THE GREAT COUNTRY PAPER OF THE WEST.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

Mrs. H. J. Smith and her son, H. L. Smith, leave Monday for Montpelier.

The state board of medical examiners will meet July 11, instead of July 4, on account of the national holiday.

Dr. M. W. Coffman, formerly of Pleasant Grove and Heber, has died in Denver, where he removed some time ago.

The placing of roof steel at the Cathedral has begun, and operations will continue for some time.

The Home Fire Insurance company settled this morning for the loss of \$125 on the house of U. J. Althoff, west Fifth South street, which was damaged yesterday afternoon, by fire.

General Manager G. T. Odell of the Consolidated Wagon & Machine company returned last night from an extended and profitable business trip through Utah counties.

There will be a meeting on Sunday afternoon, July 3, at Bishop's Seminary residence, of prominent Catholic citizens, to consider the furthering of construction work at the new Cathedral.

President J. E. Cosgriff of the Commercial National bank has just left Chicago for Burlington, Vt., his old home, for a visit there, he will return via Chicago and the World's Fair.

The public is cordially invited to attend the services at Utah hall at 11 a. m. Sunday morning. Rev. George W. Stone, field secretary for the American Unitarian association for the Pacific coast, will deliver the address and special music will be rendered by the Unity quartet.

H. B. Windsor has gone to the Holy Cross hospital to be treated for necrosis of one of the bones in his foot. An examination by X-rays showed that the trouble was not rheumatism, from which the patient has supposed he was suffering, but from actual decay caused by an injury.

There is continued complaint on the streets at the rapid speed maintained by some of the automobile chauffeurs. There is one "expert" in particular upon whom finding does not seem to have much effect, and this noon, he was charging up and down East Temple street at 16 and 20 miles an hour.

A new board of dental examiners has been appointed by Governor Wells. S. W. Wherry of Ogden and E. A. Tripp of Salt Lake were appointed to succeed A. S. Chapman and George E. Elphinstone, whose terms have expired. A. S. Chapman was re-appointed to succeed W. H. Bucher, resigned.

Fred Woods, proprietor of a street restaurant car, was run down and had two ribs broken last evening by Lee Shaffer, who dashed at breakneck speed around the corner of State and Second South streets, where Woods was crossing the roadway. Woods was carried unconscious into the Parlor Drug Store, where Dr. Wilcox attended him, and presently he was able to walk home.

The Odd Fellows are much delighted with their experience at the Casino Springs picnic which has proved profitable from a pecuniary as well as from a pleasure standpoint. They say that the railroad officials took particular pains to see that every one was satisfied with the day, and Col. Benton himself went down the road to look personally after the comfort of the pleasure seekers.

Electrical Expert O. H. Ensign of the geological survey says relative to the proposed government irrigation scheme that it remains to be seen whether the people will have the patience to stay with it or not. The easy propositions have been gathered up by private organizations, while only the gigantic and the difficult remain to be realized. The matter is now in the hands of the people, and if they are

IS IT BLACKMAIL OR BROKEN PROMISE?

Sensational Charge Made Against Stolzenberger, the Loan Agent

By Mrs. Brink

FORMER MAKES STRONG DENIAL

Says Story That He Ruined Her or Promised to Marry Her is False—Calls it Blackmail.

A breach of promise suit has been filed in the district court by Amelia Brink against Edward F. Stolzenberger, a loan broker whose office is in the Morlan block. The plaintiff alleges that on June 1, 1903, defendant asked her to marry him, and that she agreed to do so. Defendant refused to marry her within a reasonable time, and on Nov. 2, 1903, she requested that he fulfill his promise of marriage, but he refused to do so.

Under promise of marriage, it is alleged that defendant took undue advantage of plaintiff and has caused her great mental anguish and has impaired her health and destroyed her chastity, for all of which she asks judgment against him in the sum of \$5,000, together with costs of suit.

STOLZENBERGER'S STATEMENT.

Mr. Stolzenberger, the defendant in the case, said today when seen in relation to the matter that while the facts were all known it would not be difficult to understand the woman's motive. Amplifying his statement Mr. Stolzenberger said:

"On Oct. 30, 1903, Mrs. Brink gave me a promissory note for \$192.50 for money received under a chattel mortgage on household effects at 3724 1/2 Main street. On March 14 she paid on that loan \$117.50. Since that time, however, she has defaulted both in her interest and principal, and on June 18 I filed a complaint to foreclose the mortgage. That suit is now pending in the city court of this city. She was served with a summons on June 20, and she takes this method of avoiding the payment of this note and mortgage. It is perhaps needless for me to say that the allegations are absolutely false, and that it is a clear case of blackmail."

willing to stay with it, it will be a success.

The secretary of the state board of health, in speaking of tuberculosis, says that one bacillus will increase by eight millions in 24 hours; also, that a patient in the advanced stages of disease will expectorate in 24 hours eight billions of these bacilli. The doctor states that there are 1,250,000 persons in the United States who have tuberculosis, and 14 of these persons die in every hour from the disease. In the civilized world 3,000 people are dying from it every day; and all from a preventable disease.

