BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH LINE.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 29.—Cockrell offered a resolution directing the Secretary of State to inquire regarding United States citizens imprisoned in Ireland.

Pendleton reported favorably his civil service bill.

The Presidential count bill was laid aside and the Indian appropriation bill taken up. Estimates for services for 1883 were $5,841,703.91. Amount of appropriations last year including deficiencies, $5,090,866; amount of present bill as it come from the House $4,929,205; additions made by the Senate committee increased the amount $320,800, making the total as reported to the Senate $516,003, being $99,137 in excess of the bill of 1880. The total increased appropriation made by the committee is $316,000; deductions $85,200. Among the items increased by the committee are new buildings for Indian schools, $50,000; education of Indian children in the States $17,000. The total appropriation exclusively for industrial schools is $412,200.

In committee of the whole, Ingalls in the chair, the committee amendments with one or two exceptions for which votes were reserved were agreed to.

Hoar moved to substitute for the committee amendment appropriating $17,000 for Indian children at schools other than those provided for, as follows: The Secretary of the Interior is further authorized and directed to provide for the care, support and education, in any of the States, all Indian children dwelling west of the Mississippi, and not belonging to the five civilized tribes in Indian Territory, or so many thereof as may be practicable under the regulations approved by the President, at a cost not exceeding $200 per annum for each child, and for this purpose there is appropriated $2,000,000, or so much thereof as may be necessary.

Adjourned.

HOUSE.

WASHINGTON, 29.—Senate amendment to the House bill granting a pension of $5,000 a year to Lucretia R. Garfield was concurred in. The amendment includes the names of Sarah C. Polk and Julia G. Tyler.

Kelley reported a bill for the reduction of taxation.

Stephens submitted a resolution instructing the committe on judiciary to inquire into the legality of the removal by Speaker Kiefer of Hayes as official stenographer.

The House went into committee on the tariff commission bill, and Carlisle resumed his argument, contending that protective tariff was not the cause of the increase of the price of labor.

Errett, of Pennsylvania, favored the pending bill, and the committee rose.

Butterworth reported back the army appropriation bill.

Fischer, of the committee on coinage, weights and measures, reported the following: Any owner of gold bullion or gold coin may deposit the same at any mint, to be formed into coin or bars for his benefit. It shall be lawful, however, to refuse any deposit.

Adjourned.

AMERICAN.

Col. Carr's Reprimand.

WASHINGTON, 29.—Adjutant General Drum, by direction of General Sherman, has sent the following to Major General McDowell, commanding the Division of the Pacific, for his information and that of officers concerning the communication of Brevet Major General O. B. Wilcox, commanding the Department of Arizona, of January 6th, 1882, enclosing charges and specifications against Col. E. A. Carr, of the Sixth Cavalry, forwarded with your endorsement of July 7th, 1882, was duly received by the General and laid before the Hon. Secretary of War for the action of the President of the United States under the 72nd article of war. The papers have been returned endorsed as follows:

War Department, Feb. 11, 1882.

Respectfully returned to the General of the Army. The within mentioned charges having been submitted to the President and having been duly considered by him, he is of the opinion that the public interest is not required that they should be tried by court martial, as such a trial would cause an expense greater than would be justified by any results likely to follow. The President, however, is not satisfied with the condition of affairs in the Department of Arizona, as exhibited by the matter set forth in these charges, especially the letter of Colonel Carr, bearing date the 28th of September, 1881, from which it is apparent that Colonel Carr, during the late Indian troubles in Arizona was affected by feelings of disrespect and insubordination toward his commanding officer, which were detrimental to the service, and were especially unbecoming an officer of his rank and experience. The President believes that an admonition would subserve public interest in this case, and he therefore directs that the General of the Army shall properly admonish Colonel Carr, and that no further proceedings be had under these charges.

ROBERT E. LINCOLN,
Secretary of War.

