

HARPERS BEFORE JUSTICE JUKES

But a Change of Venue to Justice Greenwood Was Had.

NOTHING VERY STARTLING

Occurred at the Hearing—Some Articles Identified—The Harpers are Intelligent Looking People.

[SPECIAL TO THE "NEWS"]

Pittsburg, Mo., May 5.—In the Penney murder case, brought up in Justice Jukes' court today, a change of venue was obtained by Attorney McBride, for the defense. The case is being tried before Justice Alma Greenwood.

W. R. Harper and wife have the appearance of bright, intelligent people. He is dressed in a suit of black, with a white silk handkerchief loose about his neck, is six feet tall and with the wiry appearance of an athlete about 35 years old. The woman was brought in for identification. She stepped lightly and met the gaze of the hundreds present with a smile, she wore a green cloth dress, striped waist, and a black straw hat, set jauntily upon the head above an oval face, prominent nose and very full, clear eyes. Mrs. Amanda Penney identified a small black shawl which she gave to her husband just at the time he left home for Wahwah Springs. William Penney identified a horse collar as his property, and there are two pocket knives, a miner's magnifying glass and a piece of worn suspenders that members of the Penney family will claim as the property of the lost men. Nothing very conclusive has appeared up to the present as proving that the Penneys are dead and were killed by these people. Mr. Grover, from Wahwah, recognized Mrs. Harper as being at the Wahwah Spring on the morning that the Penneys left there. We are informed that the Harpers will acknowledge to seeing the Penneys in the vicinity, but neither the detectives nor other persons have, so far as known here, any information as to the Penneys dead or alive, since they were seen a few miles from Wahwah Springs on the 17th of last November.

SANPETE REPUBLICANS.

They are in Session at Spring City This Afternoon.

[SPECIAL TO THE "NEWS"]

Spring City, Utah, May 5.—A convention of Sanpete Republicans is being held here today and a good representation is present from each precinct. At the opening session, C. W. Sorenson of Mt. Pleasant was chosen temporary chairman, and Nels P. Neilson, of Mant, secretary. Committees on credentials, order of business, etc., were appointed.

The committee on organization will recommend that the temporary organization be made permanent. Forty-five delegates to the State convention will be chosen and an organization of the county committee will be effected this afternoon.

Spring Humors of the Blood

Come to a certain percentage of all the people as regularly and surely as the spring of the year rolls around. Probably 75 per cent. of these people are cured every year by Hood's Sarsaparilla, and we hope by this advertisement to get the other 25 per cent. to take Hood's Sarsaparilla. It has made more people well, effected more wonderful cures than any other medicine in the world.

The many letters we frequently publish are only samples from thousands of testimonials in our files and coming in daily. Its strength as a blood purifier is demonstrated by its marvelous cures of

Scrofula, Salt Rheum, Scald Head, Boils, Pimples, All kinds of Humor, Psoriasis, Blood Poisoning, Rheumatism, Catarrh, Malaria, etc.

All of which are prevalent at this season and in their milder forms are generally called "Spring Humors."

"Large swellings came on my boy's neck under his ears. In the spring they grew worse, extended down to the collar bone, and finally became a large scrofula sore. My brother had been cured of scrofula by Hood's Sarsaparilla, and it had cured one of my other children of a bad case of salt rheum. I therefore began giving Hood's to this boy for scrofula, and in a short time the sore commenced to heal from the inside and it continued until now a slight scar is the only trace. As for myself I was weak and tired and it was an effort for me to keep about. When I got Hood's for my little boy I began taking it myself and in a short time I gained rapidly in health and strength and have since done my work with more ease than ever before since I can remember." Mrs. DAN MAXFIELD, North Londonderry, New Hampshire.

It effects such cures as this by virtue of its peculiar curative power, found in no other medicine. It is peculiar to itself—the best Spring Medicine that money can buy.

Be sure to get Hood's and only Hood's.

CLAIMS SHE WAS NEVER DIVORCED.

Mary A. Criner Says She is Legal Wife of Thomas F. H. Morton.

PETITIONS PROBATE COURT.

