TELEGRAPHIC NEWS.

The New York Legislature Abolishes Machinery in the Prisons of the State.

Two Judges for Utah Confirmed by the Senate.

A Member of Parliament Suspended for One Month for Writing a Letter.

A Dynamite Conspirator's Circular, "The Revenge," Found in Chicago.

By Telegraph to the NEWS.

UTAH JUDGES.

They are Among the Senate Confirmations.

WASHINGTON, July 20.—The Marine Hospital Bureau is informed of a new case of yellow fever at Tampa, Fla., and of two new cases at Manatee Fla. The case at Tampa is that of a refugee from Manatee.

Secretary Fairchild today received a telegram from the governor of Florida, asking the assistance of the government in suppressing the yellow fever, which he says, threatens to become epidemic at Tampa and Manatee. The Secretary had a conference with Surgeon-General Hamilton of the Marine Hospital Bureau on the subject, and instructed him to render all possible assistance. He also informed the governor of Florida by telegraph, that the necessary steps would be taken by the proper Federal officials to aid the local authorities.

CONFIRMATIONS.

Hugh W. Weir of Pennsylvania, chief justice of Idaho.

Roderic Rose, associate justice, Dakota.

C. H. Berry of Minnesota, associate justice, Idaho.

J. W. Judd of Tennessee, associate justice of Utah.

J. H. Keatly of Iowa, United States judge for Alabama.

Elliott Sandford of New York, chief justice of Utah.

Edward E. Elb, Indian agent, Puyallup agency, Washington Territory.

Henry George of Kentucky, Indian agent at the Colorado River agency.

Edward Mallett of New York to be Indian inspector.

Col. Thomas L. Casey to be chief engineer with the rank of brigadier general.

Postmasters—H. A. Clark, San Jacinto, California; J. Fiend, Cloverdale, California; Margaret A. Finn, Santa Monica, California; Joseph B. Mare, Ontario, California; R. J. Paul, Sonoma, California; W. L. Smith, Selma, California.

FIRE AT PORT AU PRINCE.

The department of state has information concerning the fires at Port Au Prince on the 4th and 7th instants, which destroyed about one-fifth of the town, including many of the public buildings. Great uneasiness prevails. Guards are placed at every corner and the streets are patrolled. French and English legations are guarded by French sailors from war vessels in the harbor. A detachment was offered by the French minister for the protection of the American legation, but the offer was declined by our minister.

Train Wrecked—Fifteen killed.

LAREDO, Texas, July 20.—A well authenticated report reached Laredo last night of a disastrous wreck of a construction train on the Mexican National Railroad in which fifteen men were killed. A relief train was sent to the scene from Saltillo. No further particulars are as yet obtainable.

"The Revenge."

CHICAGO, July 20.—Inspector Bonfield has in his possession copies of a secret circular differing but little from the famous "revenge" circular which called the Haymarket meeting together two years ago. The paper, which is called "The Revenge," calls for active steps on the part of the old time anarchists to avenge the execution of the anarchists hung. It is believed the discovery of this sheet will lead to the arrest of prominent anarchists not only in Chicago but all over the country. Inspector Bonfield said this afternoon that the paper had been started for the purpose of working up the passions of the anarchists to such a point that they will not stop at avenging what is termed the "blood-thirsty murder" of their martyrs. Certain articles are printed in three languages and urge that all true anarchists should take vigorous steps to exterminate all advocates of monopoly, and thus prevent a repetition of the some murder.

Sixty Men Killed.

SIMLA, July 20.—It is reported that the Shinwarrists have killed sixty men sent with an envoy from the Afghan commander-in-chief.

India's Crops.

LONDON, July 20.—The governor-general of India telegraphs that crops in that country are now in satisfactory condition, owing to the recent rains.

The Flood in West Virginia.

