

REMARKABLE CALM PERVADES NORWAY

The Officials Are Confident that
Sweden Will Finally Accept
The Situation.

COUNTRY PREPARED FOR WAR.

But it is Not Anticipated—Everywhere
Desire Not to Offend King Oscar
Is Evident.

Christiania, June 10.—A remarkable calm, accompanied by stern determination, pervades Norway. Beyond the display of the new Norwegian flag from the buildings in Christiania and portraits of the provisional governors in the shop windows, which attract in the crowd, there is no visible sign that Norway is in the throes of a revolution. Norwegian and Swedish merchants continue business uninter-

ruptedly. A director of the national bank informed the Associated Press today that large interstate deals, involving thousands of pounds and providing for future payments, are being signed daily as usual. The officials here express confidence that Sweden finally will accept the situation.

While determination is evident everywhere, intense anxiety is apparent, and the members of the cabinet are extremely busy in organizing the new government and providing for eventualities. The lack of demonstration in the streets and the absence of any sign of the harshness of the act of separation, and to avoid a show of offense toward King Oscar of the Swedes, but every Norwegian apparently is ready to answer a call to arms should the situation warrant it.

All the officials are exercising the utmost reserve. A member of the cabinet who was interviewed by the Associated Press today, but who declined to permit the use of his name, said that the Norwegians never would recede from their present attitude, which was the result of many years of deliberation.

It was not expected, he said, that Sweden would declare war, but in that event, he added, Norway would be prepared. The army has been mobilized for annual drills and the government has taken precautions to lay in an adequate stock of military stores at all strategic points. While the Swedish army and navy, he continued, are large, there is no reason for fear. The Norwegians never have been conquered and never will be.

Regarding the possible danger of Russian and German aggression against the two countries in their separate state, the minister declared that the union was not strong enough to prevent aggression by these powers. There is no reason to suppose they are more covetous now than before. The separation, Norway depended on England and to prevent such encroachment, he said, and Norway is perfectly willing to enter into a defensive alliance with Sweden and Denmark.

The minister said that the popular feeling of the country favored a resolute, and expressed the hope that the

THREE MEN KILLED, ONE MORTALLY WOUNDED

Palminto, La., June 11.—A sensational shooting occurred near here today, in which three men were killed and one more fatally wounded.

THE KILLED,
Tom Carroll,
Oscar Fredericks,
John Magee.

MORTALLY WOUNDED,
Constable F. A. Solisau.

The cause of the trouble is supposed to have been long standing ill-feeling between Carroll and Constable Solisau.

ROMANTIC SUICIDE.

Distinguished Foreigner Ends His
Life at Niagara Falls.

Niagara Falls, N. Y., June 11.—A foreigner of distinguished appearance committed suicide at Inspiration Point, just above Horseshoe falls on the Canadian side of the river tonight. From letters and papers found in the pockets of the body it is believed to be Dr. Szentimay, a Hungarian. In the right hand of the dead man was a revolver, one chamber of which was empty. In the other was the picture of a woman. On the outside of a pocket of letters found in his pocket was scribbled in English, "This must be beside me in my grave."

IRON FURNACE EXPLODES.

One Man Killed and Damage to
Extent of \$50,000 Caused.

Chicago, June 12.—By the explosion of a furnace at the plant of the Troquard iron company early today, one man is believed to have lost his life and two others were burned severely. Nicholas Redoff, the worker believed to have been killed, was standing within a few feet of the furnace. No trace could be found of him after the explosion and he is supposed to be buried under the molten metal. Michael Tancoff was burned severely, and is not expected to recover. Joseph Toile also received many serious burns.

The loss to the company was estimated at \$50,000.

TWO WELL KNOWN MINERS

Found Dead at Mouth of Cashier
Mine, Silverton.

Silverton, Colo., June 12.—Wesley Hanson and John Smith, two well known miners, have been found dead at the mouth of the tunnel of the Cashier mine, a mile above Eureka. It is believed the men were caught in a snowslide which occurred two weeks ago. Both men were advanced in age and single.

BIGELOW'S PRISON NUMBER IS 4717.

On Way to Leavenworth Peni-
tentiary He Broke Down
And Wept.

FIVE OTHER BANKERS THERE.

At First He Will Be Thrown In Con-
tact With Negroes, Indians and
All Kinds of Prisoners.

Leavenworth, Kan., June 11.—Frank G. Bigelow, the former Milwaukee banker, was brought to the United States penitentiary at Fort Leavenworth at 7:40 tonight. John Bigelow, a counterfeiter under a five-year sentence, was brought along as a fellow prisoner with Bigelow, and they were in charge of Andrew Johnson and Charles Kelley, deputy marshals. Gordon Bigelow, son, and Dr. Bigelow, a brother, living in Chicago, accompanied Bigelow.

