

CITY WORKING ON THE ONLY PLAN.

Citizens' Meeting Makes Clear the Fact that it is on the Right Track.

STRONGEST MEN SEE THAT.

Colonel Wall, J. D. Wood and John Dero Now Among Opponents of Liberty Park Pumping Plant.

COMMITTEE NAMED.

Mayor Appoints Five Prominent Citizens to Work With.

Mayor Morris today named a committee of five prominent citizens to cooperate with him in accordance with a motion that was passed last night at a special meeting of citizens, held to consider the question of providing a better water supply during the present temporary scarcity. All five have been taking an interest in the matter, and are asked to meet with the mayor in his office on Saturday afternoon next at 2 o'clock to discuss ways and means so far as it is possible to apply them. The committee named today is as follows: Thomas W. S. Miller, John Dero, S. E. Ewing and George W. Meyer.

The citizens' committee of the mass meeting that was held at the Commercial club last Saturday night, and the special water committee of the city council took three hours last night in the council chambers with but little resulting from the long and weary session. The committee of citizens, while thoroughly alive to the desperate situation in the matter of water shortage, did not come prepared to present a definite plan of action. The only real action that was taken at the meeting was shortly before adjournment when councilman Walls of the committee asked that the mayor be requested to name five citizens to cooperate with the council committee in the matter of remedying the water shortage.

THE PARK WELLS AGAIN.

The first specific request and recommendation came from S. C. Ewing who has obtained the floor and recommended the use of flowing well water. He stated that the water was all right and should be made use of. To this suggestion Dr. C. F. Wilcox, city physician took exception, stating that it was a well known fact that the water of the flowing wells was not subject to typhoid fever, but that other persons and that chemical analysis of water was not a reliable source of information as to the possibility of its carrying disease germs. He stated that the water might be dangerous and an analysis would not show it.

EMIGRATION CANYON WORK.

An examination of the experiments being made in Emigration canyon was given by Engineer Bacon of the city engineer's office. Nothing new was brought out, for Mr. Bacon and others have examined this same proposition so many times that it should be well understood. However, he went over the ground many times for the benefit of those present who had not before understood it.

MOYER EXCEPTS.

To these explanations, Mr. George W. Moyer took exception. He stated that money was being spent for the purpose of making these experiments but that the city was not to be benefited by the experiments to experiment with the Liberty Park well proposition was refused. He charged the parties concerned in this work with a system of conduct that did not meet the requirements of an open mind and accordingly they were called wrong methods.

MR. WELLS REPLY.

Councilman Wells answered Mr. Moyer stating that he could not see any reason for a legitimate "kick" against the methods being pursued. The council, he said, was not going to spend money on plans that did not appear feasible and it would only cause re-investigation at a moderate cost to the city and with the idea of accomplishing something when it undertook to do so.

WAS DISAPPOINTED.

This party Mr. Moyer, and he stated that he realized the position of the citizens committee and stated that he would place the committee in the place before an impartial judge. He said that he knew the committee of the council was against the proposition of utilizing the well water and that the citizens committee could not hope to win their side.

DERO AGAINST PUMPS.

Chairman J. J. Hewlett then invited George John, J. D. Wood, and Col. E. A. Wall to speak their views in the matter. Mr. Dero responding said that he had voted against the water pump and favored the use of the flowing wells. He stated that the plan would work out for the benefit of the city. He stated that he believed in the city owning out right their water supply and that it was his duty to vote for it. He stated that he was not a pump man, but that he was a water man. He stated that he was a water man, and that he was a water man.

WOOD AND WALL DITTO.

In this view Colonel Wall and Mr. Wood shared. Mr. Wall favored the flowing well water, with crosscut in Emigration canyon as a part of the development work. Mr. Wood stated that he was not a pump man, but that he was a water man. He stated that he was a water man, and that he was a water man.

TEA

Good tea is really good; most tea is not very good. How is yours?

Your grocer returns your money if you don't like his tea.

Dern and Colonel Wall. He also stated that he most heartily endorsed the plan of providing the city with canal water for outdoor purposes and strongly urged serious consideration of this plan.

DOREUMUS' STRONG TALK.

Mr. Doreumus, who was the last speaker for the citizens, stated that he, too, opposed the pumping plant at this time as being too late to take the action. He took the same stand as the previous speakers. Mr. Doreumus stated that had the citizens been prepared to state in exact terms just what they wanted, he believed more satisfaction would have resulted from the meeting and that perhaps some definite plan could have been suggested and acted upon. He urged concentration upon the Big Cottonwood proposition.

