

TAFT FORCES FORESEE CONTEST

In Committee on Resolutions Over Platform Modification Which Promises to be Prolonged.

MUCH PRESSURE IS APPLIED.

Leaders of Taft Movement Assume a More Unyielding Attitude on Planks Question.

Chicago, June 14.—Pressure for platform modification increased today to such an extent that the Taft forces plainly see a contest in the resolutions committee in the convention which promises to be both tenacious and prolonged. This pressure has so far only increased the determination of those directing the Taft movement to assume a more unyielding attitude.

"If we are to have Taft for the candidate we are going to have a Taft platform," is the ultimatum.

This Taft platform, as is well known, has been written. It is in the custody of Wade H. Ellis, attorney-general of Ohio, who has taken up his quarters for the convention at the Auditorium Annex. Every plank of this platform is declared to have received the most detailed and weighty attention, and the prediction is made that every plank will remain in the document, and in the language in which it is now expressed, with some possible changes in verbiage.

However stern may be the declaration against modification, there is not the slightest disposition to refuse to listen to those who want revision, and this has been the task of Mr. Ellis throughout the day. Incidentally it may be stated that both President Roosevelt and Secy. Taft have been kept informed minutely as to the developments.

The platform contains an expression of the belief that a more liberal rule should be adopted by the courts in applying the injunction process in labor disputes. This plank is not liked by some members of the party. The elimination of any expression on the subject would meet with their hearty approval.

President Van Cleave of the National Manufacturers' association today urged the rejection of this injunction plank with great earnestness. His arguments were listened to by Mr. Ellis, who called Senator Long of Kansas to conference. The plank was favored by Samuel Gompers, president of the American Federation of Labor, who was later given an opportunity to be heard. It may be stated upon authority that this plank will not be changed with the consent of Secy. Taft.

Mr. Gompers, as a result of the conference of the officials of his organization just concluded here, also presented to Mr. Ellis definite proposals intended to pledge the party to future action which would free labor organizations from the legal designation and responsibility of trusts.

Another point of issue is on the plank which sets forth the benefits which would accrue to the country through federal supervision and inspection of the issuance of stocks and bonds of the corporations doing an interstate business. This plank makes it possible for the declared representatives of the corporations to make dire predictions as to the result of the election if the plank is allowed to remain, but it will not be disturbed.

There is in the platform a declaration in the interest of the Philippines, which expresses the belief that good would come from an arrangement which would permit of the free interchange of commodities between the far eastern dependencies and the United States, with a restriction that such interchange shall not be allowed to adversely affect any industry, such, for instance, as sugar and tobacco.

Senator Carter today conferred with the framers of the platform on the advisability of incorporating a plank in advocacy of postal savings banks, with the result that he received practical assurance that it would be inserted. Some of the banking interests are opposing the declaration, but it is believed to afford the best offset for the Democratic contention for the guarantee of bank deposits. The president and Secy. Taft have both endorsed the savings bank idea.

With these and other expressions of policy which are for the first time becoming known to the "opposition," interest in the document is increasing, but as the framers of the document

BONAPARTE WILL QUIT OFFICE WITH ROOSEVELT

Washington, June 14.—The president and Atty.-Gen. Bonaparte intend to go out of office on the fourth of March, and Mr. Bonaparte has just as little idea as the president of going out sooner.

This statement was made at the White House today in reply to rumors that there existed a serious difference between the president and his attorney-general, which would probably lead to Mr. Bonaparte's leaving the cabinet very soon after the presidential election.

The special differences cited in this connection related to the removal of Dist. Atty. Ruick and United States Marshal Rounds of Idaho, which it was declared was opposed by Mr. Bonaparte. He insisted upon by the president, and in relation to alleged differences over bringing a suit against the New York, New Haven & Hartford Railroad company.

At the White House today it was declared that the removal of Ruick and Rounds was determined on six months ago, but it was determined best to wait until certain suits on which they were engaged were concluded and then to have Asst. Atty.-Gen. Cooley go to Idaho and while on the ground recommend who should be their successors. Mr. Cooley's recommendations have been received, and after the attorney-general calls at the White House tomorrow the appointments will doubtless be agreed upon. It is positively asserted that there has never been the slightest difference of any kind between the president and the attorney-general in regard to this matter, both agreeing that the charges against Ruick and Rounds justified their removal.

PHILIPPINE APPROPRIATION.

After Many Conferences Commission And Assembly Reach Agreement.