Wants An Admeasurement of Dower Set Aside for Her—A Rather Peculiar Case.

A petition was filed in the probate court today the hearing of which promises to develop some sensational features, and may result in the partial disinheritance of the heirs of Thomas F. H. Morton, deceased.

The petitioner is Mary A. Criner, wife of a mining man and a resident of this city, who claims that at the time of Mr. Morton's death, which occurred at Farmer's ward, on April 8, 1899, she was his legal wife and is now his widow.

Mr. Morton left a will, which was filed for probate April 24, 1899, naming Julia A. C. Morton, the wife he was then living with, as sole executrix and bequeathing a portion of his estate to her, her six children and grandchildren. The will was duly probated a year ago, and now Mrs. Criner petitions the court to set aside a homestead or an admeasurement of dower for her.

Petitioner says she married the deceased about thirty-five years ago in the east, and that she afterwards accompanied him to Utah. About twelve years ago these parties separated and Mrs. Criner claims that Mr. Morton made his will believing she had obtained a divorce from him. Mrs. Criner, it seems, filed a suit for divorce in 1890, but the record fails to show whether or not it ever came to judgment.

The petitioner says the farthest she went in the matter was to file a complaint. Shortly afterwards she married Criner. The entire value of Mr. Morton's estate is placed at \$12,000, one sixth of which the deceased is said to have willed to the wife he was living with at the time of his death, and the remainder to his children.

It is understood that Mrs. Criner will also institute proceedings against the other parties, who not stated, to recover the property alleged to have been willed to them.

The attorney in the case are Ferguson & Cannon for the Morton estate and W. T. Genter for the petitioner, Mrs. Criner.

The petition will be heard Saturday, May 19.

LATE LOCAL NEWS.

Mrs. Harry Corson Clarke and her sister, Miss Deming, leave tonight for Denver to join Mr. Clarke.

The ladies of the Auxiliary to the Caledonian club are requested to attend the funeral of the Wilson brothers, to be held in the Sixteenth ward meeting house. The conveyance Utah will take the ladies to the cemetery.

A meeting of the Volunteer Day committee was called for this afternoon in Governor Wells' office to consider the question of making an appropriation to the State fund of the same week last year. The hope of winning the prize was held, but those in attendance expressed their willingness to make a substantial contribution out of the funds on hand.

SEED TIME AND HARVEST.

This is the time of year when planting is in order. If you are careful of the seed you will be rewarded by the harvest. Care in buying is the seed which produces future prosperity. You can save money by using Three Crown Baking Powder Extract and Spices. They are sold by all grocers and guaranteed to give perfect satisfaction or money refunded.

HEWLETT BROS. CO.

MET LAST NIGHT.

Priesthood of Salt Lake Stake Holds an Interesting Meeting.

The regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion convened in the Assembly hall, Salt Lake City, last evening at 7 o'clock. President Angus M. Cannon and counselors presiding. President Joseph F. Smith was present, also Elder John Smith, Patriarch of the Church.

The meeting commenced with singing. Prayer by Elder John T. Cairns. There was a very large attendance of the Priesthood outside of those entered upon the roll, which, being called, was responded to by ten high counselors, two Patriarchs, the presidency of the High Priests' quorum and ten home missionaries.

All the wards of the Stake were represented by members of the Bishopric, also all the quorums of Elders by their presidency, excepting the Fourteenth quorum. The Lesser Priesthood was represented by members from a large number of the wards.

"The Sunday schools and the Young Men's Mutual Improvement Associations of the Stake were represented by their superintendents, and the German and the Scandinavian meetings of Salt Lake City by the presidency thereof.

Upon the recommendation of their respective Bishops twelve young men received the priesthood, and the ordination to the office of Elder, each one promising to honor and magnify this Priesthood to the best of his ability.

The brethren of the Presidency of the Stake and President Joseph F. Smith addressed the assembly, and in answer to several questions propounded defined the authority and functions of those called to minister as officers of the Church in the greater and lesser Priesthood.

They explained with great plainness that the youthful Elders should be associated with men of greater experience in their ministrations among the Saints of the different wards, remembering the instructions they are under in the early rise of the Church wherein the duties of Priests, Teachers and Deacons were ample and made plain.

