

KNOX WINS THE HARD BATTLE.

Wipes James and Odell Off the Political Slate After a Long And Bitter Struggle.

VICTORY FOR SENATOR KEARNS.

Sutherland Forces Accept Their Defeat as Gracefully as They Can but Will Try Again.

REPUBLICAN CITY TICKET

For Mayor—Frank Knox.
For Treasurer—Joseph F. MacKnight.
For Recorder—A. L. Simondi.
For Auditor—George A. Sheets.
For Auditor—Joseph J. Meyers.

The long hard battle that was fought to a decisive finish in the Republican city convention last night terminated in a victory for Frank Knox, who wiped his two opponents, W. F. James and George T. Odell, off the political slate so far as the present contest is concerned at least. The struggle was a notable one and it was, after all, a victory for Senator Kearns, who backed and worked for Mr. Knox throughout every changing phase of the fight. The Sutherland forces, who championed the cause of Mr. James, acknowledged their defeat and accepted the same as gracefully as possible. However, they say there is another day coming and that old scores will have to be settled, all which means more bitter politics for this city and state. It is argued that a seat of honor is involved and that the preliminary skirmish only is over with and that the real fight is to come. What happened in detail after the "News" went to press yesterday afternoon is told as follows:

The credentials committee completed its work about 2:30 o'clock, and at 3:40 the convention was again called to order and the report was read by the committee chairman, M. R. Stewart.

DELEGATES SEATED.
None of the contests were successful and the delegations as reported in the first list of delegates were all recommended to be seated. In the contested districts the committee recommended that the following delegations be seated:

Twenty-fourth—Olof Nelson, Mrs. A. E. Riley, Joseph Nott, C. H. McQuay, A. J. Cronin, J. T. Berry, F. H. Wilson.
Twenty-fifth—State Engineer A. E. Doremus, F. A. Olsen, J. D. Hageman, J. H. Garrett, H. B. Hancock, J. D. Harrison, J. R. Morris and Tony Wheeler.
Twenty-sixth—Joseph Mellin, George Reach, H. D. Johnson, H. Bouck, Joseph Matthews, William Kemp and C. Clighorn.
Twenty-seventh—P. J. Anson, J. C. Sharp, W. D. Ritter, A. B. Irvine, R. B. Harkness, Charles Staines, James Saline, Jr., one vote each; Thomas Weir, W. M. Wantland, T. W. Whitely, J. H. Richards, Joseph Lippman, J. E. Danner, Mrs. V. H. Peace, Bryant Young and Ed Milford.

Continuing, the report read:
"In the matter of proxies we recommended that the person holding the proxy shall be a resident of the district for which the proxy is good."
"In the absence of any member of a delegation without a proxy on file with the delegation, we recommended that the delegation be authorized to cast the full vote of the delegation."

REPORT ADOPTED.
The committee's report was adopted. The committee on permanent organization and order of business then submitted its report which was also adopted.

Temporary Chairman Holmes then introduced Parley P. Christensen, the permanent chairman, who was greeted with a round of applause. Mr. Christensen acknowledged the honor and then proceeded to read the report of the committee on platform and resolutions, which appears elsewhere in this column. The report was received with the usual demonstration of approval. City Auditor Reiser asked that the plank in regard to railroad franchises be read again. His request met with disfavor from a large number of delegates, but Chairman Christensen restored order and requested Secy. Ritter to read the plank for the benefit of the city auditor. The report was then adopted unanimously.

SOME ARITHMETIC.

The chairman then wanted to know that agreement had been reached by the convention as to the number of votes necessary to nominate the candidates. District-Attorney Elchorn said that he was not much of a mathematician and would like to know how many votes would constitute a majority of the convention. James H. Anderson secured the floor and stated that there were 511 delegates and that three of a vote each were entitled to 2-3 of a vote each, and hence 255-2/3 votes would be a majority of the convention. These figures were finally accepted as necessary for a nomination.

JAMES NOMINATED.

After the chairman appointed two assistant tellers, to avoid any possible lagging of votes, as he stated, nomination for mayor were declared in order. E. M. Allison was the first man recognized by the chair. He commenced his speech by saying: "Mr. Chairman, I nominate W. F. James for mayor." The demonstration which followed the nomination of Mr. James' name lasted for several minutes. Mr. Allison then proceeded to outline Mr. James' record for the past 20 years down to show wherein he had rendered valuable assistance to the mining interests and had made a good record in the city council. He closed by saying that his candidate's character and record were beyond reproach and that he was too well known to need any introduction.

HOLMES NAMES KNOX.

After the applause had subsided and there had been several seconds of silence, Chairman Christensen announced that if there were no more nominations the convention would proceed to ballot. This was the signal for G. S. Holmes to present the name of Frank Knox as his candidate's sterling qualities as a business man and a man who is capable of coping with the difficult problems which are constantly arising in the government of a city which is growing so rapidly and is as prosperous as Salt Lake City. He stated that if Frank Knox were elected he alone could be mayor of this city and no one else. The applause which greeted Knox's name was far more deafening and demonstrative than that which greeted the first nomination.

