

## RED FLAG PARADE IN ST. PETERSBURG

Demonstrations on a Large Scale  
Take Place on Removal of  
Prince Troubetskoy's Body.

## MOUNTED POLICE CHARGE CROWD

Consequences Not Given, as Firearms  
Were Not Used by Gendarmes or  
The Military.

St. Petersburg, Oct. 15.—For the first time since the advent of M. Trepoff as head of the government of St. Petersburg demonstrations on a large scale took place here today, the occasion being the removal of the body of Prince Troubetskoy to the Nikolai station for shipment to Moscow. Students, workmen and spectators gathered in thousands in the streets and demonstrations with red flags paraded boldly through the Nevsky prospect, the city's main avenue.

The crowds and the processions were several times charged and dispersed by mounted police, but fortunately with no grave consequences. The most injurious reported are those sustained by two men who were slashed with sabers. Firearms were not employed by the gendarmes or military, and though the first collision was provoked by a shot from the crowd and a few cases of stoning occurred, the crowds manifested no inclination to resist the police and troops.

The students are exasperated over the attacks by the police and the arrest of several members of a coalition committee chosen by a student meeting Sept. 26, and a renewal of the disorders is not improbable.

The serious feature of the situation is that a strike of printers was declared tonight on political grounds, which is to last for a period of three days, but it may be continued longer in case of repressive measures or arrests.

A few of the leading daily newspapers have to be able to issue a single sheet giving telegraphic news, but the others will suspend publication entirely. The employees of several factories are ready to follow the lead of the printers, and the authorities are fully alive to the danger that the strike may become a general one.

From the Nevsky prospect a band of students and workmen carrying red flags and chanting revolutionary songs, marched across the river and began open air meeting in the square in front of the university. While the speeches were in progress, the police again charged and dispersed the crowds. In the melee a workman and a student received saber cuts. The crowd took refuge in the university buildings and the meeting was continued there without being disturbed by the police.

During the annual school festival of the fifth gymnasium today members of the audience began to hiss the national hymn. A panic ensued and the excitement was augmented by the explosion of a giant firecracker.

Many persons were bruised in the rush, but no one was seriously injured.

**SKIN GRAFT SUIT.**  
G. A. Lovejoy Sues Dr. C. P. Thomas for Taking Too Much Cuticle.

Spokane, Wash., Oct. 15.—The Spokesman Review today says:  
George A. Lovejoy, the Elk who was skinned to furnish graft for a fellow inmate, sued Dr. C. P. Thomas, the original victim, for \$10,000 as the value of 150 inches of skin which he says the doctor peeled off his legs while under chloroform.

Mr. Lovejoy asserts that it was represented to him that the surgeon would only take from his thighs two or three strips, three or four inches long and three-fourths of an inch wide. When he got off the table he found that the front of his legs between the knee and hip were stripped, and it was 19 days before he could get out of the hospital.

Mrs. Pearl B. Sealander, the original victim, was burned in an accident with a lamp at Lewiston, Ida., and was brought here to St. Luke's hospital for treatment. A number of Elk volunteered to furnish patches of skin, but the operation was successful, but the woman was so weakened from long illness that she died.

**GEN. HANCOCK'S NEPHEW.**  
He is Arrested Charged With Murder of Emma Smallwood.

Washington, Oct. 15.—Winfield Scott Hancock, 43 years old, a nephew of the late Gen. Winfield Scott Hancock, was arrested at Hyattsville, Md., near here last night, charged with the murder of Emma Smallwood, a young white woman, employed as a domestic in the Hancock household, who died as the result of a criminal operation. Hancock

was taken on a special train for Washington for the winter. Mr. Percidaris is accompanied by his wife. His decision to remain in this country for some time is due to the unsettled conditions in Morocco and also because of the controversy between France and Germany over their respective interests there.

In discussing the case before Mr. Percidaris declared that the international situation regarding Morocco is not as settled as it is in the United States, and that it is an effort on the part of France to gain a dominant political position in Morocco.

**Eight-Hour Day for Printers.**  
Indianapolis, Oct. 15.—A bulletin issued by the officers of the International Typographical union yesterday says agreements have been reached between 24 locals and employers whereby an eight-hour day has been or is to be substituted Jan. 1. At the close of the 15th week of the strike men are still out in 33 cities, although it is said that only a few men are out in a number of them.

In more than 300 cities and towns printers are working on contracts which will expire on Jan. 1 or later.

**W. M. Ivins, His Policy.**  
New York, Oct. 15.—In an open letter to George M. Cleveland at William Randolph Hearst, given out at Republican headquarters tonight, William M. Ivins, the Republican candidate for mayor, outlines his policy, if elected.

