## **THE MAYOR AND CITY COUNCIL.**

A NEW City Council has now been elected, and the members elect will soon enter upon the duties of their office. The responsibility devolving upon them of an important character, increasing as the city grows in population, wealth and importance. The Council should have the support and assistance of all good citizens, and criticism of its acts should be withheld until they are clearly understood in their entirety and intent. It is one of the earliest things in the world to find fault, and small minds are always ready to impute evil motives to public men and to point out fancied flaws in public measures. The Council whose functions are about to expire has had much to contend with in its endeavors to manage the affairs of the municipality. Nevertheless a great deal of good has been accomplished, and all its members, from the Mayor downwards, are entitled to the thanks and confidence of the people, and no truthful person acquainted with the facts will deny that they have labored faithfully, honestly and with much success.

During the administration of Frazzmore Little, many praiseworthy measures have been inaugurated, the benefits of which will be seen and felt in after years. Prominent among them are the construction of the Jordan and Salt Lake City Canal, and the purchase and partial improvement of the grounds now known as Liberty Park. The benefits of the canal are not yet fully enjoyed. But in a very short time they will be admitted and praised by all. The undertaking was large and expensive. But the financial burden thereby imposed was so arranged that it has fallen very lightly on the taxpayers, and the work has found employment for many laboring men of the community, which in itself is a benefit in several ways, while the construction of the canal relieves the public from that dread of drought which in recent years has dampened the ardor and threatened the prospects of fruit growers and others in this city of orchards and gardens. The value of an abundance of irrigating water cannot be computed in dollars or cents. Under the management of Mayor Little the work has been conducted with admirable prudence and strict economy.

The purchase of the lowest grove in the southeastern part of the city for a public park, was a stroke of policy which will always reflect credit upon Mayor Little's administration. The money value of those grounds will increase every year, while the advantages that will accrue from such a pleasant place of resort so near to the centre of the city, are beyond computation. The extension of the water works is another good thing accomplished under Mayor Little's direction. If it were possible to extend them all over the city, we have no doubt that sickness and the death rate would be reduced to a remarkable degree. What has been accomplished in this direction is a most excellent work.

Another mark of the regulating mind of Mayor Little is the little park adjoining the City Hall, which from an unsightly open space on which rubbish was allowed to accumulate and teams to camp, has been transformed into a pretty place of lawns and walks with ornamental fountain, all substantially enclosed and pleasant to look upon.

A great deal of energy has been displayed in the improvement of our streets during the past four years, and the change that has been wrought in filling up hollows and properly grading the roads, is manifest to every passer by and particularly to those who drive over the principal thoroughfares whether for business or pleasure.

But we have not space to enter into particulars of all the improvements that have been made in the city during the two terms which Mayor Little has served. In all that has been done he has had the co-operation of the Council, without which of course he could not have accomplished anything. We consider that the people of Salt Lake are under obligations to all the outgoing members as well as to the Mayor.

In the new mayor, William Jennings, the city will have a man of long experience and wonderful success in business. He is one of Salt Lake's most sagacious and prosperous merchants; a man of great tact and foresight and general business qualifications; public spirited, progressive and without conservative and cautious. The fact that there is no

opposition to his election expresses more than anything that we can say.

The next council contains, as it should all the time, several of the old members, this being necessary to the proper and facile continuation of the public business. It is composed of men well known to the people, and possessing qualifications which fit them for their respective positions.

Our municipal affairs have always been honestly administered, and we have every assurance that they will be in the coming term. The executive officers to be voted for have served the public faithfully and efficiently, and it is a wise thing to continue them in office. If all the cities in the Union were so well officered as this, there would be no stories of peculation and dishonesty like those which every now and again startle the country, and the United States would be a much better land to live in. We wish the Mayor, members-elect and officers success in their callings, and bespeak for them the confidence, support and good will of the general public.

## **LOYALTY OF THE "MORMONS."**

The Springfield Republican says: "Mr. Cannon repels strenuously all reflections upon the loyalty of the Mormons, declaring that they believe the Constitution of the United States to have been inspired by God, and venerate it as a sacred instrument. He is a new, progressive, and a good many of Brigham Young's old speeches, and several hundred more or less important occurrences in the last thirty years have a marked inconsistency with this statement."

