LOCAL BRIEFS.

The Swedish Lutherans of Park City propose to build a church in the big mining camp very soon.

Rev. Charles A. Lewis, a recent graduate of Ohio Wesleyan college, has been appointed to the Methodist work in Provo.

At the coming annual conference of the Methodist church in Utah, at Ogden, the mission churches in Salt Lake will be formed into circuits or half stations, with one pastor for two congregations.

Prof. Elwood Mead states that the department of agriculture has secured 29 acres in Cache county for three years, on which to experiment in soil, drainage, various cereals, roots, grasses, etc., will be planted, and tests will be made in getting rid of alkali.

It is reported that Senator Kearns will erect a \$100,000 business structure on East Temple street, the premises now occupied by J. P. Gardner, Rowe & Kelly and Mrs. B. F. Deal; and that the Tribune will be removed either in two years on the expiration of its lease of the building owned by P. H. Lannan.

Water Commissioner J. Fawson Smith, Jr., finds valley farmers so elated at their having been able to get 400 second feet of water all through this season—some have even had crops before, that they are inclined to be independent about co-operation with Uncle Sam in the greater irrigation project.

Troop A has now a captain. At last night's meeting, First Lieut. A. J. Selig, Jr., was elected captain to fill the vacancy caused by the resignation of Dr. Uhlmann; Second Lieut. E. L. Bourne was chosen first lieutenant, and First Sergeant George Gardner was made second lieutenant.

The National guard will camp at Utah lake resort, four miles west of Provo, as it is patent to the governor and Gen. Cannon that there is ample room for both the militia and the Black Hawk veterans at the resort grounds. The guard goes into camp next Monday, and remains six days, and the Black Hawk people open up Tuesday, and remain three days. A sham battle is proposed between the two forces.

A farewell reception will be given to-night, evening, in Westminster church, to the retiring pastor, Rev. John Richelson, and a good program has been prepared. Rev. Drs. Paden, Pinkerton, Simpkins and other clergymen and prominent evangelists of the city will be present. Refreshments will be served on the church lawn. Mr. Richelson leaves shortly for his new pulpit in West Virginia.

La Page, or De Ryder, who lost his life in looping the loop Tuesday night, had told but little about himself, and the authorities are having much difficulty in locating his people, if he has any. He left no address of any use and the only means at the command of the officers in the usual sending of telegrams to various chiefs of police. Meanwhile, the body is awaiting a claimant at S. D. Evans' undertaking parlors.

The members of the Liberty Park Methodist church gave their retiring pastor, Rev. L. R. Bailey, a surprise party and farewell reception Tuesday evening, at the residence of T. R. Johnson on Sixth East street. The church has prospered under Mr. Bailey's pastorate, and the Ladies' Aid society cleared nearly \$300 during the year.

year. The official board has passed resolutions thanking Mr. Bailey for his zealous efforts, and he leaves the church in good condition. He goes next week to Lander, Wyo.

BATHROOM PEEPER NABBED

Saltair Employees Saw Him and He Was Promptly Placed Under Arrest.

Deputy Sheriff Isaac Emery arrested Clyde Yarrowbough, a man recently from Thunder Mountain, last evening at Saltair for peeping into a bathroom. The man was caught in the act by some of the employees and the deputy was immediately notified and arrested the man.

The Saltair management has had more or less trouble with these peeping Toms who take great delight in peering through the cracks and holes between the bathrooms while the occupants of the rooms are dressing or undressing. Considering the great number of bathers they have some days it is remarkable how they have kept the peepers and their offenses down to the minimum number. Employees are constantly on the lookout for them and the danger of being caught has become very great.

WESTERN MARKET LETTER

Kansas City, Mo., Monday, Aug. 15.

The worst break of the season on killing steers came last week. Coarse heavy horned cattle lost most, and best grass steers lost, but declines ranged from 10 to 60 cents. The week closed with some signs of strength, and market today is active, and prices about 10 cents higher. There was a good demand for cows and heifers, which kept them from losing anything. Stockers sold about steady, feeders strong. Runs are light today, and prices strong on most stuff, some range steers 10 cents higher. Some good heavy western grass steers sold at \$4.10 to \$4.20, for straight grass stuff, Panhandle 3s and 4s sold at \$3.60 to \$3.80, \$5.00 to \$5.20 pounds. Best range cows sold at \$2.25 to \$2.80, with heifers a little higher. Canners are not much wanted yet. Stockers sell at \$2.75 to \$3.75, and plain feeders around \$3.00, with best range feeders at \$2.50 to \$3.00. Calves sold lower last week than ever for the common ones, fair to good ones sold at \$3.00 to \$4.00 for stock grades, and up to \$4.50 for veals. Illinois, Iowa and western Missouri will have a good crop of corn, and inquiry from there is picking up for feeding cattle.

Sheep receipts are better, and market is lower. Much of the stuff is poor quality, and sells slowly. Prices are 10 to 25 cents lower than a week ago, and market today is weak. Western lambs sold at \$5.50, vethers sold at \$3.55 last week. Nevada yearlings at \$3.75, and western sheep generally come within these limits. Orders have been held here for stock and feeding stuff for a long time, but practically nothing of the kind is coming.

