IMPRESSIVE OBSEQUIES HELD

Over Remains of Mrs. Mary Fielding Burton and George F. Seager.

PLANS FOR SCHOOLHOUSES.

County Board Gives Orders for Same To Architects—J. P. O'Neill Construction Company.

Ogden, Utah, March 12.—Beautiful and impressive were the funeral services held yesterday afternoon at the Fifth ward meetinghouse, over the mortal remains of Mrs. Ellen Fielding Burton, wife of William W. Burton, who died March 8, aged 65 years, 27 days. The Fifth ward meetinghouse was crowded with sympathizing friends who assembled to pay a tribute of respect to the memory of one of Ogden's most honored and beloved mothers, and a wealth of beautiful floral tributes silently evidenced the love and esteem in which she was held in the community.

The services were commenced at 12 o'clock, Bishop John Watson presiding. Members of the Ogden Tabernacle choir

Manager, E. A. Larkin, Telephone 128-k.

Advertisements for the Daily, Saturday and Semi-Weekly News accepted on the same terms as at the Salt Lake office.

Circulator, John J. McGregor, 226 Wash. Ave. Ind. Tel. 131. Office with Lambert Paper Co.

Payments for the Daily, Saturday and Semi-Weekly News should be made to the circulator. Delivery made by carrier on the same terms as at Salt Lake.

He admonished the family to follow in the footsteps of their mother and never forget that she was engaged in God's work, and was true to the end.

"O Love Divine" was rendered by Tillie Hancock and Earl West. Elder C. W. Penrose endorsed the eulogies of President Smith, and said it is a blessed thing to know God is near under all circumstances. That which is called death is but a change through which mankind passes the portals into Heaven. Real death is departure from the living God and banishment from His presence. He felt that Sister Burton had but gone before, and if her loved ones are faithful they will join her again.

Miss Myrtle Ballinger and choir sang, "I know that my Redeemer lives." Benediction was pronounced by Patriarch John Smith. Interment took place in the Ogden city cemetery, Elder H. C. Jacobs officiating at the grave.

Mrs. Burton was the daughter of Mr. and Mrs. Joseph Fielding. She was born in England Feb. 8, 1841. With her parents she came to Nauvoo and in 1848 emigrated to Utah. Nov. 2, 1861, she was married to Wm. W. Burton, who, with her three sons and two daughters survive her.

were numerous and beautiful. A large funeral cortege followed his remains to their last resting place. Elder Walter E. Heller dedicated the grave.

PLANS FOR SCHOOL BUILDINGS.

The county board of education let the contracts for the plans and specifications of the new school buildings at Hooper and Plain City to F. C. Woods and J. A. Smith, each of whom will prepare plans for one building.

The buildings committee recommended that the surplus school property in Hooper be disposed of, and the same was adopted.

On the recommendation of the superintendent the board decided that there would be no mid-year entries at the school unless names are included in the census. This has reference to beginners desiring to enter the schools at mid-year.

The enrollment report of Supt. W. N. Peterson showed an increase of 521 since the beginning of the school year in September last.

\$50,000 CONSTRUCTION COMPANY.

Articles of incorporation were filed with the county clerk by "The J. P. O'Neill Construction company."

The company is incorporated for a period of five years. The capital stock is \$50,000, divided into shares of \$100 each. The purpose of the new corporation is to carry on a general construction business. The officers are: J. P. O'Neill, president; D. A. Smyth, vice president; A. R. Heywood, treasurer and G. Porter, secretary. These with Jenny H.

speet to Church authorities, with reference to stake and local authorities.

Marriage licenses have been issued to the following couples: Reuben Christensen, 41, of Gunnison, and Sarah E. Breckenridge, 35, of Provo.

John W. Blanchard, 25, of Springville, and Sanova M. Swearingen, 18, of Trenton.

DEATHS.

Mrs. William H. Seegmiller and her son William A. Seegmiller, of Richfield, passed through Provo yesterday for Heber to attend the funeral of Mrs. Albert Seegmiller, who died at Heber Friday from an external cancer.

From this city Mrs. A. F. Accord, Mrs. Seegmiller's daughter, accompanied Mr. and Mrs. Seegmiller. Mrs. McMullen was born in Salt Lake City, September 13, 1856. She leaves a husband and seven children and numerous other relatives.

