

## PREST. SHURTLEIFF Tells of the Harrowing Scenes He Witnessed in That City.

Tells of the Harrowing Scenes  
He Witnessed in That  
City.

### NEVER TO BE FORGOTTEN.

Entire Families Wiped out—Fathers  
And Mothers Frantic Over Loss of  
Each Other and Their Children.

(Special to the "News.")  
Ogden, April 21.—President L. W.  
Shurtleiff of the Weber stake, has re-  
turned from Oakland, where he went  
last week. He was in that city when  
the terrible disaster befell San Fran-  
cisco and other California cities, and  
he says that the scenes he witnessed in  
Oakland can never be effaced from his  
memory.

Dead and wounded by the score, in  
the most horrible conditions; entire  
families wiped out; fathers and moth-  
ers searching vainly for each other;  
little children robbed of their parents;  
mothers screaming frantically for their  
dear ones, and men and women driven  
insane from the horror, are some of the  
scenes witnessed.

Mr. Shurtleiff said that while on one  
of the principal streets of Oakland, a  
young woman flung herself into his  
arms and began to beg and implore him  
to locate her brother. Mr. Shurtleiff  
was greatly surprised to find that the  
young woman was Mrs. Annie Lyman  
King, who had been in San Francisco with  
her brother Fred Kiesel.

President Shurtleiff at once took the  
young woman in charge and told her to  
follow him. He took her to the depot  
and placed her on the train. After they  
pulled out of the city, their hearts were  
filled with gladness to find that  
Fred Kiesel was on the same train, and  
a happy reunion followed.

### HELP FROM ALL POINTS.

Generous and Sympathetic Citizens  
Make Quick Response.

Cheyenne is sending a baggage car  
with government tents and provisions;  
Greeley, Colo., 10 cars of potatoes and  
two cars of flour, and Lucern six cars  
of potatoes. Fort Collins one car of  
flour, Omaha four cars of beans, rice,  
flour, soup, coffee, milk and corned  
beef and one car government tents.  
South Omaha one car salt meat; Den-  
ver 15 cars provisions; Fort Rely, Kas.,  
three cars of government tents. The  
Nebraska National Guard has for-  
warded their tents by express. All  
cars from Denver go by special train  
on passenger schedule, and all other  
cars go on regular passenger trains.

### HARRIMAN SENDS \$200,000.

E. H. Harriman has authorized Gen-  
eral Manager Calvin to spend \$200,000  
for the relief of San Francisco, and if  
more money is needed to call on the  
eastern lines. Mr. Calvin's present  
headquarters are at Oakland Pier.

### CAR OF CRACKERS.

The National Biscuit company has  
notified the Short Line office to di-  
rect to Oakland for the benefit of the  
sufferers, a carload of crackers, con-  
signed to its San Francisco house  
which has been destroyed. The Short  
Line is also advised by the Amalgam-  
ated Copper company, to expend  
\$10,000 for provisions to be shipped  
from Butte.

### EIGHT CARS FROM OGDEN.

Eight cars of provisions and sup-  
plies had left Ogden up to last night  
for San Francisco, on passenger ser-  
vice time, and special trains are  
being made up and sent on whenever  
there is call for them. Single cars  
are, however, attached to regular pas-  
senger trains; all free of charge. Two  
trains of nearly 100 cars left Denver  
yesterday, and a third train leaves  
Denver today. A special left Ogden  
at 4:30 this morning, with contribu-  
tions of supplies from local cities and  
towns.

### MAYOR RECEIVES MESSAGE.

Gov. Pardee of California wired  
Mayor Thompson late yesterday after-  
noon, as follows:

To the Mayor of Salt Lake City, Utah—Three hundred thousand San Fran-  
cisco people shelterless and in want of food. Can your city send supplies?  
Needs great and urgent.  
GEORGE C. PARDEE, Governor.

Mayor Thompson sent the following reply:

People sending aid as fast as the  
railroad can receive. Car forwarded  
this morning; others following.  
EZRA THOMPSON, Mayor.

### CHILDREN GIVE BREAD.

At yesterday afternoon's meeting of  
the city schools principals it was de-  
cided to ask each pupil to donate a  
loaf of bread for the San Francisco  
sufferers; also, to ask each child to  
bring a nickel or a dime next Monday.