The President having directed that the General of the Army properly admonish Colonel Carr, he can only do so by informing him through his immediate commanding officers that he regards the conduct of Col. Carr, at Ciblen and at Apache during the last days of August, 1881, as set forth in the first three specifications of the charge, as unsatisfactory, and that the whole of his letter of Dec. 6th, 1881, addressed to division headquarters through department headquarters, is fault-finding, insubordinate, improper, and altogether such a letter as no Colonel in the army should write, and which no commanding officer should receive without immediate notice, and he can only do so by preferring charges. The action of the President puts an end to the subject, and Colonel Carr must be released from arrest and restored to his command.

Very respectfully,
Your obed't servant,
R. C. DRUM,
Adjutant General.

The Chinese Bill.

NEW YORK, 29.—Washington specials to the *Graphic* say that hundreds of telegrams are being received at the White House, urging the President not to sign the Chinese bill. They come from all parts of the country, except the Pacific Coast. It is understood that the President is being strongly advised in Washington by public men here to both sign and veto the bill, and it is becoming a very grave question what to do in the premises.

Washington, 29.—It was stated at the Capitol to day, on the authority of Gen. B. F. Butler, that the President had concluded to veto the Chinese bill, and that the matter would be finally settled at a Cabinet meeting this afternoon. Gen. Butler, who is a warm advocate of the bill, had a long interview with the President last night, and is quoted as saying to-day that he was satisfied from the President's remarks that the bill would be vetoed to day or to-morrow.

Business.

Most of the towns of the country show increased business transacted this week as compared with the corresponding week last year. Clearing house exchanges show only a few losses, as follows: Baltimore, 5.1-10 per cent.; Boston, 3.2; New Orleans, 12.0; Louisville, 4.8, and Indianapolis, 15.3. All others have gained. New York, 27.2; Philadelphia, 15.2; Chicago, 44.2; St. Louis, 28.9; Cincinnati, 17.3; San Francisco, 51.9; Pittsburg, 16.8; Milwaukee, 18.1; Cleveland, 30.6; Hartford, 11.2; Memphis, 6.0; New Heaven, 7.3; Columbus, 13.0; Worcester, 23.2; Springfield, 14.2; Lowell, 12.0; Syracuse, 24.2.

The exchange is generally favorable, though it is evident that speculation is thriving more than manufacturing. At New York sales of stock were unusually large. Here, also, Chicago and St. Louis dealings in grain were very heavy, while new excitement in mining stocks may perhaps account in part for the unusual transactions at San Francisco. On the other hand, southern cities have been falling behind, partly because the cotton movement is small. Boston is the general clearing house for the next of the manufacturing cities and towns, and reports smaller transactions then those of last year, while gains at Philadelphia, Pittsburg, Providence, Hartford, Springfield and Lowell show only a moderate increase. Kansas City, Cleveland, Worcester and Syracuse are exceptions, and report larger gains, without known speculative activity as the cause. The returns correspond very closely with those of the previous week, it will be observed both in regularity and signs of speculative activity, but are little less favorable on the whole as respects manufacturing regions. It would be surprising, however, if contests between labor and capital should not cause greater depression in business hereafter, at some manufacturing centres. Enormous transactions in grain at Chicago, and in stocks at New York, are not evidences of commercial health; nor is continued decline in exchanges at Baltimore, New Orleans, Louisville and Indianapolis a favorable sign, but reports are, nevertheless, more satisfactory than might be expected when the floods, short crops and strikes are taken into account.

Sherman Angry.

Senator Sherman is said to be much annoyed at the removal of Wilson, revenue collector at Louisville, and the appointment of a Grant man. He says if the Administration continues that course he will make open war and refuse to support its nominees. Other Senators are also dissatisfied, claiming that Logan, Cameron and Jones control all the appointments.

Confirmations.

The following were confirmed: United States Consul, Edwin Stevens, at Ningpo; Indian agents, H. J. Armstrong, Crow Agency, Montana; Charles Montieth, Nez Perces, Idaho.

Reason of Removal.

Stephens' resolution about the removal of Hayes, the official stenographer, brings out the explanation that Hayes was removed not because he was a democrat, but because he got a salary from the Associated Press, the duties of which were inconsistent with the privacy which should attend a reporter in the houses of congress.

Nominations.

The President nominated Isaac D. McCutcheon, of Michigan, Secretary of the Territory of Montana; Commodore Pierce Crosby to be Rear Admiral.

Pensions.

