FLOATING FRAGMENTS.

See "Photos" for fun.
Girl wanted, see advt.
Good Cook wanted, see advt.
Now we have just on our main thoroughfare.
Smallpox is said to be raging at Leadville, Colorado.
The Harrisons, in "Photos," to-morrow night, at the Theatre.
"Fate," at the Opera House to-night, by the Stock Company.
John Sharp, Esq., has been re-elected a Director of the U. P. R. Co.
Grand and novel entertainment on Monday night, at the Theatre, by Miss Tupper and the Unity Club.
The farmers in Southern Utah regard the "light" as indicative of an exceedingly prosperous and fruitful season.
The volume of water running from City Creek and along North Temple street, has increased very materially.
Smallpox is reported as being quite bad at Tucson, Arizona, and a few cases are also reported among the Pima Indians in Maricopa County.
Deputy U. S. Marshal Lindsay, of Beaver, met with a serious accident during a recent trip south by the running away of his buggy team. He is now unable to get around without the aid of a stick.
A little oil on the hinges of the entrance doors of some of the Ward Meeting Houses is a necessary application to prevent the disturbance of the speakers and congregations by constant squeaking and creaking.
The party to be held next Saturday evening will be in the 13th Ward Hall, under the auspices of the Ward Relief Society, not the 19th Ward, as the types made it appear yesterday.
There will be no grand jury empanelled for this coming term of the Second District Court, Judge Tamm having arranged to have that body meet only on alternate terms. The next will therefore assemble at the May or June term.
At Beaver, a few days ago, Chas. Backus and Samuel Jackson were bound over to await the action of the grand jury, at Beaver, on a charge of breaking into the cellar of a liquor store and stealing therefrom a quantity of "firewater."
Ferry Boat, of Butte, met with a painful accident at the Pavilion skating rink on Saturday night. He had been skating, and turning suddenly about to skate to a seat in an opposite direction, another skater darted in front of him, and in making a quick motion to avoid a collision he gave his right foot a wrench which snapped the bone just above the ankle.

LOCAL AND OTHER MATTERS.

An Address.—President Joseph F. Smith will deliver a lecture in the 20th Ward School House on Thursday evening at 7:30 o'clock, under the auspices of the 20th Ward Institute.
Lecturing Trip.—This evening Mr. Phil. Robinson, the able writer, will deliver his lecture "Personal Experiences on Four Continents," at Springfield, to which place he went yesterday evening, to-morrow night, he will lecture at Provo, at Logan on Sunday night, and at Ogden and Salt Lake on dates not yet arranged for.
Homeward.—Mr. Sergeant Ballantine, the famous English barrister, purposed leaving this afternoon for Ogden, as the first installment of his return trip to England, after a very agreeable visit to Utah. He will be accompanied on the journey by Mr. Downing, editor of *Land and Water*, who intends leaving here to-morrow morning.
Departed.—Mother Liversage Horrocks, of Mill Creek, is dead. She reached the advanced age of 94 years, being one of the oldest among the veterans who figured in the "old folks' excursions during the past six or seven years. The funeral services will be conducted at the 19th Ward Assembly Rooms at 11 o'clock to-morrow.

Deaths of Young People.—Of late quite a number of deaths have occurred among the younger people of the community. A sad incident of that kind occurred yesterday in the family of Brother and Sister Alder, in the demise of their daughter Lydia D., just turned eighteen years old. Much sympathy is felt for the family.
Died at Logan.—Yesterday a private dispatch from Logan brought the sad news of the death at that place of the little four-year-old son, an unusually bright boy, of Truman O. Jr. and Elizabeth M. Angell. The body will be brought to this city by this evening's train. The services will be conducted to-morrow afternoon at 4 o'clock, at the late residence of the late Judge A. C. Pyper, in the Twelfth Ward. Friends are invited.

Brigham City Election.—The biennial election for municipal officers of Brigham City, Box Elder County, occurred on Monday last. The people's candidates were all elected without opposition, as follows:
Mayor, A. Madison; Justices of the Peace, P. F. Madison and M. L. Ensign; Councilors, J. M. Tippett, L. J. Halling, J. M. Jensen, L. B. Wright and P. Baird; Treasurer, W. Hordley; Recorder, George Gracchi; Assessor and Collector, J. Mathias; Marshal, C. C. Loveland.