### AN APPEAL TO WIVES.

Cure the Drinking Husband by Using  
Orrine—Can Be Given Secretly.

No more terrible affliction can come  
to any home than the craving of hus-  
band and father for strong drink. No  
appeal to wives, mothers and sisters  
to save the husband and father or the  
brother or son with Orrine, a scientific  
and positive cure for the drinking habit.  
The patient simply takes Orrine No.  
2 or the secret remedy Orrine No. 1  
which is in powder form, and as it is  
perfectly colorless, tasteless and odor-  
less, can be given in food or drink  
without the knowledge of the user. The  
price of either form is \$1. The craving  
for strong drink will be destroyed; in  
fact, the drink will not be missed when  
Orrine is used.

Orrine is sold under a positive guar-  
antee that it will cure the drink habit  
if directions are followed. In every  
box is a registered guarantee which  
entitles you to a refund of your money  
if Orrine fails to effect a cure. You  
run no risk whatever in using this rem-  
edy. There is no loss of time or ab-  
sence from home or business, no sanita-  
rium treatment. In fact, Orrine  
strengthens the nerves and restores  
general good health while curing the  
drink habit. Treatise on how to cure  
drunkenness free on request, Orrine  
Co., Washington, D. C.  
Wives, save the happiness and prop-  
erty of your home with Orrine.  
Orrine is for sale by Smith Drug Co.,  
Salt Lake City.

### MRS. ANNIE LYMAN KING. Whose Funeral Took Place Yesterday Afternoon—Deeply Impressive Services Held.

Deeply impressive funeral services were held yesterday afternoon over the remains of Mrs. Annie Lyman King, wife of ex-Congressman William H. King. The Twenty-seventh ward chapel was crowded with grief-stricken relatives and sympathizing friends, who met to pay their respect to one who was beloved in life and sincerely mourned in death.

The services were conducted by Bishop Maxwell, and the opening prayer was offered by Elder Hugh S. Gowan, president of the Tootle stake, after which words suited to the occasion were spoken by President Anthony H. Lund, Elder Richard W. Young, President Joseph F. Smith and Elder Orson F. Whitney. The benediction was pronounced by Elder Charles W. Penrose, and Elder George Albert Smith dedicated the grave. A quartet, composed of Fred Graham, Thomas Ashtworth, Willard Squires and M. E. Christopherson, furnished music for the occasion, and Mr. Graham sang, "O Love Divine." There was a profusion of floral offerings, and the grave was entirely covered with them.

morning to add to the relief fund. This last plan ought to raise at least \$750.

### EXCHANGE GIVES AID.

Members of the Salt Lake Stock and Mining Exchange met last night, and A. L. Jacobs and Capt. W. H. Tibbals were appointed as a committee to solicit subscription from members of the exchange. It is expected that the amount will be at least \$1,000.

A message was ordered sent to the president of the San Francisco ex-  
change, E. H. Ruggles, signed by Pres-  
ident Pollock and Secy. Shorten of the  
local exchange. This message was as  
follows:

"Members of the Salt Lake Stock and Mining Exchange learn with the deepest regret of the terrible calamity and widespread destruction that has overtaken your beautiful city, and in special session assembled resolved that, individually and collectively, the heart-  
felt sympathy of the members be tendered you.

"Trusting that your city may soon rise, Phoenix-like, from its ashes and be rebuilt more beautiful than ever, and be it further resolved, that this exchange desires to render you such assistance as is within its power, and tenders its good offices to this effect."

### WILL GIVE THREE PER CENT.

The High school students collected a wagon load of bread yesterday afternoon, in response to a call from the Red Cross relief society, and bread is being received today. The teachers will give 3 per cent of their April salaries to the relief fund.

### STUDENTS' GOOD WORK.

The State University students met yesterday, and were addressed by President Kingsbury and Prof. Stewart Cummings on the needs of San Francisco, and advising the students to aid in furnishing provisions, and as a result many of them carried sacks of the same to the Short Line depot last evening.

