BIG STOCK DEAL.

John Sparks Figures in Negotiations Aggregating \$1,000,000.

A J. Harrell, of Visalia, California, Saturday afternoon acquired the ownership of the half-interest in the Sparks. Harrell company, formerly owned by John Sparks, of Reno, Nevada. The company owns 40,000 head of range cat-tle, 300,000 acres of land and a lease on 700,000 acres for the and a lease of 700,000 acres more. The purchase of the half-interest from Mr. Sparks makes Mr. Harrell the sole owner of the com-pany's stock of 10,000 shares and the largest cattle owner of the West. For his half-interest Mr. Sparks received \$500,000 cash and 12,000 acres of land in the Texas cotton belt, valued at \$50 an acre. The deal has been under way for some time, but not until late Saturday afternoon did it reach the point of con-summation. On Friday both gentlemen were in Salt Lake and late Saturday afternoon met at McCornick & com-pany's bank. The papers were signed making the transfer as told above. When seen today Mr. McCornick said, "Yes, the facts that have been given out are substantially correct and Mr. Harrell is the owner of probably the finest range and the largest stocked one h the country. Both Mr. Sparks and Mr. Harrell have left the city but it is said that Mr. Har-rell will manage his affairs as before from Visalia, Cal, and that Mr. Sparks intends to keep his famous therough-bred cattle on his ranch at Reno, and to also interest himself in the raising of cotton on his recently acquired land in Texas The deal is one of the largest ever consummated in the West, John Sparks is well known all over the country on account of his connection with the cat-tle raising industry and Mr. Harrell is known in Salt Lake as a mining man and president of the CrownMilling company of San Francisco, which is erect-ing a \$40,000 mill on the May Day prop. erty at Tintic. nection with the coming fair. The society has, however, accomplished several things. It has met and elected its officers, named its supervis-ors of departments and decided to give \$5,000 for premiums for the next fair. The officers elected are, president, Nelson A. Empey, vice-president, John H. White, and S. W. Sears secretary. Di-rector Palfreyman nominated Ralph Ralph Wood for that position, but he only ob-tained one vote. Elias A. Smith was elected treasurer without opposition. The supervisors of the various departents were named as follows: Horses-Richard Palfreyman.

The secretary was made ex-officio member of all committees, without vot-

ing power. The proposition of the city to pay \$20,mously regarded with a hostile spirit. It was finally decided to place the ques-tion in the hands of the executive question in the hands of the executive com-mittee, which will confer with the members of the City Council and will report to a meeting of the directors to be held next Saturday afternoon at 2 o'clock. In considering the matter of pre-Schramm. premiums the directors seem to have been attacked with an enlargement of the heart. They decided to give \$8,000 in that way, the most that has ever been given here, or in any other State aside from the item of horse races. This de-clsion means that the society will pay out most of the money appropriated for it, in premiums and depend on the gate receipts to pay the expenses of the fair. There was no reference made to Agricultural park in the meeting of the directors, but in an informal discussion it developed that Messrs. Farr and Palfreyman oppose the Agricultural park very strenuously. They aver that it is a bad location for the fair, and it would mean serious loss to the society if the expositions were held out there. they have no other site in mind to of-

project. The city proper was not the only field sarily precludes the horse-racing feafor the petty marauders, but the store of John Racham at Wilson's Lane, three ture that has been mentioned in conmiles out of Ogden was entered and \$4 in cash was taken, together with two butcher knives and two boxes of to-bacco.