Bigelow bore up fairly well during the trip except at Moline, Ill., where he broke down and wept. At another point the son, Gordon Bigelow, broke down and the marshals informed him he was having a bad effect on his father. Bigelow seemed anxious to avoid the gaze of curious people and reporters. He wore an old slouch hat and was not nearly as neatly dressed as the counterfeiter who was brought with him.

On making the turn in the walk on the river side driveway at Fort Leavenworth, when the penitentiary loomed up in front of the party, the counterfeiter showed a disposition to weaken. When he trembled Bigelow spoke words of encouragement to him. Bigelow, it seems, was in jail at any time since his defection. He was discovered when the keys were turned on him after passing into the penitentiary saltpit. He remarked that it was the first time he ever was in prison.

Warden McLaughrey remained upstairs in his office, and no special ceremony was shown. Deputy Warden Lemon was at the second or inner gate, and both prisoners were told to enter into the deputy's office. Bigelow gave his name as Frank G. Bigelow, aged 58. He was searched, and some plain jewelry and a small sum of money taken from him. He was to keep his citizen's clothing until morning. He asked no questions, and was assigned to a regular cell with six other prisoners. At 8 o'clock tomorrow he will take a bath, be offered a middle-grade prison suit, and be fitted with new shoes and front and side view pictures will be taken and he will be present.

The brother and son of Bigelow remained downstairs and watched through the grating until they saw him escorted into a cell house. They then sought an interview with Warden McLaughrey, and conversed with him privately. It is said they requested that Bigelow be assigned to light work. This will not be determined until after the prison physician examines Bigelow and reports on his condition. Warden McLaughrey has a talk with him. There is a demand for prisoner clerks, and Bigelow is in a position of the kind. There are five national bank prisoners in the penitentiary, and four of these are clerks and one answers the telephone in the chief clerk's office. These bankers manifested much inter-

est in Bigelow today. One of them, Brokerick from Elkhardt, Ind., was a member of the National Bankers' association while Bigelow was president. Bigelow's prison number is 4717. If his health is not good, Bigelow may, after a few weeks, be assigned to Capt. Carter's old position of prison hospital clerk. At first he will be thrown in contact with negroes, Indians and all kinds of prisoners.

BANKER BIGELOW GETS TEN YEARS AT HARD LABOR

Milwaukee, Wis., June 10.—United States Dist. Atty. Butterfield announced today that former Banker Frank G. Bigelow would appear in the United States district court this afternoon, pleading guilty to a violation of the national banking laws and receive his sentence.

AUSTRIAN CONSUL MURDERED By Son of Wealthy Moor for Revenge.

Tangier, June 11.—Moorish robbers entered the Austrian vice consulate at Tangier on June 6 and murdered Vice Consul Madden, a British subject, who also represented Denmark and who had been established there for twenty years. They also fired at and wounded his wife. The assassins escaped. The Austrian and British authorities have sent energetic protests to the sultan's minister.

London, June 12.—The Tangier correspondent of the Standard says that Vice Consul Madden was murdered by a man named Benjamin, son of a wealthy Moor, in revenge for a supposed personal wrong. Benjamin and his slave, who assisted in the murder, have been arrested.

AUTOMOBILES BURNED.

Nearly a Hundred Destroyed by
Fire in New York.

New York, June 11.—Nearly 100 automobiles belonging to various department stores were destroyed tonight in a fire in the garage of the Renier Vehicle Equipment company, at Sixth avenue and Twenty-seventh street. The loss on the machines is estimated at \$350,000, in addition to which the plant of the garage was damaged to the amount of \$75,000. The premises of the Corbett chair company and the Sutor Braid company, occupying upper floors of the building, were also damaged to an amount estimated at \$100,000.

Lord Roberts Favors Rifle Clubs.

London, June 11.—Field Marshal Lord Roberts has issued a strong appeal to the nation for funds to establish and encourage rifle clubs as a means of securing to the country a potential reserve of trained men without resort of conscription.

RUSSIA AWAITS JAPAN'S ACTION

Expects Her to Fix Time and
Place When and Where Terms
Will be Made Known.

TOKIO IS NOT ALL EXCITED.

Popular Fear is that Togo's Victory
And Oyama's Opportunities Will
Be Sacrificed.

St. Petersburg, June 11, 11:15 p. m.—Russia is waiting for Japan to fix the time and place when and where the Japanese terms will be placed in the hands of Russia's representatives. The foreign office expects that the delay will be brief.

The emperor's government would prefer that Paris should be the scene of the initial step, but it is explained to the Associated Press that neither the place nor the personality of the Russian representatives matters greatly.

