General News.

WASHINGTON, 6.—Of the ten dollar refunding certificates, there were sold by the Treasury Department $40,512,750. For the purpose of making sale 799 Government officers, mostly postmasters, were designated by the Secretary of the Treasury as depositors, but 509 of that number, however, qualified by filing bonds, and through whom sales were made to the amount of $28,569,200. One hundred and eighty-four National Banks were designated for the purpose, but only 76 qualified, selling $1,197,670. The balance, $10,245,849 were sold by the United States Treasurer. The assistant Treasurer's accounts of all depositories have been closed and the entire proceeds of the certificates sold by them have been deposited in the Treasury without the loss of a single cent.

Thirty-five million eight hundred and sixty thousand seven hundred and fifty dollars in refunding certificates have been presented for conversion into four per cent bonds to date.

Consul Lord, of Ningpo, China, writing on July 28th, says: Of the grain crops in the province of Che Kyng, that from April to the middle of June, the weather was wet and cold. It then became suddenly dry and hot, and so continued up to the date of writing. Such was the intensity of the heat that the canals, which are largely relied upon for irrigation, dried up, and everything became parched. Should the drought continue much longer, the Consul thought the grain would be wholly destroyed. The cotton crop had also suffered greatly. The province of Che Kyng has an area of about 40,000 square miles and a population of over 26,000,000.

The President has decided to appoint General Wm. H. Hayes, of Springfield, Ky., United States District Judge for the District of Kentucky, vice Judge Harlay. Gen. Hayes succeeded Harlay in the colonelcy of the Kentucky regiment in the late war.

Philadelphia, 6.—Isaac R. Martendell, messenger in the Highway Department, while drawing a check at the Girard Bank to-day, was robbed of $2,400 by a sharper.

Baltimore, 6.—The Society of the Army and Navy of the Confederate States, in Maryland, appointed a committee for this city and each county in the State to raise funds for the relief of the children of General Hood.

Brooklyn, 6.—S. Adler & Sons' chemical color works were damaged by fire, to-night, to the amount of $35,000.

Cheyenne, 6.—The debris of the fallen building was cleared away this morning, and the dead bodies of Mrs. Bell's two boys, aged 4 and 6 years, were taken out. All the persons are now believed to be out. The wounded are doing well; it is thought none are fatally hurt. The accident is attributed to the giving way of a defective partition of the wall. The loss is almost total and amounts to about $11,000.

Boston, 6.—The John Ennis 75 mile go-as-you-please, closed to-night. All the men were in good condition at the close, with the exception of O'Connor, who won a fourth of the money and who had to be carried from the platform after the presentation of the prizes. La Couse won the first money—$200—and the Ennis medal.

In the superior criminal court, to-day, the grand jury returned an indictment for embezzlement on six counts, against Charles Desmond, the defaulting treasurer of the Massachusetts Missionary Society. In default of bail, Desmond went to jail.

Fall River, 6.—The weavers, to-night, voted not to strike, but to give the card room all support possible, in case they would strike. The spinners voted to fight to the bitter end.

New York, 6.—The Coney Island Jockey Club has an excellent day for the beginning of meeting at the Prospect Park course. The dash 2 was won by Luke Clackburn, Girofa second, Quin's Own third.

The 1171/2 heat race, mile and an eighth, was won by Chiquita, which took the first and third heat, Glonmare second. Time, 158 2-3, 159½, 200.

The selling race, mile and a half, was won by Clemmie G., after a dead heat, with Pilot Una third. Dead heat 231½, heat 243½.

The Breaker handicap, for two miles and an eighth, was won by Ferida, Clara D. second, Danicheff third. Time. 3.54.

The steeple chase, about two miles, was won by Bertha, Trouble second, Redding third. Time, 3.57¾

The Assistant Treasurer here writes that in the Treasury Department there has been no change in the movement of gold. It still continues to accumulate in our vaults, whilst the amount of certificates outstanding remains nearly stationary. There is really no demand for gold, as it is less convenient than notes to handle.

The Tammany Hall committee on organization met this afternoon, and unanimously adopted a resolution, that in case the State convention insists upon nominating Lucius Robinson as candidate for governor, the Tammany Hall delegation will leave the convention in a body.

California Salmon.

CHICAGO, 6.—Speaking on the growth of the California salmon industry and adaptation of that fish to various waters, the *Tribune* says: N. K. Fairbank, of Chicago, is now experimenting with them at Geneva Lake, and believes that properly started they will live and thrive in fresh water as well as salt water. If the result shall demonstrate the correctness of his theory, he proposes to stock Lake Michigan, and the reproduction of the species is so rapid that the time is not far diltant when California salmon may be as plentiful in this region as white fish, supplying a rich and excellent food in great abundance and of vast economic value.

W. U. Telegraph Office Burned.

At a late hour to-night the Western Union Telegraph office at Quincy, Ills., and one or more buildings adjoining were burned. All communication is cut.

YELLOW FEVER.

Appeals for Assistance.

