

## NEW ASSOCIATION ELECTS OFFICERS.

Manufacturers Get Together and  
Discuss the Outlook for  
Success.

## DEPENDS ON FREIGHT RATES.

Adopt Articles of Incorporation and  
Conclude to Get Right Down  
To Business.

About 200 citizens of Salt Lake gathered at the Commercial club last night, to inaugurate the forward movement for Salt Lake and Utah. The business of the evening was the formation of a permanent organization, and it went through with dispatch and harmony, although there was considerable discussion on minor points.

The election of a directorate followed speeches on the general field by C. H. Hewlett, John Q. Critchlow, and Manager Fisher Harris of the Commercial club.

In the election there were 24 candidates nominated to fill 15 positions on the board of directors, and the board in a meeting after the general assembly had adjourned, elected the following officers, to serve for one year:

President—Orson H. Hewlett.  
First Vice President—George S. McAllister.  
Second Vice President—Leon Sweet.  
Secretary—C. R. Cleveland.  
Treasurer—C. O. Harris.

## DIRECTORS CHOSEN.

In the election for directors it was agreed that the 15 receiving the highest votes should be elected, and that the five highest should serve for two years. Those elected for the two-year term were Orson H. Hewlett, Leon Sweet, C. O. Harris, J. G. McDonald, and George Austin. For the one-year term the following ten directors were chosen: Nephi L. Morris, J. R. Valentine, H. E. Deardorff, G. R. Cleveland, John R. Bruff, H. J. Fawcett, Geo. S. McAllister, Geo. E. Whitaker, J. M. Marriott, and Albert Fisher.

The board of directors will now go rapidly forward with the work before them. The first estate association has been formed, rent free, the use of office space at its Second South street headquarters for one month, and the offer will be accepted. Tonight at the Commercial club the directors will meet and select an assistant secretary, who will have active charge of the office of the association, and will be a salary official. A number of letters of inquiry have already been received, which are awaiting answer.

## SITUATION DISCUSSED.

The general discussion preceding the election of officers was spirited and showed a very lively interest in what was going forward.

Fisher Harris called the meeting to order, and in a brief way sketched the situation in Utah and reminded the gentlemen present that much had already been done to advertise Salt Lake, and that in its live Commercial club and Real Estate association, it has factors already doing much to promote its growth. "Salt Lake," he said, "has its knockers, but every man in Salt Lake should join this new association, there would sure be a new crop of knockers move in."

## ORSON HEWLETT'S REPORT.

Orson H. Hewlett was called on for a speech, and told of his Denver trip, and what he found going on in the Rocky Mountain country. He said that at the base of the hope for Utah's future lay the question of freight rates, and that he was not concerned with the fact that the railroads would dump in a lot of freight to clog the market at a minimum rate, and this kill the new concern at its first few months of existence. He favored an understanding with the railroads on the matter of freight at an early date. He suggested an auxiliary organization of women who would boost for home industries, and pointed out that new manufacturing concerns helped all classes of men by making a big pay roll, and a demand for homes. Mr. Hewlett presented the report of the committee on membership, which was not altered from the plan as already published.

## ARTICLES ADOPTED.

His report was followed by a report from Mathoniah Thomas on the question of permanent organization. He presented articles of incorporation, which were adopted with slight amendments. They provide for a corporation with \$10,000 capital, divided into shares of the value of \$1 each, no corporation or individual to be allowed to own more than one share. The board of directors, or a quorum of five members of them, may contract indebtedness up to 10 per cent of the capitalization.

## OBJECTS OF ASSOCIATION.

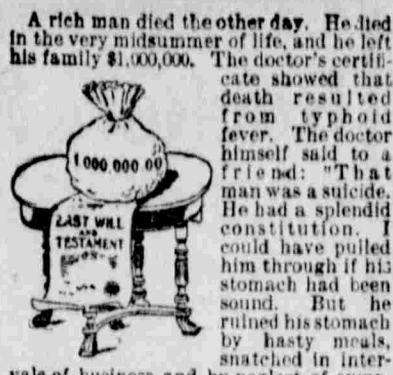

The objects of the organization are set forth as follows: "That the purposes for which it is formed are to encourage the manufacture and production, distribution and consumption of Utah products of all kinds; to foster and promote all the industries of the state that have for their object the development of the natural resources thereof—agricultural, horticultural, viticultural and dairy products—and to induce citizens of this commonwealth to aid in all possible ways in the development and promotion of all industries that may be successfully carried on, to the end that the intermountain region may become what nature intended it to be, not only a great mart of foreign commerce, but the seat where diversified industries are carried forward to a successful issue."