### INSURANCE CO. GIVES \$5,000.

News of a very generous subscrip-  
tion to the San Francisco relief fund was received by Heber J. Grant & Co.'s insurance office yesterday in a tele-  
gram from the New York headquar-  
ters of the Northern British & Mer-  
cantile Insurance Co. This company was one of the heavy losers by insur-  
ance, but the United States manager,  
E. G. Richards, wired Grant & Co. as follows:

"Have no word as yet from our San Francisco office about great disaster. Our London office cables following in-  
structions. Draw on London in pay-  
ment of recognized claims. Subscribe \$5,000 for sufferers."

### AT JEWISH TEMPLE.

Rabbi Freund spoke last night in the Jewish temple on the importance of extending aid to the San Fran-  
cisco sufferers, and in the course of his remarks said:

"The world today is trying to realize more fully than ever before the prac-  
tice of love of mankind. Altruism finds more frequent manifestations than in all the days gone by. This we witness in the spirit of brotherhood, but as a fact, which bears testimony to the philanthropy which, in many ways, is in vogue. When the appeals are made to help the victims of per-  
secution, to succor those rendered helpless by one form of misfortune or another, assistance is forthcoming. The centered assistance on the question of racial or religious affinity, are elimi-  
nated today. The question now is, are there human beings who need our help? and when the question is an-  
swered in the affirmative aid is readily granted."

SEND IN SUPPLIES.  
All who can, are invited to send quilts, blankets, pillow cases, sheets or any kind of bed clothing to the home of Mrs. Clarissa S. Williams, No. 37 north West Temple street, before six o'clock this evening, so that they may be sent to the relief of the San Fran-  
cisco sufferers.

### BENEFIT DANCE.

M. P. Rockwood has made arrange-  
ments with Manager Harrison of the  
Alberta dance hall and the Harrison  
and Midway orchestra, to give a dance  
at Centerville on Saturday night next,  
the proceeds to go to the San Francisco  
relief fund. A special train will leave  
Salt Lake and Ogden depot at 8:15  
o'clock.

### RED CROSS WORK.

The Red Cross society of the Nine-  
teenth ward is anxious that all persons

who are desirous of sending in contribu-  
tions, will send them either to 238  
Wall street or to the Commercial club  
building.

The Liberty Stake Relief Society has  
been called upon to furnish bedding and  
supplies. The contributions should be  
sent to the Commercial club on once.

### HELP FROM ODD FELLOWS.

Dr. Hughes and Dr. Root today se-  
cured credentials from Gov. Cutler, and  
both gentlemen will leave at once for  
San Francisco to aid in the work of car-  
ing for the sufferers of the earthquake  
and fire.

### DOCTORS WILL AID.

C. A. Walker, past grand master of  
the local order of Odd Fellows, today  
received the following telegram from  
California:

"Four thousand brothers homeless,  
Send all contributions to Grand Warden  
F. B. Ogden, Oakland, Cal."

"W. W. PHELPS."  
Mr. Walker states that subscriptions  
are being made among the fraternity  
here, and that at least \$5,000 will be  
raised and sent to the sufferers.

### FULL OF TRAGIC MEANING.

Are these lines from J. H. Simmons, of  
Casey, Ia. Think what might have re-  
sulted from his terrible cough if he had  
not taken the medicine about which he  
writes: "I had a fearful cough, that  
disturbed my night's rest. I tried  
everything, but nothing would relieve  
it, until I took Dr. King's New Dis-  
covery for Consumption, Coughs and  
Colds, which completely cured me."  
Instantly relieves and permanently  
cures all throat and lung diseases, pre-  
vents grip and pneumonia. At Z. C. M. I.  
Drug Store, 112-114 South Main Street,  
guaranteed, 50c and \$1.00. Trial bottle  
free.

### MONSTER BENEFIT PROGRAM.

For the Relief of Sufferers—Entire  
Proceeds to Go to Them.

tists supreme. (Courtesy of Orpheum  
Theater, J. Bistes, Mgr.)

George Harper and her company in  
David Belasco's great masterpiece,  
"Zaza." Fourth act produced under the  
stage direction of Louis Dean. (By  
courtesy of George Harper and R. J.  
Riddle, Mgr. New Grand Theater.)

The undersigned desire to extend  
thanks to the various performers, mu-  
sicians, and stage mechanics, who have  
so willingly extended their services also  
to the Big Four Adv. Co., E. W. Gard-  
ner Printing Co., Tribune Job Print,  
Utah Light & Ry. Co., and various others,  
who have assisted in this worthy cause.

