TWO carloads of excursionists are expected to reach this city this evening. They will stop over Sunday.

SERVICES in the Hawaiian language will be held at 10 a. m. to-morrow, at the home of Kaulananihoala, 19th Ward.

THE result of the election showed that the "Liberals" polled almost their full strength, which isn't much, considering the noise they make.

HEREAFTER, on Monday afternoons, the Assembly Hall will be warmed for the accommodation of the children attending Professor Stephens' singing class.

THE Fourth Quorum of Seventies will hold their regular meeting at the Twenty-first Ward meeting house, on Monday evening next, at half-past 7 o'clock.

HOYT SHERMAN, JR., left for the east this morning. He will return with 180 excursionists, who will stop at Salt Lake City one day on their way to California.

M. P. BENTON, of the Union Pacific office, goes to Ogden this afternoon to meet two carloads of west-bound excursionists who will stop over in Salt Lake to-morrow.

HALF rates will be given by the Utah Central and D. & R. G. W. railways, to parties between Ogden and Spanish Fork, to visit this city on Thanksgiving Day, November 26th.

THE Juvenile Instructor for November 15th is out. The prospectus within which this excellent magazine has been issued for some time past is an example to publishers of periodicals.

J. W. MORSE, general passenger agent of the Union Pacific, accompanied by his wife and Mr. Yost, of the Omaha Republicans, reached this city on last evening's train. The party left this afternoon.

THE next company of excursionists, 180 in number, coming over the Union Pacific, will arrive in this city on Saturday, the 20th, and leave Sunday evening following. Hoyt Sherman, Jr., will accompany them to California.

DURING his recent trip in the East, C. R. SAVAGE provided himself with probably the finest stock of holiday goods ever shipped to the Utah market. Parties desiring to purchase can find the numerous variety of articles at the Art Bazar.

ON Tuesday evening next an entertainment will be given in the Twentieth Ward school house by the Twenty-first Ward Dramatic Association. The programme consists of the drama "Bitter Cold" and the amusing farce of "Family Jars."

RELIGIOUS services of the Church of Jesus Christ of Latter-day Saints will be held in the Tabernacle to-morrow afternoon, commencing at 2 o'clock. At 10 a. m. services in German will be conducted in the City Hall, and in Scandinavian in the Social Hall.

In another part of the paper will be found the advertisement of Mr. C. C. Amussen, the well known jeweler and watchmaker. His extensive and excellent stock of goods has been recently augmented by large additions from New York. He proposes putting prices down to the lowest notch for the next three months, as he may possibly close and go out of the business at the end of that period.

LOCAL NEWS.

Term Closed.—Yesterday the first term of the current academic year of the University of Deseret came to a close. During the term there was an unusually large attendance of students, many of whom came from the country and are hard workers.

A Pretty Picture.—Mr. Alfred Nielson has produced another charming watercolor painting. It is after a picture that took the gold medal at the French Exhibition of 1881, and represents a couple in a boat at sea engaged in fishing, the male figure having just pulled in a fluky dozen of the deep and is in the act of unhooking it. The open sea dotted here and there with smacks, stretches into the distance. The picture is marvellous, and should readily find a purchaser, the price asked for it being far below its artistic value.

Court Notes.—Proceedings in the Third District Court today. James F. Keenan vs. D. & R. G. W. Railway Company et al.; jury return a verdict of no cause of action against the defendants.

United States vs. N. V. Jones, et al.; bribery; motion for new trial by defendants argued by Arthur Brown for defense and C. S. Varian for prosecution; the prosecution object to the affidavit of F. E. McGarrin, in support of motion; objection sustained as to so much as shows matters not occurring in Court.