H. L. A. Culmer, the artist, has returned from Shoshone Falls where he went to sketch for a number of large paintings. Mr. Culmer had to do his sketching of the Falls in oil clothes and under an umbrella; and even with that protection he found it difficult to keep his sketch paper from getting wet. He outlined a number of scenes in the vicinity of the falls, and will work there up later. But his principal work will be a large oil painting of the falls, perhaps 8x10 feet, and Mr. Culmer's success in this, as an artist, painter, suggests that this great piece of nature, with its widely extended note. The artist, Thomas Moran, who painted Shoshone Falls four years ago, sold the same work for \$10,000. He spent some of his time in Salt Lake, making acquaintances, and many citizens will remember him, and his great painting of the Canyon of the Colorado.

BIG ORDER FOR WATTERS.

Salt Lake Physician Invents Desirable Article for Sewing Up Wounds.

Dr. Watters is busy preparing 3,000 tubes of sterilized cat gut for use in the government hospitals in the Philippine islands. The process is a secret one of Dr. Watters' own invention, and the fact that he is called on for large orders shows that he has discovered a process that is of the greatest moment to the medical world. Catgut for the purpose of stitching up wounds comes from European sheep as the sheep in this country are too fat and the testinal tissue in consequence does not possess that tensile strength that characterizes the article from the leaner European sheep. But the trouble with European sheep is that their intestines are infected with the Anthrax germ which can not be destroyed except by boiling and ordinary boiling gelatinizes the article so as to render it valueless. Dr. Watters' process boils and destroys all the disease germs without gelatinization, and leaves it in its full strength and value.

When wounds are sewed up with this article the latter is slowly absorbed in the human tissue as it is animal matter, and disappears. For this reason it is far more desirable than silk, or linen thread, as the thread is not absorbed, but remains as a source of irritation later, and small filaments of the threads actually wander around in the system sometimes being picked out at distant parts of the body. So when threads are used, they must be picked out as the wound heals up.

FOR SALE—REAL ESTATE.

ONLY TWO DAYS REMAIN TO WIN \$50 IN GOLD.

Boys and Girls Must Have Their Lists in by July 27, at 6 p. m., to Participate in Prize Offered by "Reavis System" Word Contest.

Every lad and lassie under 15 years of age will be interested in this contest for half a hundred dollars in good United States gold coin.

This splendid prize has been hung up by Mr. J. Donnan Reavis, originator of "THE REAVIS SYSTEM" of home buying, to be divided among the bright boys or girls, under 15 years, who make the greatest number of English words from the letters contained in the famous advertising expression:

"WHOSE ROOF IS OVER YOUR HEAD?"

The occasion of this generous offer on the part of "THE REAVIS SYSTEM" is to promote the sale of the home building business of the donors, but also to draw attention to the excursion and pleasure of "THE REAL ESTATE DEALERS' ASSOCIATION," which will be held at Salt Lake June 29.

At this picnic, which promises to be the greatest ever held in Utah, the award of the prizes offered by "THE REAVIS SYSTEM" will be announced, and the prizes will be given to the boys or girls making the three largest list of separate words. To the highest estimator goes the first prize, \$25; second largest \$15; third largest, \$10, in shining gold pieces.

If the winners are present at Salt Lake on the day of the picnic, the additional sum of \$5 will be added to each prize, and the money will be paid from the music and dancing of the dancing pavilion. If, however, the winners are not present, their names will be announced June 30th in the newspapers, and the money will be paid on demand at the office of "THE REAVIS SYSTEM," 32-34 Main Street.

Three prominent citizens—WILLIAM J. OLIVER, publisher of the Salt Lake Herald; PERRY S. HEATH, publisher of the Salt Lake Tribune; and HORACE G. WHEAT, manager, Deseret Evening News—will act as judges, and absolute fairness will govern the awards.

As the estimates are received, they will be estimated, as received, will be dropped into a suitable box, the keys of which will be in the hands of the judges.

In order to give the judges time to inspect the estimates so as to make an announcement of the awards on the day of the picnic, the contest will close June 27th at 6 p. m., and no estimates after that time will be considered.

As the estimates are received, they will be estimated, as received, will be dropped into a suitable box, the keys of which will be in the hands of the judges.

We have endeavored to plainly state the conditions under which the prizes will be given, but in order to insure absolute fairness, and to avoid the possibility of any misunderstanding, a few simple rules governing the contest, manner of words, etc.

RULES. FIRST—Any boy or girl under 15 years of age is eligible to win the prize in this contest.

SECOND—The alphabetical letters in "WHOSE ROOF IS OVER YOUR HEAD?" may be used as often as desired, the only aim being to construct the greatest number of words from the letters contained therein.

THIRD—Plurals or possessives will not be considered new words.

FIFTH—Christian names, names of towns, scientific terms, Bible names and mathematical terms will not be counted.

SIXTH—Each word must be numbered consecutively, so as to simplify the work of the judges.

SEVENTH—Use ink or typewriter in writing your estimates, and write only on one side of the paper. Ruled paper is preferable.

EIGHTH—In case of a tie for any of the prizes, the amount of the prize will be divided equally among the estimators.

NINTH—Only one estimate can be made in one name.

TENTH—The words "WHOSE ROOF IS OVER YOUR HEAD?" will not be used as often as desired, the only aim being to construct the greatest number of words from the letters contained therein.

ELEVENTH—Send your estimates in an envelope and mail it or deliver it in person at the office.
