TWO DAYS' FESTIVAL AT PLAIN CITY

(Special Correspondence.) PLAIN CITY, Weber Co., Oct. 9.—The people of Plain City are preparing a grand celebration to be held in this place on Friday and Saturday, Oct. 13 and 14, to commemorate the completion of the street railway system from Ogden to this place. Friday morning cars will leave Ogden at 10 a. m. and Plain City, to be given in the business men and other invited guests out to participate in the celebration. Elaborate preparations are being made by the committee to entertain all corners. At 10:30 at the meetinghouse the people will be entertained in songs and speech making. At noon a grand banquet will be given in the hall. Friday will be for the older people and on Saturday the young people as well as the school children will be entertained in a grand manner. The railroad will be of great value to the people of Plain City. It will enhance the value of property, furnish rapid transit to and from Ogden and transport sugar beets, cattle, mountain and other products of the farm to market.

The canning factory located here and which has been closed for the past two seasons on account of the great expense of hauling the goods to the railroad, will be run at full capacity the coming season. This means much to the people of Plain City, as the climate and soil here are particularly adapted to the raising of tomatoes, and the growing of vegetables and fruits for canning purposes. The weather is ideal for gathering the full crops. The beet crop is good, and some have commenced to harvest them.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.