From Tennessee.—Yesterday we had a call from Elder Elias S. Kimball, who lately returned from a mission to the Southern States. He left home June 7th, 1884, and went direct to Tennessee. He labored six months in Union County, that State, and afterwards labored several months in Hawkins County. Union County was a field in which Elders had formerly labored, and not much was accomplished there by Elder Kimball and his companion, Elder Godfrey. In Hawkins County Elder John Bevan was Elder Kimball's companion. In this section they were fairly successful, making many friends. They opened up a field in Tar Pine Valley, where a branch of the Church has since been organized. Elder Kimball speaks of the people of Chattanooga as being noble and hospitable, and worthy of the highest esteem. He labored for a short time with Elder Roskelly in this field. In March, 1885, in company with Elders Golden Kimball and Nathan Tanner, he left Chattanooga for New Orleans, where the party spent eight days. Return to Tennessee he labored in Putnam County in company with Elder Tanner, who was President of the Conference, for three months, and then went to Hawkins County where he joined his former companion, Elder Bevan. He went to Chattanooga in November, 1885, and remained there in the office until released to return to his home in Tennessee. He assisted President Morran and occasionally took short trips to visit the Elders and Saints. He reached Utah on the 8th inst., in good health and with his faith strengthened by the experiences of his mission, which he regards as a great blessing to him.

Church Musical Society.—The contemplated Church Musical Society, of which mention has been made, is now duly organized, under the name of Zion's Choral Union, and by approval of the Church authorities. The officers of the organization are—Augustus M. Cannon, President; Prof. Geo. Careless, Vice-President and Conductor; Professors E. Beesley and E. Stephens, Assistant Conductors; D. M. McAllister, Secy, and Treas.; Henry Gardner, Librarian. Adult members of the Church, Latter-day Saints in good standing, who possess good voices and can sing in tune and time, are eligible for membership in the Choral Union. The object of the society is to provide its members an opportunity to improve their musical talents, especially with a view to increase the efficiency of our Church choirs. For this purpose the higher classes of sacred music will be studied, and a fine cantata, entitled "Belshazzar," has been selected to begin with. Meetings are to be held every Monday evening, in the large room of the City Hall, the first on the 22nd inst., commencing at 7:30 p. m. The Secretary is now issuing invitations to those who are eligible, from lists furnished by competent persons in each ward. We hope all who are invited will avail themselves of this excellent opportunity and privilege, to obtain instruction in the Divine Art, under such talented tutors as Professors Careless, Beesley and Stephens; and to anticipate the pleasure of listening, at an early date, to gratifying results of their labors.

Alleged Horse Stealing.—Yesterday J. J. Thomas, who lives at the Point of the Mountain south of Salt Lake County, arrested Theodore Green on a charge of horse stealing. The accused was released from the penitentiary a few months ago, to which place he had been sentenced, in 1885, for four years, for grand larceny. Mr. Thomas, in giving his account of the transaction, says he was induced to believe that Green had repeated, and would lead an honorable life if set at liberty. With this idea he set out to procure a pardon for Green, and was successful. He then gave him employment, and three weeks ago started him on a tour of the Duchesne with eleven head of horses. A few days ago he found that Green had been in Salt Lake, Park City and other places, selling the animals, and followed him. He finally succeeded in finding him at the place where the arrest was made. He had three horses left, but these were not the animals entrusted to his care; two had been sold to a Mr. Neff in Mill Creek, and three to persons in this city. The others have not yet been accounted for. Mr. Thomas kept Green in his custody until he could get the officers' consent of his whereabouts, on the ground that he wanted to see whether or not he could get his money or animals back. Later developments to-day indicate that he has some reason for not wishing to prosecute the offender, so the matter will probably be allowed to drop. Mr. Thomas left for Lehi this morning.

Lemington Mines.—Mr. J. G. Lemington just up from Juab, we learn that there is considerable activity over the recent "find" of precious and base metals in the vicinity of Lemington, about 25 miles southwest of Juab. Recently a young man living in Lemington took it into his head to try his luck in the prospective New Eldorado, and succeeded in finding a piece of "rock" which inspection seemed to carry silver and lead in big quantities, it being to all appearance galena of the best quality. He had but little difficulty in finding the ledge, some three miles this side of the station last named, and within half a mile of the Utah Central Railway track. In a short time a cartload of ore which assayed 25 to 35 ounces of silver and 40 to 70 per cent. lead was taken out, and now at a depth of only ten feet he is in a body of ore from which he can make regular shipments with a small force. Our informant says that the whole country in that neighborhood is staked off, and there is considerable excitement.

