

JONES WANTS HEAVY DAMAGES.

Sues the Consolidated Railway
Company for \$15,650.

HE ALLEGES NEGLIGENCE.

Was Painfully Injured in an Accident
June 6, 1902—Car Was Too
Speedy.

Milton A. W. Jones, by D. B. Jones, his guardian ad litem, commenced suit in the district court today against the Consolidated Railway and Power company to recover \$15,650 as damages for personal injuries received, by plaintiff being run into by an electric car of defendant company on Seventh East and Thirtieth South streets on the night of June 6, 1902.

It is alleged in the complaint that plaintiff was driving along Thirtieth South street in a buggy on the above date and upon reaching the intersection of that street and Seventh East, a car which was running at a high rate of speed and which had no head light, dashed into the conveyance and threw plaintiff out, dragging him quite a distance and causing him to be crushed under the car and otherwise painfully injured.

Negligence on part of defendant is alleged because the car was being run at an unsafe rate of speed and no going was sounded to warn people of its approach and it had no headlight so that it could be seen by plaintiff.

By reason of said injuries plaintiff claims he has been damaged in the sum of \$15,000; has been compelled to pay out \$500 for medicine and medical attendance; and his horse and buggy were damaged in the sum of \$150, making a total of \$15,650.

Foreclosure Suit.

The Furton Coal & Lumber company filed suit today against Mary J. Stringham et al. to foreclose a lien on the property described at lot 6 and the east half of lot 7, block 15, corner of Corbin's addition. The debt for which a foreclosure is asked amounts to \$103.02, and is alleged to be for materials furnished for the construction of a house on said premises.

Attachment Suit Filed.

Carroll & Carroll today filed an attachment suit against J. W. Sauters to collect \$457.99 alleged to be due for liquor sold to defendant. Defendant is proprietor of the Florida saloon and the stock and fixtures at that place were levied upon by Deputy Sheriff Arupp yesterday afternoon at the instance of Max Jentch, the local agent of the Zang Brewing company. This morning Deputy Sheriff Eldridge made another levy on the place to satisfy the demands of the above complaint.

POLITICAL POINTERS.

Mat Thomas denies that he is a likely candidate for county attorney on the Democratic ticket.

The Democratic county convention will be held in Christensen's hall on Monday and Tuesday of next week.

LOOKING FOR HEADQUARTERS

G. S. Hickox, Government Inspector,
After Commodious Offices.

UTAH SHEEP IN BAD SHAPE

Reports That Nearly Every Shipment
Has to Be Dipped Before They
Are Moved.

George S. Hickox, government sheep inspector, is now looking around for commodious offices on Railroad Row with the object in view of establishing headquarters where he can be in direct touch with the shippers and the transportation companies.

Mr. Hickox's territory comprises North and South Dakota, western Colorado and Nebraska, Montana, Washington, Oregon, California, Idaho, Wyoming, Nevada and Utah, and in order to look after the interstate shipments of sheep he has 32 deputies employed in the states named. In addition he has to supervise local shipments in Utah, all of which makes him a much sought after man in railroad circles.

His first came west three years ago, when, acting under directions from the government, he organized the present system of inspection in the west. In speaking this morning regarding the shipments of Utah sheep, he said that the flocks of this state were in a bad shape, with the result that nearly every carload of sheep that was moved had first to be dipped. Conditions in Wyoming, he said, were but slightly better, while in the other states the sheep were remarkably free from scab. Especially did this hold good as regards Idaho, where, in conjunction with the state law that was being rigidly enforced, the disease was being practically stamped out. Last year, he said, the percentage was reduced from 10 to 2 per cent in that state, while this year even a better showing will be made by the Idaho flocks.

Interchangeable Mileage.

The local ticket offices are commencing to receive the interchangeable mileage books which will be put on sale October 1. This innovation will come as a great boon to business men and traveling salesmen. It means that if a book is purchased the mileage will be good on all roads west of Denver.

California Fruits.

Assistant Traffic Manager S. H. Babcock of the Rio Grande system reports on his return from California that the fruit shipments this season will surpass all previous years in the matter of tonnage. This business is eagerly sought by the transportation companies and annually is a prime factor when it comes to earnings. It goes without saying that the Rio Grande will concentrate its efforts in the direction of securing its share of this business. Eight trains of fruit went through from California east over the Rio Grande Western yesterday.

SPIKE AND RAIL.

The new dining car purchased by the Rio Grande cost \$14,115.

The Rio Grande system has a total mileage of 2,390.33 miles.

During the past year \$135,426 has been expended on the Rio Grande Western for new bridges.

L. R. Adamson, freight solicitor for the Rock Island, is in Chicago on a vacation.

The New York friends of Senator W. A. Clark emphatically deny that E. H. Harriman is to absorb the San Pedro road.

The train service both east and west has been in bad shape for the past two days, owing to wrecks, burnt bridges and land slides.

W. F. Skinner, formerly chief clerk in the general passenger agent's office of the Rio Grande Western, is in Salt Lake on his way through from Seattle to Chicago.

