

BASEBALL AND ATHLETIC SPORTS

JOHNSON MAKES GOOD SHOWING

Local Fight Fans Who Saw Him Box Have Better Opinion of Big Black Man.

It is safe to say that a majority of the 2,500 fight fans who saw Jack Johnson box four rounds with Jack Price at the Salt Palace last evening have a better opinion today of his ability as a fighter than they had yesterday, and there is scarcely one who will not concede him a chance against big Jim Jeffries.

His massive shoulders, his long arms and his wonderful muscles were brought into play and the spectators saw his huge fists about as fast as lightning speed. Of course his punching ability was not shown. After seeing Johnson in action it is to be wondered, however, why he failed to knock out Tommy Burns. Has he the punch to make an impression on the giant Jeffries? That he has a splendid defense and marvelous footwork cannot be denied, and if he has the punch and gameness demanded of a champion, Jeffries will no doubt have a mighty big contract on his hands if the pair ever clash in the ring.

Price did his best to penetrate the guard of the black man and succeeded in doing so three times in the four rounds, while Johnson hit Price when and where he pleased. Johnson's blocking was also clever. If he has the requisite nerve and hitting power, the big fight will go down in the annals of the prize ring as one of the greatest fistic contests ever arranged.

Those who went to the Palace expecting to see knockouts were doomed to disappointment. Each bout was an exhibition, and nothing more and the preliminaries were rather tame. Pete Sullivan and Art Gardner boxed four rounds and did some clever work. Andy Malloy and Jack Downey went four rounds and Jack Downey went four rounds and Ernie Wright and Kid Frazzles did the same.

TOBIN WORKS HARD ON ELKS' BALL TEAM

John Tobin, captain-manager of the Elks baseball team, is surely a busy man these days and he is working hard on the laudable undertaking of whipping into shape an aggregation of ball tossers capable of defeating the Ogdenites.

The championship game of the year will be played at Lagoon on Aug. 25, when the antlered herd from Salt Lake and Ogden will swing down upon the Davis county resort for a day's outing. The feature of the gathering will be the ball game, and the way both teams are working to get into good form would cause one to think an empire was at stake.

Tobin has his men down at Walker's field every afternoon, and if any man "falls down" in the big conflict it will not be because he did not have sufficient coaching.

CONDON ENTERTAINS NEWSPAPER MEN

John Condon, president of the Utah Hockey club, Manager W. W. Finn and Secy. J. W. Rice, gave a delightful informal dinner at the Cullen last evening to a party of newspaper men. The dinner was served in one of the private dining rooms which was handsomely decorated, and the menu was an excellent one.

President Condon outlined the plans of the club for the fall meeting at Buena Vista track, where Messrs. Finn and Rice were busy all day superintending the work of putting the course into final shape. It was stated that 20 stalls are finished and the inside fence is up. The grandstand will soon be completed and the track will be ready for the ponies by the middle of next month.

BALL GAME TODAY.

The Salt Lake team and the Occidentals are playing a match game at Walker's field this afternoon, and it is quite certain the umpire will be mobbed no matter how bad his decisions may be. The indicator holder is none other than big Jack Johnson, the colored champion.

Dahlquist will pitch for the Salt Lakers and Langford for the colored boys.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Salt Lake City Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Weak kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular in color.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Salt Lake City proof: Mrs. M. J. Stover, living at 1217 West Third South St., Salt Lake City, Utah, says: "For over thirty years I suffered from kidney complaint, and there have been times when I really thought I would have to give up. My back ached almost constantly, the secretions were irregular in action and I suffered from headaches, being often so dizzy that I could not attend to my household duties. At last I learned of Doan's Kidney Pills and procured a box at F. J. Hill's drug store. I am now feeling better than I have in a long time and trust that others may learn of the curative powers of Doan's Kidney Pills. For my endorsement." Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for Utah.

Remember the name—Doan's—and take no other.

A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by Z. C. M. I. Drug Dept. 112 and 114 South Main St., Salt Lake City.

ENOUGH PITCH BLEND TO SERVE FOR ALL TIME

Kennett, Cal., Aug. 19.—According to a story told by Dr. S. W. Wilkins, who arrived here yesterday, enough pitch blende has been discovered on the McClellan river north of here to supply the world with radium for all time. Dr. Wilkins had in his possession some fine specimens of the precious stuff and so impressed were some of the business men of this place with his story that they clubbed together and sent an expert to visit the newly discovered ledge. The ledge is located nine miles up the McClellan river from the confluence of that stream with the Pitt river.

