Frank Stranger, who is charged with assault with intent to commit rape, last evening furnished another bondsman in the person of Joseph Hogge, of West Weber. Miss Marriett, the young lady whom he is charged with assaulting, is considerably improved from the brutal treatment she received from her assail ant, and will be able to give some quite conclusive evidence against the young man, who has been arrested, charged with the crime. The sheriff and deputies have worked very energetically on the case to apprehend the young woman's assailant and believe they will be able to furnish sufficient evidence to convict the man they have arrested.

It is understood that the defendant

will endeavor to prove an alfbl, and that he has a great many witnesses to substantiate the same. The boy's father, who fully believes him innocent of the terrible crime with which he has been charged, has asked that sufficient time be given them for to prepare their de-fense, hence the case will not come up

The action was heard the first time about one year ago, when a verdict was rendered in favor of plaintiff for the sum mentioned, but an appeal was taken from the lower court to the supreme court and the latter court to the supreme court and the latter court reversed the decision, on the grounds that at the former hearing evidence was not intro-duced to show that Evanston was a horse market. Testimony on that point was heard at this hearing and the court instructed the jury to bring in a verdict in favor of the plaintiff for the sum of

Some contentious remarks were indulged in regarding the Fourth of July celebration that was held at the Park, whereas it should have been held at either the school ground, or the city square instead of away off to the Park, through the dusty roads that was found necessary. The mayor said that neither one of the two places suggested could be used for the sports, for ob vious reasons, and he had strongly ad-vised going to the park.