Idaho Notes.—Rasmus C. Peterson, of Mink Creek, who has served out his term in the Boise penitentiary, "because he had no promises to make," was taken home on Monday, Nov. 8th. His health, which was very poor, is somewhat improved. "Much wants more," and the so-called "Liberal" element of Southern Idaho has not more power than it knows how to rightly manage, and yet it cries for more.

An outrage was perpetrated upon Oneida County at the last election. Only three polling places were designated for the county. Voters living in Mink Creek, Riverside, Preston, Clinton, Weston, and Fairview had to go to Franklin to vote. Some of them traveled thirty-six miles to cast their ballots. Heretofore voting has been done in each precinct. The change caused expense to the voters, and a great amount of annoyance.

Prefer Not to Reply.—We are in receipt of a communication from "A Subscriber" in Paradise, Cache County, in which he proposes a query regarding the competency of a school trustee to serve as such while absent at a great distance from home, and for an indefinite period. As no particulars are furnished of a case evidently intended to be referred to, we prefer not to reply to our correspondent's question.

THREE BEARS KILLED.

A CENTREVILLE HUNTER BAGS THREE.

On Thursday last John Duncan, of Centreville, Davis County, went into the mountains east of that place to hunt. He was prepared for any kind of game that might turn up, and in the course of his tramp he came upon three bears. When he first saw them he was about thirty yards from the nearest one, which happened to be a big female. She was some distance apart from the other two, which were lying close together, and somewhat smaller than her. Duncan fired at the big bear, wounding her, when she

CAME FOR HIM in a rage. He fired again and again, the final and fatal shot taking effect when the savage brute was but eight or ten feet distant from him.

The first one killed, Mr. Duncan turned his attention to the other two, which still remained close together where he first saw them. He fired at one of them, wounding it in the neck. The wounded bear howled and began cutting its companion as it supposed that his pain was caused by its comrade. Mr. Duncan fired again and wounded the other. Then began a

VIKING BATTLE between the two enraged brutes, each evidently supposing the other to have inflicted the hurt from which it suffered. Mr. Duncan waited till there was a lull in the fight, when he fired, killing one of the combatants. Another shot took fatal effect in the corpus of the third bear, and Mr. Duncan found himself the champion brain bager of the country. Three dead bears lay around him, the fruits of his combined courage, luck and marksmanship.

Next day three men accompanied Mr. Duncan to the spot to bring down the carcasses. They conveyed to his home the larger one, which weighed about 200 lbs. This morning it was brought to this city and sold to Messrs. White & Son, butchers. The other two will be brought down next Monday.

On their way after the carcasses the party came across

TWO CUBS, supposed to be those of the large bear that was killed. One of the cubs was shot and killed, but the other one made its escape.

Mr. C. W. Kockwood, of Centreville, from whom we learned the above particulars, states that the party could scarcely go 500 yards without coming across bear tracks, after reaching the region where they ran, and that any Salt Lake sportsman, who may have an ambition to wear a necktie made of a bear's claws, and who has the requisite courage and skill with the rifle, can win the trophy in the mountains east of Centreville. He states that the mountains are well covered with scattered, and many of them devoured by the bears, and that their owners would be glad to see a sweeping mortality among the brutes. Mr. Kockwood prefers to act as guide to bear hunters. Now is your chance, Nimrods.

The Jones Case.—The arguments on the motion for a new trial, in the case of N. V. Jones, were still in progress when we went to press. The case, however, probably be finished this evening.

Information Wanted.—John Emberton inquires for the address of, or any information regarding his sister and nephew (Rebecca and John Emberton) who emigrated from England to Utah about twenty years ago. Address: Selden Clawson, 43 St. Leonard St., New Hendon, Sunderland, England.