ODELL'S CLAIMS.

Elmer B. Jones presented the name of George T. Odell. He told of his candidate's business connections in the city, how he has assisted in the growth of the city for the past 20 years and how he would, if nominated, unite the party and promote harmony in its ranks. He appealed to Odell's friends to stand by him and nominate, thus insuring victory at the polls. The applause which followed the speech was anything but assuring to the Odell followers.

AN HOUR OF BALLOTING.

After the second speeches were made the convention proceeded to balloting. It took about an hour to cast the four ballots which were necessary before a majority was obtained for the successful candidate.

KNOX GETS THERE.

When the evening session was called to order the official vote on the final ballot was announced, and, upon motion of Elmer B. Jones, the vote was made unanimous.

SPEECH OF ACCEPTANCE.

G. S. Holmes then presented Frank Knox, who made a brief speech of acceptance as follows:
"In accepting the great honor and the many responsibilities you have conferred upon me, and in acknowledging my deep appreciation and gratitude to those who have so loyally supported me, I only want to say at this time that should I be elected mayor of the City of Salt Lake I shall devote myself to serving all the citizens and taxpayers alike in the work of developing and upbuilding our municipality."

HON. FRANK KNOX, Republican Nominee for Mayor.

THE REPUBLICAN PLATFORM.

The Republicans of Salt Lake City, rejoicing in the progress, prosperity and pre-eminence of the United States and its people under Republican policies, believe that those policies, good and eminent as they have been for the country at large, are quite as good for this city and its inhabitants. And, as the regeneration of the industries and business of the country was brought about by Republicanism, so the surest means of securing prosperity and growth at home is by the application of Republican principles in our local affairs.

The Republicans of this city emphatically endorse the course and commend the acts of Mayor Ezra Thompson. He has done his full part in striving for the upbuilding of the city, the energetic development of its natural resources and the addition of the needed reinforcement of its water supply. They recognize in him a stalwart Republican, a progressive citizen, a competent official and a man faithful to all his obligations.

The progressive Republicans of this city see a glorious future opening out before Salt Lake, a growth and progress which demand the fostering care and friendly aid of the only progressive party there is. They see the things that should be done and are prepared to do them. They know that an increase of the city's water supply is imperative if we would have the growth for which we hope and which is plainly in view; that more streets must be paved, more general improvements made and a welcoming hand extended to investors and prospective settlers among us. They congratulate the city on the prospect of added railroad facilities, the new railroads being built and the added track and splendid new depots which the companies under their recent franchises have agreed to build.

Salt Lake City, founded by the foresight and energy of its first settlers, adorned and embellished by the mines and have turned rich and boundless streams of silver, gold and other metals from Utah's mines into the marts of commerce, making princely returns year by year, is already the metropolis of the basin and west mountain country and is destined to be one of the greatest and most famous cities of the earth. In Republican hands this glorious will be speeded and in the hands of progressive Republicans the basis of development will be laid so firm and sure that there will be no turning back.

We pledge the Republican administration to honestly and faithfully enforce all the laws and ordinances of Salt Lake City, without fear or favor.

We pledge the Republican city administration to secure an uncontaminated water supply commensurate with the future growth and development of Salt Lake City at the earliest practicable time.

The welfare and advancement of Salt Lake City is the paramount issue in this campaign. The voice, the traditions, the example and the unflinching acts of the Republican party are all for the progress that is needed, all for the strenuous effort that is to put this city firmly on the broad highway of progress that will bring it to the pinnacle of its highest hopes and destiny and crystallize these into the cold facts of actual achievement.

Asking the public to join with us in this grand march forward which it is now open for this city to make, the Republicans of Salt Lake pledge to the public service their faithful energies, their untiring zeal and the certainty that under their enlightened control all good results are sure, and the forward movement will become a triumphant march. The watchword is prosperity and progress and on this motto the Republican party firmly takes its stand.

"I believe in Salt Lake City. We have native and virgin resources sufficient to make a substantial metropolis. But we need and must have the assistance of not only our citizens, but especially our city government."

"In this work there should be no party partisanship, no division of any character. Millions of money, scores of desirable enterprises and thousands of people are knocking at our threshold. We should extend to them a welcoming hand. As mayor of Salt Lake City it will be my maxim at all times, 'Stand up for Salt Lake; advocate our advantages.'"

"We need and must have an ample supply of water, street improvements and all artificial attractions necessary to make this the greatest, as it is now one of the greatest, tourist cities in our country. We must also provide for sanitation and the health of our people."

"We have adopted a platform which enunciates my political beliefs and my ideas of city government. Cordially endorsing that document, it is not necessary for me at this moment to take your time in an elaboration of my individual ideas and principles. I am not a man of words."

"I trust that I may prove to be one of action and acts which will contribute to our general advancement and welfare."

