

241 DEFENDANTS AMONG SHEEPMEN

Suit Filed in District Court Against
Members of Utah Wool Growers'
Association.

ASSESSMENTS THAT ARE DUE.

For Legal Services and Association
Dues That Have Been Assigned
To Plaintiff Hanson.

Suit was filed in the district court today by Willard Hanson against Samuel Glines and 240 other parties, members of the Utah Woolgrowers' association, to recover a total of \$132.10 alleged to be due for services rendered by four law firms in this city, and also for assessments due the National Livestock association. There are five causes of action stated in the complaint.

It is alleged that there is due to L. J. Rogers for legal services the sum of \$284.29; Rogers & Strick for services, \$99.50; J. H. Moyle, for services, \$2,082; Brown & Henderson, for services, \$1,137.49; the National Livestock association for dues and assessments, \$70. All of said accounts were assigned to plaintiff.

JUDGE SETS ASIDE DIVORCE DECREE.

Judge Morse today set aside the decree of divorce rendered in favor of plaintiff in the case of Robert M. Wilkinson, Jr., against Theresa M. Wilkinson, on Nov. 14, 1904. The attorney for defendant made the motion to set aside, and it was based on the grounds of mistake, surprise and excusable neglect, and on the further ground that the summons was not personally served upon defendant.

Contempt Case.

Byron E. Hartwell appeared before Judge Stewart this morning in answer to a citation to show cause why he should not be punished for contempt of court because of his failure to pay his former wife, Margaret J. Hartwell, alimony in the sum of \$45 per month as ordered by the court when the divorce was granted to Mrs. Hartwell. It appears that defendant had not paid any of the alimony since last May. He stated to the court that he had not been able to work for some time owing to ill health and hence he had not earned sufficient money to pay the alimony. The matter was taken under advisement by the court and the attorneys will be allowed to submit briefs.

COURT NOTES.

Suit was filed in the district court today by F. S. Richards and C. S. Yarn against Antoinette B. Kinney and Gleason S. Kinney to recover the sum of \$558 alleged to be due for legal services rendered for defendants in the case of Kinney against the Columbia Savings & Loan association.

VICTIM NO. THREE.

Third Girl Who is Supposed to Have
Been Attacked by Scott.

The arrest of Roy L. Scott for the attempted murder of two girls on Main street, apparently accounts for another attempted slaying which occurred on Nov. 4, in front of Auerbach's store on south main street in Salt Lake city. The victim is Ada Richardson, who resides a mile south of Murray, and she received serious injury because of the fact that the blow struck a starched collar around her neck, and failed to penetrate her skin after cutting through it. The girl is the daughter of Dr. and Mrs. John Richardson, well known residents of Salt Lake county, and is 15 years old.

According to her story, on Nov. 3, she went to Murray to visit with an aunt who resides there, and on the afternoon of the 4th went to Salt Lake to do some shopping. While passing Auerbach's store she noticed a young man staring at her, and a moment later she felt a blow upon her neck. Turning around she saw the young man disappearing in the crowd with an open

her collar found a gash cut in it about
two inches long. She returned to Mur-
ray and told the strange adventure to
her aunt, but was at a loss to explain
it until the arrest of Scott made her
feel that he must be the guilty party.
Miss Elsie Gallacher is fast recover-
ing from the wound on her throat, in-
flicted by the knife of the Scott youth,
and is now able to be out. She will
return to her work next week.

BIGGEST WARD FAIR.

Largest One Ever Given in This City
Will Begin Next Wednesday.

The biggest ward fair ever given in
Salt Lake City will be the one that will
be thrown open to the public for three
days next week beginning on Wednes-
day night in the Twentieth ward
amusement hall. It will be made bril-
liant with unique electric displays and
gorgeous decorations of many kinds.
There will be numerous picturesque
booths representing different nations
and offering divers attractions and
creations of mind and hand. In addition
there will be a voting contest con-
cerning which the committee in charge
has this to say:
Who is the most popular girl in the
Twentieth ward? You don't know? Well
that isn't strange. Neither does the
committee. It is a mighty hard
problem to solve. All the girls in that
part of town are popular. They are all
pretty; they are all good. The commit-
tee has had too much experience to
say which one is queen of her sex. The
people themselves will have to settle
like the great American public settles
the question of who shall be its
president—by ballot. The election will
be cheap too. Think of it! Only one
cent a vote! Prove that your own
chrysanthemum is the fairest flower—the
most popular girl in a ward whose
girls are the personification of popular-
ity.

CASE OF ANNA BARTON.

Thirteen-Year-Old Girl to Have Final
Hearing on Friday.

who was arrested some time ago on the
charge of stealing bicycles, and who is
now under arrest on the charge of in-
corrigibility will have a final hearing
before Judge Diehl next Friday morn-
ing. The case was called this morn-
ing, but was continued for another
week. In the meantime she is in the
custody of the sheriff.

ENGINEER MAY RESIGN.

Mr. Snow Investigating Flattering Of-
fer in Indiana Oil Fields.

City Engineer Snow left yesterday for
Chicago to consult with the city en-
gineer of that city in regard to water and
sewer problems. Mr. Snow has received
a very flattering offer from George
A. Snow to locate in the Indiana oil fields
and during his absence he will investi-
gate the matter. Should the proposition
prove as satisfactory as rumored, he
will tender his resignation as city engineer
about the first of the year and accept
of the offer made him.

All Stuffed Up

That's the condition of many
sufferers from catarrh, espe-
cially in the morning. Great
difficulty is experienced in
clearing the head and throat.