WHEELING, West Va., July 20.—A personal visit to the flood-stricken districts of the vicinity by an Associated Press reporter showed, so far as it was possible to cover the ground, that last night's accounts obtained from hearsay were more nearly correct than was to be expected considering the excitement and confusion that prevailed and the wide area that suffered devastation. But the points not reached on the night of the storm showed, if possible, a worse state of affairs than those that were accessible. The work of the fearful flood was but feebly portrayed. The line of the Pittsburg division of the B. & O. Railway will have to be practically rebuilt from Elm Grove to the Pennsylvania State line. Six large and costly bridges were wasted away and the track lifted from the roadbed and twisted in all conceivable shapes for miles at a stretch. At some places it is impossible to discern where the roadbed has been.

The revised list of casualties in and about this city foots up 24. The impossibility of reaching the worst damaged localities cannot be appreciated.

The B. & O. loss will reach $350,000 at the lowest estimate. The county's loss in roads and bridges and school houses will be at least $60,000, the the Wheeling Natural Gas Company $10,000, and the Natural Gas Company of West Virginia $6500. These with all the minor losses will bring the total it is believed above $3,000,000.

PITTSBURG, July 20.—The great storm at Wheeling last night shut off all railroad communication between this city and Wheeling. The B. & O. and Panhandle roads are badly blockaded, and it will be some days before traffic is entirely resumed. The damage on the B. & O. is mostly due to the washout of bridges and landslides for a distance of 15 miles, between West Alexander and Wheeling, where the storm burst with fury. The track of the storm presents a scene of devastation and destruction. Trees lie across the track where blown down, wires are down and frequent landslides impede workmen, who are trying to clear the tracks. In this stretch of territory, which suffered the greatest damage, there were five short bridges crossing the creeks to be repaired, and the office in this city estimates the number of landslides to be cleared at twenty.

Decorating Tombs.

ST. PETERSBURG, July 20.—Emperor William, accompanied by Prince Henry and Count Herbert Bismarck and suite, sailed from Peterhoff for this city at 10 a. m.

This morning Emperor William and Prince Henry laid wreathes on the tomb of the late Czar, in the church of Peter and Paul, in St. Petersburg. In the afternoon they visited the grandees residing in the vicinity of Peterhoff, dining at 7 p. m. with the Czar and Czarina at Keasnoe, in order to attend the "tatoo" at the military camp. Wreathes were also placed on the tomb of the late Czarina by Emperor William and Prince Henry. The wreathes were inscribed with the names of "William" and "Henry." Foreign embassies and all of the private houses along the route to St. Petersburg were profusely decorated and the balconies were crowded with people.

GOLD IN ABUNDANCE.

A Rich Strike in a Michigan Mine.

MARQUETTE, Michigan, July 20.—The *Mining Journal* says: the richest lot of gold rock ever taken from a mine east of the Rocky Mountains was brought into Ishpeming this morning from the Lake Superior Company's gold shaft seven miles northeast of here. The quality of rock is equal to anything ever taken from this rich shaft and the quantity surpassed anything ever known. Over 300 pounds of rock was dislodged by a single blast and is now at the company's office in that city. The gold is so abundant that it sticks out of the rock, and the best chemists place the value of the 300 pounds of rock at $10,000, while others who will bet money that the assay of the rock will pan out $60,000. This is the fifth remarkably rich discovery in this shaft, and many minor discoveries have not been made public. The quartz vein on which this shaft was sunk was discovered three years ago by Ishpeming men, but with the exception of exploding one charge of dynamite, which exposed a rich pocket of gold-bearing quartz, nothing has been done, because the property was owned by the Lake Superior Iron Company, which would not lease or sell the property. Last summer the company put a few miners at work on the property and to test the shaft sunk about eighteen feet, at the bottom of which a small pocket was struck which produced gold carrying rock that assayed $40,000 to the ton. All work was suspended then and nothing was done until about two months ago. Rich rock has been encountered all along, and the wonderful find of today has set the people wild. The shaft is now down 22 feet and is 18 feet wide at the bottom. The Michigan gold mine, which adjoins this shaft, has found rock in small quantities usually as rich. There is no doubt but one of the greatest gold mines in the world has been found at Ishpeming.

