HEARST AT AUBURN. Auburn, N. Y., Oct. 29.—William R. # A LAZY LIVER

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over-work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver complaint," or torpid liver, by its wonderful control over the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system of poisonous accumutions, and so relieves the liver of the burdens imposed upon it by the fection of other organs.

Symptoms. If you have bitter or stit taste in the morning, poor or vari-the appetite, coated tongue, foul breath, musipated or irregular bowels, feel wak, easily tired, despondent, frequent balaches, pain or distress in "small of tack," gnawing or distressed feeling in constipation, general debility, in con-valescence from protracted levers, in prostrating night-sweats.