MEMPHIS, 6.—Seventeen cases in all were reported to-day. Four deaths occurred. Total number of cases for the week, 152; whites 78 colored 74. Total deaths from yellow fever for the week, 43; whites 33, colored 10.

The total number of cases to date, is 1,005.

The following appeal has been made by the Odd Fellows:

MURFREESBORO, Tenn.,
September 6th, 1879.

To the Independent Order of Odd Fellows, greeting:

The Odd Fellows' special relief committee at Memphis are again forced to the necessity of appealing to the brotherhood at large for material aid. All of the available funds of the five lodges and two encampments have been expended in sending many of their brethren and families to places of safety, and in nursing and providing for the sick and burying the dead. Business is suspended; wages are stopped, and sickness and death are making sad havoc in their midst. This appeal is made with great reluctance, in view of the generous outpouring of substantial aid which met similar appeals in 1873 and 1878, but with sickness and distress upon every hand, with wails of sorrow, and cries for help, coming up continually, their treasury is exhausted; and with the sad prospect of the continuance of the dreaded scourge of yellow fever, for a period of at least two months to come, their only resource is an appeal for help from our more fortunate brethren who are spared such a calamity as now scourges their stricken city. All contributions should be sent to Marcus Jones, Grand Patriarch of State, and president of the special relief committee, I. O. O. F., Memphis, Tennessee.

Signed, E. G. BUDGE,
Grand Master.

The Howards' weekly report shows that they have 211 nurses on duty, attending 130 white and 75 colored families.

Loss by the Fire.

CHICAGO, 7;—Further particulars of the fire at Quincy, Ill., state that the fire originated in the livery stable of Sweet & Fallunsbee, on Main Street, between Third and Fourth Streets. The stable, together with the Academy of Music, and the large brick block adjoining, occupied by J. W. Stewart, commission merchant, and J. E. Woodruff, baking powder manufacturer, the packing house of Adams & Sawyer, and several other smaller buildings were destroyed. The fire then extended to the large four story brick block on Main and Fourth Streets, and gutted the entire block. The Board of Trade, Western Union Telegraph Office, Masonic Hall, and many other private offices were located in this block. The loss is now estimated at $125,000; insurance not known.

WESTERN.

The Election.

SAN FRANCISCO, 6.—About 1,500 ballots yet remain to be counted in the city and the canvass will probably be completed before morning. Kalloch now has 1,482 majority over Flint, and is elected. The workingmen have also elected sheriff, auditor, district attorney, city and county attorney, tax collector, public administrator and surveyor. The republicans elect assessor, coroner, and superintendent of schools. The offices of treasurer, recorder, county clerk, superintendent of streets, and police judge are still in doubt, with chances in favor of the workingmen's candidates. The superior judges will be about equally divided. The republicans are likely to elect four out of the five justices of the peace. The republican ticket for supervisors is believed to be successful, with perhaps two or three exceptions; also five of their candidates for school directors. The workingmen have probably elected three, and four remain in doubt. Beerstecher and Stoneman, workingmen, and Cone, republican, are elected for railroad commissioners. There seems to be no doubt that the republicans have elected all four congressmen. The legislature is undecided, but if the republicans have not a majority, they will in all probability be able to control both houses. The result on the State ticket remains as heretofore reported, though it is not quite certain how the supreme court may stand.

LONDON, 6.—The Marquis of Hartington, speaking in Radnorshire, South Wales, yesterday, gave an explanation of his recent utterances on the question of land laws. He did not advocate the artificial creation of a class of peasant proprietors, but merely urged that if any existing laws tend to artificially aggregate the vast property in the hands of a few persons, they should be carefully inquired into.

Correspondence.

ARIZONA, Aug. 23d, 1879.

Editors Deseret News:

Permit me, through the NEWS, a few words of what I consider advice to our people emigrating to this country. Some do not seem to be aware that they are coming to a new, wild, undeveloped section of country, or else surely they would not come as unprepared to develop its resources as some do. I will state, for the benefit of those fitting up for what is known as the White Mountains and Meyoblone section of our country, that a pretty good outfit is as follows: A good team and wagon, plow, cultivator, hoe, pickaxe, shovel, etc., not forgetting at least eight months' breadstuffs, or the wherewith to place it at very high figures. I will ask any reasonable man what he thinks he can do, put down in a huge forest of timber like this, in December, with a family on his hands and about one month's breadstuff? I answer, he will do just about as many others have done, remain in their wagons for months, catching a little job here and there in order to subsist, when they ought to be building cabins, clearing land and making ready to plant in the season thereof. There are those here who laugh in their sleeve at getting our people's labor at half price, or almost little or nothing, all because there is a surplus here without bread. These are stubborn facts, and should be avoided if possible. Another item, if good mechanics would come, instead of so much furniture, they might not have to be disposed at half price. A hint to the wise is sufficient. Now, if there are any who feel like coming to this country, and are not able to get a very good fit out, do not let that deter you, for a stout heart and good axe can sometimes do wonders. Our crops are nothing to brag on this season, owing to drouth and lack of proper attention.

Respectfully,
ALFRED CLUFF.
