AN OPEN SECRET

AMONG THE LADIES

The brilliant, fascinating tints of Complexion for which ladies strive are chiefly artificial, and all who will take the trouble may secure them. These roseate, bewitching hues follow the use of Hagan's Magnolia Balm—a delicate, harmless and always reliable article. Sold by all druggists.

The Magnolia Balm conceals every blemish, removes Sallowness, Tan, Redness, Eruptions, all evidences of excitement and every imperfection.

Its effects are immediate and so natural that no human being can detect its application.

NEW YORK REPUBLICANS.

Cornell Nominated for Governor.

SARATOGA, 3. — Vice-President Wheeler was invited to a seat on the platform, but he had previously left the hall. The mention of the Vice-President's name and that of George William Curtis during the call of the roll of delegates brought forth great cheers.

After the appointment of the customary committees, recess was taken.

The convention having reassembled, ex-Collector Arthur, chairman of the committee on organization, presented the name of William A. Wheeler for permanent president. Wheeler taking the chair, said the policy of seeking to starve the government into submission to rebellion, was initiated at Fort Sumter and exemplified by the democracy in the late session of Congress. His speech was a general arraignment of the democratic party and policy, eulogy of the republican party and appeal for continuing the latter in power in order to maintain and enforce the results of the war.

The following platform was unanimously adopted.

As republicans of New York, pledging ourselves anew to national supremacy, equal rights, free elections and honest money, and declare these principles:

First.—The Republic of the United States is a nation, not a league, and the nation is supreme within its own Constitutional sphere. It is girded with power to guard its own life, protect its own citizens, regulate its own elections and execute its own laws. The opposite doctrine of State sovereignty is the baleful mother of nullification, secession and anarchy. Republicanism stands for national supremacy, national affairs and State rights in State concerns. Democracy stands for State sovereignty with its own twin heresy that the Union is a mere confederacy of States.

Second—To refuse the necessary supplies for the government with the design of compelling the unwilling consent of a co-ordinate and independent branch to odious measures, is revolution and to refuse appropriations for the execution of existing and binding laws is nullification, we arraign the democratic representatives in congress as guilty both of revolutionary attempts and nullifying schemes and reprobate their action as calculated to subvert the constitution and strike at the existence of the government itself.

Third—The safety of the republic demands free and pure elections. The democratic Congress has attempted the dictation, through excuses, by threats of starving the government and by months of disturbing agitation to break down the national election laws. We denounce this effort as a conspiracy to overthrow the safeguards of free suffrage, and open the ballot box to the unchecked domination of rifle clubs of the south and the repeaters of New York. We declare our uncompromising opposition to any repeal of these just protective laws, and the republican senators and representatives in Congress, for their resistance to this attempt, and President Hayes for his veto message, deserve and receive our hearty approval.

Fourth — The republican party neither justifies or tolerates military interference with election. It seeks only to protect the ballot box from interference of force or fraud. It repels the false charges and denounces the false pretences of the conspirators who, while professing free elections everywhere sustain mob law in the mouth, and while inveighing against troops at the polls to protect citizens, refuse to prohibit armed clubs from surrounding the ballot box to intimidate them, and while affecting that the soldier's bayonet will overawe free electors, remain silent while assassin's bullets seals the fate of a public independent politician.

Fifth—We call upon the people to remember that the democratic party forced the extra session of Congress without warrant or excuse, that it prosecuted its partisan purposes by revolutionary methods, that it persistently obstructed resumption and still constantly presses disturbing measures, that it re-opens the sectional questions closed by the national triumph, and threatens to repeal war legislation; that its southern element answers conciliation with violence, that its hope of success rests alone on a solid south, and that its triumph would make the solid south the ruling force of the nation. We recognize that the great body of people who defended the Union of whatever party name, are equally patriotic and equally interested in good government and we earnestly invoke their aid in resisting the dangerous designs of the party organization under the sway of those who were lately in rebellion, who seek to regain in the halls of legislation what they lost on the field of battle.

Sixth—The successful resumption of specie payments, despite the democratic prediction and hostilities, is a crowning element of republican financial policy, is followed by returning national prosperity, improved credit and refunded debt.