No wonder catarrh causes
headache, impairs the taste,
smell and hearing, pollutes the
breath, deranges the stomach
and affects the appetite.

To cure catarrh, treatment
must be constitutional—alter-
ative and tonic.

"I was afflicted with catarrh. I took
medicines of different kinds, giving each
a fair trial, but gradually grew worse until
I could hardly hear, taste or smell. I then
concluded to try Hood's Sarsaparilla, and
after taking five bottles I was cured and
have not had any return of the disease
since." EUGENE FORBES, Lebanon, Kan.

"I had catarrh in the head and throat.
Had a bad cough and raised blood. My
husband persuaded me to take Hood's Sar-
saparilla and it has done me so much good
I advise all to take it. When I began its
use I could scarcely walk and had head-
aches. It has cured and built me up so I
can do all my own housework." Mrs. HELEN
REYNOLDS, West Lacombe, N. S.

COMMERCIAL CLUB ON WATER SUPPLY

Board of Governors in Session
Canvassing Mayor's Proposition
For Additional Resources

SUPPORTS THE RESOLUTION.

J. E. Dooly Presented a Minority Re-
port Dissenting Therefrom—Emer-
gency Exists in Salt Lake.

The board of governors of the Com-
mercial club are in session this after-
noon, discussing the mayor's proposi-
tion for an additional water supply for
Salt Lake City. Messrs. Simon Ham-
berger, S. H. Love, J. A. Silver and G.
C. Lambert, Sr., presented a report
which it is understood supports the re-
solution of Nov. 21, adopted by the board
of governors at that meeting, while J.
E. Dooly presented a minority report
dissenting therefrom. At the hour of
the "News" going to press the board
was still in session, discussing the
matter vigorously.

The resolution referred to recounts
that an emergency exists in the water
question, and that it is absolutely ne-
cessary that something should be done.

L. D. S. MISSIONARY DEAD.

Elder J. W. Mantle Died at Baltimore
Yesterday Morning.

President Joseph F. Smith received a
telegram yesterday afternoon from H.
K. Porter, secretary of the Eastern
States mission, with headquarters at
New York, informing him of the death
of Elder John Willard Mantle of Tay-
lorsville. The message read: "Elder
J. W. Mantle, who underwent opera-
tion, died at Baltimore this morning.
Notify family at Taylorsville. Have
wired President McQuarrie at West
Virginia. H. K. Porter, Secy." Beyond
what is contained in the telegram noth-
ing is known in this city, no word hav-
ing been received of his illness. The
deceased was the son of Llewellyn Man-
tle and Catherine Watkins and was
born in Salt Lake City, July 24, 1884,
being, therefore, 20 years of age. He
was set apart for a mission to the
eastern states, Sept. 29, 1903, and left
this city the day following. The fam-
ily has been notified of the sad event,
and the remains will likely be brought

BAD CASE OF APPENDICITIS.

drug clerk of this city, was operated
upon at Keogh-Wright hospital yester-
day for a bad case of appendicitis, and

SCHETTLER'S REALTY.

Banker Deeds All His Property to
Receiver Anderson.

Thirty-eight deeds running from E.
H. Schettler and wife to B. H. Schettler
and wife, and from the latter to R.
B. Anderson, receiver of the Schettler
bank, were filed for record in the county
recorder's office this afternoon. The
deeds cover about 29 pieces of property
in various parts of the city and county,
and represent \$41,000 worth of real estate
owned by Mr. Schettler at the time the
bank became insolvent and a receiver
was appointed. The total amount of the
considerations in all the deeds is \$62,
741.02. This amount does not represent
the real value of the property for the
reason that there are a number of
pieces of property which are trans-
ferred twice and hence the considera-
tions in those instances would be dupli-
cated in the total amount stated above.
The real estate involved will be in-
cluded in the assets in the receiver's
report which will be filed with the court
in a few days.

SUIT ON MINING DEAL.

Mrs. Shaughnessy Seeks to Recover
\$35,000 From Frank Andrews et al.

Winifred K. Shaughnessy filed suit
in the district court this afternoon
against Frank C. Andrews, Edith J.
Andrews, the City Savings Bank of
Detroit and the Union Trust company
of Detroit asking for the foreclosure
of a vendor's lien upon the Tiewaukee
group of claims in Bingham. De-
fendant Andrews agreed to purchase
the property for the sum of \$100,000,
of that amount \$40,000 was paid to
plaintiff. At the time Andrews became
insolvent he has only paid plaintiff \$5,
000 of the amount due her. She there-
fore asks judgment for \$35,000 and that
the property be sold and the money so
received be applied to the payment of
said judgment.

WEATHER CONDITIONS.

The "high" noted on yesterday's chart
as being central about Bismarck, N. D.,
has remained practically stationary
during the past 24 hours, and this
morning its crest is still hovering over
North Dakota. In the meantime, how-
ever, the entire country lies within the
sphere of its influence. No well-defined
areas of low pressure appear on the
map, the "high" being the one domi-
nating feature.

Light frosts are reported from the
Pacific northwest, the lake region
and the middle Atlantic and New Eng-
land states. Excepting the Pacific
northwest where rain fell, the precipi-
tation was mostly in the form of snow.
Snow was still falling this morning at
Sault Ste Marie and Northfield. Else-
where throughout the country except
ing the gulf states, where cloudy
weather prevailed, clear skies are most-
ly reported.

Temperatures were lower over the
lake region and middle Atlantic and
New England states. Elsewhere no
marked changes have occurred.