## ENTERTAINED HERE.

Painters and Decorators Stop Off En Route to Memphis.

The California delegation of painters and decorators, 23 in number, to the national convention to be held at Memphis, Tenn., spent part of today in this city, en route east, and was handsomely entertained by the Salt Lake Union No. 7. The visitors were taken about the town in sight seeing automobiles, afterwards feasted, and left on the afternoon Rio Grande train. The personal of the party is as follows:

H. D. Belg, W. J. Robinson, C. M. Hayes and wife, George T. Boven and wife, W. J. O'Brien, A. F. Imperial, T. Bayless, San Francisco; W. H. Badger, and Stockton, Cal.; E. P. Dowd, Petaluma, Cal.; C. A rich man died the other day. He died in the very midst of life, and he left his family \$1,000,000. The doctor's certificate showed that the death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, dressed ailments, snatched in intervals of business and by neglect of symptoms which have been warning him a year past that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour rising, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness, depression. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite beautiful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Tulsa, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your Golden Medical Discovery and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

These ORIGINAL Little Liver Pills, first put up by Dr. J. C. Pierce over 40 years ago, have been much imitated but never equalled. They are made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots, and they speedily relieve and cure liver, stomach and disordered stomachs, and their attendant distressing ailments. One or two laxative, more or less a cathartic.

## TOO LATE TO RECALL SAWYER REQUISITION.

Gov. Cutler has refused to recall the requisition for the return to Canada of P. B. Sawyer, who is in custody at Ogden. The papers were honored by the Governor on Monday and yesterday J. C. Davis, one of defendant's attorneys, called on the governor and requested him to recall the papers so that he could be heard in the matter. Gov. Cutler stated that it was too late to recall the papers and reopen the matter.

## THANKSGIVING SERVICES.

City Churches Arrange Special Programs for the Holiday.

Special Thanksgiving services will be held in this city tomorrow morning, in the city churches, at 11 o'clock as follows: The west side evangelical churches will hold union service in the First Baptist church, with Rev. McClain Davis to preach the sermon; the central evangelical churches will hold union service in the First Congregational church, with Rev. Dr. Padua as the preacher, and the east side evangelical churches will hold union service in the First Methodist church, with Rev. R. S. Walker as the preacher. The Episcopal and Catholic churches will have double occasion for special services, as it is not only Thanksgiving day, but St. Andrew's day, and the services will cover both. Dean Eddie will preach on "Christian Character and Good Citizenship."

The following program has been arranged for the union Thanksgiving service in the First M. E. church tomorrow morning:

Voluntary

The "Christian Science" church will hold services also, suitable to the day and occasion.

## A LITTLE SPOONFUL

Better Than a Piece of Meat Big as His Hand.

"I can do more hard work on one little spoonful of Grape-Nuts than I can on a slice of meat as big as my hand."

It was this remark, made by a neighbor who is a conductor on the Santa Fe Railroad, that first induced me to try Grape-Nuts food; and now that I have tried it I am quite with him in his high appreciation of what I regard as the most perfect food production on the market today.

The letter comes from Wellington, Kas., and the writer continues: "My neighbor said he was worn out from working nights and eating all kinds of stuff at all hours of the day and night, until his condition compelled him to take a 'lay off.' Then he began to eat Grape-Nuts, and says that from that moment his strength rapidly returned to him. He is now working 11 hours a day and does not feel it."

"I was glad to tell you, for I had been suffering for a long time from stomach trouble which came from food that was not suited to me. I had been compelled to give up my housework for a time, and that was a great hardship to me, for I hate to have a hired girl around the house."

"Very soon the benefits of the change in my diet began to manifest themselves; my stomach was restored; the Grape-Nuts seemed to go right to work to putting it in order again, and now I can eat anything. My strength came back to me, and in a little more than a month I was able to let the hired girl go. For more than 3 months now I have been doing all my housework, and you will understand that this is no small matter when I tell you that I have a family of six to do for, my oldest being 9 and my youngest only 5 months."

"I actually feel better, doing all that work on Grape-Nuts food, than I did in the years I ate greasy food and had a girl to take the modern 'off' of me." Name given by Postum Co., Battle Creek, Mich.

