FLAG DAY CIRCULAR

National Patriotic Instructor Warren Lee Goss, G. A. R., Issues Letter.

National Patriotic Instructor Warren Lee Goss of the G. A. R., has issued

a flag day observance circular letter. copies of which have been received by the Salt Lake posts. The circular reads:

"Friday, the 14th of June, will be the one hundred thirtieth anniversary of the birth of the flag of the United States. The flag was designed for a nation of thirteen colonies, stretched like a belt along the Atlantic coast, made up of less than 3,000,000 of people without common traditions or language without common traditions or language drawn together only by common dan-ger from savages within, and oppres-sion without, which threatened their existence and liberties. SWEET REVENGE FOR JUDGE BROWN

> How D. H. Christensen Was Deposed as President of Juvenile Court Assn.

So Mr. Christensen Does Not Recognize the Action of Special Session

As Being Regular.

Some very interesting information has just come to light in connection

with the special meeting of the Juvenile Court association of Utah, which was held on last Saturday in the court room in this city and at which two new officers of the association were elected. It appears from the facts in the case It appears from the facts in the case that the meeting was irregularly called and none of the business transacted there was regular or binding upon the members of the association. Further than that it appears that the whole thing was a deep, dark plot on the part of Willis Brown former index of the of Willis Brown, former judge of the juvenile court, to depose D. H. Chris-tensen, president of the association ever since its organization, from his honorable office and elect his successor without Supt. Christensen resigning and without his knowledge. Mr. Christensen was a member of the former juvenile court commission and as such joined with the other two members of that commission in asking for Willis Brown's resignation from the judgeship of the court. This ap-parently weighed on the mind of Brown and he finally thought of a scheme to

even things up with the superintendent. His idea evidently was to wrest the honors of the presidency of the association from the superintendent. BROWN'S LITTLE PLOT.

About two weeks ago Brown, who was secretary and treasurer of the association, telephoned to Supt. Thomas sociation, receptoned to supt. Industrial school at logden, who was vice president, and informed him that President Christensen had said that he did not want to have any-thing more to do with the work of the association and left the impression that the president wanted to resident He the president wanted to resign. He asked Mr. Thomas to authorize him to call a special meeting of the association and Mr. Thomas gave his consent o the proposition.

CHRISTENSEN OVERLOOKED.

CHRISTENSEN OVERLOOKED. The meeting was called for Saturday, April 13, and notices were mailed by Brown to a large number of members and juvenile court workers throughout the state. Strange to say President Christensen received no notice of the special meeting at all and knew noth-ing about it until he read the accounts of the session in the papers and discov-ered that he had been deposed and suc-ceeded in office by Atty. Gen. Breeden, who is a member of the new juvenile court commission. court commission.

CONFLICTING STATEMENTS.

What the association had to act on in the nature of a resignation from President Christensen is not known but it is presumed that it merely had the statement of Brown that the president had said that he would have nothing more to do with the association. Such a statement heat never heen made by
