuits, rolls, pastry, etc., we can cheerfully recommend DOOLEY'S YEAST POWDER as being not only reliable, convenient to use, but the cheapest in the end, of any Baking Powder offered to the public. Its popularity is daily increasing, and the never-failing results following its use will long make it the leading article of the kind in market. No housekeeper should be without it, as it produces light, elegant and nutritious food, with little or no trouble. For sale in packages to suit customers, by all grocers. THE EVENING NEWS.

Tuesday, . . . Nov. 10, 1874.

LOCAL AND OTHER MATTERS.

THERMOMETER 50 degrees F. in the shade, at 1 p.m. to-day. Cloudy.

Messages.—At the W. U. Tel. office for Mrs. N. J. Johns and Geo. R. Reed.

That Three Handed Case.—Yesterday John Goddard and Mary Smith, charged by W. R. Keithly with lascivious cohabitation, were discharged by Justice Pyper. For assaulting and abusing said Mary Smith, Mr. Keithly was fined $5.

Advancing.—The grading, and sleeper and track laying of the extension of the street railroad is bravely advancing along the left centre, as the French would say, of South Temple Street, going eastward.

Unmitigated Mischief. — Last night a number of young fellows of limited sense could find no better employment than climbing up the street lamp posts and putting out the lights. They were observed and a repetition of these tricks may get them into a scrape.

Robbery.—We are informed that the till of the Walker House was robbed last night of something over ninety dollars.

Since the above was in type we have learned that two lads have been arrested, by officer Phillips, on suspicion of having done the stealing.

Broke His Leg. — Yesterday Thomas Slight, of the 16th Ward, was gamboling and wrestling with another lad, near the railroad depot, when he fell, his leg being twisted under him, breaking the bone above and near the ancle. The injury was attended to by Dr. W. F. Anderson.

Erratum.—In the NEWS of yesterday, in stating the public expenditure for the fiscal year ending June 30, 1865, an error was made which would be at once apparent, especially to those acquainted with the subject. We said the public expenditure was "more than a million and quarter," but should have said more than a thousand and a quarter millions, or, more definitely, $1,290,312,982 41.

A Deplorable Case.—This morning a man, giving the name of William Branson, appeared at the City Hall in an extremely dilapidated condition, his feet being terribly frozen. He said he had come to this city for the purpose of going to the hospital, being destitute of money and friends. He said that the way he came to be in his present lamentable condition was that, a few days since, he was on his way from Kansas to San Francisco, that he met with some sharpers on the train, who, after getting him in a state of intoxication, robbed him of $420 and his ticket. In consequence of his not having his ticket the conductor put him off the train, and in walking from where he was put off, which we understand to be Green River, to Ogden, his feet were badly frozen, as before described.

The Deseret News Weekly.—Our weekly edition of the NEWS, published every Wednesday, is the largest weekly paper published between the Missouri and the Sacramento. It contains sixteen pages, or eighty columns, and is filled with the current news of the week, local and distant, editorial articles on interesting topics, sermons by the First Presidency and the Twelve Apostles, and a variety of other matter, interesting and instructive. It should be in every family in the Territory, and is just the thing to send to friends at a distance who wish to learn of the situation in this Territory.

Prospering.—Yesterday we met Brother Allen Taylor, formerly Bishop of Kaysville, who had just arrived from Washington, Kane County, where he now resides. He gives a cheering account of affairs at the latter place, the people never having been in so prosperous a condition. During the past season a large amount of labor has been done in the United Order. The cotton crop is as large again as it has been in any previous year, and in connection with the Order 500 tons of lucerne have been stacked for Winter use. Brother Taylor and some others who have just come up from there have brought, for disposal in this City, 15,000 pounds of dried peaches, and there still remains at Washington for disposal here, as many more. The grape crop this year was positively immense. Some idea may perhaps be formed of its extent when we state that Brother Taylor himself was engaged in hauling this fruit to the place where it was to be converted into wine, and was thus employed, for the United Order, about four weeks, delivering three to four loads daily. The factory, under the superintendence of Brother Whitehead, is doing well.

A Garrotting Case.—We are informed that a man whose name we did not learn, but who resides with Mr. Roper, a short distance south of this City, was knocked down and robbed, on Saturday night, of $220. It appears that the man had been drinking and had pulled out his money in a saloon. He was warned by a man, who was there at the time he did so, that if he was not careful he would get robbed, this person predicating his prognostication on the character of some of the parties in the saloon, and the manner in which they maneuvered, after discovering that the man had money. The party who thus warned him told his suspicions to officer Hampton, and the latter also told him to put his money where it would be safe, as, if he did not, he would probably be knocked down and robbed on the way home, by some of the characters who were in the saloon, but he insisted that he could take care of himself.

There is a class of ruffians now in this city, that has greatly increased within the last few months, and that will do anything for money, and they can be picked out by the dozen by any keen observer who takes a walk down East Temple Street.

Theater.—It was intended to give a benefit to Mr. H. Horsley, at the Theatre, on Thursday evening, but we have been requested to state that, in consequence of sickness in the family of one of the principal actors, the benefit to Mr. H. will be postponed for eight or ten days.

Not the Author.—We have received a note from Mr. E. Lascelles, stating that he was not the author of, nor responsible for, the statements in an objectionable communication, in a city paper recently, concerning the family of Mr. Fife, as Mr. L. considered was implied in a court notice in the NEWS of last evening.

Home Again.—To-day we had the pleasure of meeting Elder William C. Staines, who lately returned from New York, having completed his labors there for the season, as Church emigration agent. All the affairs of the emigration of the present year which have come under his able management have passed off satisfactorily.

From Australia. — On Sunday night Mr. John Buckle, wife and family, numbering, in all, seven persons, arrived in this city, from Ballarat, Australia, intending to make Utah their future home. When they left Australia Elder Geddes was laboring assiduously in that part of the world in the good cause, although his health was not so good as might be desired. The party had a prosperous voyage from Australia to San Francisco.

BEAVER, Nov. 9.—John D. Lee, of Mountain Meadow celebrity, was arrested at Pangwitch, a settlement on the Sevier, thirty-five miles east of this place yesterday, by deputy U. S. Marshal, Wm. Stokes, and reached here this morning at 8a.m.

Our Country Contemporaries.

Beaver *Enterprise*, Nov. 5—

Our old friend, Mr. Dupaix, of Minersville, called in this morning and informed us that the mines near Shauntie Springs, South and North Star, are looking well, and as they sink deeper the ore assays better. Whythe Walker is also employing a large number of hands in opening his rich mines. Shuner & Co's Smelting Works are repairing again to commence a run of twenty days in succession. They run from ten to twelve tons of bullion out for each day, which the transient teams carry off as fast as made.

Shauntie looks promising, new buildings going up daily, and contains a population of over 200 hard working miners, mechanics and teamsters, including some ten married females, and a host of the rising generation; two stores, a saloon, blacksmith shop, hay yards, etc.

The Beaver S. M. Co., operating at S. F. District fare taking out ore. To-day, the Company's Treasurer, Major Low, will disburse some $10,000 balance due on the mining property, in U. S. currency, which shows plainly that the company means business.

Mr. Williams, at River Side, is getting ready to run his furnace. A great deal of energy is devoted to commence operations. Success to all like enterprises.
