CORRECTION.—The undersigned, citizens of Salt Lake City, Utah, and an artist, and desirous of giving some public expression to their feelings, beg to tender you a complimentary notice previous to your departure from the city, when they can have the pleasure of witnessing another of your artistic performances.

LOCAL AND OTHER MATTERS.

COMPLIMENTARY.—Although unfavorable to "complimentary notices" without adequate reasons therefor, we heartily approve of this one to Mr. Wheatleigh—first because he is an actor of distinguished ability and of a school in which culture and thoroughness are prime requisites, and consequently one that deserves all encouragement; second, because during his brief engagement here, he did not receive that amount of patronage and encouragement from the public to which, by his acknowledged eminence in his profession, he is justly entitled; and third, because this "complimentary notice" will be a credit to our theater-going community, manifesting that they can appreciate real histrionic excellence when it comes among themselves. We trust Mr. Wheatleigh will be gratified with an overflowing house on Wednesday. Our only regret is that he can't give us a piece of "John Garth" on that occasion, or the whole of it in another. The whole of it is selected—"Flying Scud," by Dion Boucicault, in its presentation elsewhere, has attained immense popularity, and doubtless will prove equally acceptable here.

SALT LAKE CITY, July 1, 1912.

CHARLES WHEATLEIGH, Esq.,
Dear Sir:—The undersigned, citizens of Salt Lake City, Utah, and an artist, and desirous of giving some public expression to their feelings, beg to tender you a complimentary notice previous to your departure from the city, when they can have the pleasure of witnessing another of your artistic performances.

TOWNSEND HOUSE, July 1st.

Mayor Wells, General Morrow, Secretary Black, Hon. W. Jennings, and others:

GENTLEMEN: I am in receipt of your favor of this day's date, tendering me a complimentary notice. I thank you for the most complimentary notice of my career. I am, gentlemen, your obedient servant,
CHAS. WHEATLEIGH.

PRESIDENT GEO. A. SMITH AND BISHOP JOHN SHARP are expected to reach this city from the east on the evening of Thursday next, the fourth inst.

THERE are messages at Deseret Telegraph Office for Robert C. Lund, W. J. Booth, and Virgil Kelly.

DID NOT APPEAR.—Judge McKean was prepared to hear the argument in the *certiorari* case of J. R. Turbitt this morning, but the plaintiff did not appear in person or by counsel, and an order was consequently issued for the Justice's Court to proceed in the matter. This leaves the case to be before the writ of *certiorari* was issued, and Turbitt, of course, will have to pay the fines assessed on him by Justice Clinton.

WE may say, in justice to Turbitt's counsel, J. N. Johnson and C. M. Hawley, Jr., that we are informed that in not paying his fines, and in persisting in breaking the ordinance against liquor selling, he acted in direct opposition to their advice.

CALLER.—We had a call this morning from our old-time acquaintance in California, Dr. E. D. Coleman. The Doctor was formerly on the editorial staff of the *San Francisco Times and Transcript*, and since that has been an extensive traveler. For some years he has been practicing his profession as physician and comes to Utah to enter upon his practice here. We have known countries where medical gentlemen were in more demand than they are here, but yet they live, and are a good-humored, thrifty looking class.

CONNECTION.—It was stated in last evening's issue that Michael Fagan had been arrested on Saturday on a charge of fighting, he having also had a previous difficulty with one of the officers. This was not the case. Michael Fagan, who is in the coach business, was arrested Saturday on a charge of being drunk, but has another Christian name than Michael.

CLEANING UP.—That accumulation of manure alongside the water west on East Temple Street immediately south of this office, amounting to quite a number of loads, has been gathered to-day in diminutive tin mounds, preparatory, we believe, to its removal to a less conspicuous and more suitable locality.

THE IOWA EDITORS.—The accounts of the visit of the Iowa editors to Salt Lake begin to arrive. The gentlemen evidently enjoyed themselves greatly while here.

A NEW FIRE COMPANY.—A meeting of citizens was held at the City Hall last evening, for the purpose of taking steps for the organizing of a new fire company. Mr. H. B. Clawson was appointed chairman, and Mr. H. R. Mann secretary. The latter stated that \$7,500 had been subscribed by citizens towards the purchase of suitable apparatus. It was resolved that the secretary attend to the collection of the subscription, and also that he should purchase an engine, hose and hose carriage, and take steps for the erection of two large water cisterns on East Temple Street, one at the intersection of First and the other at Second South Street. The company will number 222 and will be entitled the "Pioneer Fire Company."

