

BAGGAGE CARS FILLED WITH FOOD.

Over Two Thousand Dollars in Cash Turned Over to Committee.

THE FIRST FROM SALT LAKE

Passed Through Ogden Followed by One From Denver—Believed That \$75,000 Will be Raised.

There was a well attended meeting last night, in the Commercial club parlors, further the plan for aiding the San Francisco sufferers, and over \$2,000 in cash was raised, and the announcement made that supplies had been received to fill two baggage cars. The money was turned over to Mr. McCormick, treasurer for the citizens committee, and the state committee, appointed by the governor. It is believed now that not less than \$75,000 will be raised to purchase food and clothing. It was announced that the first car laden with provisions for San Francisco to pass through Ogden, had been sent from Salt Lake, and the second car came from Denver. Ogden is sending three cars today, and two more cars left Salt Lake this morning.

PROTECT PROPRIETARY MEDICINES.

Did ever occur to you that proprietary medicines are a blessing to mankind generally? The good ones have long continued sale; the poor ones have short life and soon leave the market.

If we had to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Bosche's German Syrup has been used in many families and thousands of lives of adults and children have been saved by its use, when it was possible to reach a physician. German Syrup is the best household remedy for cough, cold, throat and lung trouble. It quickly relieves the hacking cough, loosens the phlegm, and brings sound and refreshing sleep. Twenty-five and seventy-five cents. Get a copy of Green's Prize Almanac. At all druggists.

Royal Baking Powder

Absolutely Pure

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality.

No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low-priced imitation baking powders are upon the market. These are made with alum, and care should be taken to avoid them, as alum is a poison, never to be taken in the food.

GRAPHIC STORY OF THE HORROR.

Big Buildings Shook Like a Terrier Shakes a Rat.

ROADWAYS LIKE SEA WAVES.

Dead Piled on Automobile Tracks Like Beet Carcasses—Crushed Skulls and Broken Bones.

Sam Wolf, brother of Isaac Wolf of this city, is in town from the scene of disaster. He was in the Grand hotel when the shock occurred, and said the building seemed to shake as a terrier shakes a rat. Plaster, bricks and mortar were thrown down from the walls and ceilings, and on his dressing hurriedly and making for the street, Mr. Wolf found the roadways moving like the waves of the sea. He hastened towards the ferry, and saw across the street the whole front of a building fall out, so that he was covered with dust. Next he saw the dead carried by him piled up on an automobile truck like beef carcasses in a butcher wagon. They had crushed skulls, broken bones and were covered with blood.

FIRES BLAZED IN ALL PARTS.

Fires were blazing in all directions, live wires were a constant menace. And then Mr. Wolf continued with the following graphic story: "It seemed as if I must be caught in the trap, but I finally got out into the opening before the Ferry building, and still the ground seemed to shake, and great fissures were all about me. I tell you it looked bad to see the solid ground opening. Just ahead of me was a crowd of men, women and children, some clothed, others barefooted and scantily clad, all rushing for the great entrance, and all looking to that point for safety.

LITTLE ONES PRAYED.

Women and children knelt on the cold asphalt and prayed God would be merciful to them. I tell you it touches a man, even in such a case, to see women and children lift their hands in prayer. At last we got on the boat and arrived at Oakland. Here arose one of the pretty pictures of human life. Not a woman in that crowd had enough clothing on her person to keep her warm, let alone having money to pay passage with, and they must go back or stay and starve. I took off my hat, and put some money in it, and so true is the saying, 'A fellow feeling makes us wondrous kind,' that we got plenty

of money right there to pay all their fares.

"I noticed a strange thing in the clocks on both sides of the bay. The ferry tower clock stopped at 5:15 o'clock, and the clocks in Oakland at 12 minutes past. The death and destruction in San Francisco cannot be told, but it is my opinion that if all the navies in the world were congregated in San Francisco bay and centered their fire on the city for a whole week, they could not do the harm wrought by this earthquake in three minutes.

SAVED A WOMAN'S LIFE.

"I saved one woman from sure death just before I got out of the hotel. She was running toward an open window, and I caught her just in time to save her, as she was partly out of the window. 'Where are you going?' I said. 'O, I was going downstairs,' she answered. She would have fallen 50 feet to the stone pavement. She followed me out on the street, barefooted, and cut her feet on the broken glass, leaving a trace of blood all behind her, and she was totally unconscious. The last I saw of her she was on her knees, begging God for mercy on her sinful soul. I am heartsick, and feel as if I shall never recover from the sickening sensations of that awful ordeal."

CONTINENTAL WILL PAY

The following telegram from the Continental Fire Insurance Co. of New York was received today:

EDWARD B. WICKS,
Salt Lake, Utah:

If San Francisco is wiped out, the Continental loss cannot exceed two and one-half million dollars. After paying our losses we will have at least fifteen million dollars of assets left, if we lose two and one-half million dollars. Many other companies and authorities in Albany would protect any Continental policy holder, even if two more cities should burn.

HENRY EVANS, President.

ELKS ARE DOING YEOMAN SERVICE.

Noble Work in Extending Relief To the Suffering Homeless.

HAVE RAISED \$7,000 IN CASH.

Also a Great Quantity of Bread, Meat, Condensed Cream and Other Provisions in Demand.

The Salt Lake Elks are doing yeoman work in extending relief aid to the San Francisco sufferers, and up to this morning, \$7,000 had been raised in cash, and a great mass of provisions has been donated. The Elks' committee sent off last night two cars of crackers, canned meats, condensed cream and several thousand loaves of bread. All of the bread is wrapped and then packed in cuses, so that it will be in good condition on arrival.

ARRANGE FOR BREAD.

The Elks' committee has arranged with several local bakeries to take all the bread these bakeries can turn out for the next week, running night and day. The committee also arranged with the Redman Van & Storage company to handle the shipments of provisions, and the company donates the use of its warehouse and service of its employees. Bread must be at the warehouse at 9 a. m. for morning shipment, and at 3:30 p. m. for the evening shipment. The committee is purchasing today, \$1,000 worth of blankets, shoes and children's clothing for shipment this evening.