## DR. ILIFF MAKES RASH STATEMENTS

Takes Occasion to Misrepresent  
The "Mormon" People to  
Pennsylvanians.

## V. S. PEET PROMPTLY REPLIES

Points Out the Falsity of His Position  
And Offers Rewards for Information.

The Wilkesbarre News, in its issue of Nov. 14, contained an interview with Rev. T. C. Iliff, in which he charged, among other things, that more polygamy was practiced in Utah at the present time than at any former time since the manifesto. He also indulged in rash predictions on the outcome of the Smoot case and took occasion generally to misrepresent and vilify the "Mormon" people.

The article caught the eye of Mr. V. S. Peet and he promptly made the following reply through the Wilkesbarre Times:

## MR. PEET'S REPLY.

I notice in the News of Nov. 14, an interview with Dr. T. C. Iliff, a traveling lecturer for the Methodist church Extension society. Dr. Iliff also has a lecture which he delivers on Utah and the "Mormons." His lecture on the "Mormons" he does not give when he knows there is anyone present who knows about his subject, for fear he will be called down for falsifying. Dr. Iliff stated to the News reporter "That at the present time, more polygamy is practiced in that State (Utah) than at any former time since the manifesto was issued against it by the 'Mormon' Church. He also stated that the crime of polygamy is spreading to adjacent states and territories, corrupting public morals and hindering the American home."

I will say to the Rev. Dr. Iliff or the editor or reporter of the News or to anyone else if you can show by any reasonable proof that the above quotation from Dr. T. C. Iliff is not a slanderous falsehood I will donate to the one who produces such proof or to anyone else who may designate the sum of \$2,000, two thousand dollars (2,000). The statement has been made by Dr. T. C. Iliff, Dr. S. E. Wishard and others, that plural marriages have been performed by the "Mormons" since Sept. 29, 1890. I will say if reasonable proof can be made to show that if even one plural marriage has been performed or sanctioned by the "Mormon" church since that time, I will pay \$1,000 for such information.

## THE KEARNS VICTORY.

Dr. Iliff also said in his interview that "The 'Mormon' ticket was defeated in Salt Lake City by the American party at the election of last Tuesday." This is the first information that I have had that the "Mormons" had

## Dainty Foods Demand It

IN EVERY Receipt that calls for cream of tartar, soda, or baking powder, use the Royal Baking Powder. ticket in the field in Salt Lake City. I will say to Dr. Iliff or any one else if you can show that the "Mormons" had a ticket in the field in Salt Lake City since Utah became a state, or if it can be shown that Joseph F. Smith, since he became president of the "Mormon" Church, has dominated or interfered with in any way the political actions of any individual or party, I will give \$1,000 for such information.

The people of Utah know nothing of the alleged conditions as stated by the above preachers, lecturers and missionaries. If their stories are true the good people of Utah want to know it and are willing to pay for the information. If they are not true, these Utah slanderers should be exposed.

## GOOD BACKING.

If anyone wishes to produce proof and claim the rewards I have offered they can obtain information in regard to my financial standing as well as that of the people who are backing me by writing or calling on William H. Capwell, editor of the Dallas Post, Dallas, Pa. I want to say to the readers of the Times that the people of Pennsylvania have been humbugged enough by people under the guise of Christian missionaries who go through your state on a campaign of slander and grab with a collection box in one hand and anti-"Mormon" lecture in the other. The next time one comes along loaded with so much information ask him why he did not go before the Smoot investigation at Washington, D. C., although Uncle Sam was willing to pay all their expenses and a good salary besides.

Reports Show Increased Membership  
With Excellent Prospects.

At yesterday's annual session of the Grand Encampment of Odd Fellows, there were 20 delegates present from different parts of the state. The reports showed an increase in membership, with good prospects for a further increase of encampments in the near future. The total membership throughout the United States was reported to be 1,509,621, and the total amount paid in benefits during the year \$941,089. The following officers were installed:

H. N. Standish, grand patriarch; W. J. Rosevear, grand high priest; Dr. W. W. Cook, grand senior warden; David Lemon, grand junior warden; A. T. McCann, grand scribe; S. McLease, grand treasurer; M. M. Beaver, grand representative for two years.

The retiring patriarch, Rev. P. A. Simpkin, was presented with a P. G. P.'s jewel.