A Conductor Gone Wrong.

NEW HAVEN, Conn., July 20.—W. E. Ellsworth, for fifteen years a popular conductor on the New York and New Haven railroad, is under arrest for, and has confessed having pilfered from the company hundreds of dollars by selling unpunched tickets to scalpers.

A Murderer Hanged.

KNOXVILLE, Tenn., July 20.—Hicks Carmichael (colored), who murdered Deputy Sheriff Shippe on May 29 last, was executed today by Sheriff Jones inside the jail.

A Bad Man Whipped.

TORONTO, Ont., July 20.—Dr. Whitby of St. Thomas, recently sentenced to two years' imprisonment in the Central prison and 50 lashes for criminal assault on his niece, 11 years old, today received 25 lashes. He made a sorry exhibition of himself by uttering groans and cries all the time he was being flogged.

Iron Nerves.

MONTICELLO, N. Y., July 20.—Jack Allen was hung today for the murder of Ulsura Ulrich of Jeffersonville, last October. Allen had iron nerves and sang and prayed under the gallows in a strong, clear voice. He asked for a glass of whisky which was refused him. He put the noose around his own neck and said: "Let her go, Gallagher." The sheriff then pulled the lever and Allen's body swung in the air. Allen was an Englishman 34 years of age and came to this country two years ago.

A Blind Negro Hung.

MONTGOMERY, Ala., July 20.—Simon Pitts, a blind negro, was hanged at Clayton, Ala., today for the murder of London Walker, his room mate.

President and Cashier.

YANKTON, D. T., July 20.—Marshal Maratta brought here last night E. H. and S. W. Jacobs, president and cashier of the Nation Bank at Madison, Lake County, arrested for falsifying the accounts with intent to defraud the depositors. Their bank was closed some time ago by the public examiner.

Bismarck and Bulgaria.

BERLIN, July 20.—Prince Bismarck in the course of a long interview prior to the departure of Count Schouvaloff for St. Petersbug, handed the Russian embassador a document expressing his views of the Bulgarian question. In it the Chancellor favors the maintenance of the treaty rights, at the same time taking into account Russia's legitimate claims.

International Sailing Race.

NEW YORK, July 20.—There will be an international sailing race in New York Bay about the middle of September for the New York Canoe Club's international challenge cup. Kirk Monroe, commander of the New York Canoe Club, today received and accepted a challenge from the secretary of the Royal Club of England. The New York Canoe Club cup is of silver, cost $300, and was won by C. B. Vaux, of the New York Canoe Club two years ago. At that time he defeated W. B. Powell and W. B. Stewart, of the Royal Canoe Club, who came over here to contest for it.

Democratic Workers.

YORK, Penna., July 20.—The *Gazette* makes the official announcement that Hon. Chauncey T. Black, president of the national association of democratic clubs, has appointed the following executive committee: Charles Ogden, Nebraska; Bradley G. Sculey, Wisconsin; A. T. Aukeny, Minnesota; H. W. Rush, Maryland; I. N. Camden, West Virginia; B. G. Monroe, New York; H. N. Coleson, Massachusetts, and Lawrence Gardner, District of Columbia.

Hon. Chauncey F. Black, president, of Pennsylvania, E. B. Whitney, secretary, of New York, and George H. Lambert, treasurer, of New Jersey, are ex-officio members of the general committee and of the executive committee.

NEW YORK, July 20.—The executive committee of the national association of democratic clubs will hold its first meeting at the Hoffman House August 2nd. A plan of campaign will then be mapped out.

The state convention of the Colorado league of democratic clubs will be held at Denver July 26th.

The Cable Companies.

NEW YORK, July 20.—The Western Union Telegraph Company officials say there is no foundation for the report published in Carson City to the effect that Jay Gould had purchased Mackay's cable for $11,000,000.

