GOLD MEDAL

has been awarded at the Paris Exposition of 1878

J. & P. COATS,

for their best Six-Cord Spool Cotton, conforming the estimate placed upon their goods at all the World's Expositions, from that at London, 1862, to the Centennial Exposition of 1876, where they took a diploma for "SUPERIOR STRENGTH AND EXCELLENT QUALITY."

The Second Prize of a Silver Medal was taken by the Williamite Linen Company, which claims to be the special champion of American industry, and which has extensively advertised a Grand Prize at Paris.

NO GRAND PRIZES were awarded for Spool Cotton at PARIS!

Messrs J. & P. Coats have established in Pawtucket, R. I., the largest Spool Cotton Mills in the United States. Every process of manufacture, from the raw cotton to the finished spool, is conducted there. Their American-made Spool Cotton took the award at the Centennial, and while they have never claimed special merit for their American-made Spool Cotton over that manufactured in their Scotch Mills, we have the satisfaction of announcing that they have so identified themselves with this country, that

AMERICA, as represented by J. & P. COATS, is still AHEAD IN SPOOL COTTON.

PURIFY THE LIFE CURRENT. SCOVILL'S Blood AND Liver Syrup

A PEERLESS REMEDY FOR Scrofula, White Swellings, Cancer, Erysipelas, Chronic Sores, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,

And all Diseases indicating an IMPURE CONDITION OF THE BLOOD. Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that

Scovill's Blood & Liver Syrup completely cures such disorders. If the virus of scrofula does exist in the veins, this matchless purifier will root out every vestige of it. No eruptive malady, be it scrofulous or otherwise, can resist the purifying action of this safe and potent remedy, which renders the skin

CLEAR, SOFT AND BEAUTIFUL, when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurant secures the desired result. From

THE ARRAY OF PROOF of its reliability in our possession, we make the two following condensed extracts:

Mr. Samuel H. Matthews, Molestown, Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its head, face, arms, feet and legs, converting them into "nearly one solid sore," but that two and a-half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone sloughed away, but by the time he had finished the twenty-fourth bottle of the Syrup he was completely cured.

THIS GRAND REMEDY is a compound of vegetable extracts, the chief of which are

Sarsaparilla and Stillingia.

The cures effected by Scovill's Blood and Liver Syrup are absolute, and their record is undisfigured by failure. For sale by all Druggists.

Price, \$1.00 per bottle.

A GOOD PLAN

The most profitable plan for operating in stocks is that of uniting capital of various sums by combining or pooling the orders of thousands of customers, and using them as one mighty whole, which has been done so successfully by Messrs. Lawrence & Co., Bankers, 57 Exchange Place, N. Y. City. By this co-operative system, each investor is placed on an equal footing with the largest operator, and profits are divided pro rata among shareholders every 30 days. An investment of \$10 would pay \$50, making 5 per cent on the stock during the month. \$25 would return \$150, or 6 per cent; \$100 would make \$1,000, or 10 per cent; and so on, according to the market. Frank Leslie's Illustrated Newspaper, June 29th, says: "The Combination method of operating in stocks is the most successful ever adopted."

New York Independent, Sept. 12th, says: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co."

Brooklyn Journal, April 29th, says: "Our editor made a net profit of \$101.25 on an investment of \$20 in one of Messrs. Lawrence & Co's combinations."

The firm's new circular (copy) is mailed and sent free contains "Two unerring rules for success in stock operations," and explains everything. All kinds of Stock and Bonds wanted. New Government Loans supplied. Best references. Address, LAWRENCE & CO., Bankers and Brokers, 57 Exchange Place, New York City. w40