The Senate committee on pensions reported a bill providing for a pension of $72 per month, instead of $50 for cases of total disability, with back pay from the date the pension began.

Democratic Committee.

The following democratic congressional executive committee were appointed this morning: Congressman Rosecrans, Flower, of New York; Randall, of Pennsylvania; Lefevre, of Ohio; Cobb, of Indiana; Thompson, of Kentucky, and Jones, of Arkansas.

Suicide.

Jacob W. Kerr, until recently paying teller in the Bank of the Republic, killed himself to-day. He left a note saying: Realizing that I have expended money belonging to others to an extent I can never repay, I have sought this relief from dishonor, sorrow and disgrace.

Ship Railway.

ST. LOUIS, 29.—The Merchants' Exchange adopted the following:

Resolved, In the opinion of this body it is of the utmost importance that Congress pass the bill for constructing a ship railway across the Isthmus of Tehauntepec.

Resolved, The great commercial interests of the Mississippi Valley imperatively demand the construction of a transfer way for ships across the American Isthmus; that Tehauntepec is in every sense the American route, and possesses great advantages over either Nicaragua or Panama; that the ship railway is, in the opinion of this body, much more desirable than a canal, first, because it can be speedily constructed at less expense and in less time; and, second, because when completed, vessels can be much more quickly transported by railway than by canal, and with equal safety.

Democratic.

LOUISVILLE, 29.—From Lexington comes the announcement that Colonel John A. Pratt has lost his mind. During the war, Col. Pratt was chairman of the State Senate committee on Federal relations, and exerted more influence than any other one man toward keeping Kentucky in the Union. He has for many years been a lawyer of large practice and one of the counsel for defense in the famous Buford trial in 1854. He was appointed United States Pension agent at Lexington and had been prominent in state politics ever since.

Stock Sick.

ALBANY, 29.—Ex-Keeper Blodgett testified to-day, at the inquiry regarding abuses at Sing Sing prison, that he resigned because he could not stand the evidences of brutality around him, and would not be keeper there again for $1,000 per month, on account of hearing the moanings of convicts being paddled.

Fatal Shots.

ARTICO, Texas, 29.—G. Bookerout, a reputable citizen of Artico, Texas, was called out of his house a night or two ago by W. W. Parks, his son Theodore, and a man named Bowles, and riddled with bullets. The affair grew out of a lawsuit in which Parks got worsted.

Kansas City, 29.—W. M. Stack, a bully who murdered a man on the race track in Chicago, a few years ago, shot Martin Monahan in a political row in Kansas City last night.

St. Louis, 29.—R. S. Bowman, late county judge of Phelps County, fired a load of buckshot into the body of Alfred Hayes, last night, as he was walking the street in the little town of St. James. It was a regular assassination.

Galveston, 29.—The *News'* Whitesboro special says: The city marshal shot Wm. Carr dead.

Louisville, 29.—An unknown maniac shot and killed Alex. C. Swingate, of Langton, on the Ohio & Mississippi train near Mendosa, Indiana, this morning. The assassin then jumped from the train while going 40 miles an hour, landing safely, walked half a mile to a creek, stripped and jumped in, drowning himself. Some money and whisky were found on his person.

The name of the assassin is Wm. M. Haines. He has been living in the West 18 years. He had letters bearing the date of Yuma, Arizona, showing him to be a resident of that place on a tour through the East. In his valise was a dagger and gambler's cards. He had been a troublesome passenger, and was ejected from a sleeper. The firing was entirely unprovoked and resulted in the instant death of Wingate. The latter was a highly esteemed Christian gentleman.

Fires.

AMHERST, Mass., 29.—Walker Hall, the finest of Amherst College buildings, burned. The hall and choice contents were valued at a quarter of a million; well insured. Insurance on hall and contents, $72,000. The Shepard cabinet of mineral alone were valued at $80,000.

Buffalo, 29.—Farthing's distillery burned. Loss, $60,000; insured.

Philadelphia, 29.—The store of Jacob Rorer, at Branchton, a suburb of this city, burned to day. Loss, $50,000.

Waters.

WASHINGTON, 29.—A telegram from Natchez says: "Back water still rising, and destruction on the increase. The steamer is removing people and stock across the country from Tensas River, from Natchez. The town and country is covered with refugees.

