THIS IS WHY.

You keep your house insured, because it may burn, and you don't know when. You want to be safe. Do you know when disease will attack you (or child)? To be safe and save life and Doctor's bills, keep on hand BROWN'S EXTRACT BLACKBERRY and GINGER, a safe, pleasant and reliable remedy for all diseases of the stomach and bowels. Physicians and druggists endorse it everywhere. Ask your druggist about its merits, he keeps it.

Why shake, when EUREKA AGUE PILLS will cure you? When taken in connection with BROWN'S VEGETABLE LIVER PILLS, they never fail to cure, and you suffer none of the bad effects that result from dosing with Quinine. All of BROWN'S Family Medicines for sale by Zion's Co-operative Store, 100 East 1st, Logan, Idaho, Pitts & Co., and Moore, Allen & Co., Salt Lake City. Trade supplied.

SOLID, SUBSTANTIAL and CHEAP are the BOOTS, SHOES and SLIPPERS, recommended by
DUNFORD.

HOM-MADE woolen goods wear the best and are the cheapest in the end. The largest stock in the Territory of home-made Cloths, Flannels, Shawls, Blankets, Yarns, Waterproofs, Jeans, Linings, etc., is to be found at the Old Constitution Building. JOHN C. CUTLER, Agent.

In the Whole History of Medicine No preparation has ever performed such marvelous cures, or maintained so wide a reputation as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it, never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.
For sale by all dealers.

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value. Thus it is with a valuable medicinal agent. Dr. Aug. Kaler's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchitis, its use is truly magical. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaler, and has his name blown on every 75 cent bottle. Trial bottle, 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. 4239 w29

EVENING NEWS.

Tuesday, September 16, 1879.

LOCAL AND OTHER MATTERS.

Thermometer.—The mercury scored 85°, this afternoon.

To Prove.—Hon. Geo. Q. Cannon left this morning for Provo on a brief visit.

Sudden Death.—The Dispatch records the death, by apoplexy, on Saturday evening, of Mr. James Turner, of Ogden City.

New Strike.—A fresh strike is reported in the Empire Mine, of ore which will go from \$800 to \$900 to the ton.

District Court.—The court met this morning at 10 o'clock, took a full breath and adjourned until 2 p.m.

To Bridge Builders.—See County Clerk Beckwith's communication, regarding the building of a new bridge over the Jordan.

New Gate.—The penitentiary has a new gate. Warden Butler has read the parable of new wine in old bottles, but thinks differently.

Return Shooting Match.—Tomorrow, the Ogden boys are coming down to get beaten again. But they can stand beats that give them a leading score.

Cricket.—Tomorrow at 10 a. m., the return game between the Fort Douglas eleven and the city boys, will take place at the grounds, in Walker's pasture, at the foot of West Temple street.

New Pavements.—The new asphalt pavement near the Post Office is finishing to-day. The work will continue all the way around the Wasatch Building.

"Very, very good."
Citizen Gould.—Under the heading of Local News, the Beaver Chronicle states that Jay Gould has sent \$5,000 to the yellow fever sufferers of Memphis. Beaver has every reason to be proud of such a generous-hearted citizen.

The Theatrical Horizon.—Robinson and Crane, the latter part of this month. John McCullough, early in December. The Wallace Sisters combination to follow the great California star.

Brigham Young College.—The B. Y. College, at Logan, commences its academic year on the 13th of October. Miss Ida J. Cook, the principal, is spending a few weeks in this city, but will return north in time to resume her professional duties on that date.

Logan "Leader."—The first number of this paper reached us to-day. It is a neat and attractive sheet, pleasant outside, and well printed, nearly all of the type used having been obtained from the DESKERT News Type Foundry. It bids fair to become a new and interesting weekly. Success!

Arrived-Departed.—By private telegram from Elder W. G. Statton, we learn that the company of emigrants that left Liverpool on the 6th inst., arrived in New York to-day, and will leave for the west tomorrow. The company of outgoing missionaries left that port to-day.

Gypsies in Logan.—The Zingars seem to thrive in Logan. It is said that within the last few days the gypsies have cleared \$500, for fortune telling in that place. One man gave \$25 to learn the past, present and future of his entire family.

We would have told him cheaper than that; for, judging of the future by the present, including this latest piece of idiosyncrasy, he will yet land in an insane asylum and his family in a poor-house.

"Leader" Lines.—The Logan Leader gives us the following items:

Franklin, Idaho, is to have a groen factory. The building is now in course of erection.

Logan has a 10-year-old bungler. His extreme youth is all that saves him from prosecution.

The Coming Opera.—The Richmond market scene in the opera of "Martha" will give an excellent idea of the annual fair of the midland counties of England, at which time the hiring of servants for one year takes place. Groups of servants of both sexes arrange themselves to be seen by the farmers and others in want of laborers and female servants, and the hiring is effected in the very way so naturally shown in the coming opera. At Warwick, an old fashioned borough town, a few miles from Birmingham, great preparations were made every year for the fair; an ox was publicly roasted in the centre of the market place, and barrels of old English ale were provided for the refreshment alike of masters and servants. In witnessing the performance of our local association, under the direction of Professor Careless, those familiar with the practices at the annual fair in the "good old times," will be agreeably reminded of the various incidents common to such gatherings. The "proclamation" at the opening of the fair, upon which occasion the laws relating to master and servant were publicly read (statutes equally binding on each); the busy scene where thousands of farm servants are free for one day from the obligations of servitude, will be admirably reproduced.