The Republican is very much mistaken. It always is, when discussing "Mormon" affairs. What Mr. Cannon has said on the subject of the Constitution is but a repetition of the words of Joseph Smith, the Prophet, uttered nearly half a century ago, repeatedly echoed by Presidents Brigham Young and John Taylor, and responded to in every "Mormon" heart. The sentiment, as an expression of the faith of the Latter-day Saints, may be new to the Springfield Republican, but it has been proclaimed over and over again during the period we have mentioned, and can be found in "a good many of Brigham's old speeches," which the Republican draws attention to, and those "several hundred occurrences" all corroborate the utterance.

But the Republican will perhaps refer to objections which have been made by leading "Mormons" to the acts of United States officials. If this is to be taken as a test of loyalty, then all the politicians in the country may be branded as disloyal. The Democrats assail a republican administration, as Republicans assailed the Democratic administration when it was in power.

We honor the Constitution, we support the Government, but we frequently have reason to dissent from the acts of men clothed with a little brief authority. And if we denounce the villainy of some Jack-in-office, who has been thrust upon us without any vote or voice of ours in this free and popular republic, he and all of his confederates immediately raise the cry that the "Mormons" are disloyal, as though those creatures of a term were the Government, the Constitution and the country, all blended into one magnificent and unassailable institution.

We maintain without fear of successful contradiction that no people in the United States are more loyal to the Constitution and the Government of the United States than the Latter-day Saints commonly called "Mormons," and that those who state to the contrary are either ignorant of the facts or they lie with malicious intent.

## **THAT ANTI-POLYGAMY MEETING.**

THERE has been a great deal said in the papers concerning the great anti-"Mormon" meeting held in Chicago when the ex-"Christian" Statesman and defunct politician Colfax repeated his little old piece with a new falsehood or two recently supplied from a well known and despised source in this city. We were led to suppose from the papers that the enthusiasm was immense. But the following letter which we have received from Elder S. R. Marks does not bear out that idea by any means:

"JOHNSONVILLE, Warren County, Indiana, January 12, 1882.

Editor Desert News: Having read in the papers of an anti-polygamy meeting to be held in Farwell Hall, Chicago, on Monday last, the 23rd of the present month, and being present in that city on that date, I attended the meeting, but was very much surprised next morning to read in the Chicago Tribune of the "largest meeting ever held in Farwell Hall," for if it be true, I am sorry for the Y. M. C. A. of that city, for the hall does not seat over 2,000 people, and it was not over two-thirds full. I have seen more young fellows attend our Sunday School meeting in Salt Lake City, and then all that was favorable (though their blunders) was not reported, and the applause that they speak of was done by about 30 men, who I have no doubt were hired for the business, and one of the speakers had to beg the people to stop and listen to him by promising them that he would not speak but a very short time, but still a great number went out, and I believe that those that remained were sorry for I never in all my life heard a man professing to be a Christian minister, make use of such contemptible and low propositions for the extermination of some of God's children, than the Rev. Herkirk Johnson did. After he got through, they wanted to read a telegram, but the people did not want to hear any more. Poor old Colfax tried his best to get applause, but the little he got was very thin, and done by the noble 30 when he did get any, and I venture to say that he never heard anything of the "Mormon" doctrine."

## **WARM SPRINGS ANALYSIS.**

The following analysis of the water of the Warm Springs, just north of this city, made by Professor Kingsbury of the University of Deseret, is the most complete and reliable of any that we have seen. It should be widely known that there are facilities at the University for complete chemical analyses and competent skill to make them:

UNIVERSITY OF DESERET, Salt Lake City, January 13, 1882. An analysis of the water of the Warm Springs north of Salt Lake City, obtained about the 15th of October, gave the following result: One thousand (1,000) parts evaporated to dryness and heated to 332° Fahr. left ten and two thousand, seven hundred and sixty ten-thousandths (10,276.10) parts of solid matter, containing the following substances, with the proportional amount of each:

Soda, 4.0925  
 Potash, 2.139  
 Lime, 7.488  
 Magnesia, 2.295  
 Silica, .0218  
 Peroxide of Iron, .8248  
 Carbonic Acid, .8040  
 Sulphuric Acid, 4.9880  
 Chlorine, Trace  
 Alumina, Trace  
 Total, 11.4045  
 Loss oxygen corresponding to chlorine, 1.1200  
 Remainder, 10.2845  
 Combining acids and bases given:

Chloride of Sodium, 7.7248  
 Chloride of Potash, .8388  
 Chloride of Magnesium, 1.588  
 Carbonate of Lime, .3821  
 Carbonate of Magnesia, 1.3498  
 Sulphate of Lime, .0218  
 Peroxide of Iron, .0007  
 Alumina, Trace  
 Total, 10.2845  
 The water was charged with a small quantity of free carbonic acid, and with a considerable quantity of free sulphurated hydrogen.

