

MAY RETIRE AGAIN NEXT SEASON.

"Bob" Fitzsimmons Announces His
Intention of "Entering" the Ring.

AFTER THE CHAMPIONSHIP.

This Means That Sharkey and Ruhl-
lin Will Have to Take a Back
Seat for the Present.

Toronto, Ont., Nov. 27.—Robert Fitzsimmons has announced that at the close of his season, he will once more enter the ring and then retire for good. Fitzsimmons also states that another pugilistic star manager tried to fix up a false fight, but he would not consent to any such arrangement.

The declaration that Fitzsimmons will re-enter the ring is understood to mean that there will be a championship battle, probably next June. Jeffries, when he agreed to meet Ruhlman, and afterwards Sharkey, reserved the right to arrange a match with Fitzsimmons, should the latter respond in due time. Now that Fitzsimmons has announced his intention to battle for the championship, Ruhlman and Sharkey may be obliged to wait, according to agreement.

Results at Tanforan.

San Francisco, Nov. 26.—Jockey Martin Bergen was suspended today for a flat race on the Lady in the fourth race. The only close finish was in the first race, when High Joe, second, and Jockey Coburn rode three winners.

Weather fine at Tanforan; track good. Results:

First race, six and one-half furlongs, selling—High Joe won, second, second, Plover third. Time, 1:22 1/2.
Second race, seven furlongs, selling—Dr. Bernays won, Imperious second, Morlings third. Time, 1:29.
Third race, six furlongs, 3-year-olds—Rolling Boer won, Reddick second, Bab third. Time, 1:16.
Fourth race, mile and seventy yards, handicap—Wooster Joy won, The Lady second, Gold Or third. Time, 1:47.
Fifth race, seven furlongs, selling—Maxello won, Eight Dollars second, Meadow Lark third. Time, 1:31.
Sixth race, five and one-half furlongs, selling—Dangleford won, Nellie Forest second, David S. third. Time, 1:39.

CARTER SAW THE GAME.

Came All The Way From Honolulu
To See It.

New York, Nov. 27.—George Carter, Yale '87, who played tackle on the team captained by Harry Beecher, came all the way from Honolulu to see the recent Yale-Harvard game at New Haven, and he brought his wife with him. He was on the road 17 days and before he got home he will have traveled 12,400 miles, and the trip will have cost him more than \$1,000. He stopped over in this city last night on his way back to Honolulu from New Haven. Since going to Honolulu some foot ball games in San Francisco, but not a college championship game.

"It was worth every cent it cost us," said Mr. Carter last night. "When I said I would I will have covered about half the distance around the world. I would go clear around the world to see another game like it, and my wife would not have missed the trip for all we have spent."

LOCAL EVENTS.

PREPARING FOR BATTLE.

East Denver Team Will Arrive To-
morrow—Locals Great Work.

The East Denver High School football team, a number of "subs" and "rooters" are scheduled to arrive here tomorrow evening. The members of the team will be met by a committee of High School boys and escorted to the Kenyon, where they will remain while in the city.

TRUCKY SHOOT TOMORROW.

Thirty Birds Are Ready to Be Slain
by the Crack Shots.

Considerable interest is being taken in the turkey shoot of the Salt Lake Gun club, which takes place tomorrow afternoon on the State street grounds. Thirty large fat turkeys have been purchased and all sporting sharpshooters are invited to take a chance at them.

EXCITEMENT AT Y. M. C. A.

Young Man Takes Morphine For
Dyspepsia—Nearly Ends Fatally.

Some little excitement was caused in the Y. M. C. A. rooms last evening by a young man, who refused to divulge his name, staggering in and asking for medical aid. He said that he had been suffering from dyspepsia, and a friend advised him to take a dose of morphine. Accordingly, he procured some of the deadly drug, but instead of taking one dose, he took four hypodermic injections. He was in a very critical condition when he entered the Y. M. C. A. Dr. Silver at once attended him, and in a short time had him out of danger. A couple of young men of the association escorted the young man to his room.

