

BERLIN JACK THE RIPPER CONFESSES

A Printer's Apprentice Named Paul Minow the Guilty Party.

INMATE OF INSANE ASYLUM.

Talked in Rambling Manner, Arousing Suspicion, Encouraged, Finally Told All.

Berlin, Nov. 8.—The series of crimes resembling the "Jack the Ripper" murders in London in 1888-9, only that here the victims were little girls instead of women, have been cleared up through the confession of a printer's apprentice named Paul Minow, 22 years old, who recently was confined in an asylum for the insane at Hesperidge.

The authorities of the institution were informed that Minow had been talking in a rambling manner of the murders, suspected him of having committed the crimes and encouraged him to talk, with the result that he freely related a horrible fashion how he had been taunted by his mother and sister with laziness, had gone out into the streets in rage, and had vented his feelings by stabbing four little girls, one after the other. He then rambled about the city for a while and eventually returned home.

It does not appear whether the mother and sister of Minow were aware of what he had done, but his mind became so deranged that he went to the asylum a week later. The police have confirmed Minow's confession.

A HUMAN BEAST.

James Royleston Sentenced for Life For Debauching Daughter.

Spokane, Nov. 8.—Judge Chadwick, in pronouncing sentence on James Royleston at Colfax, who pleaded guilty this morning to the charge of raising his daughter, 23 years of age, said: "I will recommend to the board of control that you be placed in solitary confinement for the rest of your natural life. That sentence is not equal to the crime you have committed, but the rest of your punishment I must leave to God Almighty. Your crime marks you as the meanest brute I have had to pronounce sentence upon."

This sentence is said to have been the only thing that saved Royleston from lynching. A large crowd had gathered in Colfax. It is stated that dynamite had been secured and they intended to blow up the jail doors if necessary. Owing to the sentence the mob dispersed.

V. L. KLINE DIES.

Goldfield Jeweler Who Was Shot While Stealing Amalgam.

Goldfield, Nov. 8.—V. L. Kline, the business man who was shot and fatally wounded Wednesday night while in the act of stealing amalgam at the Nevada Goldfield reduction works, died at the county hospital this morning without recovering consciousness. Gippie, Kline's accomplice, is said to have made a complete confession to the sheriff in which he gave the names of the two men who robbed the Gardner mill a week ago. He declares that neither he nor Kline had anything to do with that robbery, but his familiarity with the circumstances and knowledge of the identity of the robbers leads the authorities to doubt his previous statement that the attempt to rob the reduction works was his first fall from grace. The sheriff expects to have the

Charcoal Stops Gas On Your Stomach

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

Trial Package Sent Free.

Charcoal, pure, simple charcoal, absorbs 100 times its own volume of gas. Where does the gas go? It is just absorbed by the charcoal; the gas disappears and there is left a pure, fresh, sweet atmosphere, free from all impurities and odors.

That's what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges, the most powerful purifiers science has yet discovered.

You belch, burp, or vomit, sometimes, by accident, greatly to your own humiliation. That is because there is a great amount of gas being formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens, just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belching no more sour risings. Eat all you want and what you want, and then if there is any gas going to be formed, one of these wonderful little absorbents, a Stuart Charcoal Lozenge, will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does, and does it wonderfully. You notice the difference in your appetite, general good feeling, and in the purity of your blood, right away.

You'll have no bad taste in your mouth or bad breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will yourself. Make your breath pure, fresh and sweet, so when you talk to others you won't disgust them. Just one or two Stuart's Charcoal Lozenges will make your breath sweet and fresh. And you'll feel all over for it. You can eat all the onions and odorous foods you want, and no one can tell the difference.

Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison or impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure white charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a box of these Stuart's Charcoal Lozenges.

Send your name and address today and we will at once send you by mail a sample package free. Address P. A. Stuart, Co., 300 Stuart Building, Marshall, Mich.

Fair Faces Marred by Signs of Silent Suffering

A woman's features quickly announce by lines of suffering any disturbance of health. Dull sunken eyes surrounded by dark rings, blanched cheeks and lips, and a sallow complexion tell of anemia's ravages; while low spirits, indigestion and backaches complete her miseries.

To the suffering sex at all ages, Dr. Williams' Pink Pills give a helping hand and the joy of full health by increasing, enriching, and purifying the blood.

Mrs. Evelyn Creusere, of 811 Boulevard West, Detroit, Mich., says: "My trouble began about six years ago and after a time I became so weak I could not do any work at all. I had severe backaches and such dreadful headaches in the back part and top of my head. My eyes were easily tired and at times I saw black spots before me. I consulted several doctors but without the slightest benefit. 'I lost continually in weight and strength and was almost in despair until I tried Dr. Williams' Pink Pills. At the end of three months I had gained ten pounds in weight and had no more trouble with my nerves. I have been in perfect health ever since and heartily commend Dr. Williams' Pink Pills.'"

CHOATE ELECTED PRESIDENT

Buffalo, N. Y., Nov. 8.—Joseph H. Choate of New York was elected president of the National Civil Service Reform league at its opening session today to succeed Daniel C. Gilman of Baltimore, who declined another term.

The special committee on superannuation reported against any old age provision which would involve the government in any considerable expense. It recommended the Australian system, under which the government employees would be required to take out deferred annuities from insurance companies payable at the age of 70, the companies to be required to make deposits to secure the annuities.

OLIVER GRAND JURY.

At End of Present Bank Holidays Will Be Dismissed.

San Francisco, Nov. 8.—At the end of the present bank holidays the grand jury, of which B. P. Oliver is foreman, and which has returned the indictments on which the graft prosecution has proceeded, will be dismissed. This city's grand jury was made public today by Dist. Atty. Langdon. A new investigational body will be organized to take the place of the present body and the work of investigation and prosecution will be continued.

The grand jury has a lot of work before it. It is the way Dist. Atty. Langdon put it. "This work cannot lag, and the intention is to renew the fight against entrenched corruption with the same vigor which characterized the early days of the graft prosecution."

The Oliver grand jury has returned more indictments than any other similar body ever organized in this city, many men of wealth and influence being included in the true bills returned.

ROBBERS GOT NOTHING.

Huntley, Mont., Nov. 8.—The Huntley State bank's vaults were broken open at an early hour this morning, but no booty was secured by the robbers. The vault was a splendid one, from a cracksmen's standpoint, the vault being broken open and the safe cracked, but the robbers were evidently frightened away by their own noise. The discovery was not made until this morning when the officials opened the bank. The officials have absolutely no clue to the perpetrators, although a dragnet has been instituted both here and in Billings.

Durango, Colo., Nov. 8.—William R. Mason and Joseph Vanderveide, accused of murder in the killing of Joseph A. Walker, alleged States secret service agent at the Hopewell, Sunday, pleaded not guilty when formally arraigned in the district court today.

In Berlin Over Dr. Hadley of Yale and Prof. Schofield of Harvard.

The custom of having the presentation made by the ambassador of the countries to which the visit of the lecturers has not been followed in this case, as Prof. Schofield is a Canadian by birth, although he represents President Roosevelt in the exchange of lectures between America and Germany. To get around these complications arrangements have now been made for the presentation of both professors at the German minister of education, instead of by the American and British ambassadors.