## **A Week.**

SAN FRANCISCO, 13.—A West-port dispatch says: Two steamers seemed to have hold of an unknown wreck towing it south. The revenue cutter Albatross and the steamer Gipsy left here yesterday for the scene and are presumably bringing the wreck to this port. It is believed now to be one of the steamers plying from here to Puget Sound.

## **Indian Riot.**

WILCOX, A. T., 12.—"Dandy Jim," one of the Indians under sentence of death at Fort Grant, was shot and dangerously wounded this morning, while attempting to escape, by the guards.

## **Fitz John.**

CHICAGO, 13.—A Washington special says: Gen. Fitz John Porter, Friday, had an interview with the President, and explained the Pope campaign and how he had been so long misjudged. He invited the President to carefully peruse the records, as Grant had recently done. Porter will return, and in a few days press the passage of the bill restoring him to his former position.

## **On the Coast.**

BRADFORD, Pa., 13.—A spark from a locomotive on the Buffalo, New York and Philadelphia road this morning fired some little oil pools near Olean, N. Y., and the fire soon spread to three iron tanks containing 105,000 barrels of oil which is now in flames. All assistance possible was summoned from the oil company and left by special train. Embankments will be formed to secure the burning oil when the tanks overflow which will be about two or three o'clock. The oil will be drawn out by a pump, possibly, by perforating the tanks with cannon balls. The night is bright as day for miles around.

## **Failures in France.**

NEW YORK, 13.—A private dispatch from Paris, on Saturday, said: Failures were occurring in all parts of the country. The market would be necessarily depressed for at least 60 days.

## **Stocks.**

Parties supposed to have early information upon the Gould stocks are buying Wabash common and preferred Northwest. Common is one of the favorites in a rise. The company is earning 14 per cent. on its stock.

## **Treaty Signed.**

Advice from Lima, Jan. 25th, confirm the report that a treaty of peace has been signed between Bolivia and Peru without a record.

## **Insurrection.**

The citizens of Greenwood, Stubben Co., having resisted the sale of town property levied on under a judgment for interest on town bonds issued in aid of a R. R. which was never completed, the town has issued a proclamation declaring Greenwood in a state of insurrection and warning the people to desert from opposition to the execution of lawful process.

## **The Oil Fire Spreading.**

A special from Olean says, concerning the oil fire started, that the 4th tank caught this morning. Thus far 130,000 barrels, valued at \$100,000 have been burned and it is feared the fire will spread.

## **Five Men Killed by Cars.**

BALTIMORE, 13.—Five firemen were killed on the 10th inst. by the Baltimore and Potomac Railroad near the Union Depot, near this city by a locomotive on the Western Maryland road. The men were named David Grier, Timothy Kennedy, Edward Berningham, James Irvin and Patrick McGuff, stepped from one track to get out of the way of a passenger train and walked directly in front of the locomotive on the opposite track.

## **More Fighting in Herzegovina.**

VIENNA, 13.—Minor engagements have taken place in Herzegovina since the 9th inst. The insurgents were worsted in every case. The fight on the 10th, near Tirova, was the most desperate, and, when the insurgents fled leaving 10 dead, and carrying away about 40 wounded. The Austrians lost 60 killed and wounded.

## **Explosions in a Coal Mine.**

LONDON, 13.—There were two explosions in the Rhondda Valley mine. The first killed two persons. While the exploring party was descending a second explosion occurred, shattering the shaft and killing four persons.

## **Montenegro.**

A Vienna dispatch says: In order not to offend Russia, Austria has entirely abandoned the plan of the immediate temporary occupation of Montenegro. Negotiations, however, are proceeding with Prince Nikitch for the passage of Austrian troops across his territory.

This has helped to discourage the insurgents.

The election has proceeded quietly to-day.

## **WASATCH STAKE CONFERENCE.**

The 18th Quarterly Conference of the Wasatch Stake of Zion convened on the 4th of February, 1882, at Heber City.