The officials of the Commercial Cable Company announce that they have made arrangements with the Western Union Cable Company to advance rates to 25 cents per word, the new rates to take effect after August. An official announcement of the advance by the other companies will be made in a day or two.

VIRGINIA CITY, Nev., July 20.—John W. Mackay makes an emphatic denial of the report that he had sold his cable property to Jay Gould. He says there is not a shadow of foundation for the story.

LONDON, July 20.—The semi-annual meeting of the Direct Cable Companies was held today. John Pender presided. He said the revenue during the past six months had decreased by £6664 as compared with the corresponding period last year. This was due to the lower rates. Negotiations had been in progress between the competing companies and resulted in an agreement to establish a shilling rate, which would go into effect August 15. There would be no pool between the companies. The Commercial Company had only come into the arrangement to enable the rate to be raised.

Change in the Prison System.

ALBANY, July 20.—The Legislature, in extra session today, abolished the use of machinery in the penal institutions of the state. Convicts will be employed only at hard labor and on goods required in the prison system. It also abolished the New York City aqueduct commission, which has been under investigation by the senate, prompted by the charges that Governor Hill had mercenary relations with the commission and certain contractors on the works. The creation of a new commission of seven, upon which shall be three city officials, is delegated by the Legislature to Mayor Abram S. Hewitt.

AN M. P. IN TROUBLE.

A Member of the Commons Suspended One Month.

LONDON, July 20.—In the Commons today Lord Randolph Churchill asked the speaker for permission to question Conybeare whether he was the author of the letter appearing in the *Star* denouncing the conduct of the speaker in supporting the Tory motion for cloture of debate on the second reading of the Bann-Braigne bill.

Conybeare admitted that he was the author of the letter.

Churchill thereupon moved the suspension of Conybeare from the House during the remainder of the session.

Gladstone deprecated invective as wholly out of place in this discussion. The letter was distinctly a breach of privilege, and he would, therefore, support Churchill's motion.

Labouchere moved to substitute the words "breach of privilege" for the words "gross libel."

Sexton said, as the act seemed to be a breach of privilege when committed against the Irish members, and as the Irish members could obtain no redress for slanders uttered or written outside of the House, the best course they could adopt was to leave the English members of parliament to settle disputes among themselves. Sexton's remarks were greeted with laughter and derisive cheers, during which he left the House.

Smith held the Conebeare letter was a direct libel upon the speaker, and that the adoption of Lord Randolph Churchill's motion was necessary, in order to maintain decorum in parliament.

The motion was adopted by a vote of 215 to 168.

An amendment was afterwards adopted suspending Conebeare for one month.

On Smith's proposing that Conebeare be suspended for one month, all the Parnellites and most of the liberals left the house as a protest against such action.

Smith's proposal was adopted without division.

In an interview tonight Conebeare said John Morley advised him to withdraw his letter to the *Star*, but that he had declined to do so. He would place himself in the hands of his constituents and would resign if they disapproved his conduct.

The Educators.

SAN FRANCISCO, July 20.—The National Educational Association today elected the following officers: President, A. P. Marble, Worcester, Massachusetts; secretary, Jos. A. Canfield, Lawrence, Massachusetts; treasurer, E. C. Hewitt, Normal, Illinois, and a long list of vice-presidents, including Aaron Gove, Colorado, and E. C. Hodgin, New Mexico.

The theme for consideration today was "The Relation of the State to School Books and Appliances." At the evening session Mrs. Edna Snell Paulson explained the subject of physical training from the Delsarte standpoint. Papers were also read upon "The Workings of Teachers and Society," by Nellie E. Owens, of San Francisco, and upon "The American Idea of Labor," by W. N. Ackley, of Rhode Island.

BRIEF TELEGRAMS.

Cincinnati, July 20.—General Thos. A. Young, ex-lieutenant governor and ex-congressman, died today.