Funeral services over the remains of the infant son of Mr. and Mrs. Geo. E. Ross were held yesterday at the home, 717 South Main street, at 10 o'clock morning, and only lived a few hours.

GARDEN CITY NOTES.

Judge M. M. Warner was down from Salt Lake on legal business Saturday. Bishop P. S. Spaulding, of Salt Lake, preached in the Episcopal church, here, yesterday.

The Farmers' association met in the court house Saturday, and transacted routine business. Deputy County Fruit Tree Inspector Francis A. Play, gave an instructive talk on spraying.

George Christensen, a student at the Brigham Young university, has left for Golconda, Nevada, where he will engage in sheep shearing.

Thomas W. Allen has been appointed a special policeman for the second ward and will be sworn in at the home of City Marshal Henry.

Prof. A. C. Lund and a company of music students of the Brigham Young university, gave a concert in Eureka and Mammoth Friday and Saturday evenings.

The Utah county horse show will be held in this city on April 13. Indications point to a large number of exhibitors and spectators.

Dr. Guy Carleton Lee will lecture in College hall on the evening of March 15 on "The True Thomas Jefferson."

On the evening of the 20th the last lecture of the course will be given by Dr. Thomas E. Green; his subject is "The Key to the Twentieth Century."

The state mental hospital has lately lost several chickens, which it is supposed had fallen victims to marauding coyotes. Traps were set for the intruders and Saturday morning a fine wildcat was secured. He measures four feet from tip to tip. Dr. Calder will have him skinned.

The former and recently appointed stake officers of the Relief society held an enjoyable meeting Friday at the home of the president, Mrs. Martha A. F. Keeler. In addition to the stake officers here were present Presidents John Keeler and Holbrook of the stake presidency, and Mrs. Ida Smoot Dusenberry of the general Relief society board. Congratulatory and encouraging speeches were made and vocal and instrumental selections rendered. Refreshments were served.

The county is now without any inmates for the first time in several years.

County Fish and Game Warden Jones and Deputy Sheriff Barnett will go to Springville this evening to organize a fish and game protective association.

Dr. J. H. Talbot, of Salt Lake, preached last evening in the Methodist church.

Walter Cox has invented a combined carriage shaft coupler and supporter and has filed application for patent. The appliance is very simple and effective. Mr. A. F. Ahlander of this city, an experienced carriage builder, states he considers it the best coupler and supporter that has ever come under his notice and has made and arranged for its use in his vehicles manufactured by his company.

BOUNTIFULL.

ANOTHER PIONEER GONE.

AGRICULTURALISTS AT B. Y. U.

Successful Course Concluded—Court Business—Garden City News.

Special Correspondence.

Provo, Utah Co., March 12.—In the Fourth district court the case of the state vs Payson City has been dismissed on motion of District Attorney Houtz on the ground of insufficient evidence to convict. The case was brought on a charge that the city had turned the water out of a certain canal, and thus caused the death of a number of fish. Attorney Houtz was of the opinion that the act was that of a city official, for which the city was not responsible.

In the case of Spanish Fork Co-operative Institution vs Thomas Edwards Sheriff Harmon has been directed by Judge Booth to give a deed for certain real estate sold under an execution by former Sheriff George A. Storrs, the time for redemption having expired.

Alfred Niels Andersen, Jr., of Provo Bench, a native of Denmark, has been admitted to citizenship. Judge Booth is holding court in Heber today.

AGRICULTURE AT B. Y. U.

Friday the very successful special course in agriculture of four weeks, given by the Brigham Young university for farmers, closed. The attendance was much larger than was expected, when it was decided to give the course, over 200 being enrolled, and the success achieved and the appreciation shown by the students insures a similar course next season. At the closing session many of the students testified to benefits received, and remarks complimenting the students and promising continued efforts for the general diffusion of knowledge beneficial to the farming community were made by President Brigham, Mr. John A. Widtsoe and Prof. L. A. Merrill. Vocal selections by Prof. Lund and Miss Nellie Buckley were interesting features of the session.

SUNDAY SERVICES.

Elder I. A. Smoot and Prests. Holbrook and Keeler were the speakers at the Provo tabernacle yesterday.