HIGH, STIFF COLLAR CUT ARTERY IN NECK

San Francisco, Aug. 19.—A high, stiff collar nearly cost the life of Edward Lateri of this city by cutting an artery in his neck while he was playing baseball yesterday. Lateri was running after a fly when he threw back his head to look for the ball. The sharp edged collar which he was wearing severed an artery in his neck. He almost died from the loss of blood before he could be conveyed to the emergency hospital where the flow of blood was stopped.

CASUALTY COMPANY WINS IN BANK BURGLARY CASE

Louisville, Ky., Aug. 19.—The Kentucky court of appeals has handed down a decision in favor of a casualty company in a bank burglary case. The policy exempted the company from liability unless the money was taken from the safe by felonious entry, by the use of tools or explosives. In the case in point the cashier of the bank was forced by the robbers to open the safe at the point of a gun, and the bank sought to collect from the insurance company, alleging that the contract was complied with because the cashier was, in a sense, the tool of the burglars. The court admitted that this point was correct, but held that the term "tool" was different from that involved in the contract, which referred to burglars' tools.

WATCH SAVED HIS LIFE

Not Smoking, It Stopped Bullet.
Portland, Or., Aug. 19.—A special to the Oregonian from Seaside, Or., says: A gold watch given to Ralph Ramsdell by his father as a reward for not smoking until he attained his nineteenth year, was the means of saving the young man's life yesterday when a rifle he was carrying accidentally discharged. The bullet striking the watch in a pocket near his heart glanced and shattered his arm. Although seriously fractured, the surgeons believe they can save the lad's arm.

INNES' BAND AT SALT LAKE

Friday, Saturday, Sunday, August 20, 21, 22. Two free concerts daily. 40 men. Several soloists. Very fine.

FORFEIT MONEY IS NOT FOR JEFF

After Boilermaker Salls Johnson Puts Up \$5,000 Which Was Covered For Ketchel.

New York, Aug. 19.—Jack Johnson's statement in the west that he already has \$5,000 deposited in New York as a forfeit for a fight with Jeffries is denied by the sporting editor whom he named as the depositor. Johnson did deposit \$5,000 here, but it does not now figure in the Jeffries negotiation. After Jeffries had deposited \$5,000, and had sailed for Europe, Johnson appeared on the scene and put up \$5,000 with a sporting writer, declaring that the first man who covered it would be entitled to a fight with him. Willis Britz was on the spot immediately and covered the \$5,000 with a like amount for Stanley Ketchel and Johnson immediately signed articles to fight Ketchel in a fight in London in October. The \$10,000 was transferred to a sporting writer in San Francisco. Therefore it is declared here that Johnson has not deposited any money as a forfeit to fight Jeffries.

WOULDN'T THIS MAKE ANY ONE REAL ANGRY?

Saratoga, N. Y., Aug. 19.—Thomas McDowell, a grandson of Henry Clay, and a prominent horse breeder of Lexington, has returned to discover that he lost \$20,000 by going to Lexington on Aug. 11 to exhibit several animals in a horse show. When McDowell left for Kentucky he gave a friend \$200 with instructions to bet the money on Louise Wells, the first time she started, and when, in Lexington, he read that the horse had won her race at 100 to 1, he congratulated himself that he was \$20,000 ahead. But on his arrival here he has discovered that the friend with whom he left the \$200 decided that Louise Wells did not have a chance in the race and therefore did not bet the money.

FINN OFFERED GOOD JOB.

Memphis, Tenn., Aug. 19.—M. J. Finn, former Toledo manager in the American Association and now manager of Little Rock Southern league club, has been offered the presidency of the Southern Atlantic league by action of franchise holders, although they have planned to obtain the co-operation of the Virginia and the Carolina leagues, to elect Finn to head all three organizations.

1910-Atlantic City-1910

The Reunion is over, and the old soldiers are going home. It was a great event for Utah and Salt Lake City, greater than many expected. The benefits will continue to be felt for years. Many of the old soldiers visited our Offices and could not understand why the greatest collection agency in the world should be located in Utah. We explained that it was NOT due to the fact that Utah people did not pay, but was due to the fact that we have 12,000 clients scattered throughout the entire United States and foreign countries, and to our discovery of the Red Streaks of