J. BISTES,  
R. J. RIDDLELL,  
J. H. YOUNG.

### In Dr. Graves' Tooth Powder

there are combined the ele-  
ments of safety and pleasure  
in kissing your wife or sweet-  
heart—delicious after taste.  
Just ask her about it.  
In handy metal cans or bottles, 25c.  
Dr. Graves' Tooth Powder Co.

## ANOTHER STORY OF EYE WITNESS

Councilman Funk of Philadelphia  
Describes Frightful  
Scenes.

### RICH AND POOR FARED ALIKE.

Earthquake, Fire, Hunger and Thirst  
Erased Distinction and Made  
Them All Equal.

Lawson C. Funk, ex-councilman from  
the 24th district, Philadelphia, with his  
wife and child, are at the Knutsford,  
having arrived today from San Fran-  
cisco. The family occupied rooms on  
the fifth floor of the St. Francis hotel  
at the time of the earthquake. The  
shock of Tuesday morning. The build-  
ing began to shake violently, awaken-  
ing Mr. and Mrs. Funk. Their three  
6-year-old daughter began to  
scream, "Oh, papa, the boat is going  
too fast." The parents donned what  
clothing they could gather, and taking  
the little girl, made an exit from the  
building. Structures were crumbling  
and falling in every direction. The  
Dewey monument shook like an aspen  
leaf and blocks of granite flew on every  
side.

Mr. Funk tried to get a hack to con-  
vey his family to a place of safety, but  
none could be secured.

### HUNGER AND THIRST.

People who were fortunate enough to  
hire a carriage paid \$50 and upwards for  
the privilege. Finally a delivery wagon  
was obtained at a cost of \$10, for a  
short drive to Golden Gate Park. En-  
route a city clock was seen, the hands  
having stopped at 5:16, the moment of  
the shock. The family secured a small  
room in the hotel for \$5 a day, and  
there they remained until Thursday,  
not daring to sleep. But very little  
food could be obtained, a few crackers  
only being available. Four persons in  
the little room had a pint of soda water  
per day, procured at a near by drug  
store. Mr. Funk offered any price for  
a loaf of bread, but could get none.  
He says that every park and square  
was crowded with the homeless and  
shelterless people. Rich and poor fared  
alike. Considering the awful circum-  
stances, he says that the minds of the  
people were wonderfully calm and pre-  
served. The wealthy helped the pov-  
erty-stricken from one place to another,  
and the poor did like service for the  
affluent. Hundreds of women and chil-  
dren were wrapped up in a blanket,  
a quilt, or any other covering that could  
be secured in the moment of flight.

### COULD NOT BUILD FIRES.

A proclamation was issued prohibiting  
the building of a fire in residences or  
elsewhere, on the ground that the seri-  
ousness of the situation as regards the  
securing of food. People became so  
hungry, that notwithstanding the fact  
that they could not build fires, they  
went to the ground where they could  
dig, and there heat water in old  
tin cans, with which to make coffee.

As to the probable cause of the fire,  
Mr. Funk says that thousands of bodies  
were entirely consumed in the flames  
that will never be accounted for. "The  
gentleman's face is haggard and pale  
from the intense strain under which he  
has labored, but he is thankful that he  
and his wife and child are well and  
unharmed. The experience through-  
out his life has been a lesson in the im-  
pressed upon their memories in such a  
way that it will not be effaced while  
life lasts.

### BIG THEATER BENEFIT.

"Message From Mars" Performance  
Net Handsome Sum of \$1,000.50.

The benefit performance at the The-  
ater yesterday afternoon given by the  
"Message From Mars" company result-  
ed in receipts of \$1,000.50, every seat  
in the house being occupied. The lump  
sum was turned over to the relief com-  
mittee. The house was sold out read-  
ily by the work of the police officers  
who canvassed only the business dis-  
trict.

The performance to be given at the  
Orpheum tomorrow afternoon in aid of  
the relief fund will be made up of a  
program from the Orpheum, Grand and  
Lyric theaters. It will be as attractive  
as it can possibly be made, and all the  
proceeds will be turned over to the lo-  
cal relief committee.

