LOCAL BRIEFS.

The Sunday school missionary meeting has been postponed for one week on account of the fifteenth ward are meeting this afternoon with a view to making arrangements for the purpose of celebrating the anniversary of his birth which occurs on June 30th. The family, it is expected, will take an outing to one of the resorts on that date, and a program is being arranged accordingly.

Mrs. J. C. Benton, who was killed by her husband in December last Wednesday night, was formerly Miss Lowell, this city, daughter of John W. Lowell, the implement dealer. Her father was a prominent figure in business circles in this city and the daughter who met such a tragic death will be remembered as a charming young society girl.

At the conclusion of last night's council meeting, C. B. Markland was given an opportunity to air his grievances against the police to the police and prison committee. After Markland had made the announcement that it would probably take an entire evening to tell his troubles and that would take the whole police force, at least the offending members, summoned before the Council, on motion of Councilman Thomas the hearing was continued till Tuesday evening, when the four offending officers, Hemple, Davis and Kimball, will be present to present their view. Markland was represented by Attorney Mitchell.

A private letter received in this city brings the information that Mrs. Don C. W. Musser, is en route to her home in Utah from the Philippines. Mrs. Musser will go direct to the mountains of Arizona, where she will spend some time with friends in the hope of recovering her health, which has not been the best of late. From there she will come to Salt Lake and visit with relatives for a brief period and then go on to Logan, which was the home of her husband. In the fall she expects to return to Manila where her husband is editing an American newspaper and where he expects to remain. Mrs. Musser will bring with her her baby born on the islands, and which is fond of being carried in a sling.

PRES. KIMBALL'S CENTENNIAL.

Important Event Commemorated at Saltair by His Descendants.

AN INTERESTING PROGRAM.

Proceedings Were Marked by Reading of an Address Written by the Deceased Leader to His Children.

One hundred years ago yesterday there was born in the Green Mountain State, Heber C. Kimball, a man destined to fill a part in the Church of Jesus Christ of Latter-day Saints, second in importance only to that filled by his father, Joseph Smith, and his brother, Brigham Young.

Yesterday the descendants of President Kimball met at Saltair and celebrated the centennial of their famous ancestor. The children of the deceased leader, who were gathered from all parts of the world, were present in large numbers, and the occasion was marked by the reading of an address written by the deceased leader to his children.

The address, which was read by Joseph P. Smith, then president of the church, was a most interesting and inspiring address. It was a letter to his children, in which he gave them his advice and his wishes for the future. It was a letter of love and of faith, and it was a letter of hope.

The address was read by Joseph P. Smith, then president of the church, and it was a most interesting and inspiring address. It was a letter to his children, in which he gave them his advice and his wishes for the future. It was a letter of love and of faith, and it was a letter of hope.

all wickedness, and never suffer yourselves to go into wicked company or corrupt places. If we give way to sin even a little, it will conceive in our bosoms and grow. I know if I am faithful no good thing will be withheld from me, but if I make a mistake, it may all be taken away. We are acting in view of eternity; we are laying a foundation for eternity. If you remember these things, God will bless you with glory and eternal life.

I want you to remember that inasmuch as you honor your father, when you become old and are engaged in the ministry you shall be honored. This religion is true; I know it, for God has revealed it to me. Every man who rejects it will be damned, and every one who receives it will be saved. Baptism is a sign of the resurrection, and is the password whereby we enter into the kingdom of God. All the ordinances are signs of things in the heavens. I want my children to observe these things, for we have come into a dispensation when we have got to open a door to receive all the dispensations of God. When I have been oppressed by the superstitious of this world, I have felt as though it would burst the earth. I want to become just what I ought to be.

My children, never cultivate a spirit of covetousness. When you see anybody that is poor, and you have means, assist them; and when a poor man or a poor woman comes along, assist them in your house and food and clothing. Always enlist on the side of the oppressed. This principle was always in me, and I want my children to cherish it. If you show mercy, you shall have mercy. The character of the Almighty is noble, and none will come into his kingdom only those who are noble, kind, merciful, virtuous and obedient. The course I take in this life will be handed down to future generations. You will hand it down from generation to generation, and all receive it, whether they make it here on the earth or here in heaven.

Now, my children, God recognizes all that you do. Never cultivate anything wicked, corrupt or dishonest. Instead of taking money from your neighbor, give him it. As you do unto others, so shall it be measured unto you again. Let these instructions sink deep into your minds; for God is true, and these blessings upon us. Even so. Amen.

Following the address, Christensen's band rendered a sacred selection. President Joseph P. Smith then delivered a warm eulogy on the life and character of Heber C. Kimball. His remarks were brief as he was forced to take an early train back to the city, but he had a high tribute to the life and character of the deceased leader, especially for his devotion to President Brigham Young. He had known him ever since the early days of the church, and all through his life he had found him steadfast, staunch and true. He had seen him tested and tried under every circumstance of adversity, but he was true to the end. He had seen him in the world might think of him, he was a prophet, seer and revelator.

Pioneer Lorin Farr, an old friend of President Kimball, followed with a eulogy. He said it was 70 years since he had joined the Church and become acquainted with Heber C. Kimball. He too paid a high tribute to his noble character and his great worth.

Mrs. Alice K. Smith then spoke briefly, appealing to the descendants of her father to be worthy of his great memory, and urging that the family should meet at least once a year to keep close together and to learn to follow in his footsteps.