Altogether the operatic entertainment of Thursday bids fair to be a great treat to lovers of good music and will give a lively representation of the fast passing away institutions of old England, the hiring fair, or "Staty," of the Midland counties.

Kingston United Order.—We received a call this morning from Elder Thomas E. King, representing the community of Kingston, Plute County. The United Order has been established there for over two years and is progressing very favorably, the forty families comprising the settlement, all living together in peace, and sharing in common. About 400 acres of soil are under cultivation; a grist mill, saw mill, two dairies, shoe shops, carpenter shops, etc., are busily at work, and other branches of industry are being added as fast as practicable.

Each family has its private residence, but all eat at one table in a large hall. Other household wants are supplied from the United Order store. A board of directors preside over the affairs of the community, to whom the wants of the respective families and individuals are represented and furnished accordingly. Labor is of course divided, the various employments being given to those best adapted for their performance, and all moves along in peace and harmony.

The Territorial Fair.—The management of the coming fair is putting the grounds and building in proper shape for the approaching exposition, commencing October 1st. A new building for the exhibition of the fine arts will be put up at the east end of the present one, and will be lighted from the roof so that an even and soft light will be imparted to all the artistic productions alike. It is designed to make this department very attractive. Machine and wagon men, also music and sewing machine dealers can make the coming exhibition, if they so wish, a rare medium for showing and advertising their goods. By consulting the fair ground committee, Messrs. Rockwood, Dinwoody or Rowe, the desired space can be secured. Arrangements have been made to admit the patrons of the fair into the Museum, without extra charge.

National League Club.—The Rochester will arrive here Wednesday night, and play the following two days. They are strictly professional, every one of the nine having been in the base ball profession for years. This club represents the best style of ball playing and their games will no doubt prove a real treat to those who have never seen a professional one. The Rochester belong to the great National League and are as good a team as ever played, so the defeat of the Deserets is nearly a foregone conclusion. The crowds that greeted the Athletics and Omahas will now be out again and the closing of the season will be a grand one. When a good ball club comes here, it will meet with little appreciation, but our city gives little encouragement to inferior ones.

Stabbing and Shooting.—Last Sunday night, Alexander McNea and Wm. O'Malley got into a row in a saloon in Park City, McNea being the aggressor. The latter loaded his opponent with abuse and vile language when the other drew his pistol. McNea then jumped upon him with a knife and stabbed him several times. While scuffling, O'Malley fired the ball taking effect in his assailant's neck and ranging downwards. McNea, at last accounts, was dying, but O'Malley was around as usual. McNea is the person who stabbed young Marden a short time ago in this city.

"Goals to Newcastle."—The Silver Reef Miner of the 10th inst. says:

"Judge Smith, Marshal Grant, First Counsellor Joe Hoag and Colonel Van Hagen left by this morning's coach for Beaver to assist Judge Boreman. Captain Gifford leaves on a mule for the same destination and duty."

Going to see Boreman with a mule! What will Beaver do with a pair of them?

Opera Tickets.—The box office opens for the sale of tickets to the opera of "Martha" and "Trial by Jury," at 10 a. m. to-morrow. Numerous applications have been made for seats already, but the management have strictly adhered to their pledge of not disposing of any, prematurely.

Juvenile Instructor.—Another copy of this excellent magazine is before us. This number, 15, of the present volume, is not a whit behind its predecessors, but contains its usual variety of pleasing and instructive literature.

The Organette.—The dulcet strains of the organette, enlivened our sanctum a few moments this morning, the curiously made, sweet-toned instrument being manipulated by Mr. Robert Fringle, of the 20th Ward, who has secured from Mr. D. O. Calder the agency for the Territory.

From Arizona.—Mr. W. A. Kimball, of Hayden's Ferry, Arizona, made a call on us yesterday. He speaks in terms of praise of the southern country and of the good people of its settlement, who were getting along finely. There was plenty of room for more settlers down, and a hearty welcome also. Mr. Kimball will remain here for a few months, visiting his relations.

Runaway and Smash-up.—Last evening, about 6 o'clock, a little ten-year old son of Mr. John B. Kelley, of the Seventh Ward, met with an accident that came very near being of a serious character. He was returning from the field with a load of straw, the driver having permitted him to take the lines and go on while he alighted, when the horses becoming frightened ran away, threw the boy out, the wheel passing over him, and strewed the fragments of the wagon along the road, until they reached home. The boy was picked up and taken to the house. It was thought at first that his leg was broken, but luckily this was not the case, his injuries being confined to a number of bruises, more painful than serious, and he will no doubt be all right in a few days.