### WORD FROM DOCTOR PARK.

He and Family Escaped—Impossible  
To Send Telegrams.

Dr. H. C. Park writes to friends in  
this city from San Jose that himself  
and family entire escaped harm from  
the recent earthquake at that place.  
The doctor says that the city is in  
ruins, and that hundreds of people  
were killed and injured. Members of  
the medical fraternity are kept busy  
day and night caring for the wounded,  
and even then they cannot receive prop-  
er attention. Dr. Park states further  
that it is almost impossible to send a  
dispatch, and letters sent out will  
reach their destination much quicker  
than will telegrams, on account of the  
delay in sending.

### BETTER REMAIN HOME.

People Who Go to California Cannot  
Land at Frisco.

It would be much better for people  
not to try to reach San Francisco, as  
they only add to the unfortunate con-  
ditions there now. This is made plain  
by the following message received this  
morning by W. H. Bancroft from E.  
E. Calvin from Oakland pier:

Please have newspapers advise peo-  
ple not to try to reach San Francisco,  
no one from the outside is allowed to  
the congestion of cities around the bay  
and it would be impossible for them  
to locate individuals. All the people  
are being taken care of and there  
will be no trouble if supplies are kept  
coming as they are now.

### A GUNNERY ACCIDENT.

Three Men Killed and Five Mortally  
Injured.

Toulon, France, April 21.—Three men  
were killed and five mortally and 14  
seriously injured as the result of a gun-  
nery accident yesterday when a cor-  
vett training ship Couronne.

## A NEW, GRANDER SAN FRANCISCO.

Devoted City Will be Rebuilt at  
Once and Made More  
Beautiful.

### EARTHQUAKE AND FIRE PROOF

So Says Men Like D. O. Mills, A. M.  
Huntington and Isaac Gug-  
genheim.

New York, April 21.—In spite of the  
staggering property losses involved in  
the destruction of San Francisco by  
earthquake and fire, New Yorkers who  
have large interests at stake in that  
city and who are residents here said  
without hesitation yesterday that San  
Francisco could be rebuilt at once and  
on grander lines than those of the past  
and that it would be a safer and  
healthier city because of the precau-  
tions to be taken against future earth-  
quakes and conflagrations.

### D. O. MILLS.

D. O. Mills said: "In spite of the  
uncertainty, one thing is sure—the city  
will be rebuilt. The Rockies and all  
talk of abandoning the city in favor of  
some such place as Seattle is foolishness. I  
can say that the city will be rebuilt at  
once; that it will be an improved city,  
and that in the building, profit will  
be taken from present conditions."

### ARCHER M. HUNTINGTON.

Archer M. Huntington, son of Collis  
P. Huntington, said:  
"San Francisco is the logical metro-  
politan seat of the Rockies, and all talk  
of abandoning the city in favor of some  
such place as Seattle is foolishness. I  
can say that the city will be rebuilt at  
once; that it will be an improved city,  
and that in the building, profit will  
be taken from present conditions."

### ISAAC GUGGENHEIM.

Isaac Guggenheim said:  
"Of course San Francisco will rise  
again. We have every confidence in  
its recuperative powers. It will rise  
like the Phoenix and be bigger and  
more beautiful. Buildings will be put  
up that will not tumble down when the  
earth quakes, and neither will they  
burn so easily, and it will be one of  
the most beautiful cities in the world."

### C. E. LAIDLAW.

C. E. Laidlaw said that commercial  
necessities would take care of San  
Francisco's future, adding:  
"I see no reason why the city should  
not rise again. The tendency of course  
is to rebuild."

### COL. DUDLEY EVANS.

"There can be no possible doubt that  
San Francisco will rise from the ashes  
of her ruins," declared Col. Dudley  
Evans, president of the Wells-Fargo Ex-  
press company. "It is a question of  
only a few years before the city will be  
greater and grander than ever before.  
It will have the experience and the mis-  
takes of the past as a guide, and even  
if there should be another visitation of  
an earthquake there would be little  
fear with the provisions that will be  
made to meet such a danger. Soavi-  
plan must be devised which will ob-  
viate the necessity of building on the  
made land of the wholesale district. It  
has virtually no foundation to support  
the great buildings which rested upon  
it, and it seems to me likely that the  
merchants will move to the solid  
ground formerly known as Tar flat,  
south of Market street."

