

VOYRON'S LETTERS TO VON WALTERSEE

They Create a Most Disagreeable Impression in Germany.

NOT ATTRACTIVE READING.

Dispel the Popular Delusion in a Growing Franco-German Friendship.

New York, Oct. 29.—The Berlin correspondent of the London Times and the New York Times says the letters of Gen. Voyron, who commanded the French troops in China, to Field Marshal Count von Waldersee, have made a disagreeable impression. The German public, according to the correspondent, which had been deluded into the belief in a growing Franco-German friendship, now has its eyes opened. The Kreuz Zeitung does not publish the letters because, as it says, "they don't furnish altogether attractive reading for wider circles."

BELGIAN MILITARY BILL

Radicals, Socialists and Progressives Oppose it Strongly.

New York, Oct. 29.—The Brussels correspondent of the London Times and the New York Times says that in opposition to the military bill in the Belgian chamber of deputies the radicals, progressives, and socialists are uniting in favor of an alternative bill providing for compulsory service with no exemption for the rich. Professional men are exempted after six months if an examination shows that proper military knowledge has been acquired. There are similar exemptions for breadwinners of families and clergymen, the latter exemption being conceded with certain restrictions. Those exempted are to pay a military tax according to their means.

LIGHT WEIGHT SILVER COINS

Secret Service Will Run Down the "Sweaters" of Them.

New York, Oct. 29.—The New York city treasury has asked the aid of the Washington secret service bureau in running down those persons who are responsible for the flood of light weight silver half-dollar and dollar pieces recently discovered in this city. The method employed by the operators is unique, and in effect it is similar to the "sweating" of gold coins, once so common with the addition that the silver coins are plated. When lightened the coins, retaining their original appearance, are again placed in circulation, requiring a trained eye and an experienced touch to discover that they have been tampered with. After a bit of the wear the money undergoes the coins, which have been operated upon, reveal their lightness at once, and as a result, are refused acceptance. It is not permissible for the government to redeem the coins at their face value and, of course, their intrinsic worth is much less than the amount for which they have passed current. Electroplaters, who make a specialty of silverware, use bars of silver for their purpose. In place of the crude metal, it is explained several smaller firms have utilized silver coils of the half and dollar denomination, and, having obtained from them a practical knowledge upon the article which is being plated, have used the money again at its face value. By this operation they gain the cost of the silver used in plating, and as coin metal is practically worthless, they are able to put a finer and more expensive finish upon the goods than if honest methods were employed with bar metal.

British Boycott Fails Ignominiously.

New York, Oct. 29.—The Brussels correspondent of the London Times and the New York Times says the scheme to boycott British commerce has failed ignominiously so far as Belgium is concerned. The long strike of Antwerp have unanimously decided to reject the appeal of the Amsterdam dockers.

New Zealand Legislature.

New York, Oct. 29.—A dispatch to the London Times and the New York Times from Wellington, N. Z., says the house of the New Zealand legislature has affirmed the principle that either party to an industrial dispute may go to the arbitration board direct to the arbitration court. The fact that this motion was carried by both houses against the government, is regarded as significant of a change of feeling in regard to labor legislation.

Schooner John Cabot Lost.

Halifax, N. S., Oct. 29.—The British schooner John Cabot sailed from Ros Blanche, N. F., for North Sydney, on Oct. 21, and since that date nothing has been heard from the vessel. The crew, besides her crew she had on board the Rev. Dr. O'Regan, a passenger, who was to have been landed at Chatham, N. F., fifteen miles distant from Ros Blanche. But the vessel never touched at the port. It is supposed that the schooner has foundered with all hands. The John Cabot was owned by John Kenny & Sons, of Borneo, N. F.

Miss Becerra Escapes from Venezuela.

New York, Oct. 29.—Miss C. Becerra, the daughter of Ricardo Becerra, who was Colombian minister to Washington fifteen years ago, has at last succeeded in escaping from Venezuela where she had been detained by President Castro, says the Port of Spain, Trinidad correspondent of the Herald. She has rejoined her family at Port of Spain, where her father, who is now blind, has resided since his expulsion from the capital. Her brothers are consuls for Colombia, Trinidad and Surinam, and it is said to have been because of a rumor to hold them in check that President Castro refused to permit her departure.

CAPT. FEVER FROM THE BRITISH ARMY IN SOUTH AFRICA

Pe-ru-na Cures and Prevents Disease.