Manila, June 14.—After many extended and apparently hopeless conferences, the insular commission and the Philippine assembly have finally arrived at an agreement upon the general appropriation bill, which it is believed both the commission and the assembly will ratify. The commission measure appropriates 16,800,000 pesos, the assembly making a concession of nearly 1,500,000 pesos.

The appropriations agreed upon in the bill are practically the same as the actual expenditures last year. The commission declined to assent to the reduction in salaries and the consolidation of some of the bureaus, as proposed by the assembly. The personnel of the various bureaus and departments remains unchanged.

Kansas City Police Trying to Connect Charles Stevens, Negro, With It.

Kansas City, June 14.—When the police arrested Charles Stevens, a negro, a week ago he had \$242 in his possession, besides jewelry. In police court last Monday morning Judge Kyle released the man. The postoffice inspectors are now trying to connect the negro with the stealing of the mail bag at the Union depot, which contained \$50,000. The police, however, insist that the government detectives have no evidence to show this connection.

GREAT DEMONSTRATION FOR CALEB POWERS

Barboursville, Ky., June 14.—The news that Caleb Powers had been pardoned by Gov. Willson spread rapidly through the country and large crowds collected at the stations of Pennington, Gay, Middleboro, Pineville and other points through which the train passed today. Mr. Powers reached out and shook hands with thousands of friends.

At Artemus, where Powers used to live, the train was met by a committee of 150 citizens. The crowd here was the largest that ever welcomed any person to Barboursville.

Friends hurried him to a carriage where his mother and sister were

waiting to receive him, and the procession started for the court house, headed by a brass band that played a stirring march. Mr. Powers was noticeably affected. Aged women who knew him as a boy, with old men who knew him as Caleb, joined in the cheering all the way to the court house.

A committee escorted Powers into the courthouse and within a few minutes the large room was packed. Here Mr. Powers delivered an address, principally lauding his old friends for their loyalty. He also explained the causes that led to his arrest, conviction and pardon.

ASSEMBLING WARSHIPS.

Preparatory to Voyage of Atlantic Fleet Around the World.

San Francisco, June 14.—Assembling of the warships of the Atlantic fleet in San Francisco harbor, preparatory to the beginning of the long homeward voyage across three great oceans, has begun. Only nine of the fighting vessels are now in Man-of-war row, but at Mare Island navy yard and in dry dock at Hunter's Point are 23 fighting craft of various kinds, some of them among the number which will make the long voyage.

The ships of the Atlantic fleet now on the northern Pacific coast have been ordered to proceed to San Francisco as soon as possible. A departure schedule has been arranged whereby the Georgia will leave Puget Sound on June 16, the Wisconsin on June 22, Illinois June 29, Kentucky June 25, Nebraska June 27, Rhode Island, Virginia and New Jersey June 28, and Kearsarge June 29.

MRS. S. F. MAYBURY DISAPPEARS

New York, June 15.—Mrs. S. F. Maybury, a cousin of Mrs. John Hay of Washington, sister-in-law of Miss Marbury and a daughter of Ambros B. Stone of Cleveland, has disappeared. The police have been asked to hunt for her, but without "unnecessary publicity."

Mrs. Maybury is a widow. Her husband was one of the prominent lawyers of this city and founder of the New York Bar association. She had been under treatment for nervous prostration.

A CAMPAIGN MANAGER.

Ex-Senator Richard F. Pettigrew of South Dakota is a man who has been proposed to conduct the Bryan campaign provided the Nebraska man receives the nomination at Denver. Mr.

Pettigrew was an ardent supporter of Mr. Bryan in both of his previous campaigns and has lost none of his enthusiasm.

AGE AND GENIUS.

Many men have done excellent work after an existence of eighty years. Landon wrote his "Imaginary Conversations" when eighty-five. Isaac Walton wielded a ready pen at ninety. Bahne-mann married at eighty and was working at ninety-one. Michelangelo was still painting his giant canvases until near the close of his life, and Titian at ninety worked with the vigor of his early years. Fontenelle was as light hearted at ninety-eight as at forty, and Newton at eighty-three worked as hard as he did in middle life. Cornaro was in far better health at ninety-five than at thirty and was "as happy as a sand-boy."

HUGHES' NAME TO BE PRESENTED

But Gen. Woodford is Prepared to Move Taft's Nomination be Made Unanimous.