Natchez, 29.—Information has reached this city of the destruction of the Ralston gin, near Lake St. John, Tensas parish, by which 120 refugees lost their lives. This gin was one of the largest in North Louisiana, and packed to overflowing with negroes from adjacent plantations.

Storms.

CHICAGO, 29.—St. Paul and Winnipeg specials report heavy snow storms along the Canadian Pacific, which blocks traveling until warm weather. The storms at Winnipeg have been unprecedentedly severe this winter.

A boy at Pierre Duchane, aged 16, starting across the country with a yoke of oxen, was snowed under near Cavilier, Dakota, and was found dead after eight days.

A Bad Hoss.

NEW YORK, 29. — Ex-Governor Moses, of South Carolina, was again arrested on a charge of swindling. It is alleged that he represented himself to be a brother of Governor Colquitt, of Georgia. Mr. Anthony White, of Greenville, South Carolina, and Gen. Curtiss, State Commissioner of North Carolina, state that it was after banking hours, and Moses said he was out of funds and wanted an accommodation by having checks cashed. There are many victims this time, and some of them promise to press the charges.

Train Robber.

DALLAS, 29.—Detective Jack Duncan left to-day for Arizona, to secure Frank Jackson, the most desperate member of the Samuel Bass gang of train robbers. Jackson has been at large since his fight at Round Rock, in 1878, in which Samuel Bass, S. E. Barnes and others were killed. Positive information has been received that Jackson has been lurking between Las Vegas, Tucson, Tombstone and Prescott, since at the head of a gang of desperadoes. There is a standing reward of $2,500 for Jackson.

Track Laying.

GALVESTON, 29.—Tracklaying on the Fort Worth & Denver road reached the 28th mile post to-night, and is now within 9 miles of Decatur. Regular trains will run to Decatur by April 15.

FOREIGN.

Canadian.

OTTAWA, Canada, 29.—The first regular party vote of the session took place in the House of Commons last night on a motion to go into committee of supply. Hon. Mr. McKenzie moved an amendment in which he set forth facts respecting the letting of a contract to Mr. Onderdonk, of California, for the construction of the Port Moody and Emerge Bar section of the Canada Pacific Railway for $200,000 more than Charlebois offered to do the work. He supported the motion in a brief and pointed speech.

Sir Charles Tupper, Minister of Railways, did not deny the facts in the case, but alleged that the reason he had not awarded the contract to Charlebois and McDonald was that he considered they were not in a pecuniary situation to carry out the contract and that one member of the firm had already failed in one contract with the government.

Members of both sides of the House joined in the discussion, which was the most exciting of the session. A vote was taken and the amendment negatived, 65 yeas to 128 nays. The House sat till half-past two.

Mexico.

MEXICO, 29.—The Governor of the Federal district recommends that the city raise $1,800,000 for water pipes to supercede the ancient aqueducts, improving streets and establishing slaughter-houses.

BRIEF TELEGRAMS.

Lord Erskine died in London yesterday.

Supreme Court Justice Blatchford will be sworn in on Friday.

General Butler positively declines to become counsel for Guiteau.

Von Bunzen has been acquitted of the charge of slandering Bismarck.

Crow Dog, recently convicted of of the murder of Spotted Tail, was sentenced to be hanged on May 11th.

A bill modifying the postal money order system has been reported to the House with favorable recommendation.

In Boston the House by a tie vote —110 to 110— defeated the bill prohibiting the sale and manufacture of intoxicating liquors.

A placard is posted in Dublin menacing the members of Parliament of that city because of their supposed intention to vote for Cloture.

Polwell, arrested in Wisconsin for stealing and bank forgery, was sentenced in Sidney, Iowa, yesterday to ten years in prision on the forgery charge.

Secretary Hunt admits the President informed him he would nominate his successor. The President gives the Secretary choice of three positions.

The Senate committee on civil service authorized Senator Pendleton to report the civil service reform bill as introduced by him early in December.

About 25,000 shares of Western Union will be shipped for London to-day. All doubt in regard to the control of the Nutual Union will be set at rest by official action within a few days.
