THE PROCESSION STARTS.

The king and the others then mountand the procession started.

The procession, apart from the gun carriage bearing the coffin and the royal family and official mourners about it, was not noteworthy. Parliament, the judiciary and the commercial bodies were not represented. Royalty, the army and navy, monopolized the pageant. Three thousand soldiers and sailors, picked companies representing ail branches of the service, cavalry, artillery, infantry, yeomanry, militia vol-unteers and colonials, formed the advance escort. They marched slowly and without music. Most of the uniforms

were covered with dark overcoats and the standards were draped with black, the officers wearing bands of crepe their gloves. The infantry marched in columns of four, with rifles reversed. They were half an hour in passing.

Then came Field Marshal Earl Roberts and his staff, and after them, four massed bands playing funeral marches, THE BODY OF THE QUEEN.

TWO PRISONERS PARDONED.

This afternoon Mayor Thompson bardoned two prisoners who have been serving terms in the city jail. Their names are J. A. Steele and J. C. Smith. They were arrested several weeks ago by Detective Sheets for working "surething" grafts, and Judge Timmony gave them 60 days at labor. Mayor Thomp-son granted them their liberty with the son granted them their liberty with the understanding that they would leave town immediately. They were glad of the chance and are now on their way out of the State.

WOULD NOT LEAVE TOWN.

At a late hour this afternoon, Josie Robinson, a notorious woman of the town, was arrested by the police and locked up in the city jall. The woman was recently sentenced to serve 60 days for vagrancy, but was pardoned by the Mayor on promise to leave the State. This she failed to go, hence her ar-rest. She will now finish her sentence.

The regular weekly meeting of the Salt Lake Millers' association was in session at press time, and the perplexing problem of "cutting prices of flour" is being discussed, and some millers, who were seen, are in hopes that a rea. sonable, staple price will be agreed on by all the members. It will be remembered that Majors was tried before Judge Hart and a jury in May, 1899, and found guilty of murdering Captain Brown, of the Ogden police force, while resisting arrest in the mountains east of Brigham City in the spring of that year,

SENTENCED TO BE SHOT.

The accused was later sentenced to he shot by the sheriff of Boxelder county on July 7, 1899. The defendant, however, appealed from this verdict, but the supreme court on the 2nd of July last, affirmed the judgment of the lower court, and entered an order commanding said sheriff to execute the judgment of the district court, by shooting young Majors, on August 17, 1900.

BIAS ALLEGED.

Before this date had arrived, however, the defendant, through his attorneys, moved Judge Hart's court to set aside the judgment, upon the grounds that two of the jurors, at least, who previously sat upon the case and united in the verdict, were blased, in that they had expressed sentiments to the effect that they wished the officers would kill Majors before bringing him in, and save | Bartch,

Around the coffin walked the stalwar earers, non-commissioned officers o the guard and household cavalry, and on either side were the queen's equerlords in waiting and physicians All the uniforms were covered with long dark cloaks. The spectacle was so quickly past

that the spectators hardly realized it or had time to bare their heads, or comprehend the details, when a group of magnificently attired horsemen, with sparkling belmets and coats mounted