In our issue of yesterday an error appeared in connection with the foregoing notice and we reproduce it in correct form.

The Battery Case.—Yesterday afternoon Gustave Engstrom, of Union, Salt Lake County, filed a complaint with Commissioner McKay, charging Chris. Johnson, of the same place, with having committed a violent assault upon him. Captain Greenman went out to Union and arrested the defendant, returning with witnesses about 3 o'clock this afternoon. An examination is to be had before the Commissioner.

Parry's Monthly Magazine.—The November number of this popular periodical opens with a beautiful copper engraving of Great Salt Lake City in 1883. The interesting descriptive article which accompanies it was written by Bishop Orson F. Whitney. An interesting paper on "How to Read," the conclusion of "Providence be True;" "Developing a Taste for English Literature;" "Summary of Current Events;" "Popular Miscellany," and three excellent poems make up a fine number. J. H. Parry & Co., publishers.

The Total Vote.—The canvass of the returns from Weber County was completed last evening after the News went to press, that county polling 2,142 for Hon. John T. Calne, and 464 for Wm. M. Ferry. The total of votes cast for Delegate to Congress are as follows:

John T. Calne.....10,905
Wm. M. Ferry.....2,610
C. S. Varian.....1,100
A. L. Thomas.....11
D. H. Murray.....3
D. H. Murray.....3
E. N. Bakis.....3
Scattering.....8
Total.....15,239

A Pleasant Entertainment.—Mrs. M. E. White, the elocutionist, who has recently given several entertainments in this city, and at Bligham, will give an evening of humorous and dramatic recitations at the Fourteenth Ward school house next Monday evening, November 15th. As this recital is given for the benefit of the poor in the Ward, it is hoped there will be a crowded house. Admission only 25 cents.

Mrs. White recites her selections instead of reading them, thus adding much to the pleasure of her audience. Her recitations indicate that she has been cordially received wherever she has been heard.

Teachers' Institute.—To-day, at 11 a. m., the Teachers of Salt Lake County met, with Superintendent Stewart presiding.

Prof. J. H. Paul stated that teachers having pupils, who desire to enter the University, should furnish such pupils with certificates to present to the faculty, that none may be admitted to that institution who should be attending the district schools.

Miss Constance H. Helbo's class in elementary drawing showed considerable advancement. The object of drawing is to cultivate observation, and that is best accomplished by giving drawings from Nature.

FRANKLIN ITEMS.

SUNDAY SCHOOL JUBILEE.—FALL FLOWING—DULL TIMES.

FRANKLIN, Idaho, November 7th, 1886. Editor Deseret News: The Sunday school jubilee, which was held to-day was a marked success. It was composed of the schools of Franklin, Preston, Fairview and Riverside, and was presided over by L. G. Webster and I. B. Nash, of the State Superintendent. On the stand were a number of the leading Elders of the State and several visitors.

THE EXERCISES throughout were instructive and interesting, and seemed to be thoroughly appreciated. Brother Nash was as full of music and energy as ever, and showed by his countenance that he was infatigable in his labors for the welfare of the young.

The musical portion of the programme was rendered with spirit and showed good taste in the selection. Brother Nash sang two pieces worthy of special mention; one was composed for the occasion by Brother A. Nash entitled "About About the Jubilee," and the other was "Singing, Ringing Bells," an echo song, the echo being made by a class of small girls placed in the vestry. This had the effect as one of the speakers has said, "that these good things were all echoed in heaven." The class exercises, recitations and dialogues were all well rendered.

Brother W. M. Webster, who had just returned from a two years' mission to the Southern States and England, was among the speakers. He felt happy to be at home, and among his friends. He had enjoyed his absence abroad, and returned with a rich testimony of the truth. The good people here for many more similar opportunities of being pushed and a greater amount than usual of fall grain is being raised here. It will be doing a good business but people complain of hard times, as poor crops were the rule, owing to the late dry season. OBSERVER.
