## COMMITTEE ON RULES IN SESSION TONIGHT.

New York, Jan. 24.—The Inter-collegiate Football Rules committee will meet in New York tonight to begin discussion of the changes to be made in the playing rules for next season. The meeting will continue on Saturday. The old committee of seven will combine with the new committee of seven appointed by the inter-collegiate association. The principal discussion is expected to center around proposed changes in the forward pass rule which many of the colleges and several of the members of the old committee believe should be somewhat restricted. The rule has worked well in general, but it is believed that restrictions which would prevent the indiscriminate use of the pass would improve the game. The members of the two committees are: Original committee—Walter Camp, Yale; Professor L. M. Dennis, Cornell; Professor J. B. Fine, Princeton; Joshua Crane, Harvard; John A. Bell, Penn State; Professor Paul J. Dashiell, Ann Arbor; and Professor A. A. Stagg, Chicago. Inter-collegiate association committee—Professor James A. Abbott, Harvard; Professor C. W. Savage, Oberlin; Dr. Harry L. Williams, Minnesota; Professor W. L. Dudley, Vanderbilt; E. K. Hall, Dartmouth; and Lieutenant H. K. Hackett, West Point.

# STARTLING DEVELOPMENTS AS TO HAYTIAN TROUBLE.

Washington, Jan. 24.—Startling developments in the plot to overthrow the government of President Nord in Hayti have followed the investigations of the secret service agents in New York in connection with the arrest of Jose M. Giordani on the charge of counterfeiting Haytian money. The officers say they have ascertained that the prisoner was the agent of a formidable conspiracy, whose operations probably would have extended beyond the limits of Hayti into Santo Domingo, and even into Cuba, had the revolution in Hayti been a success and the agents in New York remained undisturbed. It was found, among other things, the secret service operatives declare, that certain persons in Hayti, mostly Frenchmen and Corsicans, and one of them a brother of Giordani, were active agents of the alleged conspiracy and were designated in the papers found among Giordani's effects by numbers. By careful inquiry, the secret service men were able to connect these numbers with the proper persons and the first result was to fix upon Charles Miot, the American consular agent at Hayti, at the time of the conspiracy. The property at the time of the conspiracy was found among the papers of Miot, and the first result was to fix upon Charles Miot, the American consular agent at Hayti, at the time of the conspiracy.

Upon learning this fact, last evening, the state department immediately cabled to American Minister Furness, Port au Prince, to dismiss this agent at once from the employ of the United States. This action was taken because the state department feels it must keep itself absolutely free from the appearance of sympathy with revolutionary movements in Latin-American departments.

## LYDIA BRADLEY'S WILL.

Chicago, Jan. 24.—A dispatch to the Record-Herald from Peoria, Ill., says: The will of the late Mrs. Lydia Bradley was filed for probate yesterday, disposing of her estate, valued at \$8,000,000. By the terms of the will the entire property goes to the support of the Bradley polytechnic, which she established. The property at its present valuation will yield the institute \$60,000 a year. Mrs. Bradley bequeathed a total of \$5,000 to 50 or 60 heirs, children of her brothers and sisters, who will institute suit to annul the will, charging undue influence was exerted to induce Mrs. Bradley practically to cut them off. In the will proper Mrs. Bradley left \$50,000 to these heirs, but in a codicil reduced the sum to \$5,000.

# You in-door people—women or men—Cascarets are for you. They do what exercise does—what outdoor life and coarse foods do—for the bowels.

Your food, when digested, is sucked into the blood through myriads of ducts in the bowels.

When the bowels are clogged, the refuse is stopped. It decays. Decay generates poisons. Then those myriad ducts suck the poisons into the blood.

More than half the ills that we suffer come in just that way.

The remedy is to clean out the bowels. Not in a harsh way—not with salts, castor oil or cathartics. But in a gentle and natural way—with Cascarets.

But this way is better yet: Don't wait till the bowels are clogged. Keep them active. Take one Cascaret the minute you need it. Carry a box in your pocket.

If we keep the bowels clean, we save all those bad hours which are wasted by neglect.

That's why we make candy tablets, and put them in pocket-size boxes. We want you to learn how easy it is to keep well.

There is nothing so natural in laxatives—nothing so gentle—as Cascarets.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50c, 25c and