INFERNAL MACHINE.

Mysterious Package Discovered at a
Mail Pouch on the Train.

A special to the Tribune from Chicago this morning says that postal officials in Chicago and Washington are mystified over the discovery of a supposed infernal machine in a mail pouch on the Omaha and Ogden mail route of the Union Pacific road last week. The contrivance was opened here by the officers of the mail service and forwarded to Washington for examination and analysis of its contents. It is regarded as almost infallible. It is reported that the package was found in a mail bag placed in the heat in the mail bag caused the stuff to ignite. It was mailed at Versailles,

CAUSE OF THE DISFAVOR.

Some Members of a Profession Crowd Them-
selves Forward Offensively.

A Correspondent Thinks This Is the
Case With Doctors Who Force
Their Service on the Public.

To the Editor:

Salt Lake City, Nov. 26, 1900.

I was much interested in the communication in the "News" of November 23, from C. D. Olsen, and also in your reply to the same.

It is safe to say that when any trade or profession is looked upon with disfavor by the community in general, or even by a large proportion of them, that there is something in the conduct of some of those who follow that occupation that gives occasion for such a feeling. It is not, an uncommon occurrence for some of those who acquire a college education to put on such insufferable airs of conceit and assumption that the ordinary man is disgusted with the mannerisms and pretensions. An education of this kind is frequently while intense in certain directions, on such narrow lines generally as to take but little account of outside circumstances or conditions. When parties view these accomplishments in by any other themselves the office of mentors for the rest of the community we have a right to expect that they shall exercise good judgment and not teach error as well as truth, simply because it was taught at some college.

It does not add to the respect to which the legal fraternity might be entitled to find the members thereof equally ready to defend a murderer or any other criminal, and to use all the dodges known to the law to get him off and turn him loose upon the people, if they are only well paid for it. Nor does it inspire any particular reverence for the medical fraternity to find some of them so ready to demand compulsion in such a doubtful practice as vaccination, and so little able to distinguish genuine smallpox from the prevailing kind, and also find out whether their much vaunted lymph is active or dead.

The fees paid lawyers do not affect the people generally, as their clients are mostly those who can afford the luxury of a law suit. But the medical is different. Their fees where service is forced on the public, have been rising, till, in some instances, for surgical operations they simply amount to extortion and no matter what the circumstances may be, he does not always have the choice of whether he will break his leg or be taken down with disease or not. When the people generally see such persistent attempts at extortion, and find that by any profession they are very likely to have the feelings complained of by your correspondent.

ARRANGE SCHOOL ELECTION

New Candidates for Position on School
Board in at Least Three Precincts.

The coming school board election to be held on December 5th is the thing that is demanding much attention at this time. More polling places have been secured than heretofore in order to facilitate the election. In the First precinct there will be a polling place at Rock's store, corner of Tenth South and Ninth East. In the Second precinct, the polling place for districts 3, 4, 5, 6, 7 and 8 will be at 310 south State street, and the voters in the 9, 10 and 11 districts will vote at the annex to the Tenth ward meeting house, as near to that place as possible. In some of the municipal wards there are new candidates in the field.

FIREMEN'S HOME GOING UP.

Old Veterans Working Bravely, but
are in Need of More Funds.

The new home of the Volunteer Firemen's association is gradually going up, on the site in Canyon Road, due to the devoted efforts put forth by the old veterans. The building is now up one story, but the work was retarded some when on account of cold weather. Another difficulty which confronts the old firemen is a lack of funds, and in order to remove that difficulty a committee will again go around on Monday next, soliciting subscriptions from the citizens. The firemen themselves are doing all that it is possible for them to do.

FOUR NEW "SMALLPOX" CASES.

Four new cases of "smallpox" have
been reported at the local health office.
The victims are Franklin T. Perkins,
aged 5, son of Neph Franklin, residing
at No. 43 Kane street; Miss Burt, aged
14, daughter of Peter Burt, residing at
No. 553 South Fourth West street; Alex
McCall, son of Bernard McCall,
residing at No. 425 South Second West;
Italy Osborne, 6 weeks old, son of J. H.
Osborne, residing at 229 Fern street,
Nineteenth ward.