Thrown and Hurt.—About six o'clock last evening Alexander Wilson, aged fourteen years, was riding on a horse belonging to Mr. S. J. Safford, of the Empire Mill. As the animal was turning the corner at a rapid rate about a couple of blocks north of the Eagle Gate, it came to a sudden stop, and the lad was thrown to the ground, striking violently on the back of his head. The result was a long scalp wound, cut into the skull, which was sewed up by Dr. Benedict. The boy was conveyed to his home in the north-eastern part of the Eighteenth Ward, in Mr. D. C. Young's buggy. The hurt is not dangerous.

An Exciting Runaway.—An exciting runaway occurred last evening. About six o'clock the delivery team of a mercantile house started from the 20th Ward and came dashing along South Temple street at a furious rate. The runaway reached the corner of this office just after Brother Stephens' music class was dismissed. There was a great flutter among the groups of little folks, who scattered and reached the sidewalk, thus getting out of harm's way. The team kept on the west side of the street in its headlong career until about half way down the block from the Eagle Emporium, when it took to the street car track, rushing on Southward. As the quiff passed the Cliff House the Sixth Ward street car was seen coming up the line, rendering a collision inevitable. Had the car driver turned his wheels out the result might have been much more disastrous than it was, as undoubtedly the car would have been wrecked, the passengers injured, probably the runaway horses killed, and the vehicle smashed. He stepped into the middle of the car just as the collision occurred. The tongue of the wagon struck one of the car mules in the breast, which it entered to a depth of over six inches, the poor brute being subsequently struck over the head with an ax, to finish its suffering. The wagon to which the runaway team was attached was somewhat damaged and the harness considerably out of order.
Joseph Snarr, the driver of the car, instead of waiting for aid to enable him to proceed on his trip, with business-like promptness unharnessed one of the runaway horses and drove his car up to Flagstaff Centre.
The team had never ran away before, and the driver has a reputation for carefulness. He had left the animals but a moment, at a house in the 20th Ward where there is no hitching post, when they started off.

Educational and Religious Building.—Some time ago we mentioned that the Hebrew congregation of this city had purchased the site of the Tanner's Row houses, at the corner of First West and Third South Streets, with the intention of erecting a suitable building to be used for scholastic and religious purposes. The structure is now completed, of red brick, on a substantial rock foundation, facing the South, the lot on which it is situated being 7 rods by 10 rods, on the southwest corner of the block. The old Tanner buildings having been entirely removed, the locality has a new and fresh appearance that makes it barely recognizable to those who knew the spot in bygone years. The outward appearance of the building, although unpretentious, is very pleasing to the eye, while the interior is nicely finished. It has a gallery across the front and the entrance vestibule, and is about 100 feet by 35 feet, with a ceiling of 20 or more feet in height. It has a capacity for seating about 800 persons, and the acoustic properties are excellent. The seats and an iron railing to be placed around the lot have been shipped from the East, and so soon as the seats arrive, probably in about two weeks hence—the building will be dedicated with the usual Jewish ceremonies, and appropriate musical exercises. The latter will be under the direction of Professor Krouse. It is the intention to hold a school during the week days, in the conduct of which the best obtainable talent will be employed, and to hold a Sunday School for Jewish children on each Sabbath morning; but the building will not be other wise used for religious worship, except on the three days observed in each year, when special observance is made of the particular Jewish religious holidays then occurring.

The Hopt Murder Trial.—A jury has at last been obtained to try this case, the task having been completed this forenoon. The particulars of the crime of which Hopt is accused—the murder of John F. Turner, son of Sheriff Turner, of Provo—have been repeatedly stated in the News, hence it is unnecessary to go over the ground again. Suffice it to say that Hopt has already been convicted of this crime, and condemned to death; but upon an appeal to the Supreme Court of the United States, a new trial was granted on the ground that there had been some technical flaw in the trial at which Hopt was convicted. For complicity in this crime, it will be remembered that one Jack Emerson was tried, convicted, and sentenced to imprisonment for life.
The introduction of testimony by the prosecution was commenced this afternoon, the same being conducted by Mr. Sprague and Mr. Arthur Brown, while Mr. Lee Sharp and Mr. Marshall appeared on behalf of Hopt.
The witnesses examined this afternoon (up to the time we went to press) were Leonard Phillips of Echo, and Wm. Fowler of Lehi, who testified to the finding of the body in Echo Canyon, and to the state of its preservation.