DELEGATION NOT HARMONIOUS

Dozen or More Delegates Have Declared That They Will Not Vote For the Governor.

Chicago, June 14.—Gen. Stewart L. Woodford, head of the New York state delegation at large, is said to be prepared to move that the nomination of Taft be made unanimous in the event of his selection by the convention, and provided the uninstructed men in the New York state delegation, all of them regarded as Taft men, shall have voted for Hughes on the first ballot. That being done, there would apparently be no obstacle, they claim, to the casting of New York's 78 votes for a New York man for vice president. It is upon this plan that the various interests are trying tonight to agree.

Hughes' name will be presented to the convention. It will not be withdrawn, according to Gen. Woodford, who said today:

"The New York state convention unanimously instructed our delegates, at-large to present the governor's name to the national Republican convention as the candidate of New York for the presidency, and instructed us to use all honorable means to secure his nomination. We have accepted the trust, and shall present his name."

Strong efforts are being made to harmonize the New York state situation so as to secure a united vote of the state, first for Gov. Hughes for president, and after that for a candidate for the vice-presidency from New York state. There are a dozen or so of the uninstructed delegates from New York who have declared that they will not vote for Hughes, but there is a strong desire on the part of the leaders to bring these men into line in order to strengthen the position of the state in the matter of the vice-presidency. Ex-Gov. B. B. Odell, Jr., arrived today and joined with the other leaders in discussing the aspect of the question. These leaders are planning to dine together tomorrow evening, and some agreement may be reached. There was some talk today of the selection of ex-Gov. Odell as member of the national committee from New York to succeed William L. Ward. In well-informed quarters not much stock was taken in this, especially as Mr. Odell was understood to take no interest in himself.

Meanwhile an interesting conflict was going on with regard to the state's representation on the committee on resolutions in the interest of Representative Seneca Payne of Auburn on the one hand and Representative Herbert Parsons of New York on the other. It became lively fight, and the caucus of the New York people tomorrow morning is awaited with much interest.

Late tonight it was said with positive assurance that Mr. Parsons would not be a candidate for the place on the resolutions committee, but would himself present Mr. Payne's name to the delegation.

Work continued until far into the night in the effort to get the New York delegation into harmony on the vice-presidential question. Ex-Representative Littauer, who is regarded as a leader of the Sherman advocates, confirmed the belief that they would not present the matter in any formal way until the Hughes candidacy for the presidency had been disposed of.

WARNER WILL NOTIFY SUCCESSFUL CANDIDATE

Chicago, June 14.—It was announced at the Taft headquarters here today that United States Senator William Warner of Missouri will be chosen chairman of the convention committee to make notification to the presidential nominee of his selection by the convention; that former Gov. John F. Hill of Maine would be preferred to head the convention committee on permanent organization, and that United States Senator Charles W. Fulton of Oregon was being most favorably considered for the chairmanship of the credentials committee.

The selections depend of course, upon the success of the plans of Taft forces to organize the convention and are regarded as indicating the confidence

That Delicious Maple Flavor

We cook Mapl-Flake in pure Maple syrup, mainly for the children's sake. We make the one perfect food—the one food that's all food. So we make it taste best, too.

You don't know what you miss—you who lack Mapl-Flake.

No other flaked food is even half so delicious. That's because of our Maple flavor.

No other flaked food is half so digestible. That's because of our process of 96 hours.

Please try it and see.

We add the Maple syrup to make the food enticing. We confess that.

But the enticement is good for you, and good for your children.

It leads them to prefer the food that is best for them.

The one wheat food which is made wholly digestible.

Wheat, in the first place, is the premier food of the world. It has been for ages.

We make Mapl-Flake of the finest wheat that is grown.

We steam-cook it for six hours—cook it in pure Maple syrup.

Then we cure it for days, in a way that partly digests it.

Then each separate berry is flaked so thin that the full heat of our ovens can reach every atom.

Then we bake those flakes at 400 degrees.

Flaked food can be made in one-fourth of that time. And to shorten the process lessens the cost, of course.

But the result will be food less than half as digestible.

The cost of serving—the cost of cream—is the same as for Mapl-Flake. The food value is half.

The balance ferments, instead of digesting, and leads to digestive disorders.

Wheat, to be digestible, must be made soluble. The particles must be separated so the digestive juices can get to them.

That requires long cooking, long curing, and a fierce baking heat.

It requires full 96 hours.

Please try such a food and learn what it means to you.

You'll never again be content with the common foods.