The ballot for Governor resulted: A. B. Cornell, New York, 235; W. H. Robertson, Westchester, 106; Theodore M. Pomeroy, Cayuga, 36; Frank Hiscock, 34; Geo. B. Sloan, Oswego, 1; John H. Stolin, Montgomery, 4. Whole number of votes cast, 450; necessary for choice, 127. Vice-President Wheeler's vote for Robertson elicited decided applause. Arthur's vote for Cornell was greeted with hisses and applause, while more hisses followed Conkling's vote for Cornell. Geo. B. Sloan's vote for Cornell elicited hearty cheers, followed by hisses. Sloan was counted against Cornell. Geo. W. Curtis' vote for Robertson was received with applause. Wheeler, chairman, announced that as A. B. Cornell has received a majority of all the votes, he was the nominee of this convention. The motion to make the nomination unanimous, was adopted with a single objection.

The ticket completed is as follows: Lieut. Gov., Geo. G. Hoskins; Secretary of State, Jos. B. Carr; Controller, Jas. W. Wadsworth; Treasurer, Nathan D. Wells; Attorney Gen'l, Hamilton Ward; State Engineer and Surveyor, Howard Soule.

Grant Coming Home.

NEW YORK, 3.—The Pacific Mail Steamship Company received the following dispatch from Yokohama to-day:

To Capt. John Riley:

The steamship *City of Tokio*, sailed on the 3rd of September, and will probably arrive at San Francisco on September 21st. General Grant was a passenger on the steamer.

Prohibition Ticket.

SYRACUSE, N. Y., 3.—The prohibition State convention to-day nominated the following ticket: Governor, Prof. John W. Mears; Lieutenant Governor, James Bronson; Secretary of State, Alphonso A. Hopkins; Comptroller, Caleb W. Allis; Treasurer, Stephen Merritt; State Engineer, John J. Hooker; Attorney General, Walter Farrington.

PHILADELPHIA, 3. — The representatives of the eleven Bessemer steel works of the country met to-day for the regulation of trade, which is more active than for several years past. Every rail mill in the country has orders for more than it can produce up to the end of the year, and many have already taken orders for several months ahead.

Deny that they Committed Murder.

LEBANON, Pa., 3.—Brandt and Hummel, two of the men convicted of the murder of Raber, to-day, made statements in reference to the murder. Brandt denies ever having had anything to do with the murder; never solicited Drews or Stechler; never held a policy on Raber's life and therefore had no interest in his death. Hummel asserts his innocence. He was in Schuylkill County at the time of the murder, but he admits holding a policy on Raber's life. He considers it an ordinary business transaction. He says he bought it as others did in that neighborhood, expecting Raber to die soon, he being an old man, and that he was never in a conspiracy to murder him. These denials are creating considerable discussion, as they distinctly contradict the confessions of Drew and Stechler, who expect to excute the penalty for their crime.

Illinois Exposition and Militia.

CHICAGO, 3.—The inter-State exposition opened to-night with an extraordinary display and prospect of success.

The first brigade of State militia, 3,000 strong, has gone into camp for the amusement and profit of military experience. The camp has been set up at North Park, Chicago, for the last four days.

Butler Looked Upon with Suspicion.

BOSTON, 3. — The Democratic State Central Committee decides that it cannot recognize the Butler party as democrats, but that a convention will be held soon to which all democrats are cordially invited to send delegates.

Albert Palmer has accepted the invitation to preside at Butler's convention at Worcester on the 18th.

Yellow Fever.

NEW ORLEANS, 3.—The two children of Gen. Hood, sick with fever are improving.

One new case is reported—Harry Shelton, aged 6 years, of 746 Magazine Street. He was taken sick Aug. 30.

The Board of Health to-day declared the city an infected port.

Minnesota Republican Nominations.

ST. PAUL, 3.—The republican State ticket was completed at 1 o'clock this morning, as follows: Secretary of State, Fred. Von Baumbock; State Treasurer, Geo. Kittleson; Attorney General, Chas. M. Start; Railroad Commissioner, Wm. R. Marshall.

Suicides.

CINCINNATI, 3.—The body of Willie Anderson, who was suspected of the murder of the three women at Wynnsville, was found this afternoon in an unoccupied water station at Plainville, 15 miles from this city, where he had suicided by shooting.

St. Louis, 3.—Mrs. Estelle Johnson, wife of the ex-Governor, suicided last night. Cause, grief at the death of her child, and consequent derangement.

Stumping in Ohio.