Madrid, July 20.—The police of this city today searched the houses of persons suspected of plotting against the government. The raid resulted in the discovery of 200 weapons.

Canajoharie, N.Y., July 20.—Lester Howe died at Cobbleskill, aged 78 years. On May 22, 1842, he discovered the now famous Howe's cave, next in size to the Mammoth cave. All his children were married in the cave.

Nanquitt, July 20.—Sheridan bulletin: "General Sheridan's mental faculties show a slight change and a constant increase in activity. Otherwise his condition has not materially altered for three days.

Boston, July 20.—John A. Levitt of Newton and Henry Simpson of England swam half a mile at ocean pier this afternoon for the championship of America and a diamond badge valued at $200. The American won by 1 minute 20 seconds.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at A. C. Smith & Co's Drug Store. (6)

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. C. Smith & Co's Drug Store. Large Bottles $1. (6)

HAPPINESS AND CONTENTMENT

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Z. C. M. I. Drug Store. 4

PROCLAMATION BY THE MAYOR

The extreme scarcity of water in City Creek at the present season renders imperative the exercise of strict economy in the use of water through the city mains. It is a well established fact that many persons indulge in a most wanton and extravagant waste of water in the sprinkling of lawns and gardens, in many instances allowing the sprinklers to run all night, not only wasting a vast quantity of water, but actually thereby doing an injury to their grass plots and shrubbery. Hence it has been deemed advisable to prescribe additional regulations in order that those portions of the city not provided with water from the mains, yet dependent upon City Creek for their supply, may obtain a just and proper proportion for culinary and irrigation purposes.

Now, therefore, I, Francis Armstrong, mayor of Salt Lake City, do hereby appeal to those inhabitants using water through the city mains to exercise the utmost care and prudence in the use and consumption of water and to prevent so far as possible, the unnecessary waste thereof; and to insure a more careful observance of this admonition and the consequent better protection of the water supply, it is hereby ordered that the use of sprinklers for lawns and gardens be restricted and limited to the following hours, during which time only they will be allowed to be operated, viz: Between the hours of 6 and 8 o'clock in the morning and 6 and 9 o'clock in the evening of each day.

By order of the City Council.

FRANCIS ARMSTRONG,
Mayor.
[SEAL] HEBER M. WELLS,
City Recorder.
SALT LAKE CITY, July 18th, 1888.

The 'Exposition Universelle de 1 art Culinare" awarded the highest honors to **Augostura Bitters** as the most efficacious stimulant to excite the appetite and to keep the digestive organs in good order. Ask for the genuine article, manufactured by Dr. J. G. B. Siegert & Sons, and beware of imitations.

DOCTORS' BILLS.

Nearly all diseases originate from inaction of the liver, and this is especially the case with chills and fever, intermittent fevers and malarial diseases. To save doctors' bills and ward off disease take Simmons Liver Regulator, a medicine that increases in popularity every year, and has become the most popular and best endorsed medicine in the market for the cure of liver or bowel diseases.—*Telegraph*, Dubuque, Iowa.

In 1850 "*Brown's Bronchial Troches*" were introduced, and their success as a cure for Colds, Coughs, Asthma and Bronchitis has been unparalleled.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspapers about your CUTICURA REMEDIES, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clean as a baby's.
GEO. COTEY, Merrill, Wis.
Sept. 21, 1887.

Feb. 7, 1888.—Not a trace whatsoever of the disease from which I suffered has shown itself since my cure. GEO. COTEY.

We cannot do justice to the esteem in which CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, prepared from it, and CUTICURA RESOLVENT, the new Blood Purifier, are held by the thousands upon thousands whose lives have been made happy by the cure of agonizing, humiliating, itching, scaly and pimply diseases of the skin, scalp and blood, with loss of hair.

Sold everywhere. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass.
Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, red, rough, chapped and oily skin prevented by Cuticura Soap.