CAPTAIN CHARLES FEVER OF SOUTH AFRICAN CONTINGENT

Pe-ru-na Cures and Prevents Disease. Mucous membranes are put in a normal condition the appetite becomes natural, the digestion vigorous, and the assimilation of food perfect. A thousand and one ills to which humanity is subject, is due to defective mucous membranes. Every organ of the body is lined by mucous membranes that all nutrition must be absorbed. It is through the mucous membranes that all food must be digested and rendered fit for absorption. Therefore it is true that any medicine like Peruna that produces vigorous and clean mucous membranes is food and drink and doctor and medicine all in one. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Julia Peters, his daughter, aged 24. Milton Peters, her child, aged 4 years. Amy Tony, aged 75, mother-in-law of Great Lett. Lew Duncan, aged 18, son of Helen Duncan, living in Poplarville. Thomas Parker, aged 24. Kid Beverly, aged 18, a turpentine worker from Georgia. They came one day previous to the opening of the camp meeting negro Bill Morris had been burned at the stake near Balltown for an assault on Mrs. J. J. Lull. Public feeling was at a high pitch.

Under these conditions the negroes gathered at Live Oak. There was trouble over a license, and Great Lett's tent became the center of contention. Some trouble occurred Sunday evening but no bloodshed. It came up Sunday afternoon, when Constable Boon and a posse rode up to Lett's tent with a general uprising to wipe out the black race in Washington parish. The news spread like wildfire, and yesterday over 1,000 armed men had reached the scene of the riot. They came for miles, and some as far as Monticello.

Sale of Huntington's Holdings. Los Angeles, Cal., Oct. 29.—H. P. Huntington confirms the report that the Huntington estate holdings in the Pacific States have been sold to the Pacific Trust Co. by Thomas H. Hubbard, of New York. Mr. Huntington declined to state what the consideration had been or what would be the policy of the new owner in regard to the vast interests acquired.

POLYTECHNIC INSTITUTE. Mr. Carnegie is Having Plans for One at Pittsburgh Drawn Up. New York, Oct. 29.—Plans and estimates for a Pittsburgh polytechnic institute are being prepared at the request of Andrew Carnegie, who calls for an outlay of from \$5,000,000 to \$8,000,000 for buildings, and an endowment fund of \$25,000,000 more for maintenance, up to March 31, 1901, at which time he disappeared. Investigation was made of his accounts and an alleged shortage of \$12,000 was discovered.

Jos. Herring Expelled from Prussia. Berlin, Oct. 29.—According to the local newspapers, Mr. Joseph Herring, the well known German-American war correspondent who was present at the battle of Tullu, has been expelled from Prussia, the ground alleged being evasion of military service a number of years ago.

RACE WAR IN LOUISIANA. One White Man and Nine Negroes Killed in It. Balltown, La., Oct. 29.—A race war between blacks and whites started at a negro camp meeting at Duncan chapel Sunday afternoon at which time, as yet, a carnival of blood on the Pearl river valley unequalled in the history of the country.

"Mr. Cockran is resting comfortably. He is badly bruised about the face, but none of his bones are broken. I don't know how he happened to fall from his horse, and did not deem it wise to question him as to the details of the accident, as I do not believe that he is seriously injured. I will make a more careful examination in the morning. Mr. Cockran is resting comfortably, and I am sure that there need be no alarm about his condition."

PAN-AMERICAN CONGRESS.

President Diaz Gives Dinner in Honor of Delegates.

Mexico City, Oct. 29.—The dinner given last night by President Diaz in honor of the visiting delegates to the Pan-American congress was one of the most perfectly appointed entertainments ever given in this city. Gen. Diaz made the speech at the banquet.

"Interpreting the sentiments of the people and government of this republic, which has distinguished me with the office of its president, I have the honor in its name of offering to you this banquet as a mark of the affection and respect which it desires to signify to its sister republics, which you worthily represent at the international American conference. My deepest gratitude with which I accept the invitation, as well as the friendliness, merit and respect with which I have received their delegates."

"In the same capacity I express the hope that the conclusion of your high deliberations may be to such a degree faithful in benefits to the peoples of this continent that their future may ever be governed by the spirit which animated Washington, Hidalgo, Bolivar and San Martin in the most momentous and characteristic episodes of their historic public careers."

"In conclusion, I beg to invite you to drink with me, that the body I have just expressed in the name of my compatriots and which are the same as those that you harbor in your generous souls, but which desire, may be passed away, and that the good desire, may become realities, binding together in intimate union the young nations which have sent you hither, and which expect and have a right to expect, that your wisdom and discreet patriotism, I hope, too, that nothing may interrupt the increasing prosperity of your nations and the just reward of your manly and intelligent efforts."