The general opinion of those who were well informed upon the water question was that next year when the Cottonwood project had been accomplished there would be no shortage and that all would be well at that time. The time is now too far advanced to take action upon pumps and other means as by the time they could be realized the water famine would be over. Next year it is certain there will be no need for such means and that the best thing for the citizens is to endure the shortage as best they can and to give the administration their support in perfecting the great project now under way.

At the meeting were a number of well known and public spirited citizens among them being John Dero, Col. Miller, Samuel Ewing, Col. E. A. Wall, J. D. Wood, George W. Meyer, City Physician Wilcox, former State Engineer Doreumus, City Engineer Ritter, Assistant City Engineer Bacon, George W. Nichols, Superintendent of Waterworks, Hines, Councilmen Barnes, Black, A. J. Davis, E. H. Davis, Fernstrom, Hewlett, Wells, Dean, Wood, Hobday and Tuddenham.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts in this way. It always relieves the irritation of the throat, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It cures any tendency of a cold to result in pneumonia. For sale by all druggists.

WILL RUSH THE WORK.

Agricultural College to Have New Building Within Thirty Days.

That the Agricultural college is to suffer no serious delay in getting to work this year on account of its disastrous fire, was finally settled yesterday afternoon when the state board of examiners authorized the expenditure of \$26,580 to rebuild the structure.

Believing that the expenditure would be authorized, the building committee of the board of trustees already has the work of reconstruction fully in hand, and within the next few days will have the building under way. It is now thought that the end of October will see the building fully equipped and ready to do duty again as a home for students in manual training and general shop work. In the meanwhile young students in the department have been provided with benches and tools where they may work outside of the building. It is expected that the work of reconstruction will be completed by the end of October.

At the meeting yesterday afternoon there were present many of the members of the Agricultural college board of trustees, including W. S. McCormick, Mrs. Susan Young Gates, J. E. McAllister, Thos. Smart, and O. N. Stohl. President Kerr was also present.

The trustees will in the near future forward to Gov. Culver a full report on the fire, placing the blame for it as near as possible from the evidence, and stating all conditions surrounding it.

THE MIZPAH CHAPTER.

New Branch of the Order of the Eastern Star Organized Last Night.

The new chapter of the Order of the Eastern Star was successfully established last night, in Masonic hall by the visiting national representatives of the order. There were present 40 members of the Queen Esther chapter of Ogden, as well as members from the Provo and Park City chapters. The name of Mizpah was given to the new chapter, and these officers were chosen:

Miss Sallie Houghton, worthy matron; W. H. Arnold, worthy patron; Mrs. R. L. Conley, associate matron; Mrs. Grant Swan, conductress; Mrs. L. B. Brown, marshal; Mrs. L. P. Fidd, treasurer; Mrs. E. O. Leatherwood, secretary; Mrs. C. F. Kuttewsky, Adah; Mary Gleason, Ruth; Mrs. J. H. Chase, Exalted; Miss Esther Boyer, Martha; and Miss Jennie Conley, Electa. Mrs. J. T. Treasore is the newly elected organist, and Miss Maud Davis is the warden.

The new chapter is organized from the old Lyndale chapter, which has a membership of several hundred. These, together with the chapters in other towns of the state, will form the grand chapter.

"AMERICAN" PRIMARIES.

Places Where Anti-Mormon Politicians Will Hold Meetings.

Acting under instructions from the "Central committee" at its meeting Wednesday evening, Chairman Darmer of the "American" party has issued a call for party primaries. The date is Friday evening, and the places agreed upon are as follows:

FIRST MUNICIPAL WARD.

First District—Residence of Thomas Laughran, 1405 Eleventh East. Second District—Residence of Mrs. L. E. Cannon, 1608 south Ninth East. Third District—Residence of Mr. Robert Thompson, 758 south Fourth East. Fifth District—Residence of Thomas McEvoy, 229 east Seventh South. Sixth District—Residence of Rudolph Airt, 15 east Fifth South. Seventh District—City and county building.

STILL THE BEST FLOUR

Husler's Flour

STILL MAKES THE BEST BREAD

Eighth District—Residence of A. M. Spooner, 241 south Third East. Ninth District—Residence of J. H. Reeves, 414 south Sixth East. Tenth District—Residence of Harry E. Melton, 834 east Fourth South. Eleventh District—Residence of Ben Trapp, 1129 east Fourth South.

