THIRD TERM FOR CONTEMPT.

Supervisor Boxton's Wife Testified That Her Husband Gave Her The \$5,000 Bribery Money

San Francisco, July 24 .- Contrary to expectations, the prosecution did not finish today its case against Louis Glass, charged with the bribery of supervisors. But shortly before adjournment Asst, Dist. Atty. Heney stated to the court that he has but three more witnesses to call, and that their direct examination will not consume, in all, more than one hour. Allowing the rest more than one hour. Allowing the rest of the morning session for cross-ex-amination, it is thought that Atty, Del-mas will find the field clear for his opening statement to the jury not lat-er than 2 o'clock tomorrow afternoon. The most interesting witness today, from the viewpoint of an zuchence that contained more than a score of wo-men, was Mrs. Annie Boxton, whice tem-porary inucmbency of the mayor's chair Supervisor Charles Boxton, whose tem-porary inucmbency of the mayor's chair under the domination of the "big stick" was terminated recently by the succes-sion of Dr. Edward H. Taylor, Mrs. Boxston testified that the \$5,000 which her husband confessed was accepted as a bride from T. V. Halsey by him was brought home, counted and given to her. Mrs. Boxton, whose handsome and stylish appearance won for her many curious stares, was on the stand but a few minutes, and escaped the ordeal of cross-examination.

Zimmer, second vice president of the Pacific States Telephone and Telegraph com-pany, who again refused to become a witness for the prosecution, and was, by Judge Lawler, fined \$500 and sent to jail for five days for this, his thifd, contempt of court; F. W. Eaton, secre-tary-treasurer of the telephone com-pany, recalled: William J. Kennedy, assistant treasurer of the same corporpany, recalled: William J. Kennedy, assistant treasurer of the same corpor-ation, whose apparent unwillingness to answer questions fretted Heney, and led to acrimonious remarks between him and Delmas; John Krouze, re-called; Herbert W. Smith, stenograph-er of Vice President Glass in the of-fices of the Pacific States company, and Samuel A. Monsarrat, bookkeeper in the cashier's department of that con-cern.

of the first witnesses to be called by the defense, according to a casual courtroom remark by Delmas, will be Rudolph Spreckels, financial guarantor of and one of the three most active members of the bribery-graft prosecution.

LURE OF AMERICA.

Buda Pest, July 24 .-- The lure of the United States as a land of opportunity and wealth to the people of Hungry has brought out a curious state of affairs In the little village of Krisova, near Lugos, that at the last census had a population of 3,500 souls. One by one the male residents of Krisova heard the call across the water, and they emigrated in batches until such time as the mayor was the only adult male to remain in the village. Finnaly he also succumbed to the reports of good wages and golded chances in America sent back by his fellow townsmen, and, packing his trunk, he made his way to the emigrant ship at Flume. As a result of this exodus of males the women of Kirosova – have just elected a young woman to the posi-tion of mayor, and other female resi-dents have been elected to fill the re-mainder of the municipal offices. The statutes in Hungary provide that no female shalt hold public office, and ac-cording to the letter of the law the pres-ence of the women in office is tilegal. in the little village of Krisova, near

# FRANK WARNER AWAKENS AND REALIZES HIS CRIME.

New York, July 24.-Almost at the New York, July 24.—Almost at the moment that his second victim breathed his last, Frank H. Warner tonight awoke to consciousness and a reali-zation of his tragle acts of yesterday. Warner, formerly a prosperous hatter, shot and killed Esther C. Norling, who had been his bookkeeper, and after a wild flight from the police fired a bul-let into the back of his intimate friend, John Wilson a wealthy batter. Wilson let into the back of his intimate friend, John Wilson, a wealthy hatter. Wilson died at St. Vincent hospital tonight, and as the news of his death reached Bellevue hospital, where Warner is a prisoner, the latter regained his senses. Warner was knocked down and badly injured by the crowd that captured him, and he had since been in a comatose condition.

"Prof. Newcomb was quick to catch the personal tone in Craig's remarks. He arose hastily, shook hands with the few men on the platform and walked out of the convention. Temporary Chairman Scott called Craig to order and at the same time paid a glowing tribute to Dr. Newcomb.

# TROUBLE IN INDIA.

# Lord Curzon Says That it is Only Skin Deep.

London, July 24.-Lord Curzon, chan-ellor of Oxford university, speaking it a banquet given in his honor tonight cellor of Oxford university, speaking at a banquet given in his honor tonight by the Grocers company, after express-ing the opinion that the trouble in India is only skin deep, strongly criticized what he described as Great Britain's "unscientific method of administering the empire." He said that no country in the world had such a reserve of ex-perience and authority in the art of civil government and made such little use of it. The colonial office, he said, was made up of permanent officials, many of whom had never set eyes on the colonies they administered, and he asked why there should not be an im-perial council of some kind to assist in their administration. He apologized for speaking in behalf of the great un-employed class to which he belonged, but expressed his thanks for the op-portunity, saying that although he was unemployed he was not altogether ex-tinguished. Manong the guests at the banquet were the American ambassador, White-law Reid and the secretary of the American embassy, J. Ridge Carter.

# AMERICA LEADING AT THE HAGUE CONFERENCE

The Hague, July 24.—Thus far the United States has contributed more than any other country to the peace conference. As was expected, the American proposal for the collection of contractural debts will be adopted al-most unanimously on July 27, only a few countries making reservations, while the proposition regarding the permitted of the arbitration court, the most important step of the confer-ence, will be accepted with amend-ments, to which, however, the Ameri-can delegates will offer no objections. Another American proposition, that relating to general arbitration, is al-ready meeting with some opposition, which is offered as not against the principle, but because of the difficulty of carrying the plans as proposed. The British delegation, however, has received instructions to support both the permanent court and the general arbitration proposition; that relating to a periodical conference, will not be presented until the end of the conference, in order to avoid inter-ference with the work already under discussion.

Los Angeles, July 24.—Los Angeles will attempt to collect taxes from the Western Union and Postal Telegraph companies by a new form of assess-ment.