SANDUSKY, O., 3.—Senator Chandler delivered the first of six speeches to be made in this State during the campaign. The audience was large and enthusiastic.

Silver Purchase.

WASHINGTON, 3.—The Treasury Department purchased 310,000 ounces of silver bullion to supply the United States mints of Philadelphia and San Francisco.

Murdered.

NORFOLK, Va., 3.—John H. Gatling, a brother of the inventor, was found murdered near the homestead at Murfreesboro, North Carolina.

Southern Generosity.

ATLANTA, Ga., 3.—The *Daily Constitution's* fund for Gen. Hood's children, reached on the first day nearly $1,000.

Effects of the Late Louisiana Storm.

NEW ORLEANS, 3.—The sinking of the steamer *Gilmore* and barges causes a loss of $125,000. The steamboat *Paragone*, during the storm landed at Newton Bend, 20 miles above Bayou Sara. Her officers report the warehouse at Texas Landing, blown away, and all the sugar cane and cotton back of the river at the landing, destroyed. Three or four gin houses were demolished, and fences and cabins blown down. Heavy damage to sugar houses, dwellings and crops are reported along the coast. Houses were blown down in Bayou Sara, Baton Rouge, Port Hudson and other towns. As far as could be ascertained, no lives were lost. The storm in St. John the Baptist was fierce. A continuous gale of wind and rain fell from 8 a.m. until 11 p.m. An occasional lull of a few minutes was followed by the increased fury of the gale, carrying away trees, shaking houses and prostrating fences. Everybody seemed on the alert. The orange crop is badly damaged, and the pecan trees are stripped of their fruit. Cane and rice are in deplorable condition, levelled as close to the earth as if cut for the mill.

It is reported that the Chicago, St. Louis & New Orleans Railroad office that a train ran off the track at Eclipse mill. A brakeman was slightly injured but no passengers hurt. It is thought it will require a day to close the gap in the road at Boque Chitto, which is said to be six miles long.

At Summit, Mississippi, gloomy reports are arriving of the ravages of the rain storm on Monday night. Creeks and rivers are higher than ever known before. Cotton in the low lands is under water, and all the open cotton on the hills is on the ground. The crop is damaged at least one-third. Bridges and fences were washed away.

WESTERN.

The Election in California.

SAN FRANCISCO, 3.—The complete count of the vote in the city is 1,459.

No returns are yet received from the interior. Some general statements have come in from a few points in the interior, but not sufficient to even remotely indicate the result. All report that the election passed off quietly, and in most places a large vote was polled.

The Workingmen probably carried Vallejo by about 50 plurality, Glenn third.

In Fresno County the fight is between Perkins and Glenn.

In Santa Barbara it is between Perkins and White. It is believed the former will have a handsome majority.

Woodland, county seat of Yolo county, is considered strong for Perkins.

No ballots yet canvassed in this city.

The polls closed at 6.30 p. m., after as quiet an election as was ever held in this city. The total vote is 41,000, estimating on a few precincts in which the count is not quite complete. It is probable that not more than 1,500 ballots can be counted before midnight, and the result in the city can only be conjectured at present. From all information obtainable at present writing, the best opinion seems to be that the republicans have carried the bulk of their city ticket with the exception of Mayor. Kalloch is thought to be running ahead of his ticket, with a prospect of a plurality. The democratic and H. B. ticket cut no figure. It is thought that the republicans have re-elected Davis congressman in this district, and that the republican State ticket generally is ahead.

What are the Profits?

This is the absorbing point that is of chief interest in every business transaction. By the combination system of operating in stocks, Messrs. Lawrence & Co., Bankers, N. Y., unite the orders of thousands of patrons, in various sums, into one immense amount, and operate them as a mighty whole, thus obtaining all the advantages of the largest capitalists and best skill. Profits are distributed *pro rata* among shareholders every month. In this way large gains are secured in short periods, and capital from $10 or $15 to $50,000 can be used with equal proportionate success. $20 will make $100 in 30 days. $150 will pay $1,500 profit, or 10 per cent. on the stock, and so on, according to the market. A citizen of Troy made $315.75 on an investment of $50. Many customers are doing better. The new circular has "two unerring rules for success," and full details, so that anyone can operate profitably. Stocks and bonds wanted. Government bonds supplied. Apply to Lawrence & Co., Bankers, 57 Exchange Place, N. Y. 8