WILL INSPECT PUPILS.

Suggestion of Health Commissioner
King—School Board Meets.

The Board of Education met yesterday afternoon and agreed to act upon the suggestion of Health Commissioner King, to the effect that the board employ a competent physician to inspect the school children as to their health. This measure will be taken at once, for the purpose of putting a check upon the contagious diseases that already have begun to alarm the parents of school children. The duty of the inspecting physician will include the instructing of the teachers in the best means of preventing the spread of disease in the school rooms and the health of the children. The inspecting physician has not been appointed yet, but it will be probably some one who will be recommended by King and Beatty, and who will be given a salary of about \$200 per month. He will be required to devote himself exclusively to the schools.

At the meeting yesterday an application was submitted from Miss Holton, supervisor of the primary department, for ten days' leave of absence. She wishes to visit the schools in Chicago and Buffalo. On motion of Mr. Bamberg action upon the matter was deferred. He said that he did not mind her going away for a time, but he feared she would come back with new fads to which the board could not afford to adjust.

INFIDELITY IS CHARGED.

Ray C. Butler is suing his wife, Flor-
ence G. Butler, for divorce, alleging
adultery as the ground. The marriage
took place on July 15, 1897, at Castle
Mont, and the acts of adultery, it is
alleged, were committed during the
months of January, February and
March, this year, in a south, West Tom-
pkins street rooming house, with a man
unknown to plaintiff.

Cough Gambling

It's too risky, this gambling
with your cough. You take
the chance of its wearing off.
Don't. The first thing you
know it will be down deep on
your lungs and the game's lost.
Take some Ayer's Cherry Pec-
toral and stop the gambling and
the cough. There is nothing
so bad for a cough as coughing.

BUYING SALT LAKE PROPERTY.

Henry Phillips, the Pittsburgh steel
king, has purchased the piece of prop-
erty on the west side of Plum alley on
Second South street for the sum of
\$23,000 in cash. The property fronts
forty feet on Second South and is 130
feet deep. It seems that Mr. Phillips
is figuring on obtaining most of that
part of Second South between Commer-
cial street and State street. It is
thought he is purchasing all this prop-
erty in order to erect a large business
block.

LIVE STOCK NOTES.

Horses which two months ago com-
menced \$12 in the Salt Lake market
are being offered now at \$100. The rea-
son is the cost of hay. The hay raiser
is hardly in a position this year to
"kick" at prices.

In the vast swamp at the head of the
Gulf of California are said to be thou-
sands of wild hogs, the outgrowth of a
herd established there many years ago.
Thomas P. of Bradshaw, an Arizona
prospector, who has been down the
Colorado river to the head of the gulf,
came across thousands of these hogs,
and after investigating has conceived
the plan of packing the hogs here and
shipping them to market. Mr. Brad-
shaw was in Denver a few days ago on
his way East to consult with some of
the big packers in Chicago regarding
the scheme, says the Stockman. His
plan is to capture as many of the young
pigs as possible, and seek to at least
partially domesticate them and while
they are growing to slaughter the old
hogs with the aid of hunters. He be-
lieves that there is enough demand in
the Orient and the Pacific coast to
make the packing proposition a per-
manent investment. According to Col-
onel Bradshaw, these hogs were brought
to this point at the head of the gulf by
Thomas Hythe, famous after his death
on account of the war, and over his
millions, Hythe conceived the idea
that hogs would pay in that country of
swamps and mosquitoes and introduced
a lot of the finest that could be found
in the East. As time passed, the farm
was neglected and many of the hogs
escaped into the swamps. They have
been multiplying for years and tens of
thousands are now to be found roaming
over the great district, fifty by thirty
miles in extent, capable of supporting
an unlimited number on the dangerous
luxuriant tropical vegetation. Colonel
Bradshaw says he has hunted in the
district and killed many. They are ex-
tremely dangerous adversaries if not brought
down at the first shot, and it requires
hundreds of shots in the dangerous pur-
suit. The hogs are fat and the flesh
is excellent eating. As the region is far
removed from the nearest railway sta-
tion and the weather is warm all the
year around it is necessary, if the kill-
ing is carried on upon a large scale,
to prepare the meat on the spot.