SECOND MUNICIPAL WARD.

Twelfth District—Residence of J. N. Courtney, 715 south West Temple. Thirteenth District—Residence of M. J. Bridgeman, 573 south First West. Fourteenth District—Not yet provided for.

Fifteenth District—Residence of A. L. Conly, 1432 west Eighth South. Sixteenth District—Residence of H. Cartwright, 876 Cannon Street. Seventeenth District—Residence of Frank Beckstead, 445 west Third South. Eighteenth District—Not yet provided for.

THIRD MUNICIPAL WARD.

Nineteenth District—Not yet provided for. Twentieth District—Residence of L. Bomberger, 224 south West Temple. Twenty-first District—Room 21, Morgan block, 15 west Second South. Twenty-second District—Iowa house, 340 west First South.

Twenty-third District—Baptist church annex, 215 west Second South. Twenty-fourth District—Residence of George Chalk, 146 south Third West. Twenty-fifth District—Residence of C. B. Patterson, 116 south Fourth West. Twenty-sixth District—Residence of J. J. Riley, 125 south Seventh West.

FOURTH MUNICIPAL WARD.

Twenty-seventh District—Residence of Frank Matthews, 124 west First North. Twenty-eighth District—Residence of John F. Free, 385 west South Temple. Twenty-ninth District—Residence of George F. Adkins, 362 Center street. Thirtieth District—Residence of Joseph Pursley, 283 west Fifth North. Thirty-first District—Residence of J. H. Melton, 570 west First North. Thirty-second District—Not yet provided for.

FIFTH MUNICIPAL WARD.

Thirty-third District—Residence of Mrs. M. Johnson, 239 south Ninth East. Thirty-fourth District—Residence of W. J. Halloran, 717 east Second South. Thirty-fifth District—Residence of T. R. Black, 247 south Sixth East. Thirty-sixth District—Residence of J. E. Darmer, 54 south Sixth East. Thirty-seventh District—Residence of Thomas Homer, 357 east Second South. Thirty-eighth District—Residence of C. M. Owen, 122 south Third East. Thirty-ninth District—Chamber's barber shop, 174 south State. Fortieth District—Darmer's law office, 15 Commercial block. Ninety-sixth District (Second ward)—Not yet provided for.

GREATLY IN DEMAND.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them, at Z. C. M. I. Drug department 25c, guaranteed.

TEN DOLLARS A SHOT.

Two Greeks Fined for Shooting at a Duck—They Missed.

The duck season does not open until October 1, and because there are those who cannot wait until then for their shooting, Deputy Game Warden Bingley is kept very busy these days. Two Greeks were brought before Justice Holm of Murray yesterday and were fined \$10 each. The men did not get any game, but were caught in the act of shooting at them and their conduct was believed sufficient cause for their arrest. The warden and his deputies are going to conduct a strenuous hunt after the violators of the game laws.

"THERE'S A REASON"

That's All Right, But What Is It.

A lady teacher in South Dakota says: "I was compelled to give up teaching for nearly four years because of what the physicians called 'nervous dyspepsia.' Now I am a housewife and I am in the household economy. I was in many respects a wreck. I had numerous physicians, one after another, and took many different kinds of medicine, but they did me no good."

"Finally, five years ago, I began to use Grape-Nuts food. I grew stronger in a very short time on the new diet, and was soon able to resume my old still teaching. I no longer use drugs of any kind, my dyspepsia has disappeared and I am a hearty woman—thanks to Grape-Nuts." Name given by Postum Co., Battle Creek, Mich. There's a reason. Brain work and worry take strength from the stomach and bowels. They become too weak to handle the fried meat, eggs, bacon, coffee and white bread, so, partly digested they decay and cause all sorts of trouble which will become chronic if continued. Then the nerves and brain grow weary for they are deprived of the rebuilding elements the food must furnish to replace the soft gray filling of nerve centers and brain which is partly used up each day.

Now comes the mission of Grape-Nuts to supply the "Reason." Made in a peculiar and scientific way, the selected parts of wheat and barley this famous food contains natural phosphate of potash with albumen which combines with water in the body and makes that gray matter quickly and surely. Then when nerves and brain feel the power of new made and properly made cells, the strength returns to stomach as well as other parts. "There's a reason." Anyone can prove it. See the little book "The Road to Wellville" in each package.

HORSE SHOW TO BE FAIR FEATURE.