Present on the stand: President Hatch and Counselors, J. R. Murdock, President of Beaver Stake of Zion, Patriarch T. Hickman, the Ward Bishops and their Counselors, Members of the High Council, Presidents of quorums and their Counselors. The forenoon was occupied by the funeral services of Elder Sarah Montgomery. Remarks were made by Br. J. M. Murdock and Patriarch Hickman, who spoke highly of the course pursued by deceased.

In the afternoon the Stake referred to the funeral services of the morning in a feeling manner, speaking words of consolation and comfort to the mourners on the occasion. Efforts were made to prepare for the inevitable change and prove while in the vigor of life the superiority of their professions. Said in consequence of the Stake Conference the Apostles could not visit us at this time. He was well pleased with the people of the Stake, thought we were just as good and law-abiding a community as there was on the face of the earth.

Pres. J. R. Murdock said he had for many years studied the principles of our Church; they were calculated to bring unto us a full and complete salvation; read from the new Testament, 5th chapter of Matthew 18 verse: "Verily I say unto you, that whosoever shall bind on earth, shall be bound on earth, and all that shall be bound on earth, shall be bound in heaven." Also quoted from the 8th chapter of Isaiah. Spoke on the death and resurrection of the Savior and their duties upon the human family. Compared the Gospel as taught by Jesus and his Apostles with that taught by the Stake of Zion. Pres. Hatch gave notice of a Priesthood meeting to be held at 6:30 p. m. Adjourned to 10 a. m., on Sunday the 5th.

Sunday, 10 a. m. Conference again convened, the house, as usual on these occasions, being completely filled. Meeting opened in the usual manner.

The forenoon was occupied by reports of Bishops of the several wards, Presidents of quorums, etc. The afternoon services consisted of administration of the sacrament, the statistical reports of the Stake. The general authorities of the Church, and the local authorities of the Stake were present, by the acting clerk, D. S. Watson, and unanimously sustained.

Pres. Murdock referred to the importance of the work we are engaged in, the influence of our example upon the world, and the necessity of our teaching the principles of the Gospel. Referred to the spirit of infidelity that prevails to a great extent, warned all against its influence upon the youth, and blessed the people in the name of the Lord.

President Hatch gave notice that if no change was made, Conference would again convene on the 6th of May, 1882. Spoke of the course we ought to pursue, in order to become educated in the Gospel. He referred to a new meeting-house, under the direction of the family prayers. He hoped that the school trustees would make ample provisions for the education of every child in the Stake. Spoke upon the correct mode of marriage, and urged all to live in accord with correct principles.

Benediction by Patriarch Hickman. T. S. Watson, Acting Clerk.

## **THE KILLING OF WILLIAM NUGENT.**

HUNTINGTON, Emery County, Utah, January 23, 1882.

## **Editor Desert News:**

On last Saturday, the 21st inst., the inhabitants of Elko City, Utah, had rather a lively time for a few hours, which resulted in the death of William Nugent. The circumstances, as near as I could learn, are about as follows:

It appears that Nugent and another man by the name of Wm. Duffee had a quarrel over a lunch they were taking, when Nugent knocked Duffee down with a large bone he had in his hand, and while Duffee was down, kicked him. Duffee then drew a knife, which Nugent took away from him, then handed it back, saying, "I was sorry he had struck him, and that being old friends should not quarrel in that way." Shortly after this, Duffee started away, when Nugent said, "You are going to beat yourself, Duffee!" Duffee answered, "That's all right."

In about an hour after Duffee was seen coming down the road with a Winchester rifle on his shoulder, and Nugent, on being informed of this, ran to a store of stores and called out to Duffee, "Stop, Duffee; stop! you don't want anything from me. Duffee kept right on towards him, when Nugent drew a revolver and fired. The bullet striking Duffee in the calf of the leg. Nugent again prepared to fire, at the last moment, however, he changed his mind and pointed a corner at a corner of the store, and called out to Duffee, "Stop, Duffee; stop! you don't want anything from me. Duffee kept right on towards him, when Nugent drew a revolver and fired. The bullet striking Duffee in the calf of the leg. Nugent again prepared to fire, at the last moment, however, he changed his mind and pointed a corner at a corner of the store, and called out to Duffee, "Stop, Duffee; stop! you don't want anything from me.
