

and kneel down and then it they died that night they would go into the bosom of the Savior. At the conclusion of the services he came to us to know if we wished to be "saved." We answered yes. He then invited us into the vestry. It was our opportunity. We asked him if he could save us without baptism. He informed us that was not necessary, but we could be baptized if we liked. We then asked him for his authority, which rather astonished him, and during the ten or fifteen minutes we had with him there, showed him more gospel truth than ever he heard before. At last he was completely wound up and said some other time he would talk to us. We asked him to name the time and place and we would be glad to meet him. But he declined to hold any argument further, saying he was "sent to save souls" and not to dispute on principles of theology. We remained for some few moments longer to see the process of "saving souls," as there were quite a number who came forward, but they did not wish us to remain as he thought we might have an influence against them, and many who had just come to be saved might turn back again, and so we withdrew.

SHOULD SEND ADDRESSES.

It would be a good thing if the Saints in Utah, who have friends here, would give the Elders their addresses and letters of introduction and we promise them we will not fail to call on them, and lay before them the Gospel if they will give us only half a chance, though nearly everyone here knows of "Mormonism," for it has been preached to them for the last thirty years, and a great many have gathered from this place.

ENJOY'S THIS LABOR.

I can say I enjoy my mission, though it is rather hard fare sometimes, but "Mormon" Elders can get used to almost anything when they enjoy the Spirit of the Lord. I have been blessed with very good health nearly ever since I landed here, and feel very thankful to my heavenly Father for it. There has been a few cases of sickness among some of our missionaries this winter, but I believe all are well now.

A PARALLEL.

Suppose there is a clear silver river flowing through a populous country. A million families dwelling on its banks, have drank of its waters for years and have even found it soft, palatable, refreshing and wholesome. Suppose some speculators, to start a boom in their business, advertise that these pure waters were not what the people wanted, but that unknown waters that they had discovered, under the earth, was quite the thing medicinally and otherwise, for the contented and healthy people living on the silver river banks. Would it bring about the desired boom and induce the population to turn from the old stream of nature? Hardly! Dr. Price's Pure Cream Baking Powder has been in use for years in a million American homes, and found to be today as it always has been, effectual, healthful, wholesome and delicious. The reader can continue the parallel.

[AN UNDOUBTED BLESSING.]

About thirty years ago a prominent physician by the name of Dr. William Hall discovered, or produced after long experimental research, a remedy for diseases of the throat, chest, and lungs, which was of such wonderful efficacy that it soon gained a wide reputation in this country. The name of the medicine is "Dr. Wm. Hall's Balsam for the Lungs, and may be safely relied on as a speedy and positive cure for coughs, colds, sore throat, etc.

It is one of the peculiarities of the American people to devote all their time to business, without regard to health. In this rush for money and fame, many lives are ruined, which, with proper attention and a timely use of a proper corrective, could be saved. For this purpose there is nothing equal to the "Prickly Ash Bitters." It relieves the system of all impurities, purifies the blood, and, by assisting nature, restores original health and vigor.

A torpid liver, a stomach out of order digestive apparatus weak, and the brain in consequence of these disorders, over sensitive to exertion or to any unusual circumstance, and the formula for a "crank" is complete. Ayer's Pills will rouse up the liver, regulate the functions of the stomach and bowels, the tried brain will be relieved, and the head resume its wonted level.

THINK OF IT NOW!

Although much is said about the importance of a blood-purifying medicine, it may be possible that the subject has never seriously claimed your attention. Think of it now! Almost every person has some form of scrofulous poison latent in his veins. When this develops in Scrofulous Sores, Ulcers, or Eruptions, or in the form of Rheumatism, or Organic Diseases, the suffering that ensues is terrible. Hence the gratitude of those who discover, as thousands yearly do, that

Ayer's Sarsaparilla

will thoroughly eradicate this evil from the system.

As well expect life without air as health without pure blood. Cleanse the blood with AYER'S SARSAPARILLA.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882.

Yours gratefully, HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