It is important that these instructions should be given to the people in their homes with the spirit of visiting Priests, Teachers and Deacons, as directed of the Lord.

It may be said the youngest men in our Church have not the experience to qualify them to administer the Priesthood as the Lord has directed to the edification of the Saints, the rebuking of iniquity and the encouragement of greater righteousness.

If this is the case it is legitimate and most appropriate that men possessing the Melchizedek Priesthood be selected and directed to labor in those offices of the Lesser Priesthood, that the people may be advanced to a realizing sense of the obligations they are under to observe the Sabbath day, attend their meetings, pay their tithes, their offerings, and magnify their calling in every particular, glorifying the Lord in all the conduct of their lives.

The attention of the Bishopric was called to the fact that Elder Brigham Young, of the Twelve, has been appointed by President Lorenzo Snow to give his attention to the wards of this Stake in the hope of warming the hearts of those who have become cold, and have forgotten the necessity of living up to every requirement.

It was urged upon the Bishops to have all persons who are called upon to visit, and though they have no note of standing, labor with them to the end that they may obtain standing and perform each their part.

Adjourned to meet Friday, June 1st.

Benediction by Patriarch John Smith.

COMMERCIAL STOCKS.

While the week has been a comparatively dull one in local commercial stock circles, the two Sugar stocks have moved upward, and there has been a good inquiry for both, based on the excellent reports from the beet fields and the favorable condition of the weather. Ogden Sugar sold at \$140 during the week; \$14.70 was offered for Utah Sugar this morning without bringing forth any bidders. Deseret National is now ex-dividend, the regular quarterly 3 per cent. having been paid Tuesday. The latest quotations are as follows:

Deseret National bank	242.00
C. M. L.	134.00
Home Fire Insurance Co.	115.00
Utah Sugar	147.00
Ogden Sugar Co.	140.00
State Bank of Utah	132.00
Deseret Savings Bank	145.00
Co-op. Wagon & Machine Co.	120.00
Cannulation & Co.	105.00
Commercial National bank	100.00
Clark, McFarlane & Co.	97.00
Utah Com. and Savings bank	103.00
Zion's Savings Bank and Trust Co.	127.00
Pravo Com. & Savings bank	110.00
Utah Com. and Savings bank	100.00
Thatcher Bros. Bk'g Co.	106.00
First National bank, Ogden	115.00
Rocky Mtn. Bk. Tel. Co.	100.00
Davis County bank, Farmington	100.00
Barnes Banking Co., Kayville	92.00
Church bonds	104.00
S. L. C. R. B. bonds	104.00

BANK CLEARINGS.

The bank clearings of the country for the six days ending yesterday amounted to \$1,565,882,047, a falling off of 14 1/2 per cent from the figures of the same week last year. Salt Lake's totals also appear in the decrease column, the figures being \$2,401,598, a decrease of 4.8 per cent. We are still, however, in advance of such cities as Springfield, Portland, Rochester and Los Angeles. Denver's figures for the same six days were \$2,918,085, an increase of 18 1/2 per cent over the same week last year.

JORDAN STAKE CONFERENCE.

The First One Held in Sandy's New Meeting House Today.

WAS LARGELY ATTENDED.

Apostle Brigham Young Urges Belief for the Seedbed Sufferers—Statisticians of the New Stake.

[SPECIAL TO THE "NEWS"]

Sandy, May 5.—The first quarterly conference of the Jordan Stake commenced at the new Sandy meeting house at 10 o'clock this morning with about six hundred people present. On the stand were President O. P. Miller, with his counselors, Hyrum Goff and James Jensen, also Apostle Brigham Young, President Louis A. Kelsch of the Northern States mission, with a number of patriarchs and eleven Bishops, two high counselors and two alternates; the presidents of the High Priests' quorum, officers of the Sunday school, Mutual Improvement, Relief Society and Primary Associations were all in attendance.

The conference opened with singing by a choir composed of members of the Sandy, Union and East Jordan wards, under the leadership of President Hyrum Goff. All of the wards of the Stake were represented except Herriman.

