BOSTON, 3. - The roof a large day, at last sought refuge on the Manufacturing Co., East Cama terrific crash. The roof was of iron, 100 feet long by 90 wide, constructed in 1861 at a cost of \$18,000. There was no snow on the roof, and the cause of its fall is attributed to the contraction of the metal by cold. to the mouth of the ear. NEW YORK, 4. - The World's Washington special says: There is a disposition on the part of several members of the House committee on commerce to recommend larger appropriations for internal improvements this year than usual. Labor can now be obtained at cheaper rates than for many years past, and liberal appropriations will give employment to hundreds of impoverished workingmen. The Times' Washington special thinks the majority of the House committee on elections, headed by Springer, who will conduct Wigginton's case in the House, reported against Pacheco, but his claim having been passed upon by the courts, after a thorough investigation, it is hardly probable that Springer can induce a majority of the House to follow his partizan lead and seat Wigginton. Ex-Senator Harry Genet, of Harlem Court House notoriety, and of the ring fugitives, surrendered this morning, and gave bail ic \$25,-(00. He has a wearied appearance. A Washington dispatch says the House committee has agreed to report a bill extending the time for the completion of the Northern

bows or side. Of course, instant death was the result of his mistake on the fall of the mast. About 5 o'clock the midship body of the hull, the fore body being already gone, began to break up rapidly, while I urged all who would listen to me to trust themselves to Providence, the waves and their life preservers. Many did so, and the majority with success. At length the closing scene was upon us. The lower deck beams gave way and starboard broad side giving a few more heavy shocks from the surf, sank slowly beneath the waves.

The captain and officers are highly commended. Quarter-master Poland made three attempts to get a line ashore, and only gave up when the line proved too short, and Timothy O. Brian, on reaching the shore himself, returned into the water and rescued some fifty perhim by the waves. The scattered warm praise for their prompt aid and munificent hospitality.
