

They would eventually have to decide upon the matter.

Replying to an inquiry as to what the company would do in that event, Mr. W. W. McQuinn, the representative of the lumber department of the company, would certainly endeavor to treat all persons on an equal basis.

He stated that the range should be allotted to the sheep of the several counties, in the proportion of sheep to range.

As to the bearing on freight and transportation would be taken into consideration.

WAS NO AGREEMENT.

AGREEMENT being possible, the report of the committee was, on motion, passed on the table. A resolution was proposed regarding the visiting wool grower.

It came to an agreement to express the opinion that whatever action may be eventually taken the harmonious relations that have heretofore existed

other healthy condition of the stomach and the organs of digestion and nutrition. Health is the true armor against the germ. The health of the stomach and small organs is assured to those who use Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the system, soothes the nerves and gives new life to the lungs.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several times this Pleasant Spring, and I feel better than I have for a year since this spring, and have had no trouble with indigestion since," writes Mr. W. W. Thompson, of 1001 Broadway, St. Mary, Md. "I have failed to feel how thankful I am for the relief, as I have suffered so much and it has cost me so much money. I have lost weight in pounds and was unable to work in. Now I weigh nearly 150 and can do a day's work."

Dr. Pierce's Pellets cure biliousness

By a special correspondent, who dilates at length upon the "problems" involved by British manufacturers toward the "new" developments in America" and upon the certainty of a "serious rivalry so soon as the present excessive dependence of the United States on the slackens up."

Commenting editorially upon the opening article and emphasizing the "great importance of the workmen of the Times," the Times writes: "The English and American workmen is the same as the difference between the mechanical discipline of our soldiers and the discipline upon individual training and intelligence which we have recognized as necessary in orderly armies."

In fact, our workmen are too much like their masters in thinking that "the only way that they can do their work is to be told what to do very well in the future. We must tell them in these letters on American workmen may help to dispel this illusion in time to prevent a rude awakening."

of Coleman, Breuchand & Colman, may, after all, end the strike at the Cornell dam and its quarrels by adding \$18 a day or less to its pay roll, as the men made no sign of willingness to leave the laborers classed as hand drudges \$1.50 a day of ten hours, the compromise rate asked by the strikers. The firm insists that this is not a "concession," but had the men not struck this would have been paid. The strikers had not last evening arrived at any decision in regard to the offer.

Eight Hour Bill.

Washington, April 18.—The House sub-committee on labor, in charge of Gardner eight-hour bill, reached a decision today on the final form of the bill and on several amendments, all of which will be reported to the full committee on labor next Friday, when it is expected that final action will be taken.

Washing Dishes

To wash dishes in half the time, and do it well, follow this recipe. Always use hot water—*not* warm, but hot. It is best to use sponges with china and glass, and to have a nice leather, instead of using soap and

Gold Dust Washing Powder

Dissolve a tablespoonful in the hot water and wash quickly; have plenty of hot, dry towels to wipe with; have a drier that will allow the water to run off the dishes into receptacle below, when you will have highly polished glass and china.