### EXPERTS WILL INVESTIGATE.

New York, April 21.—That no time  
will be lost in investigating the ruins  
of San Francisco is suggested by the fact  
that the large engineering and con-  
tracting firms are sending their most  
expert men to investigate the ruins  
with a view of discovering which form  
of construction best withstood the  
shock. The city will require about 250,-  
000 tons of structural steel to repair her  
losses and erect new buildings accord-  
ing to E. H. Garry, head of the United  
States Steel corporation, and other au-  
thorities.

The result of the earthquake, it is  
claimed, will be to give an impetus to  
steel skeletons in future buildings along  
the Pacific coast.

## OAKLAND A VAST CITY OF REFUGE.

Shelter and Food Are Being Pro-  
vided For All Who Have  
Fled There.

### A TREMENDOUS TASK BEGUN

Of Reuniting Scattered Families, of  
Determining Whether the Missing  
Are Dead or Safe.

Oakland, Cal., April 20.—Tonight  
Oakland is a vast city of refuge and  
an intelligence office for the innumera-  
ble thousands of refugees from San  
Francisco. A great section of the cos-  
mopolitan population of that stricken  
city has taken every available space  
that offers itself in Oakland, and shel-  
ter and food are being provided for all,  
though the relief committee is taxed  
to the limit of its powers.

### REUNITING FAMILIES.

The tremendous and almost hopeless  
task has been begun of trying to re-  
unite scattered families, of getting  
trace of lost ones, of determining  
whether the missing are dead or still  
safe somewhere in the great and tan-  
gled mass of stricken refugees that  
spreads itself all over the country  
through a thousand highways on this  
side of the bay and in San Mateo coun-  
ty to the south of San Francisco. Mes-  
sages are stacked yards high in all  
the telephone offices, waiting to be  
sent throughout the world. Conditions  
warrant utter despair and panic, but  
through it all the people are trying to  
be brave and falter not.

### A TEMPORARY METROPOLIS.

This city has temporarily taken the  
place of San Francisco as the metropo-  
lis of the Pacific coast, and here the  
finance kings, the bankers and yester-  
day are gathering and conferring and  
getting into shape the first plans for  
the rebuilding of the burned city, and  
prevent a widespread panic that in the  
first part of the awful catastrophe  
seemed certain. In the face of enor-  
mous loss and the complete wiping-out  
of the commercial life of the empire  
city of the Pacific, the leaders of trade  
and commerce and the representatives of  
confidence that all will be well in the  
end. The governor, the bank commis-  
sioners, the architects, the insurance  
officers and the representatives of  
many of the larger commercial en-  
terprises are now in the city arrang-  
ing offices and clearing the way for  
the smooth adjustment of affairs that  
will lighten the heavy hand of disaster  
that has leveled everything in  
common ruin. The big men of the  
state are here assisting in the work of  
reorganization.

### BANKS WILL SOON OPEN.

The news that the money in the  
vaults of the banks in San Francisco  
is safe, and that all the banks will pay  
in full as soon as calm takes the place  
of the disorder of the present has done  
much to prevent panic. The big con-  
struction companies here have opened  
employment offices, and tonight hun-  
dreds of survivors have been employ-  
ed to be sent immediately to the quar-  
ters that there may be no lack of  
building and repair material. Al-  
ready many of the buildings damaged  
by the earthquake of Wednesday  
morning are being repaired, and ac-  
tivity of a healthy and reassuring sort  
is stirring all through. Should the  
relief trains and money to aid the  
homeless poor arrive quickly, that  
famine and pestilence and wretched-  
ness may not add their horrors to the  
present calamity, one with a sufficient  
amount of fortune may look on the  
present plight of the city without  
strong confidence in the future.

### PLANS TO GET RICH

are often frustrated by sudden break-  
down, due to dyspepsia or constipation.  
Brace up and take Dr. King's New  
Life Pills. They take out the materials  
which are clogging your energies, and  
give you a new start. Cure headache  
and dizziness too. At Z. C. M. I. Drug  
Store, 112-114 South Main Street; 25c.
