

Today's Ogden News

WEST WEBER SMALLPOX CASES

Now Number Two Score, Many
In Virulent Form—All Meet-
ings Discontinued.

WHOLESALE BURGLARIES.

Hobbes Take Possession of Train—
Reward Offered for Stolen Silver-
ware—Death of Mrs. Dugman.

Ogden, April 17.—The smallpox epidemic has struck the West Weber district in earnest, as was noted in these columns several days ago, and the condition has become so serious that the city and county health authorities have combined with the townsmen to eradicate the contagion. Deputy Inspector Whittle returned from the afflicted district yesterday after having released three cases and quarantined three new ones, so that there is no change in the situation. There are yet over forty cases in the district and most of the victims are members of large families. The health department of Ogden is extending all the aid possible, and will continue to do so until the number of cases are greatly reduced.

Everything in the district has been closed, the day and Sunday schools, ward societies, etc. Two weeks ago an attempt was made to open the West Weber school which had been closed for several weeks, but the experiment fell flat, as none of the pupils put in an appearance. Many of the farmers of the community are also going to be the heavy sufferers, as the disease keeps them from their fields, and they should now be engaged in the sowing of their crops.

Thus far there have been no deaths from the contagion, which is not very mild. Doctors have pronounced some of the cases the worst they have ever attended.

Patrons are requested to make immediate complaints regarding unsatisfactory delivery.

EPIDEMIC OF CRIME.

Burglaries Well Planned and Executed—
ed—Reward for Return of Excent.

Ogden, April 17.—A reward of \$100 has been offered by Rev. Father Cushman of the St. Joseph's church for the recovery of a silver safe which was stolen from his residence last Monday night. Up to the present time the police have very little clue to work upon, but a steady search of the "juicy" district, which is located along the banks of the Ogden river, is being prosecuted vigorously. Each day the officers in going over the district gather in from 10 to 20 men who generally are sent up from five to 10 days on the rock pile.

The operations of the burglars during the past week have been on the wholesale order and have been carefully planned. The burglary of the Newman store on west Twenty-fourth street Wednesday night was well planned and carefully executed. The robbers carried away their plunder in a wagon. As far as could be learned there is very little clue in the hands of the officers on this case.

Late yesterday afternoon a report was received at the police station that an incoming freight train on the Southern Pacific was in possession of hoboes. Several officers were dispatched to the Southern Pacific bridge in the northwest part of the city to arrest the men when they arrived. The men probably had a "hunch" and left the train before they reached the city limits, for there were only a few stragglers on the train when the officers made a search. The men arrested were all given "floaters" and told to keep on moving.

MUST REHEARSE OUTSIDE CITY.

Boys of the Press Club Arrested for Disturbing Peace.

Ogden, April 17.—How is a story by the press about the Ogden Press club, which gives its annual show on May 15, five members of the Press club were arrested at the station yesterday morning early upon the charge of disturbing the peace and slumber of

a number of residents in the Nob Hill district by conducting their rehearsals in that region. Upon the promise of the scribes to get out side of the city limits in the future to carry on the rehearsals and give vent to their dramatic greatness, the boys were allowed to go.

DEATH OF MRS. DUDMAN.

Mrs. Mary Dudman, wife of the late Francis Dudman, died yesterday morning at her home in North Ogden of a complication of diseases from which she had been suffering for about two weeks. The deceased was born in England July 19, 1838. She came to Utah in 1862 and settled in Weber county, which has always been her home. Two sons, three daughters, 47 grandchildren and six great-grandchildren survive her. The notice of the funeral will be given later.

"BEN HUR" RECITAL.

At the Weber Stake academy last evening about 700 people attended the dramatic recital of "Ben Hur" given by Monteville Flowers, who is without doubt the best in his line. The speaker divided the famous play and story into four acts and carefully interpreted each part in a thoroughly characteristic style. The recital was given under the auspices of the academy lecture course, which has given many splendid entertainments during the past season.

JUNCTION CITY BRIEFS.