President Miller congratulated the people of Sandy for their diligent labor in getting the new meeting house in a condition that admitted of the conference being held in it. He said he had entertained great doubts at one time that the people would be able to accomplish this task in so short a period. He was sure the people of Sandy had an energetic, wide-awake, bustling Bishop to whom a great deal of credit was due. This was also true with reference to H. N. Neilson, the leading carpenter, who had worked diligently night and day to get the house ready.

Apostle Brigham Young was the next speaker. He congratulated the ward and the Stake, and referred to the evident good influence that was present. There was no reason why this Stake of Zion should not be one of the strongest. The blessings of the Lord could be made and would be made to attend the efforts of the Saints in it if they were faithful. Several instances of similar blessings being pronounced upon and received by people of various parts of Utah whose circumstances and surroundings were not as favorable as those of this new Stake of Zion, were cited.

Apostle Young then referred in touching language to the Scofield disaster, saying how some families had been almost wiped out of existence and how more than two hundred others had been deprived of their breadwinners. Altogether it was a terrible affliction—an affliction that amounted to a calamity; and the people of this Stake as well as others should therefore be liberal in their donations to the bereaved in order that they might be able to support the orphans should not go unprovided.

STATISTICAL REPORT.

The statistics of the new Stake were then read. They showed that the Stake had two ward presidents, two Patriarchs, one hundred and twenty-two Priests, two hundred and seventy-four Seventies, five hundred and six Elders, one hundred and forty-nine Priests, one hundred and sixty-eight Teachers, five hundred and seventy-nine Deacons and a grand total membership of six thousand six hundred and sixty-nine.

Patriarch Phillips of Union pronounced the benediction after the choir had rendered a hymn, and the conference adjourned until 2 o'clock this afternoon, when it resumed session. It will also be in session tomorrow, and a further large attendance is looked for.

CLEARING HOUSE REPORT.

May 5, 1906.	
Today's clearings \$418,795.25

Week's clearings 2,582,568.09
Same week last year 2,756,344.04

ORE AND BULLION REPORTS.

MCCORMICK & CO.	
Mingo bullion \$4,000
Silver and lead ores 6,300
Cyanides 1,800

EMPLOYERS LOOK OUT.

A Change in Food Doubled the Wages. The manager of a certain large publication, who depreciates the use of his name in public, has experienced a curious change in his general character by reason of a change in the cells of his brain, brought about by a change in food and his experience is interesting, as given in his own words:

"Up to a short time ago, I was always known, both to myself and friends, as a very mild sort of individual, obeying the laws of the Scripture injunction to 'turn the other cheek,' and let people run over me generally, with a spirit of thankfulness that I was permitted to be alive."

"Along last fall I changed my diet, leaving off coffee entirely and taking up Postum Food Coffee and Grape-Nuts breakfast food. I had learned that these articles both contained the fine particles of phosphate of potash and albumen that nature uses to build the gray matter in the brain and nerve centers, so I determined to see what effect they would have on me."

"It was not long before I discovered that I had changed in a most remarkable manner. My old mother wrote me that there was a great deal more 'spunk' in my letters than she ever saw before. I began to vigorously 'kick' at any injustice. I am about instituting a criminal libel suit against a party who accused I would stand anything. I send a dish back that is not cooked right about three times a week. On the 31st of December last I demanded double wages for the coming year and found I had backbone enough to lay down if I didn't get it—and I got it. I get clean sheets twice a week now. I used to take the upper sheet and put it under once a week."

"I am able to do five times the brain work that I ever have before. In fact I can get about anything I want nowadays, and to top it all, am perfectly well. A new world has been opened to me and I know exactly where the change has come from. It has come because I have been using a food and drink that have changed my whole brain and body. You can use this letter, but don't use my name, for obvious reasons."

Grape-Nuts breakfast food and Postum Food Coffee are kept by all first-class grocers and are used by nearly all first-class people.

TO ASSASSINATE THE CAPE PREMIER

Supposed Purpose of a Shot Which Struck a Policeman.