Te Roy R. Johnson has been appointed freight and passenger agent for the Rio Grande line at San Jose, where T. Skeiton has also been appointed to a similar position at Sacramento.

The Rio Grande Southern railroad with which the Denver & Rio Grande has close traffic relations, is 180 miles long, main line and branches, and is operated under separate management.

General Manager W. H. Bancroft, Consulting Engineer J. S. Berry, Resident Engineer William Ashton, Sup. J. F. Dunn and General Purchasing Agent I. O. Rhoades of the Oregon Short Line are up at Pocatello.

The Southern Pacific proposes to build a branch into the Tonopah district of this state, the locality of which announcement is forthcoming with the idea of heading off the Bamberger road.

Twenty-five miles of the North Fork branch of the D. & R. G. have been finished and contractors are now working on another 12-mile stretch. The branch extends in a northwesterly direction from the town of Delta, Colo.

The expenditures for improvements of the Rio Grande Western during the past fiscal year amounted to \$680,132.27, and for new equipment, in addition to that ordered by the D. & R. G., \$639,867.93.

Lee Johnson, state labor commissioner for Kansas, is interesting himself in the Union Pacific strike of the boiler-makers, machinists and helpers and with J. P. Conlon, first vice president of the International Association of Machinists, and other officials of the union is trying to bring about a settlement of the strike. Conlon's headquarters are in Cleveland, but he was sent west to represent the grand lodge of the machinists in the Union Pacific trouble.

AMUSEMENTS.

The parade of West's Minstrels attracted a great deal of admiring comment on the street this morning. The company makes its appearance at the Theatre tonight and is sure of an immense turnout.

At the Grand last night chairs had to be brought from the dressing rooms to be placed in the aisles in front. Every box above and below was occupied. This tells the story of how Mr. Clark and "Hello Bill" have caught the town. The two final performances will be given this afternoon and evening. Tomorrow night the sensational play of "The Showaway" occupies the boards.

The "Liberty Bells" sale is now going on at the Theatre.

DAN PATCH TIED WORLD'S RECORD

Magnificent Performance on Readville
Track by the Great Pacer.

ANIMAL'S TIME WAS 1.59 1/2.

The Record Equals That of Star
Pointer Made Five Years Ago—
Eastern Ball Games.

Readville, Mass., Sept. 23.—Dan Patch, the famous pacer, this afternoon went against the world's record of 1:59 1/2, made by the Star Pointer on the Readville track five years ago, and in a magnificent performance equaled the record. Depending upon memory, it seemed to horsemen who saw Star Pointer's performance that the conditions today were identical, and that meant as near perfect as a day could be.

Dan Patch was brought out for a warming up mile, with a runner as pacemaker. Without an effort he went the distance in 2:31. Half an hour later he came out for his trial against time.

As in the other mile, a runner was sent out ahead. No time was lost in scoring, and Myron McHenry nodded the first time down for the wire, and a hundred watches caught the start. The pacer had his stride from the word, and there was not a skip for the rest of the mile, his legs moving with perfect regularity. It was not until the third quarter that every one felt confident that the record was in danger. Up the stretch came the pacer, beating out the runner and flashing under the wire a worthy mate for Star Pointer, his time being 1:59 1/2. Driver McHenry was wildly cheered, and the crowd rushed forward to see the horse blanketed and led away.

LOCAL EVENTS.

THEY ARE GOING TO SHOOT.
Party Goes Into Mountains Hunting For Big Game.

A hunting party, consisting of W. H. Parker, Dr. H. S. Scott and J. F. Bois, left last evening on an expedition to the mountains of Idaho and Wyoming in search of big game. It is the intention of the party to take in the Bitter Root mountains, which, it is claimed, is the finest big game hunting ground in the Rocky mountains today. Such game as bear, mountain lion, deer or elk will receive the party's undivided attention and it is the expectation of all the members that they will return with a big showing of such game.

NEW RACE TRACK.

Course is Now Undergoing Many Good and Needed Improvements.

The Agricultural Park track is undergoing many improvements at the present time, and the work on the track will soon make it as fast as any half-mile track in this country. The improvements are in charge of Mellon, and in the last three days it has been improved at least five seconds to the mile. When work was first commenced the track was considered ten seconds to the mile slower than Calder's track, but the improvement already shown indicates that by the time the track opens it will be as fast as any of them.

A string of horses left yesterday for Ogden to compete in the county fair races beginning tomorrow. They are: American Flyer, Brockbanks, Bess, Chester and Mollie Allett.

PLENTY OF MATERIAL.

Y. M. C. A. Football Team to Meet Again This Evening.

The Y. M. C. A. football team will not suffer from lack of good football material. Indeed, Manager Margetts has his hands full in taking care of the scores of applications that are pouring in upon him, and the team will be much stronger than at first expected, and that is saying a great deal. So many are the applications, that Margetts says he will have about five men for each position. Among the men who are sure to be found on the team are Farmer Fred Smith, Earl Gardiner, George Worthen and Scott Groesbeck. These are the football players who made the high school team two years ago famous. It is felt that the team's first game will be with the Guards of Ogden, as the manager of that team has written to Manager Margetts asking for a game.