Response was made by Gen. Ero Ralguosa, provisional president of the congress.

SOUTH AFRICAN WAR CLAIMS.

No Arrangement Between England and Germany About Them.

New York, Oct. 29.—The Berlin correspondent of the London Times and the New York Times, commenting upon the action taken upon the claims growing out of the Boer war, says that notwithstanding the announcement that the British South African compensation commission has decided the sums to be paid to the various governments it is stated in an international arrangement between Great Britain and Germany on this head has not yet been reached. The correspondent believes the points still unsettled to be matters of minor detail.

The sums paid by Great Britain to the various governments will be paid by the latter to such persons as provide proof of their nationality.

In the case of Germany, Great Britain did not have to decide the status of the claimants who forfeited their nationality by becoming citizens of the South African republic of the Orange Free State.

The correspondent intimates that some interesting developments may be expected in Berlin in regard to this class of claimant when the money is distributed.

KAISER MAY "SMASH."

Will Insist that Commercial Treaties Be Concluded.

New York, Oct. 30.—It is assured that the Kaiser's reported threat to "smash everything that is not German" is not a bluff. The Berlin correspondent of the London Times and the New York Times, is aimed at the agrarians, who are warned of the ultimate result of their policy. The Kaiser's intention is that they will receive short shrift if they are intractable.

The Kreuz Zeitung, the agrarian organ, declares that if high tariffs are maintained it would be better for Germany to have free trade all around. Owners of factories, pressed by foreign competition, would be obliged to reduce wages and dismiss workmen, who would return to the country and provide cheap labor for the farmers. The admission of machinery duty free would also benefit the latter.

REMOND'S RABID SPEECH.

Declares Day is Not Far Distant When Irish May Take Up Arms.

New York, Oct. 30.—The London Times and the New York Times print the following as a specimen of the language used by Wm. H. K. Remond, M. P. In a speech he delivered at Clarendon, County Mayo, Ireland: "The Irishman today is not like the sturdy Transvaal burgher. Unfortunately he is unable to shoulder a Mauser and to knock the fear of man if not the fear of God, into England's hirelings and ministers. But the day is perhaps not far distant when he may take a man's part in the restoration of the rights and liberties of which Ireland has been so unjustly deprived."

BOARD FAVORS MILITARY DRILL.

Will Be Compulsory at the High School.

LIEUT. WEBB INSTRUCTOR.

Boys Will be Excused From Wearing Uniforms if So Desired by Parents or Guardians.

The session of the board of education was taken up principally last evening in discussing the proposition of compelling the students at the High school to take military drill and to wear uniforms. Mr. Glauque opposed it, arguing that the wearing of uniforms would be humiliating to the boys who could not afford to get them. This would cause many of them to leave the school, such as some young ladies had done because they could not dress as well as some of the other girls. The report of the committee was adopted, not making it compulsory, however, to wear uniforms.

Lieut. Webb was employed as military instructor at \$50 per month, and the three teachers recommended by the committee were employed at the salaries stated. Resignations were received and accepted, from Miss Nellie A. Healy and Miss Kate Moore. Miss Lydia Smithen was granted a leave of absence till February.

The report of the finance committee recommended that \$125 received from the sale of High school books be turned over to the treasurer and credited to the account of books and supplies; and that \$90.50 received for tuition fees from non-resident pupils be credited account tuition fees.

It was also decided that the arrangement between the University and the board of education for re-imbursement of the University for instructing pupils in the training school be continued through the current year.

The report of the treasurer for September, showing an overdraft of \$30,000.08, was approved. The action of the finance committee in allowing rolls and vouchers for September, aggregating \$20,000.36, was approved, and bills amounting to \$11,195.81 for supplies, etc., approved and their payment authorized.

On motion of Mr. Bamberger, the teachers were granted the use of the teachers' room in the city and county building for Saturday afternoon lectures. The proposition to place telephones in a number of the schools was defeated, and the motion of Mr. Geoghegan to employ Dr. E. W. Whitney as school physician at a salary of \$150 per month was deferred until the next meeting at the request of Mr. Glauque.

On recommendation of the committee of the whole the same contract with the eighth grade teachers as existed last year will be continued. It provides that the teachers in this grade be allowed an additional \$2.50 per month for each succeeding year's service till the maximum of \$40 is reached.