THE MORMON THEATRE.—That evening the Mormons secured us to their theatre. The building is better than any theatre in Chicago before the fire; the scenery and properties are fully equal; the stock company are the most able, and clever; to Murphy, the star, was the best delineator of Irish and German character I ever saw. The ladies were modestly dressed, and not a single one of the beautiful situation was made from first to last. I have never seen a play put on the boards in better style, and advise the reader who visits Salt Lake to attend the theatre by all means.

"H. A. J.," in *Washington County* (Jones) *Free Press*.

RICHARD STUART LANE, Esq., of London, who has invented largely in Utah mines, arrived here accompanied by Mrs. Lane, on Saturday, and yesterday they visited various places of interest under the guidance of H. B. Hawkins, who visits to England was the means of inducing Mr. Lane to invest his capital here. They express themselves as being highly pleased with all they see; and think the city a beautiful place; but regret that the recently fallen snow prevents an immediate visit to the mines.

FOR BALTIMORE.—Mr. Andrew Miner, one of the delegates to the National Democratic Convention, left for Baltimore yesterday afternoon, to attend the great Democratic gathering, which assembles on the 9th.

INDIANS.—We met Brother H. N. Larter, of Sanpete County, to-day. He arrived in town yesterday, in company with Col. John L. Ivis and the latter's family. He reports that when they were about four miles from the divide in Salt Creek Canyon, six Utes, among whom was Tabiona, rode up to them and demanded to know of Col. Ivis whether he was "Jim" Ivis, the Colonel's brother. On being answered in the negative, they passed on. In a short time, however, they returned, rode in front of the wagon, stopped it, and reiterated the question. One of the Indians then said that it was not "Jim" Ivis, but his brother. At this time Tabiona had his hand on his arrow, and another Indian had his rifle ready for use.

The Indians, however, again passed along and after going a short distance they stopped and held a consultation. The team was then made to travel at a lively pace. When the Indians saw this, two of them started after it, coming towards the wagon about 300 yards, but seeing their companions did not follow they stopped and went back.

One of the Indians was so drunk he could scarcely sit on his horse, and the others had also been drinking, but they knew what they were doing.

Since writing the above Col. J. L. Ivis called at our office and, being well acquainted with Indian character, says that he has no doubt that his brother and those who were with him not only rode away, but intended to murder them.

The Colonel requests us to publish the following card with regard to some statements made by a city contemporary:

SALT LAKE CITY, July 2, 1912.

Editor Deseret News:

I wish to correct a statement which appeared in the *Deseret* this morning regarding my deceased father, who was murdered by Indians at Scipio in 1886. The statement that my father was killed by Indians out of revenge for having himself killed an Indian, is untrue. I had the Indian interpreter in Sanpete County inquire about the matter of the chief who led the marauding party who killed my father, and he stated that the Indian who was killed was in communication with the party for ten days before the raid was made.

I may say, in addition to the above, that besides killing my father they took \$10,000 worth of property which belonged to him, and about \$7,000 worth which belonged to my brother. Respectfully,
J. L. Ivis.

SURGICAL OPERATION.—A very successful operation was performed yesterday for hair lip, by Drs. J. M. and F. D. Bendish, assisted by Dr. Crina. The subject was a child twelve months old.

A CONTRACT.—We presume that, like us, everybody present in the courtroom at the County Court house yesterday admired it and its handsome and appropriate fittings, in contrast with the appearance of the room over the stable, in which Court was held for some time back. There was the room, constructed so that a judge can occupy it with something like dignity.

We almost forgot to say also that everything was scrupulously clean, and there was a complete absence of nauseating effluvia, as there were no quadrupedal lodging places in the lower portion of the building, and consequently there were also no odorous breathings, from hungry mice, to echo a judicial remark or to draw the pearly droppings of a metaphorizing lawyer in his sublime flights of eloquence.

PREPARING AND BAKING.—Yesterday our reporter looked into the store of a well-known gentleman of the Israelitish persuasion, on First South Street, and found him busily engaged stowing his goods away in boxes, when the following colloquy ensued:

"Why Mr. — are you moving to another store?"
"No, I'm about peeps at 'em, and I'm going to sell to somebody else a chance to see if they can keep their store open an make so much as to pay the rent of it."

"Where are some good pictures. Vat will you give me for the lot, chust as they stand?"

SALT LAKE CITY, June 27, 1912.
Editor Deseret News:

Having just arrived here from my home at Utah, I was excessively annoyed to find my name published in the *EVENING NEWS* as having been signed to a certain memorial to Congress against the admission of Utah or Nevada into the Union. The sentiments of that respectable document are entirely foreign to me, as I am most emphatically for the State rights. And the sounder who forged my name and the name of my wife was well worthy of the cause he was engaged in.

Respectfully yours,
SAMUEL DYE.