A meeting will be held at the Y. M. C. A. parlors this evening for the purpose of considering the applications and talk over the future outlook.

Wilkes Football League.

The first application for membership in the Wilkes Football league has been received from the Bryant school. Every season Mr. Wilkes gets up interest among the school football teams by organizing a league and offering a silver cup as a championship trophy, and the Bryant high school wrestlers are out after that cup this year. Other applications will soon follow. The Bryants line-up is as follows:

Center, F. B. Blain Salisbury, d. T. George Stevenson, c.; Back Simpson, J. H. B. Frank Vaccaro, r. h. b.; Cass Tresler, l. t.; Cross Pickering, r. t.; Ed Higgins, l. g.; Ed Smith, r. g.; Will Warren, r. e.; Claude Shaffer, l. e.

Chapman Gets Offer.

Johnnie Chapman has received a letter from Iver Lawson in which the latter requests Chapman to come east and compete in the six-day race at Madison Square Garden this winter. Lawson says Chapman can get appearance money if he will come. Lawson said he did not know when he would return to Salt Lake, but that some of the eastern riders who are expected to go to California giving this town the go-by.

SOCIAL AND PERSONAL.

Cards are out announcing the wedding of Mr. William E. Cole and Miss Agnes Casey, which will take place at St. Joseph's church, Pittsburgh, Pa., Wednesday, Oct. 8, 1902. The groom is Capt. William E. Cole, U. S. Army, and the bride is Miss Agnes Casey, who is a Utah man, having emigrated from that state. He was raised at Willard City, Boxelder county, where his family still reside. He graduated from the military academy in 1898, and is attached to the artillery branch of the army. The bride is the daughter of Mr. and Mrs. M. Casey. The young couple will be at home at Barracas, Fla., after Nov. 1. The captain's company is located at that place.

Two pretty receptions were held yesterday. Mrs. Leslie Woodruff Snow and Mrs. Iglehart respectively being the hosts. Mrs. Iglehart gave a second affair today.

Mrs. George A. Lowe entertained the Card club yesterday at her home, a number of which were the members also being present. The contest was "8" and Mrs. David Keith won first prize and Mrs. James Miner second.

Mrs. R. C. Woodruff and children have returned from the coast, where they have been spending the summer.

Mrs. H. N. Mayo entertained at cards this afternoon.

Miss Maud Reese Davies was guest of honor at a reception this afternoon, given by Mrs. Agnes Osbourne.

Miss Georgia Valner will leave tomorrow for Boston, where she will attend school.

RITER RESIGNS.

Assistant County Attorney Will Riter today sent in his resignation to County Attorney Christensen, the same to take effect Oct. 1, 1902.

After that date Mr. Riter will resume the practice of law in the office of Atty. Lindsay R. Rogers, which he left to accept the position as assistant county attorney a year ago last July.

The resignation has not as yet been acted upon by County Attorney Christensen, but it will undoubtedly be accepted. No intimation has been made as to the county attorney as to Mr. Riter's successor.

ECKSTEIN'S HEARING.

Alleged Slayer of J. A. Jennings Before Judge Tanner Today.

The preliminary hearing of Barney Eckstein, charged with the murder of J. A. Jennings at the State street roadhouse on the 4th of this month, was taken up before Judge Tanner in Judge Diehl's court this morning.

The prosecution is in the hands of

Asst. County Atty. Loofbourou while Eckstein is represented by the law firm of Powers, Straup and Lippman. It is expected that the case will occupy all of today. There will be little if any new testimony as the facts in relation to the shooting were all brought out at the inquest over Jennings' body. The only new witness in the case of any importance will be Lilly Palmer, the young girl who witnessed the shooting of Jennings.

This morning seven witnesses were examined and cross-examined. Mr. Lippman doing the latter for the defense. Mr. Loofbourou expects to conclude for the state by 4 o'clock this afternoon, and the general opinion is that Eckstein will not be held to answer to the district court.

POSTMASTER FOR CARBON, WYO.

Washington, D. C., Sept. 4.—Mrs. Nellie Gabbott has been appointed postmaster at Carbon, Carbon Co., Wyo., vice Mary Fuller, resigned.

An increase of pension to \$3 monthly has been granted John Welker of Cameron, Ida.

COUNTY SCHOOLS OPENED.

The East Jordan school was opened this week, also the Draper school. The former school has been awaiting the completion of the new building, and the latter has been awaiting improvements on their building. The school in the Forty-second district at Granite has been suspended owing to diphtheria among the pupils.

BUSINESS NOTES.

Today's local bank clearings amounted to \$436,733.34 as against \$500,134.01 for the same day last year.

The Utah Light and Power company began this morning excavating for the foundations of the new boiler, engine and transformer houses to be erected at Jordan river and South Temple street. Each building will be 40x90 feet.

Dun's Review thus refers to last week