ANTI-DUTCH PLOT ALLEGED

Lord Roberts Advancing on Winburg—Losing No Time in the March Toward Pretoria.

Cape town, May 5.—The South African News says that a policeman, who was guarding Premier Schreiner's house, has been shot, adding that the policeman was smoking a cigar at the time, on which fact is based an assertion that the bullet was evidently intended for the premier, who is an inveterate smoker.

The African Bund papers are making a sensation out of the affair, declaring an anti-Dutch plot is on foot.

BRITISH ARE ADVANCING.

London, May 5.—Lord Roberts reports to the war office under date of Brandfort, May 4, as follows: "Hamilton advanced today to Neat-welk. He was engaged with the enemy throughout the march. He speaks in terms of praise of the behavior of the troops, especially Broadwood's brigade of cavalry and the mounted infantry."

Lord Roberts is evidently losing no time in following the substantial advantage gained by the occupation of Brandfort, and his whole force is apparently moving on Winburg. The place mentioned in Lord Roberts' dispatch to the war office this morning as 'Neat Welk' cannot be found on the maps, and it is likely that it is a cable error for 'Near Vetkon,' in which Gen. Ian Hamilton seems to be midway between Houtnek and Winburg, and has thus got between Winburg and Gen. Olver's command from Wepener, which is occupying Thaba Patcha.

SPEAKING OF PROSPECTS.

Between Thaba N'Chu, Ladybrand and Winburg, the country is rough and suited for Boer tactics as the British are liable to be considerably harassed before they capture the stronghold. Experts differ as to whether Lord Roberts is bound towards Kroonstad or in the direction of Bethlehem. The latter place is the terminus of the line joining with the Natal railroad at Van-Recenes Pass, and the capture of that place would probably compel the Boers to leave the Drakensberg range, and thus open the way for Gen. Buller's advance.

FIFTY DEATHS A DAY.

Cholera is Sweeping Away the Famished-Stricken People of India. London, May 5.—A special dispatch from Bombay says cholera is alarming in virulence among the natives on the coast, where there are fifty deaths daily reported from the disease.

CABLE IS BROKEN.

Why Details of Recent Fighting in Philippines is Delayed. Manila, May 5.—Col. Hardin's expedition recently landed two companies of the 39th infantry on the island of Mariguine. The troops have already taken four towns without opposition, a few armed insurgents encountered taking to the mountains.

Leaving one company to garrison the island the expedition proceeded to Masbate. The cable to the southern islands is broken and details of the recent fighting are not obtainable at present.

Shooting by Strikers.

New York, May 5.—The strikers at the Standard oil works at Constance Hook, N. J., made a determined effort today to prevent men from going to work in their places. Every man that attempted to enter the works was assaulted. A number of shots were fired by the rioters, but no one was hit. The police and deputy sheriffs charged the rioters and used their clubs with vigor. Two of the ringleaders, Geo. Katke and Daniel Sosik, Hungarians, were arrested. They had attacked Joe Matzko, also a Hungarian, who was going to work. Matzko was badly beaten. The police and deputies have been reinforced.

Only a Compliment.

Washington, May 5.—Senator Pritchard of North Carolina, whom the Republican convention of his State endorsed as a candidate for Vice-President, said today that he was in no sense to be regarded as a candidate for the nomination.

The action of the convention was a most graceful and gracious compliment, said he, "and one which I appreciate highly, but I am not a candidate in any sense of the word."

METHODIST MINISTER CAUSED IT

Alleged Reason for Postoffice Investigation of Divine Healer. Nevada, Mo., May 5.—Postmaster McNulty is in receipt of a telegram from the postal authorities, directing him to hold all mail addressed to the Weimer institute. As a result the American school of Magnetic Healing has laid off all its employees and will do nothing further until the United States courts dispose of the fraud charges against its managers.

The Weimer-Hughes trial, wherein Prof. Weimer sued a Methodist minister for \$25,000 damages for making charges against this school, is said to have led to the department's investigation of the school's methods.

Populists Assembling.