"While it will be my aim to serve all the people and their interests first, I would not conceal from you the fact that I am a Republican and advocate firmly the principles and policies of that party, and I hope that I may have the support of all who represent this party, and I hope to receive and retain the confidence and support of all who believe in the future of our city. I believe in the future of our city. I believe in the future of our city. I believe in the future of our city."

ination by Fred Lawson. Attorney W. R. Hutchinson was nominated by Glen Miller. Nye received 29 2-3 votes and Hutchinson 211 1-3. Mr. A. Douberty moved that the nomination of Mr. Nye be made unanimous, which motion carried.

MYERS FOR AUDITOR.

H. E. Jenkins was placed in nomination for city auditor by A. B. Irvine. Lester D. Freed presented the name of Joseph J. Myers. The latter received the nomination on the first ballot by a vote of 29 2-3 to 211 1-3.

CITY COMMITTEE.

The convention, after nominating the following members of the city committee, adjourned:
First Precinct—George Wilson and Angus McKellar, Jr.
Second Precinct—Earl Ripley and Henry F. Heath.
Third Precinct—T. L. Irvine and H. S. Anderson.
Fourth Precinct—A. B. Irvine and Ralph D. Guthrie.
Fifth Precinct—George A. Sheets and S. W. Wing.

CHRISTENSEN EPIGRAMS.

Parley P. Christensen got through the convention in fine shape. He is one of the largest and best natured chairmen that ever graced the position in a local political gathering. He used a great iron hammer with which to rap for order; and he used it hard. When he could not call a noisy delegate down with his mallet, he, with great earnestness and dignity delivered himself of such epigrammatic sentences as the following which generally had the desired effect:
"Shut up—you there!"
"Be decent if you can: If you can't, try it!"
"Sit down, you Irishman!"
"You make more noise than a Democrat."
"Be respectable and a Republican!"
"One would think we were a lot of hoboes."
"Keep quiet, now, or I'll throw a club at you!"
"Dogsone it; don't make so much noise!"
"D—n it, boys; help me out of this!"

A MAN OF AFFAIRS.

Mr. Knox Has Had an Active and Successful Business Career.

Frank Knox was born in the state of Iowa and at the age of 18 began his career as messenger in the First National Bank of Washington, a small town in that state. He was with the bank several years and at the time of his resignation was assistant and acting cashier. He resigned in 1885 and went to Kansas, where he organized one national and two state banks, which he conducted successfully for four years.

Fourteen years ago Mr. Knox disposed of his interests in Kansas and came to Salt Lake City. Upon his arrival here he organized the National Bank of the Republic and was its president of it, which position he has held ever since. This institution has a capital of \$300,000, and its deposits approximate \$1,000,000.

In addition to the reputation Mr. Knox has earned as a financier he is known to be a keen, shrewd business man. He is a large owner of real estate and believes in the future of Salt Lake City. He is also president of and owns the controlling interest in the Salt Lake Ice company, and is heavily interested in the famous Daly-Watson and other mines at Park City and also has mining interests in Nevada.

He is a man of rugged physique and has much force of character in his make-up. He is exceedingly popular among his friends and will make an aggressive fight for the mayoralty.

THE OTHER SIDE.

Some Utah Ex-Convicts Who Are Not Horrible Examples.

To the Editor:
As one of the "Christian Workers" whose efforts are concentrated for the moral and spiritual amelioration of the inmates of the prison, I am constantly recommending them in this locality—often indirectly to strangers. The worst case of nervous prostration I ever saw or rather heard of was that of a young man, a stranger who sent of me word thinking me for the information and stating that to his certain knowledge, Dr. Miles' Nervine and Heart Cure had saved his life. As to my own case I was afflicted with heart trouble and nervousness due to the excessive use of tobacco which I had used from boyhood. A man whom your medicine had cured of tobacco heart met me on the street in Bakersfield one day when my feet were so badly swollen I could scarcely walk and I was suffering constantly from another spells, choking sensation, pain and oppression around the heart. He told me to use Dr. Miles' Heart Cure and Nervine. I bought three bottles of each and when they were gone the aggravating symptoms had disappeared, but to make a sure thing of it I bought two more bottles of Nervine and am today perfectly well. I have used the Dr. Miles' Anti-Pain Pills and consider all of Dr. Miles' medicines the very best of household remedies and wish that every sufferer might learn of their value.—J. M. be a converted man with just hope of the life to come.

The attendance (voluntary) at the Sunday morning meetings sometimes amounts to nearly half the prison population, and the interest the members show in the work is a source of constant astonishment to visitors. It is due to influences emanating from this society that similar organizations have been started in the Idaho state prison, and in the Iowa state prison at Fort Madison.

While it is true, as Dr. Young charges, that one discharged member of the society fell two years ago, and is now in Jefferson City, that is the only one the doctor can really point to as a "horrible example." Christian Endeavor does not pretend to reform every convict. But it does find enough men in prison who are susceptible of reclamation and are reclaimed and restored to good citizenship, to more than warrant all the evangelical efforts expended in their behalf. The good influence of Christian Endeavor in the Utah state prison is freely testified to by the warden and the guards.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of *Mother's Friend* during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does *Mother's Friend* carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.