It includes independence of all organizations and individuals; disregard of merely national party considerations in making appointments; retirement from all private business during his term; the assumption by the city of all franchises; the condemnation by the legislature of all existing gas plants, under eminent domain, the city to take possession of the construction of a municipal light and power plant, and a revision of public accounting.

Mr. Ivins' letter closes with an invitation to the other candidates to meet him on a common platform to discuss the city and other issues of the campaign.

**Panama University Club.**  
Panama, Oct. 15.—A meeting of American university men employed by the Panama canal commission was held this afternoon in the administration building for the purpose of organizing the city of Panama a club for the preservation of the college spirit of fraternity. A constitution and by-laws were adopted. Charles F. Mason, governor of the canal zone and American minister, was elected president, R. P. Hubbard, vice president, and J. Sargent, chief sanitary officer of the zone, F. E. Mather, division engineer, Judge Little and Senator Ellings were among those selected by the board of governors. A building formerly occupied by the American legation will be rented by the new club, which will start off with about 100 members.

**The Kanawha to be Extended.**  
Parkersburg, W. Va., Oct. 15.—Senator Stephen B. Elkins, who is here today on personal business, is authority for the statement that the Little Kanawha railroad, one of the hold- ings of the Little Kanawha syndicate, much discussed recently in connection with the Ramsey-Gould trouble, is to be extended to a connection with the coal and coke railroad owned by Senator Elkins and ex-Senator Henry G. Davis. The extension is in connection with improvements made on this road before it was abandoned by the Washburn, and it penetrates some of the richest coal fields in the state.

Senator Elkins says the extension will be built at once by the Baltimore & Ohio railroad.

## CRISIS OF GIRLHOOD A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well

How many lives of beautiful young girls have been sacrificed just as they were entering into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

Girls' modesty and over-sensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tallahassee, Tenn., writes:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When I was four years of age I suffered all most constant pain, and for two or three years I had soreness and pain in my side, head, and was dizzy and nervous, and doctors all failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are suffering from girlhood troubles, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood.

disclaims any guilt and declares that the woman left his home on Monday, but returned Thursday and died that night.

Hancock was formerly in charge of the mails at the census bureau here, but had been unemployed for two years.

"Upon the finding of additional evidence in the case, establishing the criminal operation, a warrant has been issued for the arrest of Mrs. Ananda Mackail, a sister of Hancock's, for complicity in the crime."

**TROUBLE IN MOROCCO.**  
Ion Percidaris Says it is Owing To French Ambition.

Washington, Oct. 15.—Ion Percidaris, an American citizen who, while residing at Tangier, Morocco, was captured by Raisuli, about a year and a half ago, and whose case was the subject of vigorous representations by this government to the sultan of Morocco, has taken an apartment in Washington for the winter. Mr. Percidaris is accompanied by his wife. His decision to remain in this country for some time is due to the unsettled conditions in Morocco and also because of the controversy between France and Germany over their respective interests there.

In discussing the case before Mr. Percidaris declared that the international situation regarding Morocco is not as settled as it is in the United States, and that it is an effort on the part of France to gain a dominant political position in Morocco.

## ELLIS TELLS MORE ABOUT BRUSH.

According to His Story His As-  
sailant Made Confession to Him  
Of His Rascalties.

## WAS A GREAT CONFIDENCE MAN

Entered Into All Kinds of Games in  
Australia—Police Expect to  
Catch Him Soon.

Berkeley, Cal., Oct. 15.—As a result of a lengthy conference tonight with William Ellis of Australia, who lies in the hospital with a fractured skull, inflicted, it is alleged, by a man known as Brush, alias Curtis, and who, it is further alleged, is Milton Franklin Andrews, accused of the murder of Beale Bolton near Colorado Springs, Marshal Vollmer learned that the unknown woman who is alleged to have played a part in the scheme to end Ellis' life in Berkeley, once succeeded in keeping Andrews hidden in Denver for two months.

According to Ellis, whose additional story tonight has given the police the opportunity to trace the movements of Brush and the woman ever since they left Colorado Springs, Brush made a confession to him Oct. 3, when he spent the night in the house rented by the pair in Berkeley. Ellis said that Andrews told him while Brush and the woman were in Denver who went out disguised to procure food, going about the city without fear of detection.

On leaving Denver the pair went directly to Vancouver, from where they took the steamer Missouri for Australia, where they lived until departing on the Sierra about eight weeks ago for San Francisco. Ellis accompanied them and they made their first stop at New Zealand. From there they went to Honolulu, finally leaving the islands 20 days ago for San Francisco.