Washington, May 5.—Senator Butler of North Dakota, Senator Pettigrew of South Dakota, M. C. Gavock of Virginia, M. W. Fitzgerald of West Virginia, and George H. Shibley of New York, headed a party of Eastern Populists that left over the Baltimore and Ohio today for Sioux Falls, S. D., to attend the Populist national convention to be held there next week. Senator Butler is chairman and Gavock and Fitzgerald are members of the national committee. Just before he left Senator Butler expressed the opinion that Bryan would be nominated by the convention by acclamation. Senator Allen of Nebraska, who is to place Bryan in nomination, accompanied by Representative Sutherland, also of Nebraska, left Washington yesterday for their homes, whence they will go to Sioux Falls.

Fort Worth, Tex., May 5.—At mid-

night a conference of Bryan Populists, bolters from the Populist State convention, was held, which selected Chairman Bradley of Hill county and O. P. Pyle of Wood county as delegates at large to the Sioux Falls national convention May 9.

Thirty fusion Populists left here today for Sioux Falls.

It's Surely Coming

H. DINWOODEY FURNITURE CO.

PLAYED "AULD LANG SYNE"

Music by the Bands as Gen. Otis Sailed from Manila.

GREAT TIME IN ST. LOUIS

Ovation Given to Admiral Dewey at the money Today.

General Kept Hard at Work to the Last Moment—Has Not Wasted His Time.

Manila, May 5.—The United States transport Meade sailed for the United States at 5 o'clock this afternoon with Maj. Gen. Otis and two aides-de-camp on board.

The warships in port fired a major general's salute as the steamer raised her anchor.

The governor's launch left the palace at 4 o'clock carrying Gen. Otis and Gen. MacArthur's staff to the Meade. The Twentieth and Fourteenth infantry, drawn up ashore in front of the city wall, presented arms and the band played "Auld Lang Syne" while ashore the battery saluted.

During the morning the supreme court judges and many officers called at the palace to bid farewell to Gen. Otis, who kept at work with his accustomed energy until the moment of leaving.

Since the beginning of the insurrection Gen. Otis has kept at his desk from early morning until midnight. He has never been seen on the Luneta like the other officers, and only two or three times has he been seen in society and these occasions were semi-official receptions.

The general leaves the army admirably organized, provisioned and clothed.

FIRE FIEND GETS IN WORK.

Seven Oil Tanks Add to the Damage at Staten Island.

Town in Kentucky and One in Indiana Lose Their Business Sections—Loss \$130,000.

New York, May 5.—The Standard varnish works at Elmhurst street, Staten Island, were damaged by fire to the extent of \$200,000 today. The loss is partly covered by insurance. The fire is supposed to have been caused by an explosion of gas in one of the company's tanks. Later seven great tanks containing turpentine and linseed oil exploded in succession. The contents poured in great volume into the waters of the Kill Van Kull and Newark Bay. Fire tugs from Bayonne arrived soon after the fire started, but they were forced to confine their efforts to keeping the burning fluids from flowing down the Kill and setting fire to the boats tied up at different points.

The fire gutted half a dozen small brick storehouses, containing barrels of varnish, linseed oil and turpentine. The storehouse contained about 1,000 barrels of oil. Three tanks, each of which held 5,000 gallons of oil, were destroyed. On the docks there were fully 1,000 barrels of turpentine, all of which was consumed.

New York's Race.

New York, May 5.—Metropolitan Handicap: Ethelbert won; Box second. Him third.

Belgian Land Sails.

Philadelphia, May 5.—The steam Belgianland sailed for Liverpool at 1:15 p. m.

Don't be Too Sure.

Kington, Jam., May 5.—Intelligent advice received here today says Montague is jubilant over the news of flags being almost continuous at 13th and Olive streets in the front of the exposition building the admiral's party alighted, and ascending the grand stand, reviewed the park, which occupied nearly two hours in passing.

At its conclusion he was driven to the Planter's hotel.

Workers in Zinc Strike.

LaSalle, Ind., May 5.—Six hundred men employed in the zinc factory here struck today for an advance in wages.

Minister from Argentina.

Washington, May 5.—Senator Edmund White, the newly appointed Argentine minister, submitted his credentials to the President today.
