'DESERET EVENING NEWS: MONDAY, SEPTEMBER 7, 1903.

Dr. Miles' Nervine Saved My Life.

There is little joy in living when the dis-ordered nerves prevent sleep and rest; when one wakes from a restless night more tired than the night before; when one is forced to drag through the round of daily duties with-out energy, ambition or interest. This con-dition is due to a derangement of the nerves which may be speedily regulated and strengthened by Dr. Miles' Restorative Nervine. This remarkable medicine has a wonderful record of cures. Supplying as it does the exact element needed for the res-toration of the nerve force and vitality, its good effects are felt after the first few doses. "I have used your remedies myself and in good effects are felt after the first iew doses. "I have used your remedies myself and in my family for the past seven years and it is not too much to say that they saved my life. The tired feeling I used to have after giving a few music lessons has left me entirely and instead of lying ia bed three or four hours trying to get sleep and then getting up and walking the floor until morning, I can now go to bed and sleep eight, ten and twelve hours without any trouble. When I think of my former nervous, wretched, irritable state I want to tell everyone what Dr. Miles' Nervine has done for me. I can do as much work now in a day as I used to take a week to accomplish. I think Dr. Miles' Nervine is the best remedy for nervousness and gen-eral debility on earth."-L. D. EDWARDS, Prof. of Music, Preston, Idaho.

A HORSE KILLED BY BEES.

Mrs. Jane Moss Thrown From a Wagon -The Old Folks Enjoy Themselves.

St. George, Sept. 4.—September comes in with another heavy thunderstorm in this city causing torrents of water to sweep down from the hillsides breaking our canals, filling up water ditches, turning streets and sidewalks into rivulets, and in some places cutting cross-lots doing considerable damage. The bridge on the main road at Middleton was rendered impassable as one of the abutments was washed away.

THROWN FROM A WAGON.

Mrs. Jane Moss had a narrow escape from being killed last Saturday. As it was she was thrown out of a wagon with her babe in her arms and her collarbone broken. It appears that while the horses were eating their grain with the nosesacks on, the tugs were hitched to the wagon and Mrs. Moss, with sev-eral children, got into their seats, and the umbrella was opened to shield them from the hot rays of the sun. This so frighened the animals that they ran away, throwing them violently to the ground, with the result as mentioned

In the evening the new hall was again occupied and the, old folks, with quite a few of those who expect to be old after a few years, enjoyed themselves in the dance. Much credit is due the committee and all those who assisted in waiting upon and making the old folks happy. Mrs. Susannah Keates Kimble being the only person present
