Important to Wool Growers!

I take pleasure in announcing that I am making a pure "TOBACCO SHEEP DIP" from the best Kentucky Leaf, which makes an article of uniform strength and purity, without the addition of poisonous substances, and should be diluted 100 parts to one (although safe to use at any degree of strength) for dipping sheep.

This dip is convenient for use, as it only requires water to dilute it. As tobacco is so well known to wool growers who have used the same, I can only add that I have it in this convenient form for them—put up in one and five gallon tin packages, sealed tightly.

Order either of my Sheep Dips, viz.:

Concentrated Extract of Tobacco. Also, Non-Poisonous Sheep Dip. Price per gallon:
