A DISPUTE OVER RECISTRY ACENTS

Chairman Eichnor and Sec. Eldredge Before Commissioners.

RENEW FORMER REQUEST

Republicans Claim that Their Party is Entitled to Three Registrars in This City-Matter Referred.

Today's meeting of the board of county commissioners was enlivened by Filttle tilt which took place between Chairman Eichner of the Republicar county committee, and County Commissioners Whitaker and Woolley, Mr. Eichner was so warm when he emerged from the meeting that he asked to be run up and down the elevator several times to cool off.

The trouble was over the appointment of three registrars in election districts Nos. 8, 21 and 28, which Chairman Eichnor claims should have been made from the Republibeen made from the Democratic ranks. When the board convened this morning Mr. Eichnor and Secretary J. U. Eldredge, Jr., were on hand to renew their request made last June Mr. Eichnor handed Chairman Whitaker a communication which was read by Clerk Miss Addie Dunbar. The communication called attention to the decision of the Miss Addie Duinds. The decision of the Supreme Court rendered on Saturday in the case of Hamer vs the board of county commissioners of Weber county. The decision held that registrars should be appointed according to the party casting the highest number of votes at the recent special election, and that the Populist votes cast for Hon. Wm. H. King could not be properly added to the straight Democratic votes. The communication also called attention to the letter of June 3rd last, in which the offer was made to prove that in election district No. S, 148 votes were cast by the Republicans for Jas. T. Hammond, 146 votes by the Democratic for King were cast by the People's party. The Judges of election in this district, it was further stated, combined the Democratic and Populist vote for King without indication the tally sheet the number of stated, combined the Democratic and Populist vote for King without indicating on the tally sheet the number of votes cast by either party. The same statement was made with respect to districts Nos. 21 and 28, where Hammond received a majority of all the votes cast, the People's party vote being added to those given King, which eave the latter a majority, thus entiti-

ing added to those given King, which gave the latter a majority, thus entitling his party to the registrars.
Today's communication asked for the appointment of Republican registry agents from the list submitted in June. The additional name of Edward L. Ray. bould was suggested from the 5th dis-trict, and W. L. Goodsell was named

After the clerk had concluded the reading of the communication. Mr. reading of the communication, Mr. Enchnor follows up with the statement that if the board doubted his word, to refer the matter to E. W. Wilson, chairman of the Democratic county committee, and if he was dis-barred, to refer it to Deputy County

Clerk George E. Blair.

Mr. Whitaker took the position that
the board had not the authority to take proof or to refer the question to anyone outside the county attorney. The registrars had been appointed and the county attorney had rendered the beard an opinion, and until that opinion was revoked, the board would have to

abide by it.

Mr. Eichnor said that the decision of the Supreme court had wiped out part of Mr. Putnam's opinion. Then the talk drifted on the question of proof, and Commissioner Woolley cut all debate off by moving the matter be referred to the county attorney. It was became exceedingly angry. Springing to his feet and with much warmth, he ald: "I want you, gentlemen, to un lerstand that we are clearly entitle to these three registry agents, and I you want to deprive us of them, we'll face the people on the issue. can afford to lose the three if yo right ahead, gentlemen, just go

right ahead."
Then Mr. Elchnor started to look for his hat, which in his excitement h next order of business, and Chairman Elichnor and Secretary Eldredge left the office, vowing vengeance on some me "If the Republicans don't get these

Editor Deseret News: As it has been published in this city that Judge Bartch, when probate judge of this county some years ago, had the county commissioners pass a rule making him supervisor of county affairs and fixing his salary at \$2,500 a year, and that he brought a mandamus against me as county clerk to compel me to issue a warrant for his salary. This is an injustice to him and I have made an affidavit stating the facts in regard to that matter which I would be pleased to have you making in justice to Indee o have you publish, in justice to Judge Bartch. The affidavit is forwarded

herewith, Yours respectfully, Salt Lake City, September 28, 1900. State of Utah, County of Salt Lake-ss, John C. Cutler, having been first duly sworn, on eath deposes and says as follows: At the time when the man-damus proceeding, known as the case of Bartch vs Cutler, 6 Utah, 409, was in-stituted and tried before the Supreme court of the then Territory of Utah and for some years previous, I was clerk of the county court and ex-officio W. Bartch became probate judge and chairman of the county court in Oc-tober, 1889. For a number of years prior to the time when Judge Bartch assumed the duties of his office, the va-

rlous probate judges were appointed by the county court to the office of "super-intendent of county affairs," at a salary of \$2,500 per annum, which was paid to the incumbent monthly, as it became due, by warrant issued by the clerk upon order of the county court. Judge Bartch was likewise appointed upon his assuming the duties as probate judge. He, however, expressed doubts as to the power of the county court to create the office of "superintendent of ounty affairs." and presented no orde o me for a warrant on the treasury for salary, until about the time of the session of the Supreme court in January, 1890, when he presented to me ar order for \$208.33, which had been all owed by the court as his salary for December, 1889, and at the same time asked me to refuse to issue a warrant therefor, so as to enable him to test the legality of the said office of "superin-tendent of county affairs," by pro-ceedings in the Supreme court. I was perfectly willing to Issue the warrant in that instance, the same as I had done on all previous occasions to other probate judges for the same salary always having regarded it legal and my futy to do so, and I would have issued the warrant to Judge Barton had it not been that he himself requested me not

to do so, for the purposes above stated. The Supreme court decided that the office was illegally created, and thereafter no order for salary thereunder was ver presented to me. I make this affidavit as a matter of justice to Judge Bartch, as well as to myself, to correct any erroneous im-presssions which may have been created pressecting my refusal to issue the warrant. The whole matter was thoroughly understood between Judge Bartch and myself and was a perfectly amicable and friendly arrangement be-tween him and me, entered into at his instance and request. So far as I know and recollect, that was the first and only time during the six years in which I was the clerk of the couny court that the legality of the office eferred to was questioned.

And further this deponent saith not,
JOHN C. CUTLER.

COV. ROOSEVELT

Fall City, Neb., Oct. 1 .- The special rain bearing Governor Roosevelt's party reached this place at 8:20 today. The morning was rainy, but the inhabitants were at the station to hear Governor Roosevelt. Many wagons and carriages brought farmers and their families in from the adjoining country.

Governor Roosevelt said: "I noticed the other day that Mr. Bryan said that the Republican party had no right to claim the benefit of the fact that pork and wheat and corn had gone up. The Republican party said four years ago that if its policies were adopted those articles would go up. Its policies were adopted and they have gone up. You can apportion the responsibility as you choose, giving the

Republican party its share. Beatrice, Neb., Oct. 1 .- When the special train bearing Governor Roose-velt reached Auburn a heavy rain was ouring and the outdoor meeting which ad been arranged for was impractiable. The meeting was held in the Opera house, which was well filled.

Jovernor Roosevelt said in part: "During the past four years your home products here have increased 45 per cent; your beef products have inreased 60 per cent and yet we were tol four year ago there would be hard times if the Republican ticket was elected. The value of your household goods has gone up 20 per cent, mortgages have been reduced 40 per cent and your savings accounts have in-creased 25 per cent. Now you should udge our opponents by their prophees, no one of which has come true and judge us by our promises, which have been fulfilled."

At Tecumseh, the meeting was held in he court house square. Governor cosevelt said in part: "I ask you to see to it that the men n Washington do not undo the work lone by your sons and brothers in the Philippines. Your governor has recenty spoken of the soldiers of the regular

I have fought beside these hi lings' at Santiago. I saw the First, t Third and the Sixth white cavalry a the Ninth and Tenth colored cavalry i the hill. I saw them leave behind 300 men who have shed their blood for the honor of the flag, 300 men who die that we might be proud that their country still held in honor the flag, and the reward is that these men should be sneered at as hirelings. When you sent you regiment to the Philippines, its colonel died. He came from the regular army. It was Col. Stotsenberg who wrote a new name on the honor roll of American history, who conferred honor not only on your State, but on all the nation. Is he to be referred to as only a 'hireling?' It is but a few weeks since Mr. Bryan himself spoke of our soldiers as a hundred thousand men walking about in idleness. Col. Stotsenberg no longer walks about in idleness. The men who were in the Philippines who stayed no longer walk about in idleness, General Lawton no longer walks about in idleness, nor does Liscum or Reilly, who died at Tisn Tsin. They have found rest where their comrades from 186! to 1865 who gave their dives for their flag have found rest. Wee to the oun'ry that has lost its capacity to appreciate the sacrifice of the gallant souls who do and dare and die for its honor and its glory. Of all ungenerous thrusts the most ungenerous is to deny the proper merit of honor to the soldier,

proper praise to such men. Dowicite Elders Flee.