AN IRRIGATION SUIT.

Nephri Howcroft has entered suit in
the Third district court against the
Union and Jordan Irrigation company
et al., in which it is prayed that the
plaintiff be adjudged owner of forty-
two one-hundredths of the flow of the
stream of Little Cottonwood creek dur-
ing the irrigating season. Mr. Howcroft
claims under an appropriation of June
15, 1890, and prays for an order perpetu-
ally restraining defendants from inter-
fering with his claim.

BUILDING AND REALTY.

Building Inspector Ulmer issued the
following permits during the past
week:

G. T. Holladay, 349 west North Tem-
ple, frame barn, \$500.
G. J. Lang, Quince and Third north,
brick cottage, \$2,000.
C. T. Richmond, 1057 west Second
South, brick residence, \$1,900.
Mrs. Peter Marron, 434 B street, brick
addition, \$500.
Geo. F. Stiehl, Brigham street, be-
tween Ninth and Tenth East, brick
residence, \$5,200.
A. Clawson, corner Second South and
Eight West, brick residence, \$800.
George Burns, 2165 Main street, alter-
ations, \$100.
J. W. Wood, Brigham street, be-
tween A and B, brick residence, \$15,-
000. Total, \$25,850.

LIVE STOCK CONVENTION.

There was a large attendance last
night at the regular meeting of those
committees having in charge the preli-
minaries for the live stock convention.
One of the most encouraging features of
the meeting at headquarters was the
statement from the sub-committees to
the effect that they had already secured
in the neighborhood of \$2,000 from
prominent citizens who were interested
in seeing the convention a success. The
sub-committees all reported progress
with the exception of the railroad com-
mittee whose work was somewhat retar-
ded on account of the major portion
of the railroad officials being out of town.

The committee on invitations reported
the selection of a card, a Segal Lily,
embossed on the corner.

J. C. Houtz of the finance committee
stated that an energetic canvass of the
hotels and rooming houses was in progress
and that already there had been
over 2,000 prospective guests provided for.

The committee on entertainment, at
its meeting, appointed the following
sub-committees:

Tabernacle Entertainment—John C.
Mackay, James H. Moyle, W. H. Halgh,
E. H. Callister.

Committee on Theater—W. H. Halgh,
E. H. Callister, James Devine, Simon
Bamberger, E. H. Davis, Seth T. High-
ly, On Excursion to Park City and Salt
Lake—James H. Moyle, R. C. Chambers,
Thomas Kearns, George Canning,
Frank Rudy, Henry Harker.

The program committee of the Na-
tional Live Stock association conven-
tion is called to meet in Chicago at the
Union stock yards on December 4th at
2 o'clock p. m. The meeting will be held
in the offices of Clay, Robinson & Co.,
in the Exchange building.

The following "pipe dream" in regard
to the live stock convention is going
the rounds of the eastern papers: All
kinds of schemes are being planned to
give the visiting stockmen a good time
and it has even been suggested that
waters from the hot springs be piped
over to the lake and the salt water
thus heated to a point that will make
bathing pleasant.

Way down in New York the people
seem to think that Salt Lake is a
suburb of San Francisco and the Phil-
ippines. Just a few days ago a New
York man talking about attend-
ing the convention of the National Live
Stock association in January, com-
plains about the distance from New
York and wants to know if the conven-
tion will be held in Manila next time.
It will pay that man to go to Salt Lake.
It is just over the hill from Denver and
quite a distance this side of the Philip-
pines. Of course he knows that Denver
is only one night from Chicago and
Chicago is a suburb of New York, so it
is not such a distance after all.