Owners of Fine Turnouts Will Have a Chance to Win Prize Money.

NEW ATTRACTIONS SECURED.

Gov. Cutler Offers Cash and Medals For Best Looking Babies at the Fair—Bring Them On.

The greatest interest is being taken by owners of handsome horses and carriages in the special prizes the Deseret Agricultural & Manufacturing society has decided to give to the best in those classes. James Devine, former chief of the fire department, who ranks as one of the best horse judges in the state, is in charge of the department at the request of President J. G. McDonald, and the display promises to be very fine.

In Salt Lake there are numerous fine turnouts. The "passing of the horse," which has been often predicted by automobile enthusiasts, has not yet reached the point where the horses are even acts like a steam locomotive. They are going to dress them to the last detail of perfection, they are going to make their lines shine to the final degree of brilliance. Then, on a day appointed, they are to drive out in front of the grandstand, where the multitude may see them and on the bridges of the winners will be tied the ribbons of quality.

MORE FREE ATTRACTIONS.

Today marked the closing of most free attractions for the fair. Captain Collins is coming with his big company of performers. Among his acts he will give will be a loop-the-loop, a jump-the-gap and a high dive. Every one of these performances gives the spectators a pleasurable thrill. But perhaps the most phenomenal is the high dive. From a tower nearly a hundred feet high the performer jumps into a tank of water.

This is a coffin shaped affair, and it is not much bigger than a coffin, either. It is about eight feet long and two or three feet wide, containing three feet of water. It is so arranged that the slightest miscalculation will cause the death of the performer. However, he has done the act a great many times before and he expects to do it on doing it for an indefinite period.

LEGIONS IS CANCELLED.

It is with regret that the management announces that Madame Legions, who had been engaged to do a phenomenal fire dive, will not be at the fair. The woman was so unfortunate as to miscalculate her start a few days ago in one of her stunts. The result was that she lost an eye, the flames from her oil saturated clothing destroying it. Nevertheless, she is willing to fulfill her contract with the fair management. They would not, however, permit her to do so as it is evident that the performance is too dangerous.

BABY SHOW AT FAIR.

For the first time in several years there is to be a baby show at the fair this year. This is due to the efforts of Governor Cutler, who believes that "Utah's Best Crop" is entitled to encouragement along with the fair management. The chief executive wrote President McDonald a letter asking him for permission to offer a prize of \$10 and a gold medal for the biggest and best baby under one year old, a silver medal and \$5 for the second best, and a silver medal for the third best.

The fair directors have assented to Gov. Cutler's proposition and will later announce the date on which food mothers may bring their entries to the show.

PORTLAND FAIR RATES.

Will only be in effect a few days longer. September 25th, is the last date for tickets direct, and September 27th, 28th and 29th for tickets via Los Angeles or San Francisco. See agents or other Oregon Short Line advertisement in this issue for further particulars.

AMUSEMENTS.

Mrs. Ethel Barrymore will be seen in Salt Lake tonight in her New York success entitled "Sunday." A beautiful audience will be in attendance.

"The Sultan of Sulu," by George Ade, will be the attraction at the Salt Lake Theater next week.

A handful of Salt Lake's last night had repeated for them what another handful saw in the Theater yesterday afternoon—Healy Bros. specialty show. The "attraction" was an indestructible conglomeration of moving pictures and pictures that wouldn't move at all. Aside from the planet, who was an undoubted artist, the least and about the other performers the better. The man who manipulated the slides must have been somewhere before coming into the building as he slipped a cone every now and again with a jar that would rattle the whole machine and even stood the central figure of the picture on his head during a tremendous strain of rendition of the famous old Gospel hymn, "Jesus, Lover of My Soul." The show left town last night and nothing has been heard of a return.

The Salt Lake Opera company rendered "The Jolly Musketeer" in Ogden to an overflowing house, the greatest the company ever drew in that city. Saturday night Provo will be visited and Monday the farewell performance will be given in Logan.

At the Grand tonight the bill will be changed to the new melodrama entitled "A Human Slave." At the Lyric the Fay Foster company closes tomorrow night. Saturday afternoon the Braggs, the Braggs, a company with Battling Nelson, as a

feature will open what will doubtless be a big week's engagement.

Emma Lucy Bates went to Richfield this morning, she sings in a big tubernacle concert there tomorrow night, returning to meet the Salt Lake Opera company in Provo Saturday.

VALUABLE RING CASE.