Choir Party.—The Tabernacle Choir re-union in the Social Hall, last evening, was a genuine old-time "Mormon" party. No round dancing, no loud manners, no rude behavior, no stuck-up plumes, not a far nor a discord. Excellent music and prompting, Savage for manager, a full company, but not crowded, with the comfort and convenience of that fine hall, made everything very enjoyable. Brothers George Goddard and W. H. Foster, who were members of the choir thirty years, each sang a song and made a speech, and when midnight came, the party was dissolved with regret. The Tabernacle Choir folks always enjoy their recreations and they deserve to have them frequently.

Log Broken.—This morning Bertie Fowler, seven years old, son of Brother Wm. Fowler, of the Eleventh Ward, was climbing upon a wagon, when he got caught in the spokes of the wheel, breaking the limb between the hip and the knee. The bone was set by Dr. Benedict, and the little patient is now comfortable as could be expected.

That Blast.—The following was handed in this morning, which we insert with pleasure:
"Allow me to correct an error in your report of the 'Hammock Blast' at the time quarry north of this city. The quarry alluded to is that of the Utah Lime and Cement Company, and not the Utah Central Railway Company, as stated. While every credit is due to Henry Owens, for the care and judgment he displayed, the success of the 'Hammock Blast' is justly due to Mr. F. A. Fawcett, the company's superintendent, for the practical knowledge and careful supervision he gave to the undertaking, which proved a thorough success in every respect."

Against a Dry Day.—The people of Minersville, Beaver County, have nearly completed a large reservoir, from which to water the farm land of the settlement, comprising one thousand acres. It is estimated that the reservoir has a capacity for holding sufficient to cover that whole extent of land to a depth of four inches. It will be ready for storing up the surplus supply within a few days. The success of this enterprise, regarding which no doubt is entertained, will probably encourage the settlers in other localities where water is short, when not reserved, to go and do likewise.

Theatre.—Here is what the Detroit Free Press said about the Harrisons, who will play at the Theatre to-morrow night:
"Photos."—The Harrisons have conquered Detroit, and every time they repeat their imitable performance of "Photos" they merely emphasize the conquest. The magnificent audiences of yesterday afternoon and evening were a tribute of which the merry little party may well boast. It is questionable whether there is another bit of nonsense on the stage that is so overpoweringly funny as "Photos," or a combination better suited to work of this description than that whose trade mark is "The Harrisons."

Last Offices.—The funeral services over the remains of Elder John Hagell were held in the 13th Ward Assembly Rooms yesterday, and by previous desire of the deceased, President Joseph E. Taylor and Elder John Nicholson were the speakers, both of whom spoke feelingly in regard to the unblemished character of Brother Hagell, and his scrupulous honesty. Bishop Atwood also testified to his fidelity as a teacher in the ward and as one who was always on hand in every good word and work.
Brother Hagell died of chronic epilepsy. He was born in Canterbury, England, January 14th, 1817; was baptized in London in 1833; came to Utah in 1855.

Culpable Recklessness.—This afternoon Brother N. S. Larson, of the 21st Ward, was walking across East Temple Street, toward Z. C. M. I., accompanied by his little girl, when the two were struck by a buggy that was being driven rapidly up the street. Both the man and girl were knocked down, but fortunately not much hurt. The driver rode off without even inquiring as to the extent of the injuries he had inflicted by his recklessness. Parties passing at the time expressed strong indignation and were of opinion that the fellow should have been arrested. The indifference manifested after the accident was probably the most censurable part of the affair.

IS YOUR BLOOD PURE?
Now this is an important question, for without pure and wholesome blood there can be no perfect health, and without good health life is a mere burden and a waste. For impure blood the best medicine known is Scott's Emulsion or blood and Liver Syrup may be completely relied on when every thing else fails. Take it in the spring time especially, for the impure secretions of the blood incident to the closing of the year, and take it at all times for cancer, scrofula, liver complaints, weakness, boils, tumors, swellings, skin diseases, made and the blood and that come from impure blood.
Talking about the liver, we presume that ill-temper is more often caused by a disordered liver than anything else. To insure a cheerful disposition, take Scott's Blood and Liver Syrup which will remove the prime cause, and restore the mind to its natural equilibrium.