Saturday evening the members of the Carpenter's union will give a parade headed by Nichols band in honor of the national officers, President William D. Huber and Secretary Frank C. Duffey who will visit here. At the Carnegie library the visitors will be the principal speakers. There will also be addresses made by Mayor Brewer and Judge Howell.

A large number of men and two work trains are at work on the west end of the Southern Pacific cut-off across the lake filling in portions of the trackbed that was washed out last week during the big storm on the lake.

A. J. Simms of Harrisburg, Pa., has addressed several letters to the officers and newspapers of Ogden asking them for their assistance in helping to locate John Levy of that town who is believed to have left an east bound train at this point. It is stated that when Levy left San Francisco he was in a demoralized condition and it is thought that he wandered from the train at this point.

The latest hearing in the case of John Radcliffe was continued from last evening until this evening. The officer from Ohio has filed a complaint against Radcliffe charging him with being a fugitive from justice.

Evanson to answer for a serious offense.

LAND FOR THE LANDLESS.

While real estate agents in St. Anthony and neighboring towns in Idaho (some nearer home than that) are busy warning timid tenderfoot not to venture into the "Jackson Hole" country, telling them the poor outcasts living there are "lost to the world"—snow-bound nine months in the year, etc., etc., the fact remains that the snow is nearly all gone in the valley, and the settlers are turning their stock out to graze, and farming operations have commenced.

Several new settlers came in last season and took up land in the valley, most of them having friends here on whose word they could rely, and so were proof against the disinterested (?) advice of the real estate men outside who have land to sell elsewhere. Last year thousands of acres of good agricultural lands in the forest reserve were opened up for homestead settlement. Some day homesteaders will wake up to the possibilities of this beautiful valley with its good soil, ample water supply, unlimited timber for building, fencing and lumber, fine stock range and a climate that will compare very favorably with Bear Lake and Star valleys.

ADJOURNED COUNCIL SESSION

Five \$1,000 Bonds to be Redeemed—
Work on Canyon Pipe Line.

Special Correspondence.

Provo, April 17.—The city council met in adjourned session last night and transacted considerable routine business.

B. M. Cummings, attorney, representing the Pike property on Academy avenue, paid into the city treasury under protest the city water rates for water. This is the outcome of this year grading the street and making the irrigating ditch so low that water cannot be brought onto the property for irrigation.

THEODORE.

New Postoffice at Boneta—Snow Storm On Reservation.

Special Correspondence.

Theodore, Wasatch Co., April 6.—A new postoffice has been established at Lakes Fork, named Boneta, with Mrs. Ruth Madsen, formerly of Salt Lake City, as postmaster. Mr. Rullison Grant is the mail carrier from Theodore.

The first baby in the little town of Boneta came to the home of Mr. and Mrs. Tidwell last Wednesday.

The concert held in the amusement hall for the Sunday school benefit was a great success. The favor of the J. W. Grant in lending her piano was a great aid to the orchestra, and also in the rendition of the musical parts.

A snow storm began about daylight

RHEUMATISM CURED

By Driving Out Uric Acid Poison from the System a Permanent Cure Can Be Effected, But First the KIDNEYS MUST BE HEALTHY

Rheumatism, Rheumatic Gout and All Forms of Uric Acid Poison Are Results of Kidney Disease, and Can Only Be Cured by Getting Direct At the Seat of the Trouble, the Kidneys.

WARNER'S SAFE CURE

Mrs. L. C. Flag writes: "It gives me great pleasure to recommend Warner's Safe Cure to all who may be suffering from kidney or bladder trouble. I was ill and miserable for months with backache, sick headache, dizziness, rheumatism and neuralgia, grew daily more nervous and irritable and finally after consulting a physician I learned that I had kidney and bladder trouble. After taking his medicines for some time with little or no relief, I determined to take the advice of a friend and try Warner's Safe Cure. One bottle certainly made a great difference and continuing the use of Safe Cure, I soon noticed the urinary disorders and pains disappearing and gradually my health and strength returned. I took six bottles in all, which effected a complete cure and I am most happy in recommending your medicine to all in need." Mrs. L. Clifford Pkgs. 140 Dakota St., Chicago, Ill.