The Russian representative will not be a plenipotentiary will full power to negotiate. His duty will probably be confined to the reception and transmission to his government of the Japanese terms for decision as to whether they afford a basis for actual peace negotiations. He will be clothed with power to effect an agreement for the suspension of hostilities, which suspension will probably be for a very limited period, during which Russia must decide the momentous question of peace or a prolongation of the war.

During this temporary armistice both countries probably will be free to continue the movement of troops and munitions of war within prescribed limits, although nothing definite on this point will be known until the meeting takes place.

If Russia finds in the terms a basis under which negotiations can proceed, regular plenipotentiaries will be appointed, the number being decided by the belligerents themselves, and then it is not impossible that the negotiations might be transferred to Manchuria, as President Roosevelt is believed to have suggested.

It is stated at the foreign office that the question of plenipotentiaries has not yet been officially considered, but it is regarded as almost certain that Baron Rosen, the ambassador to the United States on account of his long and intimate acquaintance with far eastern affairs, besides his familiarity with Japanese, will be selected. George de Saut, who preceded Count Benckendorff as Russian ambassador at London, and who was president of the peace conference at The Hague in 1899, might be another, although his advanced age and the fact that he has been for some years out of touch with active diplomacy might militate against him. The number of plenipotentiaries would be a matter of mutual agreement through Russian precedents lead to two.

TOKIO NOT EXCITED.

Tokio, June 10, 7 p. m.—Tokio has calmly received the news of American intervention and prospective peace. The absence of assurance that Russia will accept President Roosevelt's proposal, and the knowledge that the final

consummation of peace involves the adjustment of a series of questions of paramount importance, requiring the weeks of negotiation, coupled perhaps with the recollection of a previous experience in the thorny path of the President's politics, seem to create a disposition to await final results. There is, nevertheless, the keenest satisfaction over the preliminary step and a feeling of gratefulness over President Roosevelt's action. There is also genuine thanksgiving at the thought that the carnage and horror and waste of war will soon end and a hope that the negotiations will bring a satisfactory and enduring peace.

The national rejoicing and thanksgiving will probably be deferred until the treaty of peace is signed, and all doubt ended.

The question of an armistice, which will lower the bayonets of the two on the Manchurian frontier has not been discussed, yet it is believed that an armistice will be speedily concluded.

President Roosevelt's instructions to American Minister Gracem were delayed in transmission and did not reach the legation until late yesterday afternoon.

An Associated Press message on Thursday brought the earliest public intimation of prospective peace negotiations, but pending the receipt of the formal message from President Roosevelt and the transmission of the Japanese response, Tokio refused to allow the transmission of press telegrams bearing on the subject. All information was withheld from the public until 6 o'clock tonight, when the foreign office issued a statement containing the main points of the letter and Foreign Minister Komura's response, and newspapers were quickly on the streets of the capital with extra editions of the newspapers.

The Japanese plenipotentiaries to arrange terms of peace are already being discussed. The names of Marquis Katsura, Foreign Minister Komura, Marquis Yamagata and others are being suggested for possible heads of the commission.

Popular estimates of Japan's terms of peace vary widely and include both indemnity and cession of territory. It is believed that the peace commissioners will meet somewhere in the orient.

JAPANESE SUSPICIOUS.

Tokio, June 11, 8 p. m.—The Japanese continue to maintain an attitude of reserve toward the question of peace. There were some demonstrations in the streets of the capital late Saturday evening and today students organized a celebration, but a rainstorm speedily declared the streets.

It seemed to be the popular fear that Japan will sacrifice the advantage of Admiral Togo's victory as well as Field Marshal Oyama's opportunities by consenting to an armistice now. It is felt that Togo's victory opens the entire Russian Pacific coast to invasion and Oyama is capable of taking Harbin, cutting the railway and isolating Vladivostok. It is also feared that the Russians will take advantage of an armistice to improve their positions and strengthen their forces.

20 SOUTH MAIN STREET.

Result of a Race Riot.

Charleston, S. C., June 11.—As a result of a race riot that occurred last night on the Aiken and Augusta trolley line, about one mile on the south Carolina side in North Augusta, Peter Renew, white, is dead; Charles Willis, colored, and E. F. Fishburne, conductor, are mortally wounded, and Morgan Willis, a negro, and Maxie Boyd, white, are seriously injured. In the inquiry over Renew it was shown that Boyd started the trouble by cursing Willis, a negro, who turned and cut him. The car was stopped to put Willis off, and he began to fire into the car. There were 57 passengers, and several produced pistols and at least sixty shots were fired.

A Real Doctor's Prescription

FOR THE DISTRESSING COMPLAINTS AND DISEASES OF WOMEN.