While in Australia, Brush, Ellis said, entered into all manner of card games and, according to Ellis, they watched on bets at the Kensington race track. This was their chief reason for leaving Australia.

In the antipodes Brush lived under the name of Clayton Hill, which he told Ellis was his true name. Brush told Ellis that his reason for hiding in Denver was to escape the police, who wanted him in connection with the embezzlement of \$10,000 from a Denver firm. A young man was arrested for the theft and Brush stated that he had secured the money from him in a card game.

It is believed by the local police that Brush and the woman who accompanied him are located in San Francisco and that their apprehension will be a matter of but a short time.

Chief of Police Vollmer now holds to the theory that the attempt was made to murder Ellis by his friends, who were in dire straits for money. Ellis said tonight that Brush further told him that the woman he was with is a French Canadian whom he first met in Montreal, Canada.

**HEMERY'S AUTOMOBILE.**  
One that Won Vanderbilt Cup Damaged by Fire.

New York, Oct. 15.—The French automobile driven to victory in Saturday's Vanderbilt cup race on Long Island by Hemery was badly damaged tonight by fire and one workman was killed about the head as he attempted to save the car. It is believed the accident was due to the carelessness of a spectator while the machine was being prepared for shipment to France at the French headquarters at Mineola, L. I.

Drivers and workmen on the racing cars had warned people to keep away from them with matches or cigars, but it is thought that while the machine was being drawn from the winning machine to somebody approached with a lighted match. At any rate, the flames suddenly flashed from the gasoline-can, spread to the automobile and, before they were extinguished, damaged it so that extensive repairs will be necessary. The workman who was caught in attempting to remove the car was not severely burned.

Hundreds of people called at the French headquarters today to congratulate the winner of yesterday's race.

**DATTO ALI AGGRESSIVE.**  
He is Killing Moros Friendly to American Government.

Manila, Oct. 15.—Datto Ali, with his followers in the province of Mindanao, has taken the aggressive and is killing many Moros friendly to the government. Ali has informed the military and naval authorities that he will assist the Philippine troops to effect his capture that he is now prepared to meet and kill them.

Provisional companies of troops are now taking the field for a vigorous campaign, aided by the friendly Moros who are being armed by the government.

**Will Grant Wages.**  
Full River, Mass., Oct. 15.—It is understood that the manufacturing circles that within a short time the Fall River Cotton Manufacturers' association will grant an advance in wages to the operatives, numbering upwards of 25,000 now employed in the city.

Last Sunday the textile council voted to request the restoration on Oct. 23 of the scale which prevailed prior to the cut of 12 1/2 per cent. made on July 25, 1904.

While the majority of the manufacturers favor an advance now, many of them are of the opinion that the mills are not yet able to pay an increase of 12 1/2 per cent. and advocate a half way step, with the understanding that no further advance will be considered until next spring.

**Bryan Arrives in Yokohama.**  
Tokyo, Oct. 15.—William J. Bryan and his family, who arrived at Yokohama Saturday, will spend two weeks in Japan. They will make a visit of five days to Tokyo and Maruiko, president of the privy council, and Count Okuma, leader of the Progressionist party, will invite Mr. Bryan to a dinner.

The Japanese American society will invite Mr. Bryan to address its members at the Young Men's hall Oct. 17. Count Okuma will preside at the function.

**Herr Moeller Resigns.**  
Berlin, Oct. 15.—Herr Moeller, Prussian minister of commerce and industry, has resigned. He will be succeeded by Herr Delbrück, president of the province of West Prussia.

## BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex, it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such ailments which is also entirely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhilaration from a tipping beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Hilly, of 300 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any sufferer with female troubles, from one bottle and am gaining strength very fast. I could not eat or sleep when I began taking it. I was so weak and nervous, and I had cold and numb spells all my heart would almost stop beating. I could not eat and I was so weak that I could not get up. I am now strong and healthy. I continue with your treatment and am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book, "The Common Sense Medical Adviser," in stiff paper covers, will be sent free for 21 one-cent stamps, the bare cost of mailing, or send 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

**These ORIGINAL Little Liver Pills.** First put up by old Dr. J. C. Williams, R. V. Pierce over 40 years ago, have been much improved, but never equalled. They are made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged stomachs, livers and bowels and their attendant disorders, ailments, one or two laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy in place of this well-known preparation of Dr. Pierce.

grashed into a tree. The passengers inside the car were thrown into a heap, while those on the ground were hurled to the pavement. Patrolman L. W. Pines and James McNamara, passengers, were the most seriously injured.

The accident resulted from a brick falling upon the truck, evidently by boys.