Accused Placed Under Bonds to Answer For Theft—Other Police Cases.

E. L. Wightman, accused of the larceny of a ring worth \$200, the property of J. H. Snell, pleaded not guilty in Judge Diehl's court this morning. The case was set for next Wednesday. The defendant was placed under \$300 bonds. Jesse Thomas, and his wife Bertha, colored, were arraigned in Judge Diehl's court this morning on the charge of grand larceny. They are charged with having robbed one J. S. Crawford of \$48. They pleaded not guilty and the case was set for hearing next Tuesday morning.

Fred Washington, the colored man who started a row on Franklin avenue a few nights ago and cut Officer Corless with a razor, was arraigned in the city court this morning on the charge of assault with a deadly weapon. He took the statutory time in which to plead.

DIEHL WOULDN'T.

Police Judge Denies Motion to Have Young Jap Go to Juvenile Court.

The motion of Judge Martineaux, counsel for defense, in the case of the young Jap, S. Yamamoto, charged with intent to commit murder, to have the case sent to the juvenile court, was denied by Judge Diehl this morning, and the defendant was held to await the action of the district court.

Judge Martineaux took exception to the ruling of the court, but the matter will have to be finally settled in the district court. It probably means that the law creating the juvenile court will be tested in a higher tribunal.

SICKENING SHIVERING FITS.

Of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine, of especial benefit in malaria, for it exerts a curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of the direful after-effects. Dr. S. Munday, of Henrietta, Texas, writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Z. C. M. I. Drug department, price 60c, guaranteed."

MINING EXCURSION.

To Tintic Sept. 24th.

Special train via D. R. G. leaves Salt Lake 8:30 a. m. Returning leaves 8:30 a. m. September 24th. Menomah, 7:30, Eureka, 7:30 p. m. Everybody invited.

AT

Barton's

"Take 3 months"

We've the Best That's to be Had

How about your Fall Suit and Overcoat? How about your Fall Hat, Underwear, Shirt, Hosiery and other Toggery?

The most skillful Tailors known to the trade build our clothes artistically, and they build them well and they build them on honor. Our Furnishings come from the hands of the best known Manufacturers.

"Money Back If You Want It."

This is the guarantee that goes with our sales. It is under these conditions that we ask you to make this your clothing store.

PASSENGER ELEVATORS FOR OCEAN STEAMERS.

The cut shows a section of an ocean liner provided with passenger elevators. One transatlantic steamship company has now under construction two vessels, each of which will be fitted with two passenger elevators. These ships have eight decks and seven of them will have passenger accommodations. The dining saloon will be on the top deck, and there will be a great deal of travel up and down. These mammoth steamers will be veritable floating hotels, the dining saloon seating 500 persons. The new monsters of the deep will be thirty feet from keel to the top deck.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?) Destructive floods were reported throughout Spain.

Niels Jensen, a prominent citizen of Salt Lake, died suddenly at Logan. TEN YEARS AGO TODAY.

The state closed its case in the celebrated Durrant murder trial at San Francisco.

Chicago experienced a temperature of 91 degrees, the highest in its history, for September. In many other places in the United States it was raining and snowing.

FIVE YEARS AGO TODAY. Cal. Theodore Roosevelt, Republican candidate for vice president of the United States, visited Salt Lake.

The river steamer War Eagle was burned to the water's edge at St. Louis. Striking coal miners shot and fatally wounded watchman Evan Davis at Shomoekin, Pa.

Little Prices in Little House Furnishings.

This shell glasses, 60c doz. Near-cut glasses, 2.00 doz. Near-cut glass handled knives, bon bon, spoon trays, etc., 35c. Sauce dishes, 1.00 doz. Bowls, 75c and \$1.00 each. Water pitchers, 30c to \$1.35. Lowelsa vases, \$4.00 to \$25.00. A nice line of vases in Eocene-Aurelian, Oriental, etc.

Nippon china vases, loving cups, etc., \$5.50 to \$8.00, worth a great deal more.

Japanese cups and saucers, \$3.00 to \$1.75. Hand painted plates, bowls, etc., \$1.50 to \$2.50. Plain white 100-piece dinner set, \$15.00. A full line of china, English porcelain, etc., at reasonable prices.

THE Millinery Department is having a big run on Hats from \$8.00 to \$10.00—Hats that ordinarily sell for a much higher price. Buying direct from manufacturers instead of New York houses, this season enables the store to lower its prices.