PASSING OF A PIONEER.

Lyman Stephen Wood Dies at His Home in Springfield, Utah.

Lyman Stephen Wood, one of Utah's pioneers, and a highly esteemed resident of Springfield, died at that place this morning at 3:30, of old age and general debility, surrounded by his family. He was one of the few of those devoted men who have lived to see the state change from a barren and uninviting waste, dominated by wild animals and the no less wild Indian, to its present wonderful condition of development. In this great transformation of the great desert into a garden of flowers and fruits, Mr. Wood's life and his life has been inseparably associated with the growth and development of Utah.

Deceased was the son of Gideon D. and Hannah Daily Wood, and was born in Huron county, Ohio, April 11, 1832. In 1849 he went with his parents to Nauvoo, and in the spring of 1846, they left that city and went to Council Bluffs, where they remained until the spring of 1848, at which time they joined a company of 630 wagons, starting from where the city of Omaha now stands, and began the long, tedious journey across the plains. They reached Salt Lake City on September 24, 1848.

Deceased was about 16 years of age when he came to Utah, and he remained in the vicinity of Salt Lake City until the spring of 1852, most of the time engaged in teaching school 10 miles from this city. In 1853 he went to Springfield and engaged in farming and stockraising, and was engaged in those industries ever since. In 1855 he also entered the mercantile business, and was connected with a number of commercial enterprises in Utah country. He was married on August 27, 1854.

SAVED TWO BOYS.

Caught in Gravel Slide and Councilmen Dug Them Out of Danger.

When Councilmen Barnes, Hobday, E. H. Davis and Preece and Land and Water Commissioner Ben D. Luce started on their trip up Parley's canyon yesterday morning to investigate the city's hay crop and the Mountain Summer Resort matter, they little dreamed that they would be called upon to do an heroic act and save the lives of two boys, who were caught in a land slide at the mouth of the canyon. But such was the case, and had it not been for their prompt action it is probable that two of the sons of Bishop A. G. Driggs would have been seriously injured, and it is not improbable that one of them would have lost his life.

The councilman party had just passed the gravel pit east of the state prison and noticed two boys playing there, when Councilman Hobday happened to look back and saw the slide. The cries of the boys were heard and at once the entire party responded to the call. Councilman Davis was the first to arrive at the pit, and his first act was to break the handle of a shovel which was pressing against the stomach of one of the boys. All hands then threw the gravel off, and after a half hour's work the boys were rescued from their perilous positions with only a few bruises. Had the councilmen not been at hand when the accident occurred, it is likely that the results would have been more serious.

TAX COLLECTION COST.

How it is Apportioned in the City and County Towns—The Figures.

According to a statement prepared by County Auditor Fisher the total cost of collecting the taxes of this county from Dec. 1, 1903, to May 31, 1904, was \$13,250.34, of which amount Salt Lake City will have to pay \$6,317.37 as its apportionment of said cost. Since the last Legislature passed the new law in regard to the payment of the cost of collecting the taxes the city has had to pay its portion, whereas before that time the entire cost was borne by the county. The city is now compelled to pay for the cost of collecting the city school tax, which is thought by some to be unjust, as they believe that the board of education should stand that expense.

The amount of taxes assessed during the above period together with the cost of the collections as apportioned to the county and the towns and cities is as follows:

Taxing Districts.	Tax Assessed.	Salary, Commission, etc.
State and state school	\$ 273,159.42	\$ 2,700.93
County and co. school	312,253.33	3,152.33
S. L. C. and city school	623,267.81	6,317.37
Forest Dale town	49,195	1.97
Open inspection fund	194.68	1.96
Totals	\$1,311,962.45	\$13,250.34

APPEAL TO UTAH.

Eastern Packing House Strikers Ask Local Labor Unions for Aid.

The local labor unions have been receiving urgent appeals from the strikers at eastern packing house centers, for funds in aid of the strikers and their families. But the Utah unions are not inclined to respond. The building of the Temple of Labor building in this city, the situation in Carbon county, and possibly, if not probable calls from Colorado for help will take all the surplus cash of the Utah unions; and moreover, it is claimed that the eastern strikers are in better shape to help themselves than the Utah unions.

FOR SALE—REAL ESTATE.

CARRYING VACANT LAND IS OFTEN A SHORT CUT TO BANKRUPTCY.

We are advised that many a man has been forced into bankruptcy through paying taxes and interest on vacant land. To mortgage vacant land in order to carry it alone from year to year, is dangerous financing.

Why not improve your vacant land and develop its income producing qualities?

"THE REAVIS SYSTEM" makes a specialty of supplying money to build up vacant land; does the building and allows you to pay back the building loan in monthly payments, equal to the income from the improvements. Thus the house pays for itself in a very few years. This plan has worked for the good of 150 landowners in Salt Lake and it will work wonders for you.