The closing address was rendered by J. Golden Kimball, who spoke in an eloquent and impressive manner of the labors of his father, directing special attention to what he had done in the cause of education by being among the foremost to erect school houses here on this great island.

In founding the Utah university, He referred in typical fashion to a recent inquiry of a member of the board of education to "Why in the world has Heber C. Kimball ever done for the cause of education?" Had the gentleman who gave vent to this remark been present, he doubtless would have had his eyes opened to a most interesting extent.

H. S. Ensign then sang "The Storm Flies" in the fashion accompanied on the piano by Mr. Ed Kimball, a grandson of President Kimball.

The address was then broken up by the remainder of the day was spent in social conversation by members of the family who had not met for years before.

After trains swelled the attendance considerably and when the final adjournment took place, it was with a hearty expression of good feeling and enjoyment on all hands.

WEBSTER WAS SURPRISED.
Helena Man Did Not Expect Callister Would be Appointed So Soon.

A Helena friend to the Butte Inter-mountain says: In regard to the appointment of Edward H. Callister, secretary of the Republican state committee, to the position of collector of internal revenue for the district comprising Montana, Utah, and Idaho, Charles W. Webster said:

"The news of the appointment of Mr. Callister to that position, for me, I do not expect it would be made so soon. That it might eventually be made was not questioned, because Utah elected a Republican senator, and a third party has been made in that state to secure the place for a Utah man."

"Have you any information concerning the report you will be appointed to succeed Collector Browne?" Mr. Webster was asked.

"None in the least," he replied, "I know nothing whatever about that." Nevertheless, his appointment is considered probable here.

It is expected that the change of officials and in the location of the office will take place July 1. But Mr. Webster has no information as to what. Sixty-three per cent of the district's receipts for last year came from Montana, and the change in the collectorship is not made from the standpoint of business.

WERE NOT THE MEN.
Nelson & Higgins Prove That They Were Innocent.

The hearing of Fred Nelson and Tim Higgins in Justice Lochrie's court yesterday afternoon on the charge of attempting to defraud one Frank Stankewich by means of the three card monte game, resulted in the discharge of the two defendants who proved their innocence. Stankewich testified against the men and was positive that they were the ones who tried to rob him out to the Warm Springs.

The accused, however, had five witnesses who said the complaint was by the Stankewich in company with three men, but were positive that the defendants were not the men.

MEETING OF CITY COUNCIL.

Question of Cutting Canyon May Referred to a Committee.

CARPET CLEANING MEASURE.

Mayor Names Fabian as Temporary Chairman of the Board of Public Works—Other Matters.

A last night's special Council meeting the Parley's canyon lay crop was brought up for disposal again, and a resolution on the cutting and hauling of it was finally referred to the public grounds committee.

Cottrell's carpet-cleaning ordinance, making it illegal to conduct a business of this nature within the city limits without a permit from the health department, renewable every six months, was at the author's instigation referred back to the committee to be amended.

Treasurer Morris was authorized to employ two extra clerks to make out about 10,000 water assessment notices for 1901-2, at \$2.50 a day.

The Mayor's nomination of F. J. Fabian, as temporary chairman of the board of public works, was confirmed. A protest was received from the board of health, and the Mayor gave permission to property owners on Third East street from Eighth to Tenth South to lay gravel sidewalks by private contract, which was declared to be contrary to the terms of the ordinance. The board's contract awards to N. P. Glann & Co., Chicago, for sewer construction to cost \$15,000, and the Union Sewer Pipe company, Red Wing, Minn., for pipe, were confirmed.

The board's appointment of H. L. Eyster, an inspector of the street curbing to be laid on South Temple street, was confirmed.

Chief Devine's appointment of Otto Witbeck to fill a vacancy in the department was referred to the fire committee.

Street Supervisor Condie reported that the North Point Irrigation company claimed that the city and county should be responsible for the cost of the surplus canal in repair, but that no evidence of such a contract could be found. The repairs for the last year had cost the city \$200, and the company alleged that the term of the contract was only ten years. The city attorney will look the matter up.

A protest from J. C. Whelan & Co., stockholders of the city, against the closing of that street from West Temple to Main during the Elks' street fair in September, was turned over to the streets committee.

A resolution by Ferguson, that the sanitary committee look into the matter of the inspection of milk and cream which he said he understood had not been done in eighteen months, was adopted.

STRIKES THE SOURCE.

A Pile Cure that Goes to the Root of the Disease.

There are lots of lotions, ointments, and salves that will, through their soothing influence, relieve temporarily the pain incident to piles. But it is at all the sufferer requires! Is it a horrible thought to realize that the cure is only temporary and the disease goes on under the surface without a moment's interruption? Would it not be wiser to select a remedy that strikes the source and regulates those deep-seated conditions which induce the disease? Pyramid Pile Cure not only relieves the pain at once, but effects a permanent cure of the worst form of piles. You don't have to go through a tedious course of dieting while using it either. It strikes through those delicate membranes and tissues and sets the blood in healthy circulation, reducing at once the painful inflammation and congested tumors. This remedy is not a haphazard combination of drugs but is a remedy invented by specialists who have treated piles and blood disorders successfully for years. Manufactured by the Pyramid Drug Co., at Marshall, Mich. Almost any first class druggist has it on sale. Don't treat this disease with every lotion and salve that comes along. Remember the parts affected are among the most delicate in the human body. This remedy is absolutely safe and no one need fear to apply it freely on the most inflamed parts. The speed with which it allays the pain is an agreeable surprise to the sufferer.
