NOW A DESERTED VILLAGE.

Virginia City, Nev., Once the Prosperous, Rapidly Growing Town.

"A past week, while on the 'Deserted Village' with Virginia City in mind, I was struck by the fact that the population of Virginia City was greater than that of the entire state now. Everything ran wild then. Magnificent hotels and opera houses, splendid residences, and fine homes, all of which were then in the hands of the wealthy, and the streets were filled with the most magnificent of the great cities of the world. In years to come it will afford a magnificent spectacle of ruins, and even in some sections of the town there is a scene to the beholder of being in a city of the past. Millions were made and lost, and the history of Virginia City would be one of the most thrilling and interesting in the world."—St. Louis Globe-Democrat.
