The funeral services of Andrew Bult vill take place at the family residence 1, north Seventh West, Friday, March 15th, at 2:30 p. m.

Ogden Standard March 13: The pas- | stage above that of monkey life, so sage of the Evans bill has taken a club from the hands of the professional agitator in Utah; it has also placed a discount on the services of the sneak. The bill will clear the social atmosphere of Utah; it will drive religion out of politics; it will establish good feeling. Of but simply a desire to be free from the parasites which have persisted in course we may be wrong and altogethpreying on the misfortunes of the people of the dominant Church of er too optimistic in our views, but there are good reasons for our belief. bian by making capital of religious prejudice, then an era of good feeling and profound peace will be ushered in and happiness will abide in Utah. But if we, as Gentiles, are in doubt and are not prepared to accept the professions of the leaders of the Mor-mon needle that there is no utbala For years one of the principal voca-tions of certain men in Utah has been to make capital of the "Mormon" ques-ton. When they had some sneaking dirty work to perform, which required a screening cloud, they resorted to the tricks of the scuttle fish, and filled all Utah with dark rumors and charges and while the people were thus should be our course? To cry have and disgrace ourselves and all Utah distracted they gained their purpose. They played this scheme in matters of politics principally. Culprit Receives Light Punishment for Indecent Conduct.

(Special to the "News,")

Ogden, March 14 .- A brazen stranger said to live somewhere in Davis county, appeared in the police court today on a charge of indecent conduct. He has been parading the streets and frightening ladies and was finally gathered in by the police. The case against him was positive and he was let of with a light fine of \$25, which he promptly paid. Many persons thought that six months in jail, with hard labor at-tached would have more nearly commensurate with the offense.

He has become so bold of late that he even insults ladies on street cars. this morning and told a tale of assault A few evenings ago a young lady who and battery to County Attorney Chrisresides in the eastern part of town, boarded an east bound car, accom-panied by an escort. The car stopped on Eighth east, and the gentleman who was with the lady alighted first, and as slighting and discourteous remarks about her. JUDGE TIMMONY'S COURT.

Yesterday and last night three drunks were arrested. Owing to the

recent existence of smallpox in the city jail the officers were at a loss to know what to do with their prisoners It costs 75 cents a day to send them to the county jail, besides giving each man a change of clothing. Finally it was decided to lock the imbibers in the hole under the sidewalk. This was done and after they had slept off the loggish sleep of the befuddled, were permitted to go on their own recognizance. In the police court today an or each case was entered dischargder in ing the accused, but Judge Timmony gave instructions that hereafter drunks would be taken to the county fall in spite of the cost.

...... BUSINESS NOTES. ······

Yesterday afternoon a real estate deal was consummated by which the Christensen Brothers become the owners of the old Ellerbeck property on State street between South Temple and First South streets. The consideration for which the property changed ownership is said to be \$13,800. A payment has already been made and the deeds will the passed over within ten days. The Christensen brothers have for years been leading musicians and dancng masters in this city and they have for some time contemplated a plan to erect a handsome building in a suitable neighborhood to contain besides a fine ball room, a musical and rehearsal hall, fitted up with a stage and dressing rooms, smoking rooms, parlors, a kitch en and large and small banquet halls. The upper stories to be used for studios for artists and musicians. It looks very much as if Salt Lake will soon

have an academy of fine arts.

