EDITORIAL NOTES.

Maine had a population of 626,915 in 1870, which has increased to 646,-000 in 155), a gain of barely 20,000.

Washington Territory has increased from 25,400 in 1870 to 74,753 this year. In 1860 the Territory had only 11,591 inhabitants.

A citizen of Norwich, Conn., has given \$45,000 for the production of a translation of the Bible in which the docrine of immersion may receive its full merits.

Read the dispatches concerning the new commercial movement in ation, and lectures by the way for China. It is likely to revolutionize the trade of the world. It is one of utmost geniality of disposition and the great changes of this wonderful liberality of sentiment, is full of vincentury. The whole world moves.

The true in wardness of the recentbetween the Sheriff of Beaver Counto and the Deputy Marshal, will be found in the letter from Daniel Tyler, Esq., J. P., in this issue of the NEWS.

Stephen Dudley Field, of New York, has obtained a patent for an electric motor. This has been named as Edison's latest "invention," out them" of which he was to carve fame and coin money. It really seems that all this late date in the history of the the "invention" there is about the notorious "Wizard of Menlo Park" is the capacity to invent sensations and "borrow" the discoveries of others.

Behold how these "Christians" love each other: Dr. Wheeler of the New York Methodist writes his editorials on his back, lying on a sofa." -Central Methodist. "We thought he wrote them lying first on one side then on the other."-Richmond Christian Union. We have no doubt, Judging from the "Christian" papers published in these parts, that both of these comments are correct.

Census Supervisor Ferguson states that the total population of Nevada, not including Humboldt and Lincoln Counties, is 53,394. Lincoln is reported at 3,203, but it is claimed which, if corrected, gives Lincoln

the age, nor the great thinkers of the times. He is one of those sensational speakers who attract by their oddities, and who study to

strike the public mind while it is hot from some startling occurrence, and to arouse attention by singular phrases and peculiar gestures, rather

than to feed the mind or touch the soul by heavenly truths and a Christian spirit. He will sprinkle or immore at the whim of his "con or immerse at the whim of his "con verts," and call each mode baptism. He preaches to draw as an actor plays, and is hired and paid on sim-

ilar principles. He travels for recremoney, and while professing the situation. dictiveness and spleen, and would wipe out in blood that which is not

in accord with his apology for reli- the outside world, but that natives ly reported conflict of authority gion. His plan for "solving the of the celestial empire may hereafter Mormon problem" is not new. It is the method attempted by Presbyterian, Methodist and other come-to-Jesus "Christians" in Missouri and Illinois, and was recommended by

him about three years ago in this wise: "Gather all the leading 'Mormons' into their big tabernacle and turn the U.S. artillery loose upon

Everybody should have learned by world, that principles cannot be distroyed by grape shot, nor doctrines be drowned in the blood of believers. Fire will not burn them up neither will chains bind them. Faith is not

to be controlled by force, and neither truth nor error can be stamped out by the tramp of armed men. Talmage shows himself not only a bloody-minded burlesque on the "Christian" ministry, but a silly and ridiculous religious buffoon.

plained the new process for the manufacture of sugar from sorghum, corn stalks, etc., and published articles relating to the subject, and the adaptability of the soil and climate of Utah to this important branch of by the Legislative Assembly