What the Most Eminent Medical Au-
thorities Say of the Ingredients
Contained in
Dr. Pierce's Favorite Prescription,
WHICH ARE:

- LADY'S SLIPPER (*Cypripedium Pubescens*)
- BLACK COHOSH (*Cimicifuga Racemosa*)
- UNICORN ROOT (*Chamaelirium Luteum*)
- BLUE COHOSH (*Caulophyllum Thalictrifolius*)
- GOLDEN SEAL (*Hydrastis Canadensis*)

Lady's Slipper cures cramps, spasms and convulsions, and has a specific action in painful periods, nervous twitchings, chorea and epilepsy. It quiets irritability of the nervous system, and causes the mind to become calm and cheerful. Its effects are most happy in hysteria, melancholia, sleeplessness, nervous headaches, excitability and sensitiveness. It is also a tonic of great power.

Black Cohosh is efficient in overcoming painful or suppressed periods, leucorrhea, ovarian pains, bearing down feelings, and the other diseases of the uterine system; the headaches which accompany them and those of nervous origin. It is employed successfully in the treatment of nervous excitability, St. Vitus's Dance and convulsions. It is an appetizer of particular efficacy, is used in rheumatic and neuralgic troubles, and is a general as well as a uterine tonic.

Unicorn root has distinctive medicinal properties. It imparts tone and vigor to all of the reproductive organs of women, and removes diseased and abnormal conditions. It is of the greatest service in cases of falling or other displacements of the womb, and it unquestionably makes childbirth easy and safe. It is of great benefit in inflammation of the bladder, dyspepsia, nausea and loss of appetite.

Blue Cohosh prepares women for

childbirth and makes them more comfortable in mind and body. It prevents miscarriages, causes labor to be easier, shorter and less painful, and diminishes the number of the days of confinement. It stops the nausea and vomiting of pregnancy and can be relied upon to produce good results in painful or suppressed periods, leucorrhea, uterine inflammation, and all the nervous symptoms attending the diseases peculiar to women.

Golden Seal is a valuable tonic which is especially useful in all inflammatory conditions of the mucous membranes exemplified by uterine and vaginal irritations, leucorrhea and bladder troubles. It quickly cures nausea, vomiting, indigestion and dyspepsia, and increases the appetite. It is also a regulator of the functions of the liver and the intestines.

All of these statements can be verified in detail by reference to King's American Dispensary, Bartholow's, Scudder's and other recent standard works on the medicinal action of the native drugs of North America.

The marvellously curative effects of the special combination of these remedies in one medicine, namely,

Dr. Pierce's Favorite Prescription

is testified to by the unanimous praises it has received from many thousands of women, each of whom has been restored to health by it, after suffering from some one or more of the diseases peculiar to her sex. DR. PIERCE'S FAVORITE PRESCRIPTION

IS UNIQUE in that it is the ONE MEDICINE FOR WOMEN, the makers of which make confidants of their patients and tell them exactly what they are taking. This Dr. Pierce gladly does, because the remedy has thousands of cures to its credit, and is made by such an intricate process that it cannot

be successfully imitated. DR. PIERCE'S FAVORITE PRESCRIPTION

IS DISTINCTIVE in that it is made from purely vegetable ingredients, namely, roots gathered in the native woods and which contain the healing principles elaborated by Nature in the earth of the silent forests uncontaminated by civilization's touch. DR. PIERCE'S FAVORITE PRESCRIPTION

IS EXCEPTIONAL in that it contains ABSOLUTELY NO ALCOHOL, and is free from all narcotics and other poisonous principles, and hence can be taken by the maiden, and wife, and the elderly matron and spinster with perfect safety and the assurance that it will never establish a drug habit. DR. PIERCE'S FAVORITE PRESCRIPTION

IS PECULIAR in that it is a remedy devised by a physician with an experience of over one-third of a century in treating women's diseases, and is NOT A PATENT MEDICINE in any sense of the word. It is, however, a household remedy which cures ninety-eight per cent. of the cases for which it is taken, and is so firmly established in popular favor that the carping criticisms and unwarranted denunciations of those who pose as reformers and show their ignorance by acting as amateur advisers of the sick cannot undermine the people's well founded faith in it.

Dr. Pierce's Common Sense Medical Adviser, a non-technical medical book of 1008 pages, profusely illustrated, contains many things of interest to ailing women. All of them should read it. It will be sent free on receipt of stamps to cover mailing—31 cents for cloth and 21 cents for the paper bound volume.

DR. PIERCE'S PLEASANT PELLETS regulate the activities of the liver and bowels safely, painlessly and surely. They are the best laxative known for sick or invalid women.
