It was in Utah's terripte offense that the brilliant features of the game told. Bennion Peterson, Russell and Barton, did the line smashing. Brown, Pitt and Ilerbst played their own styles of rapid work, when once free with the ball in the open field. Brown lacks strength to play a whole game through, but while he asis, he goes with remarkable force, from the moment Utah got the ball yesterday, she swept Montana off her feet. The rush was something unlooked for raid impassible to delay. But finding themselves overwhelmed the Montana men braced for the hardest fight that was in them and continued game to the end.

PREPS PLAY PROVO.

Football Game is on at Garden City This Afternoon.

The Prep team of the University of Utah left the campus today for Provo, where it will play this afternoon against a picked team from the high schools of the Garden City. The "Preps" have played but little together and only a few of them are experienced at the game. However, the fact that they want games very badly with outside schools has led up to a challenge and acceptance with Provo.

YOST'S TEAM IS O.K.

The Eleven That Beats This Bunch Will Be World Beaters.

From Ann Arbor, Mich., comes the following:
All Michigan rooters join in saying that Yost's team has at last struck its gait. The showing last Saturday against Case was a marked improvement over anysthing seen on Ferry field this fall, and except for much fumbling the elevent looks like a worthy successor to the oft-called machines of former years.

Yost himself its so well pleased with the bunch that he frequently makes the statement that the team that heats Michigan this year will be the best in football history. Even after the Kalamazoo game when asked to account for the lack of team work and the frequent fumbling, the coach said:

"You just wait until after the 'con exams' are over and until Longman's knee is \(\frac{1}{2}\), \(\frac{1}{2}\), \(\frac{1}{2}\), \(\frac{1}{2}\) out will see team work. This runch playing now is not Michigan's team. When Schultz gets in the line at center and Schultz gets in the line at center and Schulte at guard, and the rest of the old heads are in the game, you won't see any fumbling, and then there will be team work."

There is going to be a nice little fight for an end position, or possibly both of them. The 'con exams' end Friday of this week, and after that there will but we or six candidates out for the end positions, Just at present Stuart and Garrels both have strong calls for those places, but Harry Hammond, who played a regular end last year. Hal Weeks, Clark, if he is not behind the line, and Embs will all be strong contenders. Ann Arbor, Mich., comes the

Nandersit cup.

Automobile critics predicted with considence that the fastest time ever made in a long distance automobile cace would be seen teday. No one expected that less than 60 miles an hour would be made through the entire 283 miles of the race. From that figure the predictions ranged to 65 miles.

From that figure the predictions ranged to 65 miles.

Hawrey, one of the favorites in today's race, made the high average of a trifle over \$2 miles an bour in the 32 mile race of the Ardennes oftent this season, the best time thus far for a long distance contest. The best average time ever made in the historic Gordon-Benne't cup race was 54 miles an hour done by Janutzy in 133, when he won the cup. Diraley averaged nearly 551 miles three weeks ago over this course, but he only made fone laps whereas the conditions today called for 10 circles of the course. When Heath won the Vanderbilt cup for France last year his average was 52.2 miles.

The course is in fine shape, it is declared, except two or three miles on the back road. On the Guinea road section, where the going is still quite soft, the wind and the sunshine have done wonders, and a hot pace was expected from the

National Leaguers Again Shut Out Philadelphia American Team

FOR WORLD'S CHAMPIONSHIP.

Yesterday Afternoon's Victory Makes It Three to One in Favor of Bruch From Metropolis.

HOW THEY STAND. Won.Lost. P.C. New York Nationals ... Philadelphia Americans

New York, Oct. 13.-Three to one is now the advantage which the New York Nationals hold over the Philadelphia Americans in the struggle for the world's championship. The New Yorks scored their third victory today, and if the local men succeed in getting the better of the visitors in tomorrow's contest the world's championship flag will fly from the big

mast in the Polo grounds. Philadelphia, heavily handleapped by the services of the erratic pitcher Waddell, has succumbed to the masterful work of Mathewson twice, and today Mc-Ginnity pitched gilt-edged ball, which partially atoned for his defeat at the

partially atoned for his defeat at the hands of Bender last Tuesday on the same diamond.

Managers Mack and McGraw arrived on the battlefield today with firm determination, and while the betting which at times was lively, indicated that the local men were almost prohibitive favorites, not a few of the Philadelphia adherents were willing to risk money on the visitors. These bets were snapped up quickly, and before the game had gone two innings all wagering was at a standstill.

Manager Mack decided that his Indian pitcher should have a softicient rest, and put Plank in, who, with good backing, would have done better.

In the fourth inning, however, Monte-Cross was so ackious to get a bounder from Mertes' but that he fumbled the ball lingled with it long enough to let the batter each first hase safely. This was the only error recorded in the game, but it was an expensive one, as it formed the sucleus of a run—the run which won.

McGinnity and Plank were equally effective but Plank managed to get a hit, which the "Iron Man" falled to do. Attendance, official, 12.5%.