WHY SO MANY FAIL. The Reason So Many Catarrh Rem edies are Unsuccessful

There are few troubles, for which there are so many remedies and so-called "cures" as for catarrh and it may be added there are few diseases so difficult to really and permanently

Inhalers, sprays, powders and douches are all applied locally and give tem-porary relief, often for only a few hours, and it is doubtful if anything like a real cure of catarrh was even accomplished by the use of local applieations

Catarrh is a constitutional disease, it is in the blood like rheumatism and to cure it requires an internal medicine to act upon the blood, to drive out the catarrhal poison from the system en tirely and anyone can readily see that a salve or powder or inhaler which simply clears off the mucous membrane of the nose and throat can have no effect on the real cause of catarrhal disease The remarkable success of the new catarrh remedy, Stuart's Catarrh Tab-lets is because it drives out of the system through the natural channels, the catarrhal polson, the germs of grip, bronchitis and consumption and causes the hawking, spitting and gagging beis no cause the excessive secretion the Deseret News Office. Estimates promptly furnished. Rush orders a longer supplied when the blood is made healthy from the regular use of Stuart's Catarrh Tablets. The remedy is in the form of large

20 grain lozenges, pleasant and palat-able composed only of wholesome antiseptics and so safe to use that little children use them with perfect safety and benefit if the little one is suffering from colds, croup or cough from any cause

Stuart's Catarrh Tablets have been on the market scarcely one year, yet they have met with such popularity and success that druggists everywhere in the United States and Canada now them in stock and report a constantly increasing demand for them.

Consequently the suit is brought to recover the value of the gilsonite taken.

AMUSEMENT'S. Lannanan Mid-week matinees are institutions

as yet unfamiliar to Salt Lake, and it is doubtful whether they will ever be strongly successful, at least while the schools are in session. Madame Modjeska's fine delineation

of Mary Stuart went yesterday afternoon to many empty seats. The pity was all the greater that the performance was in many respects the most charming and finished with which Modjeska has yet favored us. The play is by the great poet, Schiller, and has long been in Modjeska's repertoire. It was one of the features of her engagement in the Walker Opera House years time has not staled the infinite ago: variety with which she invests it, and she entirely charmed her auditors by her delineation. Another pleasant fea-ture of the afternoon was the strong hit made by Mis Hassett as Queen Elizabeth; her acting was a decided surprise, and in places she quite divided honors with the star; Mr. McLean filled the role of the lover well, and Mr. Johnstone was an admirable Burleigh. "Mary Stuart" will be repeated to-night and should draw a great turn-

Young Johnson did not appear to be as smooth as it trans-pired that he was, and at a moment when the officer's head was turned, he took French leave and has not since been seen by the officer who is the most interested in seeing him. It is reported

FISH HAVEN, IDAHO. Sudden Death of George Loveland

of Heart Failure. Special Correspondence.

Fish Haven, Bear Lake County, Idaho, March 12 .- Last Wednesday George Loveland of Fish Haven, passed away very suddenly at the home of his father between six and seven o'clock of heart failure. The deceased was mail carrier from Montpeller to Fish Haven and had made the trip on Wednesday morning, arriving at Fish Haven about 1 o'clock, and seemed to be in good health and spirits, laughing and joking in his usual manner. He went to his father's place and unhooked his team and was in the stable, when he took suddenly with a terrible pain in his ston-ach and heart, some of his brothers told him to go to the house but he would not as he said it hurt him so to walk: at last they persuaded him to go and he felt a little better when he got there and they had sent for his wife, who lived just a short distance away, but he took worse in a very short time and soon expired. He was 29 years of age and leaves a wife and three children, the eldest a boy of f years and two little girls ages 1 and ears, with numbers of relatives and friends to mourn his demise. He was well and favorably known, having carwas ried the mail for some time, and made many friends. His funeral services were held in the Fish Haven Meeting house, Saturday, March 9th. The speak. ers were Elders H. W. Finday, H. P. Nelson, Wallace Pope, J. W. E. Stock and Bishop H. P. Scofield, who spoke comforting words to the bereaved ones, A large cortege followed the remains to the cemetery, and was headed with six horsemen, mounted on greys, the leaders being President Shirley and Counselor Findlay of the Y. M. M. I. A., of which deceased was a member. Friend to Friend,

It is not so much what the news-papers say, as what neighbor says to neighbor, or friend to friend, that has brought Chamberlain's Colic, Cholera and Diarrhoea Remedy into such gen-eral use.