IF IN DOUBT MAKE THIS TEST:

Put some morning urine in a glass or bottle, let it stand 24 hours. If there is a reddish sediment in the bottom of the glass, or if the urine is cloudy or milky or if you see particles or germs floating about in it, your kidneys are diseased and you should get a bottle of Warner's Safe Cure at once.

ANALYSIS FREE.

If after making this test you have any doubts as to the development of the disease in your system, send a sample of your urine, putting your name and address on the package, to our Medical Department, and our doctors will analyze it and send you a report, with advice, and medical booklet free.

WARNER'S SAFE CURE is purely vegetable and contains no harmful drugs; it does not constipate; it is a most valuable and effective remedy; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation stimulates the enfeebled organs and heals at the same time. WARNER'S SAFE CURE is put up in two regular sizes and sold by all druggists, or direct at 50c and \$1.00 a BOTTLE.

It is prescribed by doctors and used in the leading hospitals for rheumatism, neuralgia, etc.

TRIAL BOTTLE FREE: To convince every sufferer from rheumatism that WARNER'S SAFE CURE will cure them, we will send them an absolutely FREE trial of any one who will write the WARNER'S SAFE CURE Co., Rochester, N.Y., and mention having seen this liberal offer in The Deseret News. The genuineness of this offer is guaranteed. Our doctors will also send medical booklet containing symptoms, treatment of the

LEGAL BLANKS

EVANSTON, WYO.

CLOSE OF MURDER TRIAL.

Case Against Miss Bruce Now in the Hands of the Jury.

Special Correspondence.

Evanson, Wyo., April 12.—After five days of hard work, the famous Bruce poisoning case is nearing its end. At 9:10 tonight the jury received the case for consideration. Great crowds of people asked admittance to the court room, but were denied, on account of it being packed with eager men and women to know the outcome.

After the reading of the instructions to the jury this morning, Prosecuting Atty. D. A. Preston opened the plea for the state. He very ably showed the existing conditions under which the jury must render their verdict. At the conclusion of his speech, court adjourned for noon.

The entire afternoon session was taken up by the defense. Atty. J. H. Ryckman reviewed the testimony, and especially dealt with the confession that had been made by the defendant. He was followed by Atty. J. A. Bagley from Salt Lake, whose plea was based upon sympathy, in addition to conferring at length the testimony offered by the state.

At the evening session Atty. M. C. Brown, who is aiding the prosecution, gave an ideal prosecuting plea. He reviewed the testimony as offered by both sides, and pointed out the errors in same and at the close asked the jury not to bring in a verdict of murder in the first degree.

A large crowd awaits the verdict, as the sympathy of the community is with the defendant.

WILSON, WYO.

NEW SCHOOL HOUSE.

Land for the Landless in Desirable Country for Homes.

Special Correspondence.

Wilson, Wyo., April 12.—Winter is over and the district school has just closed after a very satisfactory session. There was considerable discussion with some heated arguments at two special school meetings held last fall before the voters decided upon the location for the new school house. The population being somewhat scattered, it was hard to please everybody in this matter, most of the bachelor ranchers being fully as anxious to have the school house (and school main) located near them as those with families. The new school building is now nearing completion in a picturesque spot about one-fourth mile from the town of Wilson, and well sheltered from the windy winds.

The "town" consists of a public feed-barn and hotel in connection, store, postoffice and gossip-shop combined; a blacksmith's shop, also a bridge over the creek, a log meeting-house and dance hall, an ole corral and a few log houses dotting the landscape. The inevitable saloon was more or less fully tolerated for some years but its glory has departed—perhaps gone to seek a sterner climate in Mexico with the late proprietor—and the chink of glasses the rattle of the dice, the rhind song of the "gentle company" and puncher and range-rider are no longer heard in the land.

Local news also is scarce—the most important item being that the fishing is good, better than it was a month hence, when the majestic Snake River and its tributary streams will be high and muddy.

Mrs. Margaret Miller, who went to Chicago during the winter to undergo an operation, has recovered, and is visiting her mother in Missouri before returning.

Roy B. Anderson, merchant of this town, has been placed under \$100 bonds