S. S. UNION MEETING.

The regular monthly meeting of the Utah Stake Sunday School union was held yesterday in the Brigham Young university. The lessons for the coming month were considered in the department. In the superintendent department, Stake Supt. Egerton gave some instructions on the relation of the superintendents to other officers, and on the matters of proper re-

ports.

To Get More Strength from Your Food

LOTS of people are starving with a full stomach. You know, it's not how much we eat, but how we digest that makes us Strong, or Brains, or Successful. When the Bowels are filled with undigested food we may be a great deal worse off than if we were half starved for want of food.

Because, food that stays too long in the Bowels decays there, just as if it stayed too long in the open air.

Well, when food decays in the Bowels, through delayed and overdue action, what happens?

The millions of little Suction Pumps that line the Bowels and Intestines then draw Poison from the decayed Food, instead of the Nourishment they were intended to draw.

This Poison gets into the blood and, in time, spreads all over the body, unless the Cause of Constipation is promptly removed.

"That Cause of Constipation is Weak, or Lazy, Bowel Muscles."

When your Bowel-Muscles grow flabby they need Exercise to strengthen them—not "Physic" to pamper them.

There's only one kind of Artificial Exercise for the Bowel-Muscles.

Its name is "CASCARETS," and its price is Ten Cents a box.

Cascarets act like Exercise on the Muscles of the Bowels, and make them stronger every time they force these Muscles to act naturally.

The stronger these Muscles propel the food, the stronger does the friction of the food act on the flow of Digestive Juices.

The more of these Juices that act on food, the more Nutrition does that food turn into, and the richer nourishment do the little Suction Pumps of the Intestines draw out of it.

It needs only one Cascaret at a time to stimulate all the Bowel-Muscles enough, without purging, discomfort or loss of nutrition.

So, if you want this same natural action that a six-mile walk in the country would give you, (without the weariness) take one Cascaret at a time, with intervals between, till you reach the exact condition you desire.

One Cascaret at a time will properly cleanse a foul Breath, or Coated Tongue, thus proving clearly its ready, steady, sure, but mild and effective action.

A coming Headache can be ward off, in short order, by a single Cascaret, and the cause removed.

Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feeling are sure signs of Bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, move on the Bowel load, and free the Digestive Juices, if that one Cascaret is taken as soon as the first signs are noticed.

Don't fail to carry the Vest Pocket Cascaret Box with you constantly.

All Druggists sell them—over ten million boxes a year, for six years past.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD-PLATED BUNBON BOX, hand-stamped in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded.

Send today, mentioning this paper. Address: Sterling Remedy Company, Chicago or New York.

SAY "YES"

To This Offer, and See the Good You Will Get.

Write us if you are ready to try Liquezone. Let us buy the first bottle for you. Let the product itself prove the good it can do.

You who are waiting don't know what you miss. There are plenty to tell you if you would ask; for millions have already used it. Some use it to get well some to keep well. Some to cure germ diseases; some as a tonic. You will use it as they do, when you learn what the product does. And you will then regret that you delayed so long.

What Liquezone is.

The virtues of Liquezone are derived solely from gases, by a process requiring large apparatus, and from 8 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the result is to obtain from these harmless gases a powerful tonic-germicide. The great value of Liquezone lies in the fact that it is deadly to germs, yet harmless to you. Germs are the product, when absorbed by them, stops their activities. We publish an offer of \$1.00 for a disease germ that it cannot kill. But to the body Liquezone is exhilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquezone is a tonic.

We Paid \$100,000.

For the American rights to Liquezone, after hundreds of tests had been made with it. After its power had been demonstrated, again and again, in the most difficult germ diseases. Then we spent, in two years more than ten times that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove, at our cost, how much this product means to you. Let Liquezone itself show how wrong it is to suffer from a trouble that it cures.

Germ Diseases.

Most of our sicknesses, in late years, have been traced to germ attacks. The list of known germ diseases now numbers about one hundred.

Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result, such diseases call for Liquezone—not drugs, which can't kill germs.

Every germ attack, no matter what its symptoms, calls for a germicide. The mildness of Liquezone makes some of its results seem almost incredible. But in that mildness lies the power that germ diseases need. And diseases

which have resisted medicine for years often yield at once to it.
